

**EAU CLAIRE POLICE**      **2010**  
**DEPARTMENT** Annual Report

Welcome to the Eau Claire Police Department.

Our 2010 FBI Reported Crime Index Rate continues to be relatively low when compared to the rate over the last 32 years. It is the fifth lowest crime rate during this time frame. In fact, over the last six year period, we have had five of the lowest Reported Crime Index Rates in the past 32 years. As a department, we are proud to partner with the community to keep a low crime rate and a high quality of life in Eau Claire.

The Department is embracing technology that will help streamline our work:

- In 2010, we added in-car video to the patrol cars to reduce court time and complaints
- We started a program where citizens can text anonymous tips to the Department
- Citizens can obtain accurate and timely crime data within the City by accessing an electronic map at [www.CrimeMapping.com](http://www.CrimeMapping.com)

In order to effectively deal with the proliferation of digital evidence collected at crime scenes, we have partnered with other area law enforcement agencies to form the Chippewa Valley Regional Computer Forensic Laboratory. This laboratory will reduce operating costs and provide efficiencies to both our department and the other partnering agencies.

The Eau Claire Police Department continues to actively pursue innovative crime reduction strategies by paying attention to research based practices which have been proven to be successful. We remain committed to the county-wide Criminal Justice Collaborating Council, where the entire Eau Claire County criminal justice system is reviewing practices to ensure that the system is using research to determine appropriate practices.

Finally, drug trafficking continues to be one of our major concerns. It seems that new drugs are constantly flowing into the Midwest and the resulting crime and disorder linked to drug trafficking presents an ongoing challenge for our community. Nevertheless, we are committed to pursue our mission by hiring exceptional employees, pursuing rigorous training, and implementing the best possible research-based strategies available.

As always, I would like to thank the Eau Claire City Manager, the Eau Claire City Council and the Police and Fire Commission for their continued support.

I hope you enjoy the 2010 Annual Report.

# CITY OF EAU CLAIRE

## CITY MANAGER

Mike Huggins

## CITY COUNCIL

*The City Council enacts legislation and allocates City resources for programs, services and activities. The Eau Claire Police Department sincerely appreciates the support of the Eau Claire City Council.*

Kerry Kincaid, City Council President  
David L. Duax, City Council Vice President (District 1)  
David Klinkhammer (District 2)  
Thomas Kemp (District 3)  
Bob Von Haden (District 4)  
Andrew Werthmann (District 5)  
Larry Balow  
Dana J. Wachs  
Mark A. Olson  
Jackie Pavelski  
Thomas T. Vue

