

2014

Annual Report

Welcome!

CHIEF JERRY STANISZEWSKI

I am pleased to present the Eau Claire Police Department's Annual Report for 2014. During my second year as Chief of Police, my focus was on organizational review, analysis and planning for the future. In addition to ensuring a safe community and maintaining the high quality of life that our community expects, the command staff was involved in process improvement planning at all levels and divisions of the department. Our goal for 2014 was to develop plans for improving the efficiency and effectiveness of our delivery of services and customer service to our residents. In 2015 there will be adjustments in geographic policing assignments and a focus on personalizing contacts with citizens.

Even with anticipation of some future structural and operational changes within the department, our community oriented policing philosophy remains the same. The use of evidenced-based decision making practices, including the strategy of Problem-Oriented Policing, is the foundation which guides the manner in which we provide services to the community. The strength of our community support comes from the relationships we have established with the community, in part, through neighborhood partnerships. By having officers assigned to every neighborhood and business district, they are able to partner with the community to identify, analyze and develop solutions to concerns and problems. We have continued to develop new and innovative crime prevention strategies by partnering with the many community stakeholders.

In 2014, Telecommunicators answered over 200,000 emergency and non-emergency phone calls. Police officers responded to more than 25,000 incidents throughout the city. A slight increase in Part 1 Index Crimes can be mainly attributed to property crimes; yet even with the increase, the last two years saw the lowest crime rates in 35 years. Our department continues to strive for a community where the residents feel safe and enjoy a high quality of life.

The events of August 9, 2014, in Ferguson, Missouri brought national attention to police departments' philosophies regarding fair and impartial policing and policies on use of force. The city of Ferguson became an example of a community in crisis over racial differences. It has become apparent that a long history of community distrust in the police department was the underlying cause of the civil unrest that followed the initial incident. The Eau Claire Police Department has a long-standing tradition of strong organizational core values and a practice of hiring people of high moral character. This has helped develop the community's trust in our ability to provide professional, fair and unbiased policing. In 2014, we focused on ensuring that we continue to have strong partnerships with key minority organizations and leaders within the community.

We have developed a comprehensive and award-winning social media program to keep the public informed about current events and to solve crimes. In 2014, we were awarded the international ConnectedCOPS award for "Excellence at a Small Agency" as a result of our use of social media to engage the community and provide information about ongoing cases. I believe this has been one of our greatest assets in earning the trust of our community through the transparency that the information sharing provides.

Looking ahead to 2015, we will continue to develop and implement new crime prevention strategies to help maintain a low crime rate. You will see a greater use of technology, analyst crime forecasting, and a new internal performance measuring system implemented.

I want to thank the City Manager, the Eau Claire City Council, the Eau Claire Police and Fire Commission, the Police Department Command Staff and all the sworn and civilian employees of the Eau Claire Police Department for their support. It is this team of organizations and people who make the success of the department possible.

City of Eau Claire

CITY MANAGER: Russell Van Gompel

CITY COUNCIL:

The City Council enacts legislation and allocates City resources for programs, services and activities. The Eau Claire Police Department sincerely appreciates the support of the Eau Claire City Council.

Kerry Kincaid, *President*

Kathy Mitchell, *Vice President (District 3)*

David L. Duax *(District 1)*

David Klinkhammer *(District 2)*

Bob Von Haden *(District 4)*

Andrew Werthmann *(District 5)*

Catherine Emmanuelle

Eric Larsen

Monica Lewis

David Strobel

Michael Xiong

POLICE AND FIRE COMMISSION:

The Police and Fire Commission is a non-political board of citizens appointed by the City Council. They oversee personnel matters, including the hiring and discipline of sworn staff members, consistent with Wisconsin State Statute 62.13. We appreciate that these Commission members volunteer their time and services to the community of Eau Claire.

Keith Glasshof, *President*

Dennis Pope, *Vice President*

Jill Barland

Daniel Kincaid

Patrol Division

DEPUTY CHIEF CHAD HOYORD

The Patrol Division is comprised of 54 patrol officers (two of which are grant funded), one Patrol Investigator, nine Sergeants, three District Commanders and one Deputy Chief of Patrol. The Patrol Division is also supplemented with a Special Operations Section consisting of four officers and one Sergeant. 12 civilian Community Service Officers are responsible for fingerprinting, parking enforcement and animal-related issues.

The Patrol Division operates under a geographical structure in which the City of Eau Claire is divided into three separate districts. Within each of these districts, smaller geographical areas called “beats” exist. Each District Commander oversees a particular district. Patrol Sergeants are assigned to a specific district in order to assist the District Commander and the patrol officers with day-to-day operations and quality of life issues. Each patrol officer is assigned a specific district along with a specific beat, with the goal of connecting specific officers with specific neighborhoods within the community in order to collaboratively work on community issues and quality of life concerns.

Below I would like to highlight some of the initiatives that the Patrol Division put forth in 2014:

NORTH DISTRICT

North District officers concentrated on conducting speed enforcement on several highways within the district. Data has shown that speed can be a major contributing factor to many crashes. In addition, officers have increased their presence in Riverview Park to address issues such as vehicle speeds, drug activity, parking issues and ordinance violations. Finally, North District officers worked with residents in the Runway Avenue area to coordinate an area clean-up with the assistance of other City departments and a local garbage disposal service.

