

2011 Annual Report

eau claire
police department

JERRY MATYSIK

Chief of Police

Thank you for your interest in the 2011 Eau Claire Police Department annual report. In 2011 the City's Reported Crime Index Rate remained relatively stable. The crime report recognizes eight specific categories of crime. The City of Eau Claire saw a decrease in six of these categories and an increase in two categories, compared to the 2010 report.

Historical data shows crime statistics for the City of Eau Claire continue on a general downward trend. 2011 was the seventh lowest reported crime rate during the past 30 years. Over this same 30 year period, Eau Claire has experienced the lowest reported crime rates during the most recent seven year time period.

It is also interesting to note that since the Eau Claire Police Department developed a department-wide philosophy of utilizing evidence-based policing practices, we have seen a significant decline in calls for service from citizens. This is mainly due to the implementation of Problem-Oriented Policing techniques, as envisioned by University of Wisconsin Professor Emeritus Herman Goldstein. This trend in reducing calls for service has allowed our department to spend time working to improve the quality of life in the city's neighborhoods. The more time we can spend working on specific problems, the less likely we are to experience increases in crime and disorder.

In 2011 our department was awarded funding for two additional police officer positions by the Federal Community Oriented Policing Services Office. Eau Claire was one of only three cities in the State of Wisconsin to receive funding. This grant will enable the department to bring the total number of sworn officer positions in the City of Eau Claire from 98 to 100. This funding will assist in our problem-solving efforts and will further enhance our effectiveness.

2011 was a year of transition for our department. We experienced an unusual number of retirements (eight sworn officers retired) and as such, we have been very busy recruiting new officers to serve the department and the community in the future. Although this amount of turnover creates some short-term challenges, it also creates an exciting opportunity to select a new generation of police officers.

Finally, I would like to thank the City Manager, the City Council and the Police and Fire Commissioners for their continued support.

CITY MANAGER

Mike Huggins

CITY COUNCIL

The City Council enacts legislation and allocates City resources for programs, services and activities. The Eau Claire Police Department sincerely appreciates the support of the Eau Claire City Council.

Kerry Kincaid, *President*

David Klinkhammer, *Vice President (District 2)*

David L. Duax (*District 1*)

Kathy Mitchell (*District 3*)

Bob Von Haden (*District 4*)

Andrew Werthmann (*District 5*)

Larry Balow

Dana J. Wachs

Mark A. Olson

Jackie Pavelski

Thomas T. Vue

POLICE AND FIRE COMMISSION

The Police and Fire Commission is a non-political board of citizens appointed by the City Council. They oversee personnel matters, including the hiring and discipline of sworn staff members, consistent with Wisconsin State Statute 62.13. We appreciate that these Commission members volunteer their time and services to the community of Eau Claire.