## POLICE AND FIRE COMMISSION

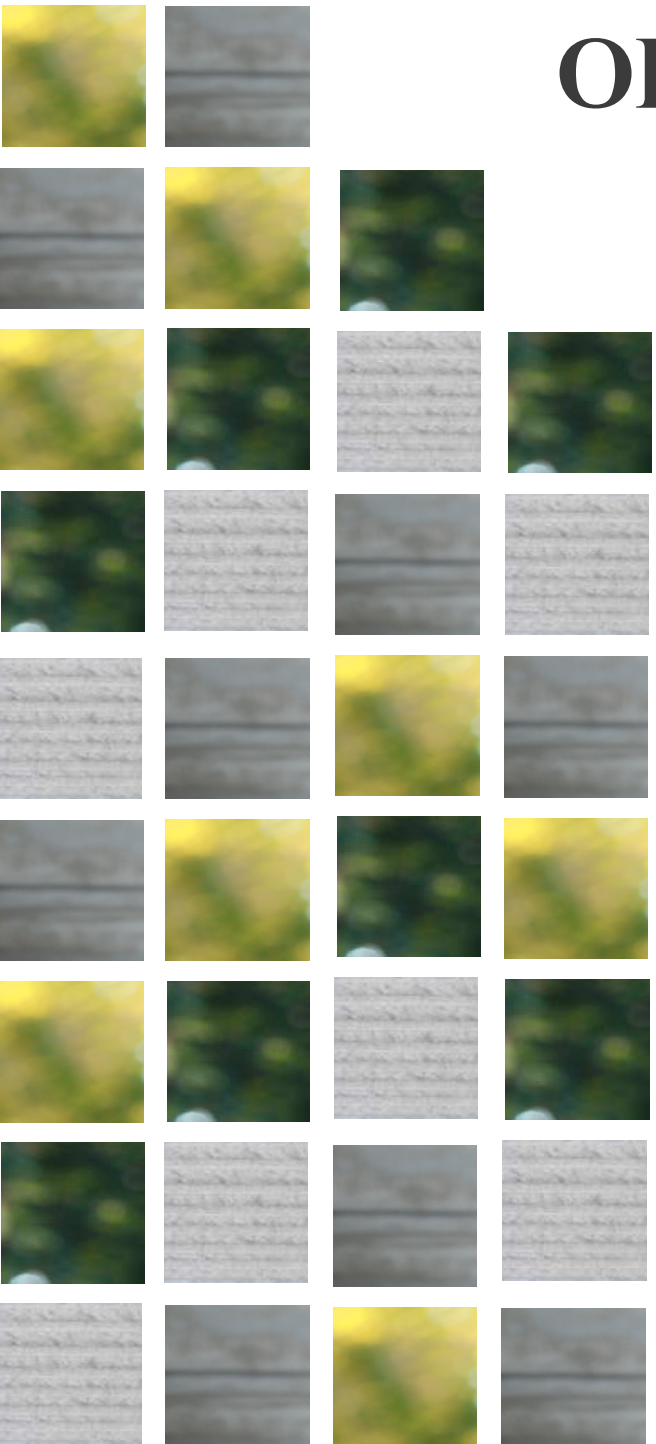

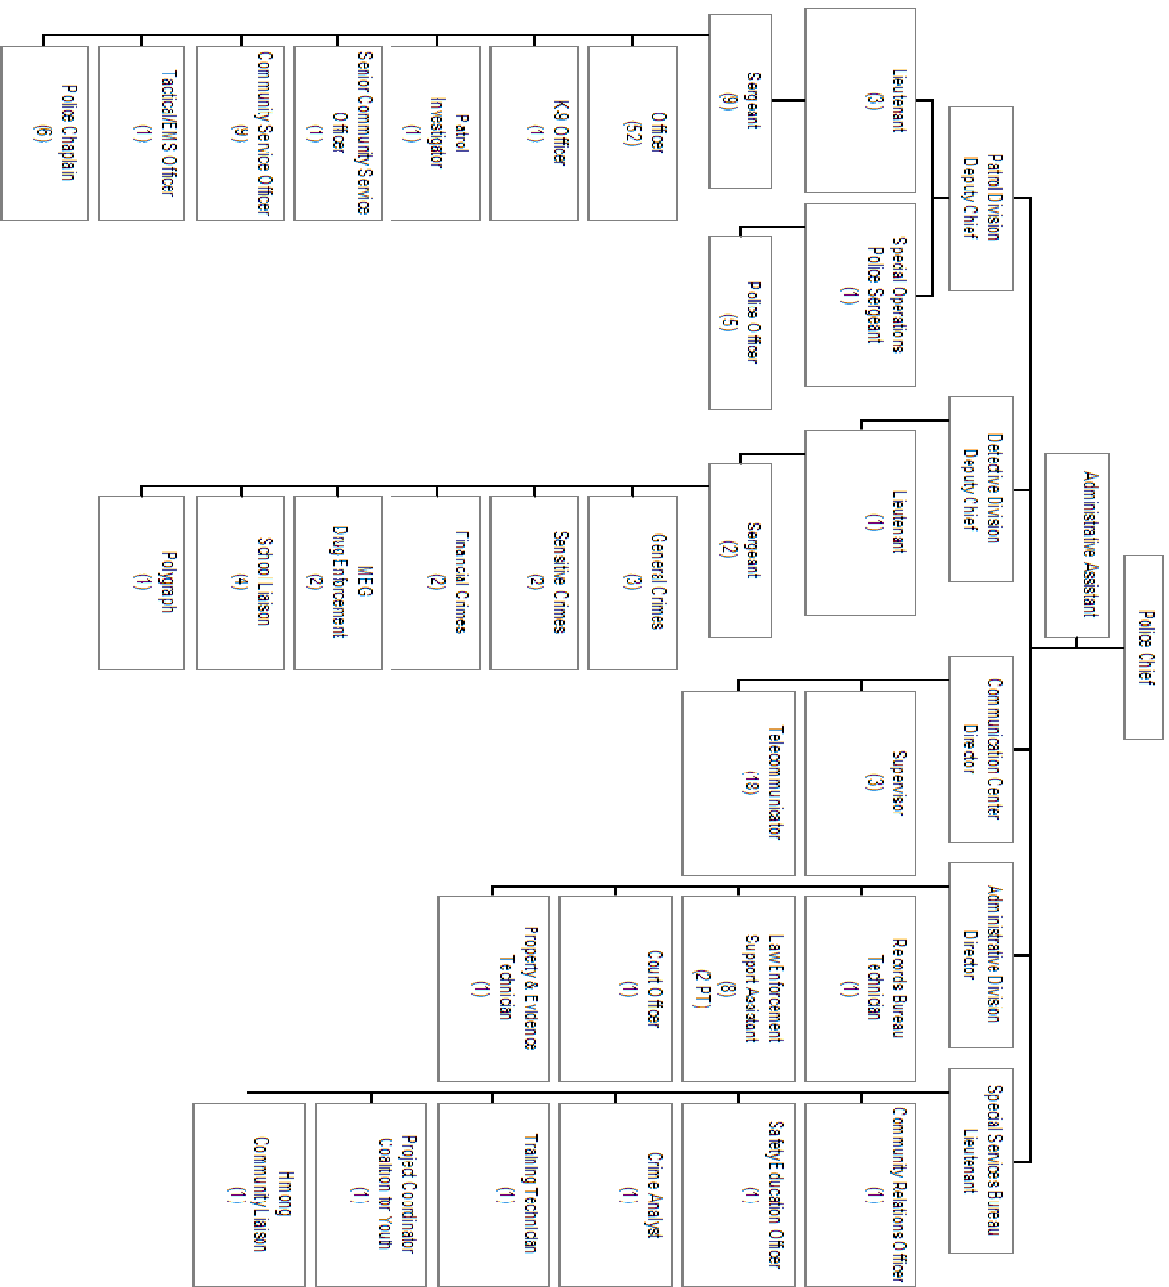

*The Police and Fire Commission is a non-political board of citizens appointed by the City Council. They oversee personnel matters, including the hiring and discipline of sworn staff members, consistent with Wisconsin State Statute 62.13. We appreciate that these Commission members volunteer their time and services to the community of Eau Claire.*

Jack Postlewaite, President  
Kristina Bourget, Vice President  
Keith Glasshof  
Jill Barland  
Dennis Pope

Nathan D. Casper was hired as a Police Officer on November 1.

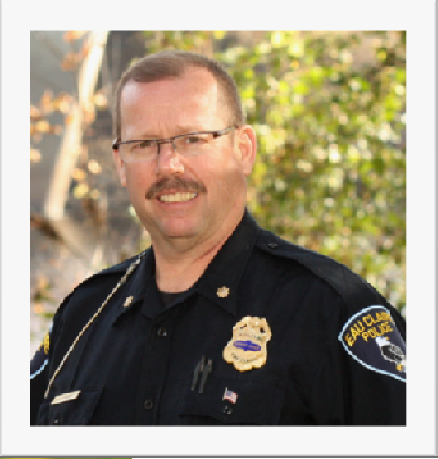

Ryan J. Prock was hired as a Police Officer on November 1.

Quin G. Loshaw retired from the position of Police Officer on December 9.

**BRAD VENAAS**

**Deputy Chief — Patrol Division**

The Patrol Division is responsible for emergency and non-emergency response to calls for service within the City of Eau Claire. The division is staffed with one Deputy Chief, three Lieutenants, ten Sergeants, sixty Patrol Officers, and ten Community Service Officers (CSOs).

The Patrol Division shifts include Day, Afternoon, and Midnight shifts, which are supplemented with two Overlap shifts. The Patrol Division also assigns one sergeant and five officers to the Special Operations Section (SOS), whose major focus is to work on quality of life issues in the community. The SOS team provides a flexible response that can be moved to any area of the community as needed.

The Patrol Division also assigns an officer to a Patrol Investigator position. This officer is responsible for follow-up investigations involving traffic crashes and ordinance violations.

The CSOs are cross-trained in parking and animal control duties. Additionally, the CSOs are assigned to fingerprint and photograph subjects, validate stolen property records, and assist with other miscellaneous courier duties.

In addition to calls for service, patrol teams continue to work on community quality of life issues that are noticed during their shifts. The officers work with neighborhood associations, businesses, civic groups, and other city departments and government agencies to identify, analyze, and reduce or eliminate problems.

In the autumn of 2005, the Eau Claire Police Department began the process of shifting to a Problem-Oriented Policing (POP) strategy. This strategy is based upon evidence or research which shows its success in reducing crime and disorder. The shift to this type of policing included some structural changes which were implemented in 2006.

The Eau Claire community is divided into three police districts: North, Central, and South (see next page). In addition to their time of day shift responsibilities, the officers also select a beat within one of the districts. The officer(s) in each beat are responsible for working with the neighborhood and other community resources on problems within the beat as well as being part of district-wide initiatives. The following are the major highlights from 2010 :

## **NORTH DISTRICT**

- Addressed quality of life issues on Runway Avenue (25% reduction in tracked violations).
- Reduced nuisance issues in Riverview Park (calls for service down 57%).
- Reduced calls for service and increased landlord responsibility at the Western Avenue trailer park.

## **CENTRAL DISTRICT**

- Continued four year trend of reducing loud parties, disturbances and batteries in campus area.
- Reduced calls for service and disorder at two large rooming houses.
- Reduced vagrancy and disorder issues along bike trail system in the downtown area.
- Improved safety in Longfellow Elementary School zone (additional signing and a permanent mounted speed board).