Lt. Golden assists in the Runway Avenue clean-up effort

CENTRAL DISTRICT

The Central District puts a large amount of resources and time into the Water Street area trying to address quality of life issues and help make this area a safe environment. The addition of public space cameras on Water Street has allowed officers to better manage bar time crowds, assisted the officers with an investigative tool and the ability to better manage resources so they can increase their presence in Randall Park, Third Ward, and Downtown areas. The Central District has also worked with the West Central Drug Task Force to identify drug houses, drug hotspots and known drug offenders. As a result, the number of drug related arrests, specifically methamphetamine, were significantly up due to this proactive approach on a significant issue within our community. Finally, the Central District partnered with the Detective Division and our Crime Analyst to find strategies to better combat burglaries to off-campus houses during prolonged breaks.

Patrol Division *(continued)*

SOUTH DISTRICT

The South District addressed some major quality of life issues and drug activity that was occurring in the Eldorado Boulevard/Imperial Circle neighborhoods. Officers were proactive in making a strong presence in those areas by using bicycles and getting out on foot patrol. Numerous ordinance citations were issued along with several drug arrests. The South District is still addressing problems in that area and strategies to hold landlords accountable for their property and the people on their property are being addressed. The South District has also addressed the increase of retail theft in their district. The South District has a large amount of retail within the district and we are finding a strong correlation between drug use and retail theft. The officers in this district have been working with management and loss prevention to come up with strategies to deter retail theft.

Patrol officers respond to a crash on the Water Street bridge

In 2014, the Patrol Division completed a comprehensive analysis of the operational aspects of the division. Having operated under the Problem-Oriented Policing philosophy since 2006, it was a healthy decision to re-evaluate our operations to see if we are providing efficient and effective service to the community. As a result of this comprehensive study, the following adjustments will be made in 2015:

- While the City of Eau Claire will continue to be divided into three districts, geographical boundaries of these districts will change. As such, the districts will be re-labeled as the North District, West District and South District. Changes in district geographical boundaries will help create an equal distribution of calls for service within each district. This, in turn, should free up officers' time so they can proactively work on quality of life issues within their assigned neighborhoods, along with other issues that might need to be addressed within their district.
- Several different neighborhoods have been identified within each of the patrol districts. Each officer has also been assigned a specific neighborhood within the district. This officer will serve as a resource for citizens if there are concerns within the neighborhood.
- The Special Operations Section will be disbanded; these officers will instead supplement the existing shifts within the Patrol Division.
- Make Automatic Vehicle Locator (AVL) a resource for our Communication Center. This program will allow Telecommunicators to identify officers that are in close proximity of priority calls and dispatch accordingly, resulting in a faster response time from those officers.
- Added Seasonal CSOs to work the months that calendar parking is in effect, in an attempt to be more consistent with the enforcement of calendar parking throughout the city.

The Eau Claire Police Department's Patrol Division will continue to work hard in order to keep our community safe by proactively partnering with the community to identify and address community concerns and criminal behavior.

Detective Division

DEPUTY CHIEF MATT ROKUS

The Eau Claire Police Department Detective Division is comprised of 16 detectives supervised by three Sergeants, one Lieutenant and one Deputy Chief. Cases that are referred to the Detective Division are reviewed by a Detective Supervisor and prioritized for assignment to a detective. Follow-up assignments are made based on the nature of the crime, the presence of potential leads and the current caseload.

In 2014 a total of 1,549 investigations were conducted by the Detective Division, with a successful clearance rate of 85%. Major cases successfully resolved by detectives in 2014 include a homicide, armed robberies, organized burglary groups, large-scale drug distribution conspiracies, a fraud with more than \$300,000 in loss and several significant child maltreatment cases.

The Detective Division led several initiatives in 2014 aimed at crime prevention and further developed partnerships with other organizations. It was determined pawnshops and second hand dealers have outgrown the city's current ability to identify the criminal activity related to them. An effort to prevent thefts and the transfer of stolen property at Eau Claire pawnshops involved almost 200 investigations that resulted in 91 arrests and approximately \$220,000 worth of stolen property recovered from Eau Claire pawnshops.

Eau Claire Police Department Detectives worked with investigators from the Eau Claire County Sheriff's Office, Altoona Police Department and the Wisconsin Department of Justice – Division of Criminal Investigation in an effort to stop the exploitation of children. The partnership included a joint operation that led to the arrest of nine men involved in the sexual exploitation of children in the Chippewa Valley. Other operations utilizing differing strategies will continue to be utilized to protect this vulnerable segment of our community.

GENERAL CRIMES

Five detectives are responsible for investigating crimes against persons, such as robbery, homicide, battery, sexual assault and property crimes such as burglary, theft and criminal damage. One of these General Crimes Detectives is assigned to ensure pawnshops comply with local ordinance and to prevent the transfer of stolen property at local businesses. One General Crimes Detective is involved in processing and preserving evidence and coordinating evidence transmittals to crime laboratories in the State of Wisconsin and at the Federal Bureau of Investigation.

FINANCIAL CRIMES

Two detectives are responsible for investigating crimes such as fraud, forgery, embezzlement, internal theft, counterfeiting, identity theft and a wide variety of scams where the victims are targeted for their financial assets. With our financial system becoming increasingly digital-based, this is a changing field of expertise. Many of the crimes investigated by these detectives involve local victims who are preyed upon by suspects from around the world. Financial Crimes Detectives rely heavily on a strong professional network in order to keep up with trends and investigate crimes with nation-wide implications.

Detective Division *(continued)*

SENSITIVE CRIMES

Two detectives are responsible for investigating cases involving child victims of abuse, neglect, sexual assault and child pornography or child enticement. These detectives are also responsible for investigating several child deaths every year in our community and have attended specialized training in this field. Additionally, these detectives work extensively with the Department of Human Services, local school districts and other social service organizations to ensure child victims have the proper support and services available to them.

