## News Media Report

### **Narrative:**

On November 18, 2014, at 16:00, the Eau Claire Fire Department was dispatched to a structure fire at 800 Wisconsin Street, Building 8. Two engines, one ladder truck, one medic unit, and the Battalion Chief responded. The first-arriving engine company observed heavy, turbulent, brown smoke coming from a large, side ventilation exhaust pipe. Fire department personnel swiftly confirmed that all occupants had safely evacuated the structure and immediately launched an offensive fire attack. The fire was quickly confined to the exhaust ventilation system located within the structure and extinguished. Thorough salvage and overhaul operations were conducted and the structure was turned over to the manager. The exact cause and origin of the fire remains under investigation.