## **SOUTH DISTRICT**

- Worked with several agencies to reduce/eliminate disorder at a local hotel. (The business since has closed and the property is for sale).
- Reduced retail thefts, improved police response, and collaborated with security at Oakwood Mall.
- Focused on construction zones and safety for those working and travelling through these areas.

## **SPECIAL OPERATIONS SECTION (SOS)**

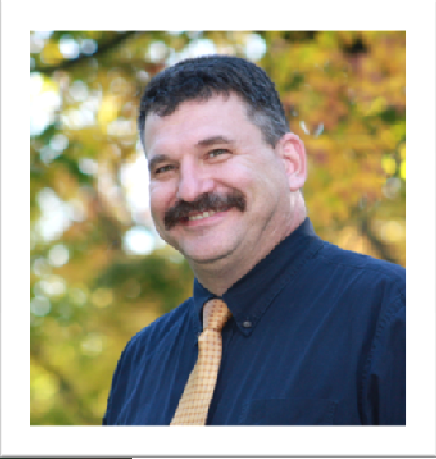

- Continued to work with West Central Drug Task Force on drug investigations in the City of Eau Claire.
- Worked on reducing alcohol disorder by working plain-clothes details in area taverns, checking patrons, and dealing with disorderly behavior.
- Alcohol Compliance Enforcement program started. The compliance rate for alcohol license holders improved from 63% to 85%. The program includes compliance checks using underage persons and an education process open to all license holders and their employees.

The officers of the Patrol Division stand ready 24 hours a day, 365 days a year to provide quality police services to the community. These patrol officers will continue to be the primary responders to calls for service and, in addition, offer a proactive problem-oriented approach to community issues.

**ERIC LARSEN**

**Deputy Chief — Detective Division**

The Eau Claire Police Department Detective Division is comprised of 15 detectives supervised by two Sergeants, one Lieutenant and Deputy Chief Eric Larsen who leads the division.

Cases that are referred to the Detective Division are reviewed and prioritized. Follow-up assignments are made based on the nature of the crime, the presence of potential leads, and the current caseload. The division supervisors review approximately 14,000 cases each year. 1,671 cases were assigned for follow-up investigation in 2010, an increase of 147 cases from last year. 1,028 of those investigations led to a successful conclusion, resulting in a 62% clearance rate for cases that were assigned to a detective.

#### **GENERAL CRIMES**

Three detectives are responsible for investigating crimes against persons, such as robbery, homicide, battery, and sexual assault, and property crimes such as burglary, theft, and criminal damage.

#### **WEST CENTRAL DRUG TASK FORCE**

Two detectives are assigned to the task force to assist in the investigation of illicit drug activity in the Chippewa Valley. The task force is comprised of investigators from several law enforcement agencies in the area. For over twenty years this regional collaboration of resources has proven to be a very effective approach for disrupting and dismantling regional drug trafficking organizations.

#### **FINANCIAL CRIMES**

Two detectives are responsible for investigating crimes such as fraud, forgery, embezzlement, internal theft, counterfeiting, identity theft, and a wide variety of scams where the victims are targeted for their financial assets.

#### **SENSITIVE CRIMES**

Two detectives are responsible for investigating cases involving child victims of abuse, neglect, sexual assault, and child pornography or child enticement. A third detective is primarily responsible for conducting forensic examination of computers and other digital media (see Digital Forensic Examiner on next page).

## **DIGITAL FORENSIC EXAMINER**

Due to the rapid increase of use of computers to facilitate crime, there is a need to examine digital evidence. Digital evidence is most commonly discovered during investigations of child pornography, child enticement, drug trafficking, financial crimes, and it has even been critical in homicide investigations. Most of the digital forensic work is done by one of the detectives assigned to the Sensitive Crimes Section.

During 2010, Eau Claire Police used forfeiture and grant funds to upgrade our digital forensic equipment, and expand our ability to work with multiple investigators. We also reached agreements with the Eau Claire County Sheriff's Department and the Altoona Police Department, to form the Chippewa Valley Regional Computer Forensic Laboratory. This new lab will enable us to share resources, eliminate duplication, and will be used by digital forensic investigators from all three agencies.

## **POLICE SCHOOL LIAISON**

Four detectives are assigned to the five secondary public schools in Eau Claire. These liaison officers are responsible for investigating juvenile crime, counseling and mentoring students, and conducting educational presentations in the schools. They also sometimes become involved in school disciplinary matters.

## **POLYGRAPH EXAMINER**

One detective administers polygraph exams to assist other detectives, both from our agency and agencies in the surrounding area, verify the truthfulness of potential suspects. That detective is also involved in processing and preserving evidence, coordinating evidence transmittals to the crime laboratories in Wisconsin and at the FBI, and working to ensure local pawnbrokers comply with City regulations.

The Eau Claire Communication Center is a county-wide center that dispatches for 14 separate police, fire and medical agencies. The 22-member staff is comprised of 21 full-time Telecommunicators, three of whom are also supervisors, and one Director. A minimum of three Telecommunicators are required to be on duty at all times. During the busier times, four or five Telecommunicators may be working, if scheduling allows.

During 2010, there were nearly 116,000 law enforcement, fire and/or EMS incidents tracked in our Computer Aided Dispatch (CAD) system. Telecommunicators handled 89,499 telephone calls, of which over 54,000 were emergency calls. In addition, Telecommunicators responded to countless radio calls from field units and assisted walk-in traffic as well.