Jack Postlewaite, *President*

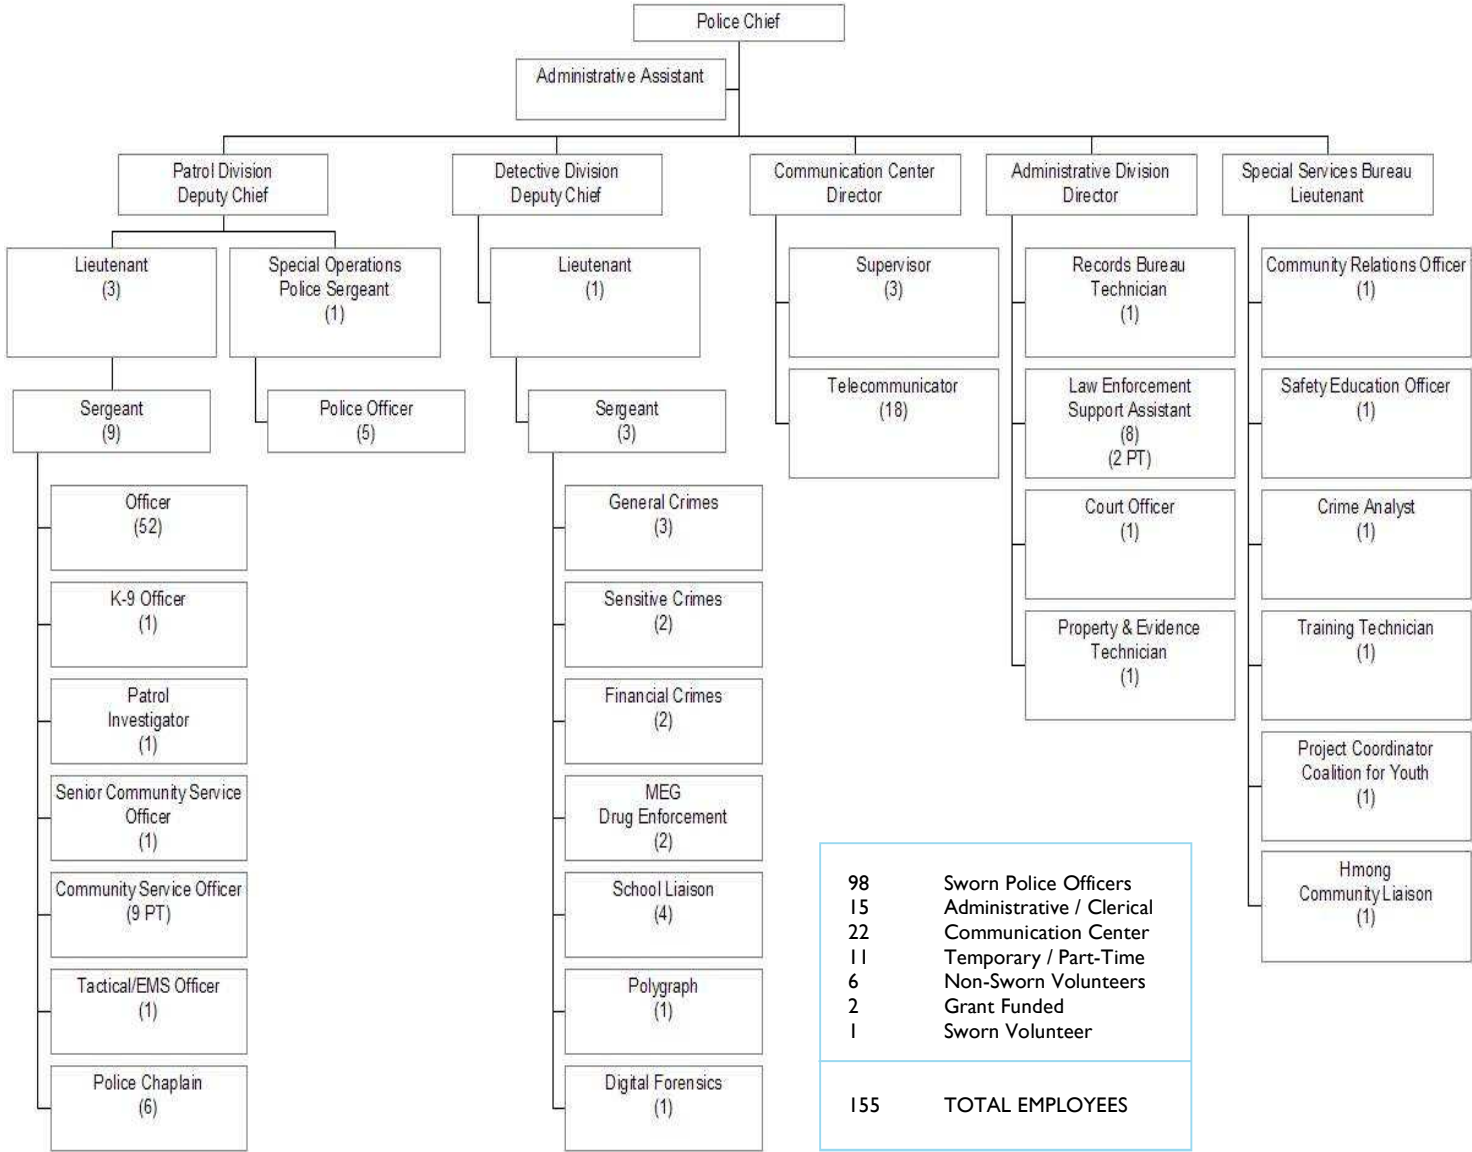

Kristina Bourget, *Vice President*

Keith Glasshof

Jill Barland

Dennis Pope

Department Snapshots

Chief Matysik presents Officers Mazel and Gullickson with their badges after being sworn in as Police Officers

BRAD VENAAS

Deputy Chief of Patrol

The Patrol Division is responsible for emergency and non-emergency response to calls for service within the City of Eau Claire. The division is staffed with one Deputy Chief, three Lieutenants, ten Sergeants, 62 Patrol Officers, and ten Community Service Officers (CSOs).

The Patrol Division staffs using the traditional Day, Afternoon, and Midnight shifts supplemented with two overlap shifts. The Patrol Division also assigns one sergeant and five officers to the Special Operations Section (SOS), whose major focus is on quality of life issues in the community. The SOS team provides a flexible response that can be moved to any area of the community as needed.

The Patrol Division also assigns an officer to a Patrol Investigator position. This officer is responsible for follow-up investigations involving traffic crashes and ordinance violations. The Patrol Investigator also conducts background investigations on applicants for positions within the Department.