POLICE SCHOOL LIAISON OFFICERS

Four detectives are assigned to the five secondary public schools in Eau Claire. These liaison officers are responsible for investigating juvenile crime, crimes against children, counseling and mentoring students and conducting educational presentations in the schools. These officers also commonly work with other detectives on investigations.

WEST CENTRAL DRUG TASK FORCE

One sergeant and two detectives are assigned to this task force in order to assist in the investigation of illicit drug activity in the Chippewa Valley. The task force is comprised of investigators from several law enforcement agencies in the area. For over 20 years, this regional collaboration has proven to be a very effective approach for disrupting and dismantling regional drug trafficking organizations.

DIGITAL FORENSIC EXAMINER

Due to the rapid increase of use of computers and other electronic devices to facilitate crime, there is a need to examine digital evidence. Digital evidence is most commonly discovered during investigations of child pornography, child enticement, drug trafficking and financial crimes, and has also been critical in homicide investigations.

The Eau Claire Police Department is the lead agency in the Chippewa Valley Regional Computer Forensics Laboratory (CVR CFL). There are two full-time and three part-time investigators from three different law enforcement agencies working cooperatively together to analyze computer devices.

CVR CFL agencies brief the media on a child protection operation

POLYGRAPH SERVICES

One detective administers polygraph examinations to assist other detectives verify the truthfulness of potential suspects. These examinations are conducted for both our agency and other agencies in the area. Additionally, this detective administers polygraph examinations as part of our department's pre-employment screening process for new police officers.

Administrative Services

DIRECTOR KRISTIN SOUTHARD

The Eau Claire Police Department's Administrative Services Division is comprised of the Court Services, Records and Property and Evidence sections. The Director of Administration oversees these sections and is also responsible for managing the police department's multi-million dollar budget, applying for and managing grants on federal, state and local levels and oversees and helps to implement all types of major technology projects being pursued by the department.

RECORDS SECTION

The Records Section of the Eau Claire Police Department is comprised of one full-time Records Bureau Technician, seven full-time Law Enforcement Support Assistants (LESAs), and one part-time typist.

The Records Section is located in a shared space along with records personnel from the Eau Claire County Sheriff's Office. Although both agencies continue to maintain separate records for their respective departments, the centralized location provides opportunity for some shared responsibilities at the Law Enforcement Center service window. The public is afforded convenient access for services from either law enforcement agency records section when needed.

One of the major job duties of Records Section personnel is to respond to the public's open record requests. Personnel receive specific training in this area due to the complexity of Wisconsin State Statutes and Freedom of Information Act laws governing these requests.

The major duties of the Records Section are to:

- Handle the receipt, verification and entry of data for all police incident reports, accident reports, arrest records, traffic citations and ordinance arrests, as well as the scanning of any paper documents related to these areas
- Maintain criminal information records related to fingerprints and mug shots
- Provide information to other agencies who work directly with the department such as the District Attorney's Office, Probation and Parole and the Department of Human Services
- Serve as the first-line representatives of the department for all inquiries by citizens for police related information regarding documents, photographs, interviews or videos
- Serve as the central resource for others within the department seeking records or information necessary for the completion of their activities.

Records Section personnel are also responsible for managing all incident reports and narratives, mug shots, photographs, accident reports, arrest records, recordings (digital, audio and video), juvenile referrals, ordinance and traffic citations, fingerprint records and written warnings.

Due to advances in technology, the majority of these records are both composed and stored almost entirely in electronic or digital format. The few paper documents that are received are electronically scanned upon receipt, stored with their related file and then shredded for disposal. Records personnel have knowledge regarding the use of computer hardware and numerous software programs such as document imaging, digital mug shots, digital recorders,

Administrative Services *(continued)*

digital narrative transcription, digital photographs, Live Scan fingerprinting and others, making the paperless atmosphere a reality.

The Eau Claire Police Department generates tens of thousands of records each and every year. Present Wisconsin state law requires that all records created by the department (unless a specific waiver has been applied for and granted by the State) be maintained for potential public records requests for a minimum of seven years.

PROPERTY AND EVIDENCE SECTION

The Property and Evidence Technicians are responsible for the secure storage of evidence that is turned in, collected or seized by the Eau Claire Police Department, and under a joint services agreement, for the Eau Claire Sheriff's Office as well.

The property and evidence areas are equipped with state-of-the-art monitored electronic access, pass-thru evidence lockers, moving storage shelving, vented drug room and secured gun storage area.

Evidentiary items come to the department from criminal cases and consist of everything from the smallest DNA samples to large vehicles as well as illegal drugs, guns and currency. Items that are turned in as found (wallets, purses, keys, etc.) or items which are reported as abandoned (mainly bicycles) are considered property and are also stored in this area.

The Property and Evidence Technicians work closely with the Eau Claire County District Attorney's Office, the Chippewa County District Attorney's Office and the United States Attorney General's Office regarding the chain of evidence needed to ensure a successful prosecution. The technicians also coordinate with other law enforcement agencies that have collected evidence related to their cases from various locations within the City of Eau Claire.