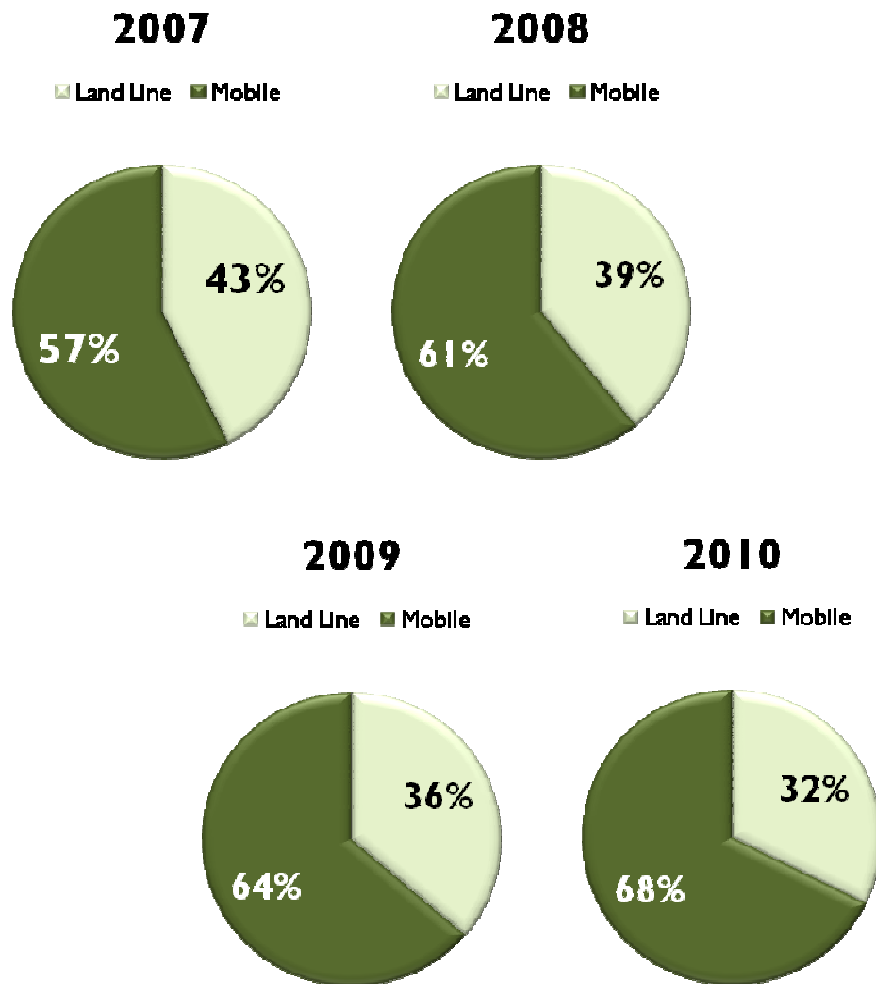

The entire county of Eau Claire enjoys the benefits of fully enhanced 9-1-1 when using a landline phone. The enhanced 9-1-1 system supplies the Telecommunicators with a caller's name, address and telephone number as soon as their 9-1-1 call is answered. Wireless enhanced 9-1-1 was implemented in 2006 and provides cellular telephone location information to the Telecommunicators. Wireless 9-1-1 calls account for over half of all our emergency calls. Voice Over Internet Protocol (VoIP) calls are a bit different. While these calls are delivered with identifying information, the accuracy or completeness of that information is contingent on what has been programmed into that device/system. In the case of all three types of 9-1-1 calls, even if the caller hangs up prior to the call being answered, the hang up call is still delivered along with the enhanced information.

Telecommunicators use the computer technology at their fingertips to enhance the quality of service provided to the community. Telecommunicators continually enter information into the CAD system, which is shared with field units both over the radio and through the computer. All seven law enforcement agencies in Eau Claire County, including the Eau Claire Police Department, have laptop computers in their vehicles. In addition to receiving information from the Communication Center, they use these computers to check local, state and national databases for information. The Eau Claire Fire Department medics and battalion chief also have laptops. This allows the Communication Center and field units to share a great deal of information, which often includes the history of

prior contacts at an address.

The Communication Center staff utilizes a computerized version of the Emergency Medical Dispatch (EMD) cards to determine the appropriate level of Emergency Medical System (EMS) response. In addition to audio dispatch of recommended units to each incident, this EMD information is sent to the laptops as well. The Fire Department also receives all their runs, both Fire and EMS, immediately via fax machine to each station.

The Communication Center also distributes severe weather watches and warnings to the citizens of Eau Claire County. The Telecommunicators have the responsibility of activating the sirens within each community in the event that a severe thunderstorm or tornado warning has been issued for their specific community.

Above: These charts illustrate calls received by the Communication Center. Mobile phones are quickly becoming the preferred method of phone calls.

The Administrative Services Division of the Eau Claire Police Department is comprised of the Records, Court Services, and Property and Evidence sections, whose functions are as follows:

### **RECORDS SECTION**

- Handles the receipt, verification, and entry of data for all police incident reports, accident reports, arrest records, traffic citations and ordinance arrests; and the scanning of any paper documents related to these areas
- Maintains criminal information records related to fingerprints and mug shots
- Provides information to other agencies who work directly with the Department, such as the District Attorney's Office, Probation and Parole, and the Department of Human Services
- Serves as the first-line representatives of the Department for all inquiries by citizens for police related information regarding documents, photographs, interviews or videos
- Serves as the central resource center for others within the Department seeking records or information necessary for the completion of their activities

### **COURT SERVICES**

- Assists City and County prosecution on Departmental cases prior to and during court proceedings
- Acts as liaison between the prosecutor and the general public for pre-trial matters
- Advises all Department personnel of any pertinent changes initiated by either the courts or prosecutors

### **PROPERTY AND EVIDENCE SECTION**

- Maintains control of all evidence or found property
- Responsible for logging, tracking and eventually disposing of all property that enters the Property Room
- Maintains other various Departmental supplies

The Director of Administration is also responsible for managing the Police Department's \$15 million budget, applying for and managing federal, state and local grants, and overseeing and implementing all types of technology projects being pursued by the Department.

The Records Section of the Eau Claire Police Department is comprised of one full-time Records Bureau Technician, eight full-time Law Enforcement Support Assistants (LESAs), and two part-time typists.

Records personnel are responsible for maintaining the following records generated by the Department:

- All incident reports and narratives
- Photographs
- Arrest records
- Juvenile referrals
- Ordinance and traffic citations
- Fingerprints
- Mug shots
- Accident reports
- Digital audio and video recordings
- Squad car video
- Field contacts
- Written warnings

These items amount to over 100,000 separate records that must be entered into the records management system. These records are maintained in either electronic, digital, or paper form in the Records Section for a minimum of seven years.

Personnel within the Records Section must know how to utilize several types of computer hardware and software programs such as document imaging (to store and retrieve incident reports), digital mug shots, digital recorders, digital narrative transcription, incident photographs, Live Scan fingerprinting, software for online purchasing of select accident reports, as well as an online parking ticket program.

Records Section personnel are cross-trained in order to fulfill other job duties as needed. All members of the Records Section are able to process court work for arrestees, complete Detective and Patrol Division incident report typing, and handle public records requests in person, by telephone, or via mail. The Records Section also maintains and manages the Department's public service window.

The Court Officer serves numerous essential functions. He is a liaison between the Police Department and offices of the Eau Claire County District Attorney, Juvenile Intake, Corporation Counsel, Clerk of Courts, City Attorney, State Lab of Hygiene, and other area law enforcement agencies. He is the representative of the Police Department for citizens who have questions or concerns about citations they have received and/or procedures that must be followed to properly dispose of their citations.

The Court Officer assists the City Attorney's Office by coordinating all initial appearances in traffic and ordinance court. Additionally, the Court Officer assists the attorneys with pre-trial conferences, coordinates witnesses for trials in the court, and is also responsible for documenting all court-related dispositions. When changes in law, statutes, or operating procedures occur, the Court Officer advises all personnel affected by the revisions.

The following statistics reflect the 2010 forfeiture, traffic, and ordinance citations that are handled by the City. Citations issued for, or in conjunction with, criminal charges are not included, as these citations are handled by the Eau Claire County District Attorney's Office.