Community Service Officers are cross-trained in parking and animal control duties. Additionally, the CSOs are assigned to fingerprint and photograph subjects, validate stolen property records, and assist with other miscellaneous courier duties.

In addition to calls for service, the patrol teams work on community quality of life issues that are noticed during their shifts. Officers work with neighborhood associations, business and civic groups, and other City departments and government agencies to identify, analyze, and hopefully reduce or eliminate problems.

In 2005, the Eau Claire Police Department began the process of shifting to a Problem-Oriented Policing philosophy. This included some structural changes, which were implemented in 2006. The community of Eau Claire is divided into three geographic police districts: North, Central, and South (see next page). In addition to their time of day shift responsibilities, officers also select a beat within one of these three districts. The officer(s) in each beat are responsible for working with the neighborhood and other community resources on problems within the beat as well as being part of district-wide initiatives.

The following are the major highlights from 2011 initiatives in each of the districts:

North District

- Worked with Parks & Recreation and the Runway Avenue neighborhood to reduce vandalism at Sundet Playground.
- Worked with local group homes to reduce after hours calls for service.

Central District

- Continued addressing campus area alcohol disorder (5-year trend of reduction in loud parties, disturbances, and batteries).
- Collaborated with various entities (University of Wisconsin—Eau Claire, Chippewa Valley Technical College, City-County Health Department, landlords, and garbage haulers) to address garbage removal concerns during spring move-out, primarily in the historic Randall Park neighborhood.
- Worked with a large group home facility to reduce calls for service and disorderly behavior involving their residents.

South District

- Continued working with several agencies to reduce or eliminate disorder at local hotels.
- Developed a new response to retail thefts at larger, big-box type stores. The procedural change makes for better use of police resources but still holds people caught stealing accountable for their actions.

Special Operations Section

- Assisted the West Central Drug Task Force and the Drug Enforcement Agency on a major drug investigation involving synthetic cannabinoids being manufactured, distributed, and sold in the Chippewa Valley.
- Conducted a prostitution investigation involving Internet-based solicitation.

The officers of the Patrol Division stand ready 24 hours a day, 365 days a year to provide quality police services to the community. These patrol officers will continue to be the primary responders to calls for service and, in addition, offer a problem-oriented response to community issues.

ERIC LARSEN

Deputy Chief of Detectives

The Eau Claire Police Department Detective Division is comprised of 15 detectives supervised by three Sergeants, one Lieutenant and one Deputy Chief.

Cases that are referred to the Detective Division are reviewed and prioritized. Follow-up assignments are made based on the nature of the crime, the presence of potential leads, and the current caseload. The division supervisors review approximately 14,000 cases each year. 1,726 cases were assigned for follow-up investigation in 2011, an increase of 55 cases from the previous year. 1,384 of those investigations led to a successful conclusion, resulting in an 80% clearance rate for cases that were assigned to a detective.

GENERAL CRIMES

Three detectives are responsible for investigating crimes against persons, such as robbery, homicide, battery, and sexual assault, and property crimes such as burglary, theft, and criminal damage.

WEST CENTRAL DRUG TASK FORCE

One sergeant and two detectives are assigned to this task force in order to assist in the investigation of illicit drug activity in the Chippewa Valley. The task force is comprised of investigators from several law enforcement agencies in the area. For over 20 years, this regional collaboration of resources has proven to be a very effective approach for disrupting and dismantling regional drug trafficking organizations.

FINANCIAL CRIMES

Two detectives are responsible for investigating crimes such as fraud, forgery, embezzlement, internal theft, counterfeiting, identity theft, and a wide variety of scams where the victims are targeted for their financial assets.

SENSITIVE CRIMES

Two detectives are responsible for investigating cases involving child victims of abuse, neglect, sexual assault and child pornography or child enticement. A third detective is primarily responsible for conducting forensic examination of computers and other digital media.

DIGITAL FORENSIC EXAMINER

Due to the rapid increase of use of computers to facilitate crime, there is a need to examine digital evidence. Digital evidence is most commonly discovered during investigations of child pornography, child enticement, drug trafficking and financial crimes. It has even been critical in homicide investigations. Most of the digital forensic work is done by one of the detectives assigned to the Sensitive Crimes Section.

During 2011, the Eau Claire Police Department was awarded the Paul Coverdell Forensic Science Improvement Grant. The award of \$175,000 will be used to upgrade digital forensic equipment and provide national training expertise to six investigators, including investigators from other local law enforcement agencies. Full implementation of the Chippewa Valley Regional Computer Forensic Lab is planned for mid-2012.

POLICE SCHOOL LIAISON

Four detectives are assigned to the five secondary public schools in Eau Claire. These liaison officers are responsible for investigating juvenile crime, counseling and mentoring students, and conducting educational presentations in the schools. They may also sometimes become involved in school disciplinary matters.