The technicians are responsible for the appropriate disposal of all property and evidence collected. Depending upon the type of item it is disposed of in one of the following ways:

- Returned to owner
- Sent to other agencies
- Held by the court
- Destroyed either by the Eau Claire Police Department or by the State Crime Laboratory
- Sold through auction at www.PropertyRoom.com

COURT SERVICES

The Court Officer serves numerous essential functions. The officer is a liaison between the Police Department and offices of the Eau Claire County District Attorney, Juvenile Intake, Corporation Counsel, Clerk of Courts, City Attorney, State Lab of Hygiene and other area law enforcement agencies. This officer is also the representative of the Police Department for citizens who have questions or concerns about citations they have received and/or procedures that must be followed to properly dispose of their citations.

Administrative Services *(continued)*

The Court Officer assists the City Attorney's Office by coordinating all initial appearances in traffic and ordinance court. Additionally, the Court Officer assists the attorneys with pre-trial conferences, coordinates witnesses for trials in the court, and is also responsible for documenting all court-related dispositions. When changes in law, statutes, or operating procedures occur, the Court Officer advises all personnel affected by the revisions.

The following statistics reflect the 2014 forfeiture, traffic and ordinance citations that are handled by the City of Eau Claire. Citations issued for, or in conjunction with, criminal charges are not included, as these citations are handled by the Eau Claire County District Attorney's Office. When reviewing the accompanying data regarding citations and their disposition, please understand that the numbers are approximate. Figures are kept per calendar year and are based on records at each phase of the citation and prosecution process. Cases are not individually tracked to allow adjustment for those that cross calendar years, therefore citations issued in one year may receive a pretrial in the following year, or a case pretried in one year may be set for trial a couple of months later, wrapping into the next year and thereby affecting a single year's totals.

UTC / ORDINANCE CITATIONS			
Guilty	4,523	<i>(Includes Forfeits & Defaults)</i>

Special Services Bureau

LIEUTENANT JIM SOUTHWORTH

The Special Services Bureau is a branch of the Eau Claire Police Department staffed by the Lieutenant of Special Services, Community Relations Officer, Safety Education Officer, Training Technician, Crime Analyst and a grant funded Community Liaison position. The Special Services Bureau continues to partner with area media, local elementary schools, after school programs and many other departments within the city to help facilitate services to our community. The Special Services Bureau completed over 120 presentations to community groups and school classrooms while also being involved in approximately 70 community or school events during 2014. There have also been approximately 60 interviews completed with different media groups.

COMMUNITY RELATIONS OFFICER

The Community Relations Officer serves as the public information officer and main point of contact and resource for the varied needs of the community. The Community Relations Officer is responsible for publicly representing the police department through news releases, press conferences, media interviews, social media, police officer recruiting events, public presentations and various other community engagements.

In 2014, the Community Relations Officer represented the Eau Claire Police Department at community events, educational community presentations and career recruiting fairs. The Community Relations Officer also served as the police department representative on various outside committees.

Throughout 2014, the Community Relations Officer actively marketed the Eau Claire Police Department using social media and interviews to include a trip to the United Kingdom to receive an award for social media use. Additionally, the Community Relations Officer continued to improve followership with the Eau Claire Police Department's Twitter account (@EauClairePD) by using it to broadcast police related events and safety tips to an ever-growing group of followers.

Community Relations Officer Roder poses with 2014 ConnectedCOPS awards recipients at the SMILE Conference in Birmingham, England

SAFETY EDUCATION OFFICER

The Safety Education Officer is a valuable resource for Eau Claire's school-age children. This officer educates youth on numerous safety and community issues including: bicycle safety, bus safety, pedestrian safety, home safety, personal safety, Internet safety and shoplifting awareness. The Safety Education Officer spends the majority of his time in elementary schools, not only to teach safety and promote positive decision-making, but also to ensure that young students' first contact with law enforcement will be a positive experience.

Special Services Bureau (continued)

The Safety Education Officer is responsible for coordinating both the adult school crossing guards and the youth school safety patrollers. These programs provide staffing at hazardous intersections near schools.

The Safety Education Officer is certified in child safety seat installations and participates in area safety fairs and other events to educate parents about the proper use of safety seats for their children. The Safety Education Officer also assists with parking ticket mediation, conducts department tours and gives presentations on specific topics dealing with safety and awareness in our community.

Safety Education Officer Nicks participates in the Safety Patrol Picnic sponsored by Action City

TRAINING TECHNICIAN

The Training Technician is responsible for coordinating training for all members of the Eau Claire Police Department. The Wisconsin Department of Justice Training and Standards Bureau requires that sworn officers complete 24 hours of training per year and the Training Technician helps facilitate this training.

The Training Technician is also the Department's coordinator for the TIME System, which enables law enforcement agencies to access multiple Wisconsin database sources for information essential to police operations (driver's and vehicle information, Wisconsin criminal history information, etc.). This system also provides an automated interface with the FBI's National Crime Information Center, which furnishes national criminal history record information.

Additional responsibilities of the Training Technician include the orientation of new employees as well as tracking and auditing the educational incentive program. In 2014, the Training Technician also assisted with restructuring the department's internship program.

CRIME ANALYST

The Crime Analyst continues to be an integral component of the Eau Claire Police Department. Utilizing data driven approaches, the Crime Analyst addresses crime and disorder problems affecting our community. The Crime Analyst focuses on crime and disorder prevention and reduction, offender apprehension, in addition to prosecution and assessment.

The Crime Analyst regularly performs administrative and intelligence operations and strategic and tactical analysis. Common tasks include data compilation, data collation, analysis, creating written and visual compositions and presentation of materials. The Crime Analyst supports the operations of all divisions within the department. In 2014 the Crime Analyst was recognized by the International Association of Crime Analysts with a 1st place award in the crime mapping category. In 2014 the Crime Analyst worked with the patrol division to redraw district boundaries which will be utilized beginning in 2015.