---

*When reviewing the accompanying data regarding citations and their disposition, please understand that the numbers are approximate. Figures are kept per calendar year and are based on records at each phase of the citation and prosecution process. Cases are not individually tracked to allow adjustment for those that cross calendar years, therefore citations issued in one year may receive a pretrial in the following year, or a case pretried in one year may be set for trial a couple of months later, wrapping into the next year and thereby affecting a single year's totals.*

The Property and Evidence Technician is responsible for the secure storage of evidence that is turned in to, collected, or seized by the Eau Claire Police Department. These types of items come from criminal cases and consist of everything from the smallest DNA samples to large vehicles as well as illegal drugs, guns and currency. Evidence is held in three separate storage facilities within the City of Eau Claire. The Technician also handles lost and found items which are generally stored in the Department's Property Room.

The Technician is responsible for the disposition of all property and evidence collected. Depending upon the type of property or evidence it is handled in one of the following ways:

- Returned to owner
- Sent to other agencies
- Held by the Court
- Destroyed either by the Eau Claire Police Department or by the State Crime Laboratory
- Sold through auction at [PropertyRoom.com](http://PropertyRoom.com)

The Property Technician is responsible for the following:

- Storage and management of department weapons and officer equipment
- Interacting with the State Crime Laboratory regarding the proper custody and testing of evidence
- Ordering departmental supplies, departmental reports, patrol equipment and medical supplies
- Maintaining an orderly storage area at the Police Department as well as proper maintenance of the off-site storage facilities

The Property Technician works closely with the Eau Claire County District Attorney's Office, the Chippewa County District Attorney's Office, and the United States Attorney General's Office regarding the chain of evidence needed to ensure a successful prosecution. The Property Technician also coordinates with other law enforcement agencies that have collected evidence related to their cases from various locations within the City of Eau Claire.

The Special Services Bureau is a branch of the Eau Claire Police Department staffed by the Lieutenant of Special Services, two sworn officers (Community Relations Officer and Safety Education Officer), the Training Technician, Crime Analyst, Law Enforcement Support Assistant, as well as two grant funded positions.

The Special Services Bureau continues to partner with the community, communicate with area media, and educate community youth in both school settings and after school programs.

The Special Services Bureau is also responsible for making sure Eau Claire Police Department personnel receive continued education and updates through annual in-service training. In addition, the Department focuses on getting advanced training for our employees so they can bring back that knowledge and teach others in our Department.

The Special Services Bureau updates and distributes Department policies on a continued basis.

The two grant funded positions, Coalition for Youth Coordinator and the Hmong Community Liaison, work with at-risk youth and families in the low to moderate income areas within the City of Eau Claire.

### *Department Snapshots*

*Left: Officer Ryan Dahlgren, Sergeant Derek Thomas and Officer Terry Nicks attend the Law Enforcement Memorial.*

**JASON KAVENEY**

**Community Relations Officer**

The Community Relations Officer is primarily responsible for communicating with the news media and other groups on behalf of the Eau Claire Police Department. This officer handles media inquiries on a daily basis and also conducts interviews with the media. Additionally, the Community Relations Officer helps manage the Department's portion of the City of Eau Claire's web site, keeping "Open Cases" and "Most Wanted" information up to date.

In 2010, the Community Relations Officer applied for and managed specialized enforcement grants from the Department of Transportation on behalf of the Eau Claire Police Department. These grants addressed the following :

- Speed Enforcement
- OWI Enforcement
- Underage Drinking

Additionally, the Community Relations Officer conducts background checks for City of Eau Claire license applications, some of which include bartender and taxi licenses. The Community Relations Officer assists in recruiting potential police officers at statewide job fairs, photographs various Department events, conducts parking ticket mediations on a weekly basis, and provides presentations on a variety of topics including drug trends, identity theft and personal safety.

The Community Relations Officer continues to be a flexible resource for the varied needs of both the Department and the community, providing proactive efforts relating to community safety.

The Safety Education Officer is a valuable resource for Eau Claire's pre-school and grade school children. This officer educates youth on numerous safety issues including:

- Bicycle safety
- Bus safety
- Pedestrian safety
- Home safety
- Personal safety
- Internet safety

The Safety Education Officer spends much of his time in elementary schools, not only to teach safety, but also to ensure that young students' first contact with law enforcement will be a positive experience. It is the Eau Claire Police Department's hope that this will have a positive impact on the outlook of these students during future contacts.

The Safety Education Officer continues to coordinate and supervise both the adult school crossing guards and the youth school safety patrollers, provides staffing at dangerous intersections near schools.

The Safety Education Officer also conducts child safety seat installations and checks and participates in safety seat fairs to guarantee that parents are educated about the proper use of safety seats for their children.

In addition to the above listed duties, the Safety Education Officer conducts Departmental tours for organized groups, assists with parking ticket mediation, and completes Court Officer duties when necessary.

In 2010, the Department transitioned from a sworn Training Officer to a civilian Training Technician.

The main job function of the Training Technician is to coordinate training for all members of the Eau Claire Police Department. The Wisconsin Department of Justice Training and Standards Bureau requires that sworn officers complete 24 hours of training per year and the Training Technician helps facilitate this. Additionally, the Training Technician coordinated 72 advanced trainings for personnel in 2010.

The Training Technician is the Department's coordinator for the TIME System. This system enables law enforcement agencies to access multiple Wisconsin data sources for information essential to police operations (driver's and vehicle information, Wisconsin criminal history information, etc.). The system also provides an automated interface with the FBI's National Crime Information Center, which furnishes national criminal history record information.

Additional responsibilities of the Training Technician include:

- Orientation of new employees
- Documentation of false alarms in the City
- Coordinating parking ticket mediation
- Tracking and auditing the educational incentive program

In 2010, the Training Technician assisted with the following:

- 321 parking ticket mediations
- 183 ride-alongs
- 510 false alarms

The Training Technician is also cross-trained to fulfill Property and Evidence Technician duties.

The Eau Claire Coalition for Youth is an interagency organization that serves to enhance and promote the healthy development of children and youth through collaborative action. The Coalition functions as an advocate, catalyst and developer for the planning and implementation of comprehensive services and systems benefiting children, youth and families.

In 2010, the Coalition remained a key player in overseeing the AmeriCorps program. Five local non-profit agencies received eight AmeriCorps members (employment positions majorly funded through the Marshfield Clinic Center for Community Outreach) who assisted the agencies run programs for area youths.