POLYGRAPH EXAMINER

One detective administers polygraph exams to assist other detectives, both from our agency and agencies in the surrounding area, verify the truthfulness of potential suspects. This detective is also involved in processing and preserving evidence, coordinating evidence transmittals to crime laboratories in the State of Wisconsin and at the Federal Bureau of Investigation, and working to ensure local pawnbrokers comply with City of Eau Claire regulations.

Officers attend firearms training

CHAD HOYORD

Lieutenant of Special Services

The Special Services Bureau is a branch of the Eau Claire Police Department staffed by the Lieutenant of Special Services, two sworn officers (Community Relations Officer and Safety Education Officer), one Training Technician, one Crime Analyst, one Law Enforcement Support Assistant, and two grant funded positions.

The Special Services Bureau continues to partner with area media, local elementary schools, after school programs, and many other departments within the City to help facilitate serves to our community.

The Eau Claire Police Department prides itself on receiving advanced training in several specialized areas. Our Department is fortunate to have trained personnel bring back the training they learned to train other members of our department. The Special Services Bureau is responsible for identifying appropriate training and registering Department personnel for that training. Annual Department in-service is also coordinated by the Special Services Bureau. The Special Services Bureau also reviews and updates Department policies throughout the year.

Finally, we have two grant funded positions: the Coalition for Youth Project Coordinator and the Community Liaison work with at-risk youth and families in low-to-moderate income areas within the City of Eau Claire.

Community Relations Officer

The Community Relations Officer is primarily responsible for communicating with the news media and other groups on behalf of the Eau Claire Police Department. The partnership between the police department and local media has played an important role in getting information out to the community. The Community Relations Officer is also responsible for using social media to help reach a larger portion of our community.

Additionally, the Community Relations Officer helps manage the Department's portion of the City of Eau Claire's web site, keeping "Open Cases" and "Most Wanted" information up to date.

In 2011, the Community Relations Officer was responsible for applying for and managing three specialized law enforcement grants, which were issued through the Department of Transportation. These grants addressed speed enforcement, underage drinking, and OWI enforcement.

The Community Relations Officer also assists with parking ticket mediation, conducts background checks for various City license applications, photographs Department events, assists with police officer recruitment at job fairs, and conducts presentations to local groups on a variety of topics including identity theft, personal safety, and other safety issues that arise within the community.

Safety Education Officer

The Safety Education Officer is a valuable resource for Eau Claire's pre-school and elementary school children. This officer educates youth on numerous safety issues including: bicycle safety, bus safety, pedestrian safety, home safety, personal safety, and Internet safety.

Much of the Safety Education Officer's time is spent in elementary schools, not only to teach safety, but also to ensure that young students' first contact with law enforcement will be a positive experience. It is the hope of the Eau Claire Police Department that this will have a positive impact on the outlook of these students during future contacts.

The Safety Education Officer continues to coordinate and oversee both the adult school crossing guards and the youth school safety patrollers. These individuals provide staffing at dangerous intersections near schools.

The Safety Education Officer is also certified in child safety seat installations and checks and participates in area safety fairs and other events to educate parents about the proper use of safety seats for their children.

In addition, the Safety Education Officer also assists with parking ticket mediation, Court Officer duties, conducts Department tours, and gives presentations on specific topics dealing with safety and awareness in our community.

Training Technician

The Training Technician is responsible for coordinating training for all members of the Eau Claire Police Department. The Wisconsin Department of Justice Training and Standards Bureau requires that sworn officers complete 24 hours of training per year and the Training Technician helps facilitate this. Additionally, the Training Technician coordinated approximately 80 advanced trainings for personnel in 2011.

The Training Technician is the Department's coordinator for the TIME System, which enables law enforcement agencies to access multiple Wisconsin data sources for information essential to police operations (driver's and vehicle information, Wisconsin criminal history information, etc.). This system also provides an automated interface with the FBI's National Crime Information Center, which furnishes national criminal history record information.

Additional responsibilities of the Training Technician include: orientation of new employees, documentation of false alarms in the City, coordinating parking ticket mediation, tracking and auditing the educational incentive program, assisting with parking ticket mediations, coordinating ride-alongs, and tracking false alarms.

The Training Technician is also cross-trained to fulfill Property and Evidence Technician duties.

Crime Analyst

Although this position was only created in 2008, the Crime Analyst has proven to be an integral component of the Eau Claire Police Department. Utilizing data generated by the Department, the Crime Analyst is able to identify and visualize crime related issues affecting our community. Essential functions of the Crime Analyst include data compilation and analysis, problem solving, written and visual compositions, and record maintenance.

The Crime Analyst provides members of multiple divisions within the Department maps and analysis reports identifying crime trends and quality of life issues occurring throughout the City. These analytical products help focus the efforts of our officers and assist with developing plans to target and prevent further criminal activity.