Special Services Bureau (continued)

COMMUNITY LIAISON

The Community Liaison is a non-sworn grant funded position through the Eau Claire Hmong Mutual Assistance Association (ECHMAA) and acts as a liaison between the Hmong community and the Eau Claire Police Department. The Community Liaison provides assistance with language translation, expresses concerns on behalf of the Hmong community, and works closely with the Eau Claire Hmong Mutual Assistance Association to provide police services to area Hmong youth and families. The Eau Claire Police Department is pleased to continue this partnership with the ECHMAA.

Letters of Commendation are presented to officers upon the successful resolution of a hostage situation

Communication Center

DIRECTOR GREG WALLACE

The Eau Claire Emergency Communication Center is one of the oldest combined 9-1-1 centers in Wisconsin. Since 1970, the center has been the central dispatch point for police, fire and emergency medical services in Eau Claire County. A civilian staff of 18 telecommunicators, three supervisors and a director serves 14 agencies in Eau Claire County. One additional telecommunicator position was granted as part of the budget process and that employee's training should be completed by the end of the 2015.

Communication Center staff is charged with answering all emergency and non-emergency calls for service throughout Eau Claire County. In 2014 alone, 112,681 Computer Aided Dispatch incidents were tracked, 85,215 emergency phone calls were received and 157,088 non-emergency calls were received. These numbers do not reflect outgoing phone calls or the many incoming and outgoing radio transmissions.

In 2013 a new narrowband radio system was implemented. This system upgraded outdated radio equipment and brought the entire county into compliance with the Federal Communications Commission's requirements for public safety radio equipment. This system has already received enhancements and current transmission sites will be further enhanced with another site on the northwest side of the city sometime during late 2015 or early 2016.

As technology evolves, so must our center. In the very near future, 9-1-1 centers will be expected to take calls for service via text message, in addition to receiving video and photos. Access to 9-1-1 will be from many new technologies. We have evolved in the years from simply sending officers out to calls, to now checking many databases while the officers are in the process of responding to these calls for service. This information is pushed out to the officers by both voice communication and mobile computer. While the overall number of calls is lower than previous years, the Communication Center staff spends a great deal of time checking many different resources for responders to ensure safety and disseminate full and accurate information.

Enhanced 9-1-1 provides location information when using a traditional phone line; however, Cellular 9-1-1 calls have taken over as the largest segment of incoming emergency calls. Unfortunately these calls do not always provide accurate information on location. Often the public is calling under the assumption emergency services will automatically know their location. Voice Over Internet Protocol (VOIP) phones are more popular also and the information from those phones is only as good as what is on the phone account. Communication Center staff has to be diligent with every call to ensure that proper locations are obtained. Technology has helped over the years but it has also provided ways to access the system with incorrect and, at times, intentionally false information.

Telecommunicators direct many different emergency resources to locations all over Eau Claire County while keeping track of many emergency service workers. The Communication Center staff is the first point of contact for callers in an emergency situation. Providing instructions that keep callers safe, giving basic life support in medical emergencies and calming situations that could escalate are everyday occurrences. It takes a special person who can work as an individual as well as part of a team to accomplish positive outcomes on the most critical emergencies.

Department Specialty Units

In addition to their regular duties, many officers of the Eau Claire Police Department participate in various specialty units within the department. The Eau Claire Police Department is proud to offer the citizens of Eau Claire police officers that are well-trained, proficient and skillful in a multitude of areas within the field to conduct complete and thorough investigations and responses to any given situation. A number of these different specialty units are highlighted on the following pages.

CRASH RECONSTRUCTION TEAM

The Crash Reconstruction Team exists to technically investigate fatal or serious injury motor vehicle crashes and to assist the Crime Scene Unit by forensically mapping major crime scenes.

The team consists of sworn officers who have received advanced training in mathematics, physics, evidence documentation and specialized equipment operation. In addition to ongoing schooling, members of the team meet on a quarterly basis for in-house training.

Members of the 2014 Crash Reconstruction Team included: Sgt. Aaron Jensen, Officer Dan McIlhargey, Officer Kevin Putzy, Officer Garrett Lewis, Officer Art Jaquish, Officer Wade Beardsley and Officer Cory Streeter.

CRIME SCENE UNIT

The forensic examination of physical evidence is a critical element in police efforts to conduct successful criminal investigations and subsequent prosecutions. The forensic science field is ever-changing with improvements in DNA analysis, new processes for developing latent fingerprints and innovations for documenting crime scenes. These scientific and technological breakthroughs have made it feasible to collect and analyze evidence that was never before thought possible.

The Eau Claire Police Department Crime Scene Unit consists of sworn officers who have received additional training in the proper identification, collection, analysis and documentation of forensic evidence. The Crime Scene Unit regularly responds to major crime scenes such as death investigations, burglaries, robberies, sexual assaults and shootings.

In addition to responding to crime scenes, members of the Crime Scene Unit analyze physical evidence in a laboratory setting. In 2013 the Crime Scene Unit began utilizing a new forensic evidence laboratory that was constructed as part of the Law Enforcement Center renovation. The Eau Claire Police Department Crime Scene Unit shares this space with the Eau Claire County Sheriff's Office. This state-of-the-art evidence laboratory allows our organizations to employ Alternate Light Source (ALS) technology, advanced latent fingerprint identification techniques, advanced DNA collection methods and specialized photography.