The Project Coordinator participated in the following regularly scheduled committee meetings and events during 2010. A sample of these events include:

- Partnership for Strong Hmong Families
- Annual Back to School Picnic for Hmong families
- Emerging Hmong Leaders Program
- 1,300 people attended National Night Out On Crime
- Consortium for Substance Abuse Prevention
- Guiding Good Choices
- Reality Check 21
- Healthy Communities
- Northwoods Coalition
- UW-Eau Claire Vista Volunteers

Other non-profit activities included:

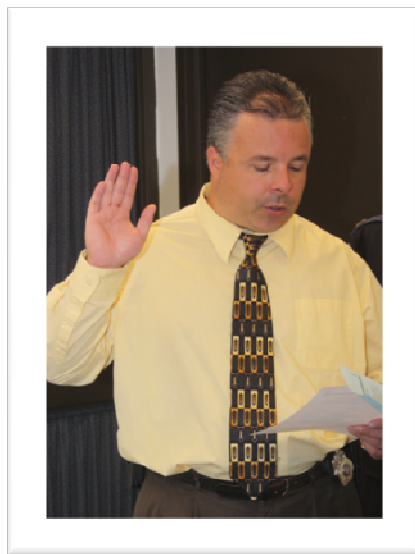

- The opening of the new Bolton Refuge House
- Initiation of an Evidenced-Based Juvenile Justice System
- Creation of a Treatment Court
- Hunger Prevention Coalition created a warming shelter for area homeless
- WI Department of Public Instruction graduated over 100 Hmong students
- Received a small grant to assist in reducing truancy at area high schools

The Community Liaison is a non-sworn grant position providing service to the Hmong community by acting as a liaison between the Hmong community and the Eau Claire Police Department. The Hmong Community Liaison provides assistance with language translation, identifies neighborhood concerns, brings information back to the Hmong community, and works closely with the Coalition for Youth Project Coordinator in order to provide police services to area Hmong youth and families.

The Eau Claire Police Department is pleased to continue this partnership with the Eau Claire Hmong Association as they help provide this valuable resource to the Police Department and our community.

## Department Snapshots

Above Left: Detective Paul Becker is sworn in as a U.S. Marshal in order to assist in his ability to investigate child pornography cases.

Above Right: The Honor Guard marches in the Memorial Day parade.

# CRIME SCENE UNIT

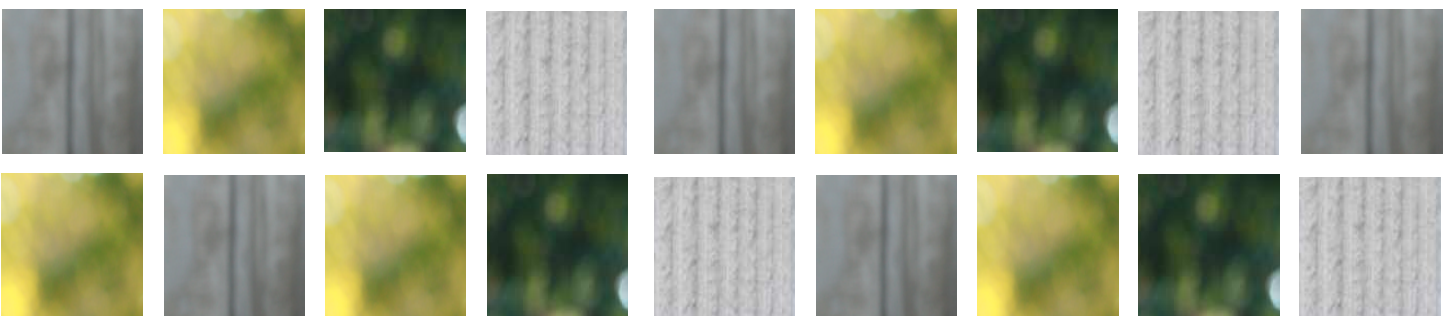

The scientific examination of physical evidence is a critical element in police efforts to conduct successful criminal investigations and subsequent prosecutions. The forensic science field is an ever-changing discipline. With the advances in DNA testing procedures, new processes for developing latent fingerprints, and new crime scene documentation techniques, the training of evidence technicians has become more important than ever. These scientific and technological breakthroughs have increased the possibility of collecting and analyzing physical evidence that was never before possible.

The Eau Claire Police Department Crime Scene Unit consists of 25 police officers that have received additional training in the proper documentation, collection and forensic analysis of evidence at crime scenes. The Crime Scene Unit regularly responds to major crime scenes such as burglaries, robberies, sexual assaults, drive-by shootings and homicides.

In addition to responding to crime scenes, members of the Crime Scene Unit analyze evidence in the Eau Claire Police Department's evidence lab. Our lab includes instruments such as the Reflected Ultraviolet Imaging System (RUVIS) and Alternate Light Source (ALS) technology. These instruments allow our evidence technicians the ability to forensically examine numerous items of evidence.

The Chippewa Valley Regional Computer Forensic Laboratory enables evidence technicians to search computer hard drives and digital media storage devices for evidence. With a significant increase in computer crimes, this workstation has proven to be a very valuable tool. Evidence obtained during this type of examination will be used to prosecute crimes such as identity theft, fraud and Internet sex crimes.

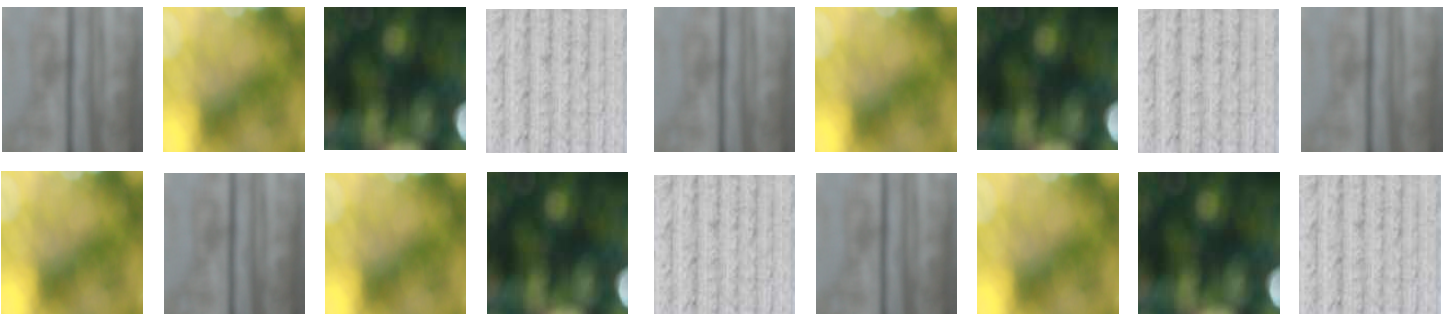

# CRISIS NEGOTIATION TEAM

The Crisis Negotiation Team is a team of officers who, in addition to their regular duties, are trained to talk with suicidal persons, barricaded persons, or hostage takers in high-risk situations, with the goal of resolving situations peacefully. Negotiation is the preferred method of resolution, however the Crisis Negotiation Team also works closely with the Eau Claire Police Department's Tactical Response Team.

The Eau Claire Police Department Crisis Negotiation Team is comprised of 17 Crisis Negotiators consisting of Eau Claire Police Department officers, FBI Special Agent Dave Fitzgerald, and one mental health professional. All members of the Crisis Negotiation Team have completed a Basic Hostage Negotiation Training Program and many have completed additional specialized training programs. Four new Crisis Negotiators were selected early in the year to become part of the team. Crisis Negotiator Quin Loshaw retired from the Department late in the 2010 after serving several years as a team member.

