Eau Claire Fire & Rescue

News Media Report

Narrative:

The ECFD responded to a first alarm structure fire to the address mentioned above. The initial report was for a kitchen fire. Upon arrival E9 discovered a working structure fire that was contained to the Kitchen area. E9 pulled a 1.75" hand land and advanced into the building wearing SCBA's. The fire was extinguished with the water from the internal tank on E9. The rest of the first floor and attic were checked for fire extension. There was some fire extension to the attic but that was extinguished during the initial fire attack. No other fire was located in the building. The probable cause for the fire was an unattended stove during the cooking process. The Home Owner was advised to call his insurance company and to find other sleeping accommodations for the night.

Officer: Battalion Chief Bryon Bensen