Technological advancements make the ongoing training of evidence technicians more important than ever. Every year several members of the Crime Scene Unit attend training sponsored by the Wisconsin State Crime Laboratory, Wisconsin Department of Justice and other nationally recognized experts. This training is brought back to our community and shared with the remainder of the Eau Claire Police Department Crime Scene Unit and other regional law enforcement agencies.

Department Specialty Units *(continued)*

Members of the 2014 Crime Scene Unit included: Lt. Tim Golden, Lt. Greg Weber, Lt. Derek Thomas, Sgt. Travis Quella, Sgt. Brian Schneider, Officer Sue Zwiefelhofer, Officer Dan McIlhargey, Officer Chad Stedl, Officer Todd Johnson, Officer Mike Chinander, Officer Kevin Farley, Officer Terry Nicks, Officer Jason Kaveney, Officer Ryan Lambeseder, Officer Garrett Lewis, Officer Justin Greuel, Officer Art Jaquish, Officer Josh Miller, Officer Renee Stoik, Officer Bridget Coit, Officer Phil Noland and Officer Cory Streeter.

CRISIS NEGOTIATION TEAM

The Eau Claire Police Department Crisis Negotiation Team is made up of sworn officers who, in addition to their regular duties, are trained to talk with suicidal persons, barricaded persons, or hostage takers in high-risk situations, with the goal of resolving situations peacefully. Although negotiation is the preferred method of resolution, the Crisis Negotiation Team also works closely with the Eau Claire Police Department's Tactical Response Team. The team is also supported by FBI Special Agent Dave Fitzgerald.

The Eau Claire Police Department Crisis Negotiation Team is comprised of 12 Crisis Negotiators with over 100 years of combined law enforcement experience. All members of the Crisis Negotiator Team have completed the Federal Bureau of Investigation's Basic Hostage Negotiation Training Program and many have completed additional specialized training programs.

Several members of the Crisis Negotiation Team have received training in the Memphis Model of Crisis Intervention Training. The Crisis Negotiation Team continues to train with Crisis Intervention topics to learn more about mental health and how to successfully work with these issues and better serve the community.

Members of the Crisis Negotiation Team meet quarterly for ongoing training. One of these quarterly training sessions is typically a large-scale scenario conducted with the Department's Tactical Response Team. Members of the 2014 Crisis Negotiation Team included: Lt. Jim Southworth, Sgt. Andy Wise, Officer John Rush, Officer Sean Lester, Officer Jesse Zurbuchen, Officer Todd Johnson, Officer Tim Porn, Officer Kyle Roder, Officer Justin Greuel, Officer Matt Leque, Officer Josh Miller, Officer Ryan Prock and Officer Bridget Coit. Special Agent David Fitzgerald from the Federal Bureau of Investigation assists the team.

FIREARMS UNIT

The ongoing training of police officers in the usage of firearms is essential to public safety. Officers of the Eau Claire Police Department are required to successfully complete several shoots per year utilizing multiple service weapons. The goal of these shoots is to provide opportunities for officers to maintain proficiency in regard to their firearms related skills as well as their decision making tactics. In 2014, the State of Wisconsin Training and Standards Bureau established firearms qualification standards and now requires all Wisconsin sworn police officers to pass minimum shooting standards on an annual basis. While the Eau Claire Police Department's monthly shoot requirements for each officer far exceed those now set by the state, mandatory formal qualification shoots were scheduled for all personnel in 2014.

Members of the 2014 Firearms Unit included: Deputy Chief Chad Hoyord, Lt. Tim Golden, Lt. Jim Southworth, Sgt.

Department Specialty Units *(continued)*

Randy Fahrenkrog, Sgt. Brian Schneider, Sgt. Mark Pieper, Sgt. George Eliopoulos, Sgt. Ben Frederick, Officer Kyle Anderson, Officer Jason Ruppert, Officer Jim Konkel, Officer Dave Curfman, Officer Kevin Putzy, Officer Matt Stone and Officer Mike McClain.

FORCE OPTIONS TEAM

The Force Options Team is comprised of sworn officers who are tasked with training sworn department members in the areas of use of force as delineated and governed by the Defense and Arrest Tactics (DAAT) system. The Force Options Team trains officers in the techniques of use of force as well as through scenario based training. The team provides training for probationary employees at scheduled intervals throughout the officer's first year of employment and conducts skills and scenario training for our entire department during our annual in-service. Members of the 2014 Force Options Team included: Lt. Jim Southworth, Lt. Greg Weber, Sgt. Ryan Dahlgren, Sgt. Ben Frederick, Sgt. Josh O'Malley, Sgt. Andy Wise, Officer Dan Theis, Officer Kyle Anderson, Officer Mike Glennon, Officer Terry Nicks, Officer Kyle Roder, Officer Adam Taylor, Officer Mike Major, Officer Matt Leque, Officer Brandon Dohms, Officer Ryan Prock, and Officer Ian O'Connell.

GANG INTELLIGENCE UNIT

The Gang Intelligence Unit is comprised of one supervisor and 10 officers, each of whom has been trained to detect gang activity and membership, and each specializes in knowledge of a particular gang. Gang Intelligence Unit members also attend gang conferences and seminars. Members of this unit maintain a network with other departments within Wisconsin as well as other states with an ultimate goal of reducing crime related to illegal gang activity. Members of the 2014 Gang Intelligence Unit included: Sgt. Ben Frederick, Officer Dan Theis, Officer Tim Porn, Officer Chaz Walton, Officer Kyle Jentsch, Officer Adam Taylor, Officer Matt Stone, Officer Ben Hundt, Officer Matt Leque, Officer Jesse Henning and Officer Greg Erickson.