Members of the Crisis Negotiation Team meet quarterly for on-going training. One of these quarterly training sessions is a large scale scenario conducted with the Tactical Response Team.

# HONOR GUARD

The Honor Guard represents the Eau Claire Police Department in a positive and professional manner at law enforcement, public and private events. In 2010, the Honor Guard represented the Department at 17 different events.

One of the highlights of the year occurred on August 7, 2010, when four members of the Honor Guard presented the colors for the start of a Milwaukee Brewers game at Miller Park in Milwaukee.

Other highlights of 2010 include:

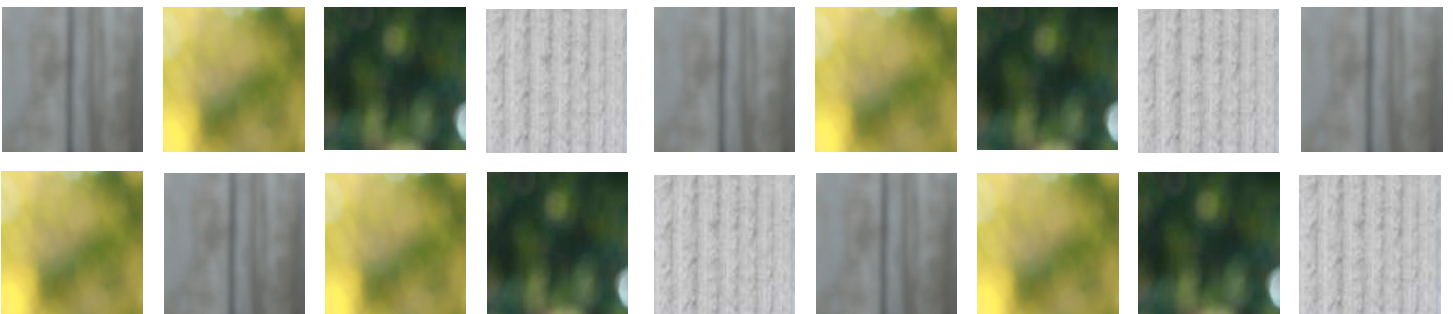

- Participating in the grand opening of the new Bolton Refuge House location. The refuge house is named after Eau Claire Police Officer Robert Bolton, who died in the line of duty on October 6, 1982.
- Receiving five ceremonial rifles at no cost from the military. The wood stocks were refinished so the rifles can be used for events in 2011!

During monthly trainings, the Honor Guard practices basic movements, various forms of group marching, flag folding, rifle salutes, casket carrying and funeral preparations.

## 2010 HONOR GUARD MEMBERS

Sgt. Bruce VanValkenberg	Officer George Eliopoulos	Officer Chaz Walton
Sgt. Derek Thomas	Officer Tim Porn	Officer Ryan Dahlgren

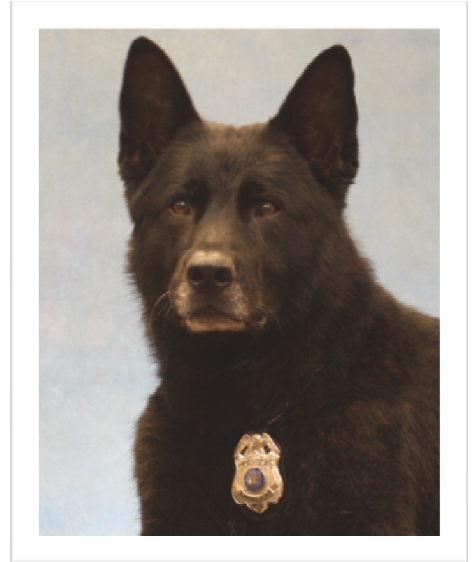

# K-9 UNIT

The Eau Claire Police Department currently has one K-9 Unit (one officer and one dog). Uses for the K-9 Unit include tracking of individuals, building searches, and drug detection. The dog lives with his officer/handler, which allows them to both work and train together. Our current K-9 officer is Bill Wisener and his K-9 partner is Franko, a black German Shepherd.

One of the primary jobs of the K-9 Unit is drug detection. Over the years, Officer Wisener and Franko have conducted drug searches/sniffs at Eau Claire North High School, Eau Claire Memorial High School, Altoona High School, Bloomer Middle and High Schools, Chippewa Alternative School and the Eau Claire Academy.

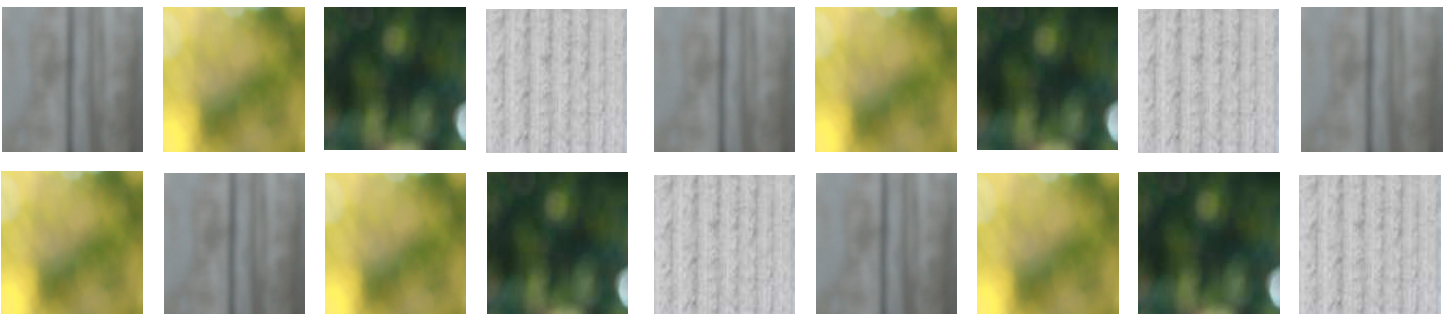

The K-9 Unit has assisted the following agencies in their effort to control illegal drug trafficking:

- West Central Drug Task Force
- Eau Claire County Sheriff's Office
- Wisconsin State Patrol
- Dunn County Sheriff's Office
- United States Postal Service
- UW-Eau Claire Police Department
- Wisconsin Department of Revenue

Franko also assists with patrol work, which consists of conducting area searches, building searches, tracking, wind scents, felony car stops and more. During their shift, Officer Wisener and Franko respond to all calls where K-9 Franko may be able to assist in the apprehension of felony suspects. Franko can also assist with both commercial and residential alarms, fleeing suspects, fights, and domestic disputes. Additionally, Franko has received tactical training and assists the Department's Tactical Response Team whenever needed.

Officer Wisener and Franko also provide presentations for civic groups and schools as time permits. Requests for these presentations should be directed to the Deputy Chief of Patrol.

# POLICE CHAPLAINCY

Since its inception in 1998, the Police Chaplains have volunteered to serve and partner with the officers of the Eau Claire Police Department. They are a resource to officers who, in the course of their duties, encounter persons in crisis. They also serve as a resource to those in our community whose lives have been broken by violence or tragedy.