Eau Claire Coalition for Youth Project Coordinator

The Eau Claire Coalition for Youth Project Coordinator is responsible for facilitating meetings and disbursing information to public and private agencies that will assist area youth by providing social, recreational, and other community services to youth in low-to-moderate income areas within the City of Eau Claire.

The Project Coordinator faces challenges each year include shrinking budgets and supporting organizations who are experiencing their own financial challenges while the number of youth needing services continues to grow. Another challenge is trying to avoid overlapping services so that we can provide as many services as possible for these youth.

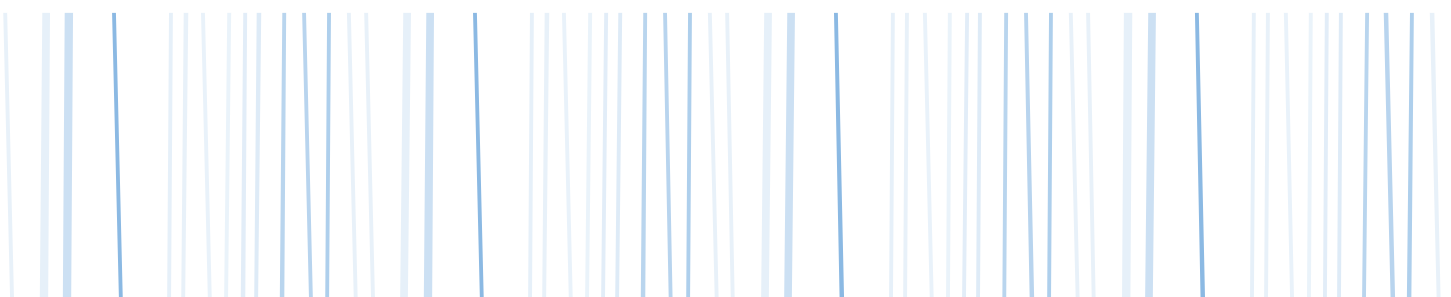

In 2011, Project Coordinator Bette Wahl retired after 17 years of service to the Coalition for Youth. Bette was a key figure in the development of the Coalition for Youth, and we would like to thank her for her years of service.

Tara Carey was chosen as the new Project Coordinator and looks forward to bringing her own ideas and expertise to the position.

Community Liaison

The Community Liaison is a non-sworn grant funded position through the Eau Claire Hmong Mutual Assistance Association (ECHMAA) and acts as a liaison between the Hmong community and the Eau Claire Police Department. The Community Liaison provides assistance with language translation, expresses concerns on behalf of the Hmong community, and works closely with the Coalition for Youth Project Coordinator in order to provide police services to area Hmong youth and families.

The Eau Claire Police Department is pleased to continue this partnership with the ECHMAA. We would like to take this opportunity to thank Community Liaison Yong Kay Moua for his many years of service which began in 1989 at the inception of the program. Mr. Moua will retire in early 2012.

KRISTIN SOUTHARD

Director of Administration

The Administrative Services Division of the Eau Claire Police Department is comprised of the Court Services, Records, and Property and Evidence sections. The Director of Administration is responsible for managing the Police Department's \$15 million budget, applying for and managing federal, state and local grants, and overseeing and implementing all types of technology projects being pursued by the Department.

Court Services

The Court Officer serves numerous essential functions. The officer is a liaison between the Police Department and offices of the Eau Claire County District Attorney, Juvenile Intake, Corporation Counsel, Clerk of Courts, City Attorney, State Lab of Hygiene, and other area law enforcement agencies. This officer is also the representative of the Police Department for citizens who have questions or concerns about citations they have received and/or procedures that must be followed to properly dispose of their citations.

The Court Officer assists the City Attorney's Office by coordinating all initial appearances in traffic and ordinance court. Additionally, the Court Officer assists the attorneys with pre-trial conferences, coordinates witnesses for trials in the court, and is also responsible for documenting all court-related dispositions. When changes in law, statutes, or operating procedures occur, the Court Officer advises all personnel affected by the revisions.

The following statistics reflect the 2011 forfeiture, traffic, and ordinance citations that are handled by the City. Citations issued for, or in conjunction with, criminal charges are not included, as these citations are handled by the Eau Claire County District Attorney's Office.

When reviewing the accompanying data regarding citations and their disposition, please understand that the numbers are approximate. Figures are kept per calendar year and are based on records at each phase of the citation and prosecution process. Cases are not individually tracked to allow adjustment for those that cross calendar years, therefore citations issued in one year may receive a pretrial in the following year, or a case pretried in

one year may be set for trial a couple of months later, wrapping into the next year and thereby affecting a single year's totals.