HONOR GUARD

The Honor Guard represents the Eau Claire Police Department in a positive and professional manner at law enforcement, public and private ceremonial events. During monthly trainings, Honor Guard members practice basic movements, various forms of group marching, flag folding, rifle salutes, casket carrying and funeral preparations.

The Eau Claire Police Department Honor Guard participated in 15 events during the year. Events included officer funerals, law enforcement memorials, conferences, graduations, baseball games and parades. Four members attended a Milwaukee Brewers baseball game that was honoring law enforcement officers from around the state. Our members were one of 30 Honor Guard units presenting the colors on the field at the start of the game. Our Honor Guard also assists with organizing the Northwest Wisconsin Regional Law Enforcement Memorial that is held in Eau Claire each year.

Members of the 2014 Honor Guard included: Sgt. Gary Axness (Commander), Officer Tim Porn, Officer Terry Nicks

Department Specialty Units *(continued)*

(Assistant Commander), Officer Chaz Walton, Officer Kyle Jentzsch, Officer Jesse Henning, Officer Michael McClain, Officer Greg Erickson and Officer Renee Stoik.

K-9 UNIT

The Eau Claire Police Department currently has one K-9 Unit consisting of Officer Jason Ruppert and K-9 Duke. Duke is a Belgian Malinois that is trained for dual purposes. Duke has been trained to detect illegal drugs such as marijuana, cocaine, crack, heroine and methamphetamines. He has also been trained to track suspects that flee from a crime scene. Duke can be sent into buildings to locate suspects and he is also trained to apprehend fleeing dangerous felons. Duke, like most other K-9s, will also protect his handler if the handler is attacked. This K9 Unit also trains with the department's Tactical Response Team to assist them on deployments. The dog lives with his handler, which allows them to both work and train together.

The K-9 Unit's primary mission is to support the patrol division in assisting with drug interdiction and locating suspects that have fled a crime scene. The K-9 Unit will also assist at alarms, fights and on traffic stops. When not supporting the Patrol Division, the K-9 Unit can be called upon to assist other departments in drug and suspect searches. Just a short list of agencies that the K-9 Unit has assisted is: West Central Drug Task Force, Eau Claire County Sheriff's Office, Wisconsin State Patrol, and the University of Wisconsin—Eau Claire Police Department

The K-9 Unit has also been called to assist area school districts to include Eau Claire, Chippewa, Bloomer, and the Eau Claire Academy in conducting drug searches of their campuses. These searches have been a great deterrent to subjects in keeping drugs away from area schools.

The K-9 Team will also assist our Special Services Bureau in conducting presentations to area schools and civic groups that want to learn more about the team and department.

POLICE CHAPLAINCY PROGRAM

Since its inception in 1998, the Eau Claire Police Chaplains have volunteered to serve and partner with the officers of the Eau Claire Police Department. They are a resource to officers who, in the course of their duties, encounter persons in crisis. They also serve as a resource to those in our community whose lives have been broken by violence or tragedy.

Chaplains provide the following services: assisting officers with death notification; assisting with homicides and suicides, fatal or serious injury crashes and other critical incidents; serving as a resource for personal issues of department personnel.

The Chaplains meet monthly for ongoing training and have a rotating on-call schedule, making them available on a 24-hour basis. Chaplains are also encouraged to participate in the life of the department; being part of the happy times and being present during times of tragedy. The Chaplains also generously hosted a holiday gathering for Police Department personnel and their families.

The mission of the Police Chaplaincy Program is as follows: "Spiritual care is offered to every officer and citizen, especially in times of crisis, through a ministry of presence, service and compassion." The Core Values of the Police

Department Specialty Units (continued)

Chaplaincy Program include: ministry of presence, spiritual support, leadership, commitment to quality and pursuit of excellence through professional growth and development.

POLICE TRAINING OFFICER PROGRAM

The field-training of newly hired police officers is a critical function performed by members of the Eau Claire Police Department's Police Training Officer (PTO) program. Police Training Officers are dedicated to the mentoring and development of new officers. The skills and resources that new officers develop during this program lay the foundation for their careers.

The PTO training model was developed by the United States Department of Justice to compliment problem-oriented policing and community-oriented policing philosophies. The PTO program utilizes problem-based learning as the primary instructional method with an emphasis on adult learning strategies, critical thinking, and development of problem solving skills. The program encourages new officers to explore non-traditional problem solving strategies and community resources in their efforts to reduce crime and disorder.

A newly hired officer begins the PTO program after completing his or her recruit academy training. During the program, the new officer is observed by multiple training officers and works a variety of shifts and districts. The program focuses on 16 core competencies that include conflict resolution, use of force, leadership, officer safety, communication skills, and legal procedures. As the training program progresses the learning objectives for the new officer become more challenging. New officers are evaluated by their training officers using a variety of methods, and must consistently evaluate their own progress as well.

During a new officer's training program he or she also completes a Neighborhood Portfolio Exercise (NPE). The NPE allows the trainee to develop a detailed geographical, social, and cultural understanding of an assigned neighborhood. The trainee explores areas including demographics, culture, crime, disorder, and problems relevant to both the community and police. At the conclusion of the training program the new officer presents the NPE to a panel consisting of the Chief of Police and other invited guests and evaluators. The goal of the NPE is to give the trainee a sense of the community and to develop community contacts. The NPE challenges new officers to take a deeper look at what factors drive crime and disorder in a neighborhood and provides them the opportunity to pass their knowledge on to other members of the department.