The Mission Statement of the Police Chaplain Program is as follows: *“Spiritual care is offered to every officer and citizen, especially in times of crisis, through a ministry of presence, service and compassion.”*

The services a chaplain might be requested for include:

- Assisting officers with death notification
- Assisting with homicides and suicides, fatal or serious injury crashes, and other critical incidents
- Serving as a resource for personal issues of department personnel, if requested

Police Chaplain Liaison Sgt. John Moen and Head Chaplain Laura Kelley provide program coordination. The Chaplains meet monthly for ongoing training and have a rotating on-call schedule, making them available on a 24-hour basis. Chaplains are also encouraged to participate in the life of the Department, being part of the happy times, as well as being present during times of tragedy. The Chaplains also generously hosted the fifth annual Holiday Gathering for Police Department personnel and their families.

The Core Values of the Police Chaplaincy program include: ministry of presence, spiritual support, leadership, commitment to quality and pursuit of excellence through professional growth and development.

# POLICE TRAINING OFFICER

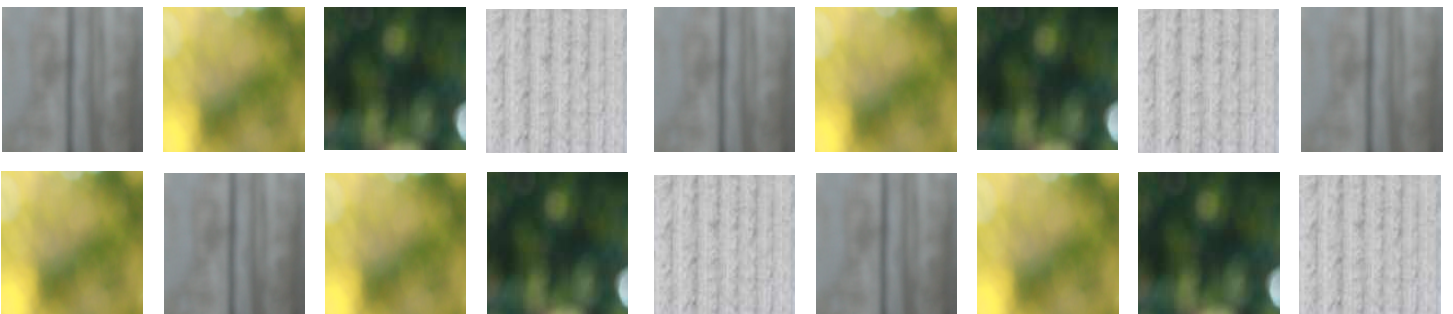

The field-training of newly hired police officers is a critical function performed by members of the Eau Claire Police Department's Police Training Officer (PTO) program. The PTO program consists of 16 officers and five supervisors who are dedicated to the mentoring and development of new officers. The skills that new officers develop during this program lay the foundation for their careers.

The PTO training model was developed by the United States Department of Justice to complement problem-oriented policing and community-oriented policing philosophies. PTO training uses adult learning strategies, emphasizes critical thinking, and develops problem solving skills. The PTO training model supports the Eau Claire Police Department's problem-oriented policing philosophy.

A newly hired officer begins the PTO program after completing his or her recruit academy training. During the PTO program the new officer is partnered with several field-training officers over a 15 week period. Learning objectives the program focuses on include leadership, conflict resolution, officer safety, communication skills, and legal procedures. As the training program progresses the learning objectives for the new officer become more challenging.

During a new officer's field-training he or she must identify a problem in our community and develop a plan to address the problem. At the conclusion of the training program the new officer presents his or her project to a panel consisting of the Chief of Police, the Deputy Chief of Patrol, the Deputy Chief of Detectives, the Director of Administration, and the field-training officers. Eau Claire Police Officers who have completed this training program have implemented plans that have reduced crime in specific neighborhoods, prevented crime and disorder, decreased car crashes at certain intersections, and improved traffic safety in a school safety zone.

The Police Training Officer Program fits well with the Department's mission and problem solving efforts. The efforts, dedication, and skill of the field-training officers ensure our officers have quality training as they embark on their careers to enhance the quality of life in our community.

# TACTICAL RESPONSE TEAM

The Eau Claire Police Department's Tactical Response Team was formed in 1991. The team is currently comprised of 28 members, all of whom have other full-time assignments within the Department. The benefit of drawing members of the team from throughout the Department is that at any given time it is likely that several team members will be working, thereby being available for immediate response to high-risk situations.

In order to become a member of the Tactical Response Team, an officer must have a minimum of two years of experience with the Eau Claire Police Department. Officers interested in joining the team must complete a written application, participate in an interview process, and successfully complete a physical fitness and firearms proficiency course.

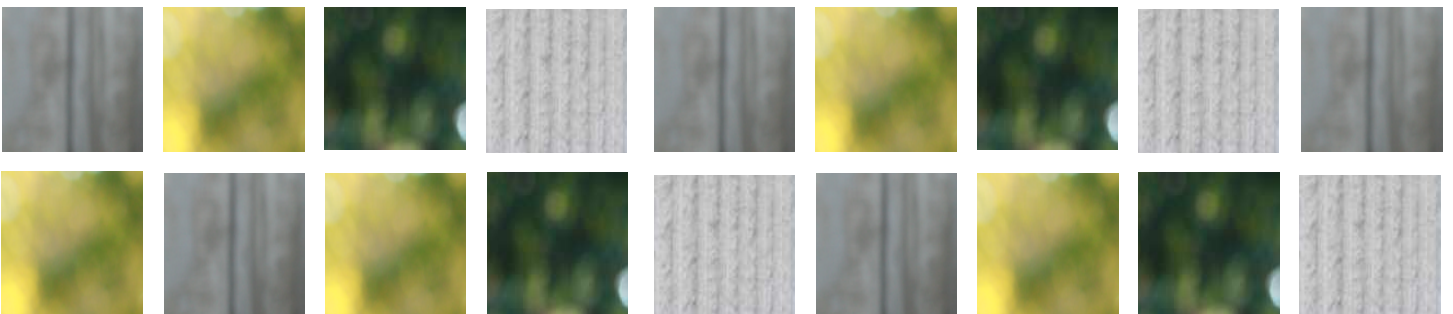

In addition to the standard firearms training that every officer in the department is given, each Tactical Response Team member must train for an additional eight hours per month. Certain team members receive additional training throughout the year, including those with specialty assignments such as Sniper/Observers and Gas Munitions Technicians.

Whether in training or at actual events, the officers of the Tactical Response Team take their role as tactical operators very seriously. The team is proud to offer the citizens of Eau Claire the protection of an experienced and well-supported tactical team.

## 2010 TRT CALL-OUTS

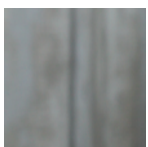

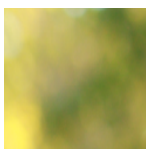

**7:** Drug Related High-Risk Warrants

**5:** Other High-Risk Warrants
