Eau Claire Fire & Rescue

News Media Report

Narrative:

The ECFD responded to a report of a structure fire. Upon arrival contact was made with two employees of the Business. They stated there was a fire near the roof in the structure. The first in Engine Company made entrance into the building and confirmed there was a fire. A hose line was deployed into the building and the fire crews applied water to the fire knocking down the majority of the fire. A second fire crew was assigned to the roof of the building to check for possible extension of the fire. Power saws were used to cut the roofing material and exposed the area of the fire. No major extension of the fire was found. At the time of this report two Engine companies and an Investigator are on scene.