UTC / ORDINANCE CITATIONS

Guilty	3,759	<i>(Includes Forfeits & Defaults)</i>

Records Section

The Records Section of the Eau Claire Police Department is comprised of one full-time Records Bureau Technician, eight full-time Law Enforcement Support Assistants (LESAs), and two part-time typists who:

- Handle the receipt, verification, and entry of data for all police incident reports, accident reports, arrest records, traffic citations and ordinance arrests as well as the scanning of any paper documents related to these areas
- Maintain criminal information records related to fingerprints and mug shots
- Provide information to other agencies who work directly with the Department, such as the District Attorney's Office, Probation and Parole, and the Department of Human Services
- Serve as the first-line representatives of the Department for all inquiries by citizens for police related information regarding documents, photographs, interviews or videos
- Serve as the central resource center for others within the Department seeking records or information necessary for the completion of their activities

Records personnel are responsible for maintaining the following records generated by the Department:

- All incident reports and narratives
- Photographs
- Arrest records
- Juvenile referrals
- Ordinance and traffic citations
- Fingerprints
- Mug shots
- Accident reports
- Digital audio and video recordings
- Squad car video
- Field contacts
- Written warnings

These items amount to over 100,000 separate records that must be entered into the records management system. These records are maintained in either electronic, digital, or paper form in the Records Section for a minimum of seven years.

Personnel within the Records Section must know how to utilize several types of computer hardware and software programs such as document imaging (to store and retrieve incident reports), digital mug shots, digital recorders, digital narrative transcription, incident photographs, Live Scan fingerprinting, software for online purchasing of select accident reports, as well as an online parking ticket program.

Records Section personnel are cross-trained in order to fulfill other job duties as needed. All members of the Records Section are able to process court work for arrestees, complete Detective and Patrol Division incident report typing, and fulfill public records requests. The Records Section also maintains and manages the Department's public service window.

Property and Evidence Section

The Property and Evidence Technician is responsible for the secure storage of evidence that is turned in to, collected, or seized by the Eau Claire Police Department. These types of items come from criminal cases and consist of everything from the smallest DNA samples to large vehicles as well as illegal drugs, guns and currency. Evidence is held in three separate storage facilities within the City of Eau Claire. The Property Technician also handles lost and found items which are generally stored in the Department's Property Room.

The Property Technician is responsible for the disposition of all property and evidence collected. Depending upon the type of property or evidence, disposition is handled in one of the following ways:

- Returned to owner
- Sent to other agencies
- Held by the Court
- Destroyed either by the Eau Claire Police Department or by the State Crime Laboratory
- Sold through auction at PropertyRoom.com

The Property Technician is also responsible for the following:

- Storage and management of department weapons and officer equipment
- Interacting with the State Crime Laboratory regarding the proper custody and testing of evidence
- Ordering departmental supplies, departmental reports, patrol equipment and medical supplies
- Maintaining an orderly storage area at the Police Department as well as proper maintenance of the off-site storage facilities

The Property Technician works closely with the Eau Claire County District Attorney's Office, the Chippewa County District Attorney's Office, and the United States Attorney General's Office regarding the chain of evidence needed to ensure a successful prosecution. The Property Technician also coordinates with other law enforcement agencies that have collected evidence related to their cases from various locations within the City of Eau Claire.

PAM McINNIS

Communication Center Director

The Eau Claire Communication Center is a county-wide center that dispatches for 14 separate police, fire and medical agencies. The 22-member staff is comprised of 21 full-time Telecommunicators, three of whom are also supervisors, and one Director.

During 2011, over 107,000 law enforcement, fire and/or EMS incidents were tracked in our Computer Aided Dispatch (CAD) system. Telecommunicators handled 181,355 telephone calls, of which nearly 54,000 were emergency in nature. In addition, Telecommunicators responded to countless radio calls from field units and assisted walk-in traffic as well.

The entire county of Eau Claire enjoys the benefits of fully enhanced 9-1-1 when using a landline phone. The enhanced 9-1-1 system supplies Telecommunicators with a caller's name, address and telephone number as soon as their 9-1-1 call is answered. Wireless enhanced 9-1-1 was implemented in 2006 and provides cellular telephone location information to the Telecommunicators. Wireless 9-1-1 calls account for over half of all our emergency calls. Voice Over Internet Protocol (VoIP) calls are a bit different. While these calls are delivered with identifying information, the accuracy or completeness of that information is contingent on what has been programmed into that device/system. In the case of all three types of 9-1-1 calls, even if the caller hangs up prior to the call being answered, the hang up call is still delivered along with the enhanced information.

