Narrative:

The Eau Claire Fire Department was dispatched to a report of a structure fire just before 7am.

It was reported that a total of 5 children were in the home and not all of them had gotten out the caller reported.

Firefighters arrived in less than 4 minutes to find smoke and flames visible from the roof area above the second floor on the back side of a two and a half story wood frame single family home.

All the occupants were accounted for and were able to exit the home without injuries.

Firefighters made an aggressive fire attack and located the fire and extinguished it.

It was reported to firefighters that the furnace in the house was not working and the occupants were using space heaters to heat the home.

The fire is still under investigation by the Eau Claire Fire Department.

The American Red Cross is assisting the seven displaced occupants, 4 children and 2 adults.
