Narrative:

The Eau Claire Fire Department (ECFD) will continue search operations on the Chippewa River today at 1600hr searching from the Xcel Energy Dam, and south. ECFD crews will be operating boats in various portions of the river in the coming days as weather, river conditions, and daily operations permit. Search operations are evaluated daily and will continue at the direction of the fire chief.

The river conditions remain dangerous due to cold, high and fast moving water.