Telecommunicators use the computer technology at their fingertips to enhance the quality of service provided to the community. Telecommunicators continually enter information into the CAD system, which is shared with field units both over the radio and through the computer. All seven law enforcement agencies in Eau Claire County, including the Eau Claire Police Department, have laptop computers in their vehicles. In addition to receiving information from the Communication Center, they use these computers to check local, state and national databases for information. The Eau Claire Fire Department medics and battalion chief also have laptops. This allows the Communication Center and field units to share a great deal of information, which often includes the history of prior contacts at an address.

The Communication Center staff utilizes a computerized version of the Emergency Medical Dispatch (EMD) cards to determine the appropriate level of Emergency Medical System (EMS) response. In addi-

tion to audio dispatch of recommended units to each incident, this EMD information is sent to the laptops as well. The Fire Department also receives all their runs, both Fire and EMS, immediately via fax machine to each station. Telecommunicators are often responsible for administering pre-arrival instructions on how to administer CPR, methods to stop bleeding, etc.

The Communication Center is also responsible for distributing severe weather watches and warnings to the citizens of Eau Claire County. The Telecommunicators have the responsibility of activating the sirens within each community in the event that a severe thunderstorm or tornado warning has been issued for their specific community.

CRIME SCENE UNIT

The scientific examination of physical evidence is a critical element in police efforts to conduct successful criminal investigations and subsequent prosecutions. The forensic science field is an ever-changing discipline. With the advances in DNA testing procedures, new processes for developing latent fingerprints, and new crime scene documentation techniques, the training of evidence technicians has become more important than ever. These scientific and technological breakthroughs have increased the possibility of collecting and analyzing physical evidence that was never before possible.

The Eau Claire Police Department Crime Scene Unit consists of 25 police officers that have received additional training in the proper documentation, collection and forensic analysis of evidence at crime scenes. The Crime Scene Unit regularly responds to major crime scenes such as burglaries, robberies, sexual assaults, drive-by shootings, and homicides.

In addition to responding to crime scenes, members of the Crime Scene Unit analyze evidence in the Eau Claire Police Department's evidence lab. We are fortunate to have equipment consisting of the Reflected Ultraviolet Imaging System (RUVIS) and Alternate Light Source (ALS) technology. These instruments allow our evidence technicians to forensically examine numerous items of evidence.

The Chippewa Valley Regional Computer Forensic Laboratory enables evidence technicians to search computer hard drives and digital media storage devices for evidence. With a significant increase in computer crimes, this workstation has proven to be a very valuable tool. Evidence obtained during this type of examination will be used to prosecute crimes such as identity theft, fraud, and Internet sex crimes.

CRISIS NEGOTIATION TEAM

The Eau Claire Police Department Crisis Negotiation Team is a team of officers who, in addition to their regular duties, are trained to talk with suicidal persons, barricaded persons, or hostage takers in high-risk situations, with the goal of resolving situations peacefully. Although negotiation is the preferred method of resolution, the Crisis Negotiation Team also works closely with the Eau Claire Police Department's Tactical Response Team.

The Eau Claire Police Department Crisis Negotiation Team is comprised of 15 Crisis Negotiators consisting of Eau Claire Police Department officers and FBI Special Agent Dave Fitzgerald. All members of the Crisis Negotiation Team have completed a Basic Hostage Negotiation Training Program and many have completed additional specialized training programs. Sergeant John Moen, the Crisis Negotiation Team coordinator, retired in 2011 after leading the team for the past 8 years.

Members of the Crisis Negotiation Team meet quarterly for on-going training. One of these quarterly training sessions is typically a large-scale scenario conducted with the Tactical Response Team.

HONOR GUARD

The Honor Guard represents the Eau Claire Police Department in a positive and professional manner at law enforcement, public and private events. In 2011, the Honor Guard represented the Department at 13 different events.

One of the highlights of the year occurred when the Honor Guard received five additional ceremonial rifles from the military to be used for special events. Another highlight included adding two additional officers to the Honor Guard.

During monthly trainings, Honor Guard members practice basic movements, various forms of group marching, flag folding, rifle salutes, casket carrying, and funeral preparations.

K-9 UNIT

The Eau Claire Police Department currently has one K-9 Unit (one officer and one dog). Uses for the K-9 Unit include tracking of individuals, building searches, and drug detection. The dog lives with his officer/handler, which allows them to both work and train together.

Our previous K-9 Unit was comprised of Officer Bill Wisener and his K-9 partner Franko, a black German Shepherd. Officer Wisener and Franko retired in 2011 and Officer Jason Ruppert was chosen as the new K-9 handler. In October, Officer Ruppert traveled to New Mexico and began training with his new K-9 partner, Duke, a Belgian Malinois.

One of the primary jobs of the K-9 Unit is drug detection. Over the years, the K-9 Unit has conducted drug searches/sniffs at Eau Claire North High School, Eau Claire Memorial High School, Altoona High School, Bloomer Middle and High Schools, Chippewa Alternative School, and the Eau Claire Academy.

