

Designation of Beneficiaries for Cemetery Plot

The City of Eau Claire is committed to maintaining accurate records and ensuring that the ownership of cemetery lots is transferred appropriately. In order to assist the City in its efforts, each lot owner is encouraged to complete this beneficiary form that will transfer ownership of the cemetery lot upon the owner's death by non-testamentary means. If at any point the lot owner wishes to change either of the beneficiaries, a new form may be completed and filed with the cemetery manager. If this form is not completed, title transfer is subject to applicable City ordinances and all transfers are subject to City approval.
