MANAGER'S REPORT

APRIL 21, 2021

INCOME QUALIFYING FARE USAGE

The report for usage is in your packet.

RFP FOR TRANSIT BUS TECHNOLOGY UPDATE

We are in the process of reviewing the responses to the RFP. We cannot make any public comment at this time, but hope to have a decision early next month.

COVID-19 ACTIONS UPDATE

Beginning On April 7, Eau Claire Transit has been allowing a capacity of 50 on the 19 University Stein Route only. The rest of the routes remain at 20-24, depending on the size of the bus on the route. The Route 19 has often experienced higher demand in the afternoons, mainly for students going from the lower campus to Towers Hall on the upper campus. Since this trip is less than 10 minutes in length, the chances of spread are reduced. There are from 3 to 4 trips a day that have capacity above the usual 24, running from 30 to 40 passengers. The City is not requiring COVID-19 vaccinations, but to my knowledge, all drivers that want to receive the vaccine have done so.

EARTH DAY ACTIVITIES

We have issued a news release regarding no fares for Earth Day. It has been included in your packet.

Manager's Report 2

UPDATE ON STAFFING

Amber Willi has accepted a new position within the Community Services department as the Administrative Associative IV. Amber did an excellent job working in the Transit Division! We wish her well. I'm thankful that she will still be involved with the City and the Department in her new position. A search has begun to fill the vacant position.

We still have 1 open Bus Operator and 6 Part time bus operator positions. There are also 2 schduled retirements in May. Theresa McGeorge has served the City as a Bus Operator since 1992 and Steve Adams since 1997. They are currently the two longest serving operators.

UPDATE ON BUDGET

The Capital Improvement Plan is being finalized by the City Manager and will be presented to the Council in May. They will have some virtual work sessions set up. We are scheduled to review and send a recommendation to council at our May meeting. I will send out the transit portion once the City Council receives the full CIP.

FREE RIDES ON EARTH DAY

To celebrate Earth Day, on Thursday, April 22, 2021, Eau Claire Transit is offering everyone a chance to try public transit at no cost thanks to a generous donation by the Chippewa Valley Transit Alliance.

Public transportation helps cut down on pollution and traffic congestion, and with eight diesel-electric hybrid buses in our fleet and more on the way, Eau Claire Transit is doing its part to help meet the City's Strategic Goals of carbon neutrality, reducing reliance on automobile transportation, and creating connected neighborhoods and people.

Transit officials are hopeful that by waiving fares for the day, a new crop of passengers can help contribute to a cleaner city and a healthier planet. Eau Claire Transit Manager Tom Wagener says of the plan, "We want to encourage the public to give transit a try. For so many people in Eau Claire and Altoona, the bus offers a safe, convenient, and cost-effective way to reduce their carbon footprint. We're thrilled to be able to give everyone a chance to see that."

All 22 buses in the fleet are accessible to individuals using mobility devices and "kneel" so they are level with the curb for those who otherwise may have difficulty boarding. And all buses have bike racks for those who include bicycling in their transportation plan.

Try the bus! Visit <u>www.ecbus.org</u> to plan a route, view maps and schedules, see the live "bus tracker", and more. Or if you're new to public transportation call the Eau Claire Transit office at (715) 839-5111 for personalized help planning your trip.