The K-9 Unit has also assisted the following agencies in their effort to control illegal drug trafficking:

- Dunn County Sheriff's Office
- Eau Claire County Sheriff's Office
- United States Postal Service
- University of Wisconsin—Eau Claire Police Department
- West Central Drug Task Force
- Wisconsin Department of Revenue
- Wisconsin State Patrol

The K-9 also assists with patrol work, which consists of conducting area searches, building searches, tracking, wind scents, felony car stops and more. During their shift, Officer Ruppert and Duke respond to calls where K-9 Duke may be able to assist in the apprehension of felony suspects. Duke can also assist with both commercial and residential alarms, fleeing suspects, fights, and domestic disputes. Additionally, Duke has received tactical training and assists the Department's Tactical Response Team whenever needed.

POLICE CHAPLAINCY PROGRAM

Since its inception in 1998, the Eau Claire Police Chaplains have volunteered to serve and partner with the officers of the Eau Claire Police Department. They are a resource to officers who, in the course of their duties, encounter persons in crisis. They also serve as a resource to those in our community whose lives have been broken by violence or tragedy.

The services a chaplain might be requested for include:

- Assisting officers with death notification
- Assisting with homicides and suicides, fatal or serious injury crashes, and other critical incidents
- Serving as a resource for personal issues of Department personnel

Police Chaplain Liaison Sergeant John Moen retired mid-year after coordinating the program since 1998. Officer Todd Johnson now works with Head Chaplain Laura Kelley to provide program coordination. The Chaplains meet monthly for ongoing training and have a rotating on-call schedule, making them available on a 24-hour basis. Chaplains are also encouraged to participate in the life of the Department, being part of the happy times, in addition to being present during times of tragedy. The Chaplains also generously hosted the sixth annual Holiday Gathering for Police Department personnel and their families.

Mission Statement

“Spiritual care is offered to every officer and citizen, especially in times of crisis, through a ministry of presence, service and compassion.”

Core Values

The Core Values of the Police Chaplaincy program include: ministry of presence, spiritual support, leadership, commitment to quality and pursuit of excellence through professional growth and development.

POLICE TRAINING OFFICER PROGRAM

The field-training of newly hired police officers is a critical function performed by members of the Eau Claire Police Department's Police Training Officer (PTO) program. The PTO program consists of 16 officers and five supervisors who are dedicated to the mentoring and development of new officers. The skills that new officers develop during this program lay the foundation for their careers.

The PTO training model was developed by the United States Department of Justice to complement Problem-Oriented Policing and Community-Oriented Policing philosophies. PTO training uses adult learning strategies, emphasizes critical thinking, and develops problem solving skills. The PTO training model supports the Eau Claire Police Department's Problem-Oriented Policing philosophy.

A newly hired officer begins the PTO program after completing his or her recruit academy training. During the PTO program, the new officer is partnered with several field-training officers over a 15 week period. Learning objectives the program focuses on include leadership, conflict resolution, officer safety, communication skills, and legal procedures. As the training program progresses, the learning objectives for the new officer become more challenging.

During a new officer's field-training he or she must also identify a problem in our community and develop a plan to address the problem. At the conclusion of the training program, the new officer presents his or her project to a panel consisting of the Chief of Police, the Deputy Chief of Patrol, the Deputy Chief of Detectives, the Director of Administration, and the field-training officers. Eau Claire Police Officers who have completed this training program have implemented plans that have reduced crime in specific neighborhoods, prevented crime and disorder, decreased car crashes at certain intersections, and improved traffic safety in a school safety zone.

The Police Training Officer Program fits well with the Department's mission and problem-solving efforts. The efforts, dedication, and skill of the field-training officers ensure our officers have quality training as they embark on their careers to enhance the quality of life in our community.

TACTICAL RESPONSE TEAM

The Eau Claire Police Department's Tactical Response Team was formed in 1991. The team is currently comprised of 28 members, all of whom have other full-time assignments within the Department. The benefit of drawing members of the team from throughout the Department is that at any given time it is likely that several team members will be working, thereby being available for immediate response to high-risk situations.

In order to become a member of the Tactical Response Team, an officer must have a minimum of two years of experience with the Eau Claire Police Department. Officers interested in joining the team must complete a written application, participate in an interview process, and successfully complete a physical fitness and firearms proficiency course.

In addition to the standard firearms training that every officer in the department is given, each Tactical Response Team member must train for an additional eight hours per month. Certain team members receive additional training throughout the year, including those with specialty assignments such as Sniper/Observers and Gas Munitions Technicians.

Whether in training or at actual events, the officers of the Tactical Response Team take their role as tactical operators very seriously. The team is proud to offer the citizens of Eau Claire the protection of an experienced and well-supported tactical team.
