

City of
Eau Claire

GREEN TEAM

HEY...THERE'S A
FARMER'S MARKET
IN CITY HALL!

Parks &
Forestry

&

iTree

oh my!

Q. what glows and grows and saves cities dough?

FREE
WIFI

from

trees!

I grow,
therefore I am.

Green Tips

SUMMER 2017

A. GLOW IN THE DARK TREES!

CLICK [HERE](#) TO FIND OUT MORE.

Free wifi from trees? Yep!
Visit the treewifi site [here](#).

Listen to this [podcast](#) about the science of trees in cities. Very cool.

How much do we really need shade?
Read Milwaukee's story [here](#).

DID YOU KNOW?
Eau Claire has been
a Tree City USA city
for **37** years!

HOW TO HAVE A
FARMER'S MARKET
AT CITY HALL
IN 3 EASY STEPS:

-  1. Bring your extra garden produce to the break room.
-  2. Employees can take the produce home for the cost of a donation to the United Way.
-  3. That's it!
Everyone benefits.

So what is iTree?

*did you know that our Parks & Forestry department manages approx. 50,000 trees per year with an annual calculated benefit of \$140 per tree? That's about a \$7M annual benefit to our community! Pretty mind-blowing!

iTree is a free research tool for tree info that anyone can use!
click [here](#) to go to the iTree site.
