News Media Report

Narrative:

The Eau Claire Fire Department responded to a structure fire shortly before 1pm today. Occupants reported fire in the attic of their single family home.

On arrival, crews located fire in the attic space towards the rear of the home. A hose line was stretched into the residence and the fire was contained in that portion of the attic.

The fire was under control within 30 minutes of arrival.

Crews then checked for fire extension and ventilated the structure.