The Police Training Officer Program supports the Eau Claire Police Department's mission and problem solving efforts. Since its inception in 2006, 37 officers have completed the PTO program. The efforts, dedication, and skill of the training officers ensure our new officers have quality training as they embark on their careers to enhance the quality of life in our community.

2014 Police Training Officer Program Members included: Lt. Greg Weber, Lt. Derek Thomas, Lt. Ryan Dahlgren, Sgt. Gary Axness, Sgt. Brian Schneider, Sgt. Mark Pieper, Sgt. George Eliopoulos, Sgt. Aaron Jensen, Sgt. Ben Frederick, Sgt. Josh O'Malley, Sgt. Andy Wise, Officer Jesse Zurbuchen, Officer Todd Heinz, Officer Todd Johnson, Officer Kevin Farley, Officer Terry Nicks, Officer Kevin Putzy, Officer Hunter Braatz, Officer Adam Taylor, Officer Mike Major, Officer Justin Greuel, Officer Art Jaquish, Officer Matt Leque, Officer Jesse Henning, Officer Brandon Dohms, Officer Nate Ollmann, Officer Josh Miller, Officer Ryan Prock, Officer Renee Stoik, Officer Bridget Coit and Officer Ian O'Connell.

Department Specialty Units *(continued)*

TACTICAL RESPONSE TEAM

Certain events in the community require a response that incorporates specialized skills and equipment. In cases of high-risk warrant service, barricaded suspects or hostage rescues, the Eau Claire Police Department Tactical Response Team serves the department and community through the application of specialized training and tactics. The Tactical Response Team is committed to serving the department and community through the safe resolution of high-risk incidents.

The Eau Claire Police Department's Tactical Response Team was formed in 1991. Members of the team participate in monthly trainings that include tactics, firearms and physical fitness. The evolution of crimes and community needs makes ongoing training a priority for the team.

Whether in training or at actual events, the officers of the Tactical Response Team take their role as tactical operators very seriously. The team is proud to offer the citizens of Eau Claire the protection of an experienced and well-supported tactical team.

Members of the 2014 Tactical Response Team included: Sgt. Mark Pieper, Sgt. George Eliopoulos, Sgt. Ben Frederick, Sgt. Josh O'Malley, Officer Kyle Anderson, Officer Jim Konkell, Officer Todd Heinz, Officer David Mikunda, Officer Chaz Walton, Officer Kyle Jentzsch, Officer Adam Taylor, Officer Mike Major, Officer Matt Leque, Officer Jesse Henning, Officer Brandon Dohms, Officer Mike McClain, Officer Greg Erickson, Officer Jake Gullickson and Officer Wayne Bjorkman.

TECHNICAL SERVICES UNIT

The Technical Services Unit provides technical and analytical assistance to all facets of the Eau Claire Police Department for the purpose of criminal investigation, criminal prosecution and crime prevention, thereby increasing the overall effectiveness of the Eau Claire Police Department and helping to improve the quality of life for the citizens of Eau Claire.

This specialized group of individuals who have other full-time assignments within the department utilizes some of the latest electronic tools and technology available to gather information and evidence that will assist members of the police department. Several of the tools and techniques utilized may also add a degree of officer safety to an officer's job performance in many circumstances.

Aided by tools and technology, the Technical Services Unit is committed to the disruption, prosecution and prevention of criminal activity in Eau Claire. With added diversification and specialization of team members, the Technical Services Unit aims to continually increase the effectiveness of the team by seeking additional training and technology resources in order to advance their ability to achieve these goals going into the future.

Members of the 2014 Technical Services Unit included: Lt. Greg Weber, Sgt. Andy Falk, Officer Mike Voelker, Officer Chad Stedl, Officer Kevin Farley, Officer Kyle Roder, Officer Kevin Putzy, Officer Wade Beardsley, Officer Cory Streeter and Officer Austin Summers.

SEXUAL ASSAULTS OF ADULTS					
OFFENSE CATEGORY	ACTUAL OFFENSES	ADULT VICTIM	ADULT ARREST	JUVENILE VICTIM	UNFOUNDED
1st Degree	13	13	-	-	2
2nd Degree	2	2	-	-	-
4th Degree	5	5	1	2	-
TOTAL	20	20	1	2	2

SEXUAL ASSAULTS OF JUVENILES					
OFFENSE CATEGORY	ACTUAL OFFENSES	JUVENILE VICTIM	ADULT ARREST	JUVENILE ARREST	UNFOUNDED
1st Degree	19	19	5	4	1
2nd Degree	8	8	1	5	-
4th Degree	19	19	3	-	-
TOTAL	46	46	9	9	1

* Note regarding sexual assaults of juveniles: The Degree of the assault indicates the age of the victim rather than the type of offense that occurred. 1st Degree Sexual Assaults are classified as a victim being 12 years of age or younger. 2nd Degree Sexual Assaults are classified as a victim being 13-15 years of age.

** Note regarding the compilation of sexual assault statistics: In July 2014, the Wisconsin Department of Justice revised their sexual assault form to focus more on the type of assault committed rather than the degree of the crime. The above statistics reflect a combination of both the former and current versions of the compilation form.

PROPERTY STOLEN AND RECOVERED BY VALUE

PROPERTY STOLEN AND RECOVERED BY TYPE

CLASSIFICATION	VALUE STOLEN	VALUE RECOVERED
Currency	\$95,627	\$886
