Local, Sustainable, Healthy Food

Festival Foods - Eau Claire

REDUCE. REUSE. RECYCLE.
Festival Foods doesn't just think about saving energy and reducing our carbon footprint inside our stores, we're looking outside our walls and into our communities as well.

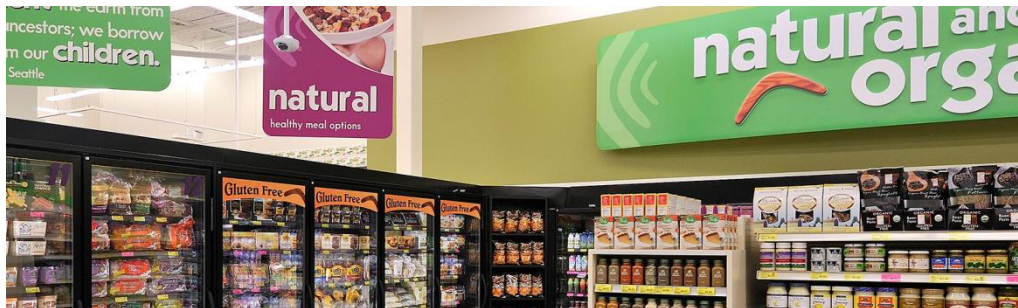

Grab a reusable, biodegradable cloth bag. We'll give you a 5¢ discount when you bring it back in to shop.

Take a break on one of our park benches, they're made from recycled plastic grocery bags!

The 'good stuff' doesn't just end with a delicious meal. Grease from our Deli and Bakery Departments is recycled and used for alternative environmentally friendly fuels.
