# Eau Claire Fire & Rescue

## News Media Report

### **Narrative:**

The Eau Claire Fire and Rescue was dispatched to a gasoline leak at Direct Store at 2515 Patton St. An undetermined amount of gasoline made it to the storm drain. After initial assessment we determined the best plan was to flush the gasoline out of the storm sewer for safety reasons.

With the assistance of WRR Environmental Services and City of Eau Claire Water Department the incident was mitigated.

Department of Natural Resources spill coordinator was on site to direct all clean-up efforts.

The incident came to a conclusion about 11:30 some 5.5 hours later.

*Officer: Battalion Chief Dave Okas  
Eau Claire Fire Department*
