

EAU CLAIRE POLICE DEPARTMENT

2007 Annual Report

1872-2007: 135 Years of Service

135 YEARS OF SERVICE

On April 3, 1872, the Eau Claire Police Department was established. The Eau Claire City Council hired Victor Wolfe as the first Chief of Police. Lewis Parish and James Harmison were hired as Eau Claire's first police officers. Today, the Eau Claire Police Department is supervised by its nineteenth chief, Jerry Matysik. The department employs a workforce of 99 sworn officers and 60 civilians, including part-time and volunteer staff.

The first jail utilized by the department was built in 1859 by a construction company owned by Adin Randall. The building was a two-story wood framed structure, measuring 24' X 36' and containing two jail cells. A deputy sheriff and his family also called this building home. Constructed for a mere \$1,270, it was destroyed by fire in 1875. There are minimal records of the next jail used by the department. What is known is that in 1885, a State Inspector found the east side of the jail to be in the worst condition the inspector had ever seen a jail; however, the west side of the jail was deemed acceptable.

In 1888, the mayor proposed the purchase of the department's first piece of equipment: a horse-drawn wagon. Citizens and businesses began taking donations for the purchase in 1900. Bonnell and Company Carriage Factory completed building the wagon before all of the money had been raised. The wagon was composed of solid rubber tires, a self-acting brake, rotary gong, horsehair cushions, compartments for stretchers, and was finished in turquoise blue. The total cost was \$420. Business leaders attempted to donate the wagon in 1901, with the only stipulation being that it should be used strictly for law enforcement. The City Council initially refused to accept the wagon with this stipulation. In 1907, six years after its completion, the City Council finally accepted the donation. Today, the department fleet is composed of 12 unmarked cars, 22 marked cars along with jeeps, vans, and other specialized vehicles.

Parking meters were installed in downtown Eau Claire in 1941. The cost for parking at that time was 1 cent per twenty minutes or 5 cents per hour. H.G. Vermilea became the first person to pay a parking fine. During the first year of implementing parking meters, the City collected \$200.

Although the use of wireless laptop computers, cell phones, along with portable two-way radios is quite common today, previous communication devices were not as sophisticated. Prior to 1909, citizens either had to find an officer themselves or call major businesses, such as banks or hotels, to leave a message when an officer was spotted. In 1909 a Police Telegraph system was implemented. This system was comprised of sixteen phones placed throughout the city. Officers were directed to call the department once per hour. Desk Sergeants often called these phones in an attempt to contact officers. Citizens who heard these phones ring might also answer them and locate the nearest officer. In 1941, two-way radios were introduced.

At one time, qualifications for the position of police officer were modest. An officer must have been between the ages of 21 and 55 years old. In 1921, the requirements became more stringent and required an officer must be between the ages of 21 and 29, be taller than 5'10" in height and weigh more than 160 pounds. A high school education was preferred, but not required. Today, the department administers written and physical performance tests, interviews, psychological screening, polygraph testing, chemical screening, and requires that applicants have a minimum of 60 college credits, although Bachelor and Master degrees are not uncommon. After the hiring process, there are months of additional training.

Welcome from Chief Jerry Matysik

2007 marks the third full year since the Eau Claire Police Department began policing the community by using a geographic-based problem-solving approach. The advantages of this approach are many. Officers have developed a feeling of ownership in their areas and they take pride in their efforts to eliminate or reduce persistent problems in those areas. This process requires that officers develop an in-depth understanding of their neighborhoods and the problems therein. Those problems might include crime, disorder, and other incidents that are generating calls for service.

As a result of our efforts over the past few years, we have begun to see some success. Calls for service are trending lower and so are certain types of crime, such as juvenile crime, thefts, batteries, and robberies. We have also been able to prioritize the use of our limited resources and streamline our operations by sharing responsibility for community problem solving with the business community. These efforts have led to a reduction in false alarms, gas skips, vehicle crash reports, and instances of excessive use of police resources.

As we move forward, we will continue to develop and refine our problem-solving efforts. One particularly exciting development for the department and the community will be the addition of a Crime Analyst in mid-2008. The analyst will assist us by searching out crime trends, predicting emerging problems, and helping us to efficiently focus our efforts.

Once again, in the fall of 2007, Eau Claire was named the fourth safest metropolitan area in the United States by Morgan Quinto Press, an annual reference book of crime statistics and rankings. In another similar study published by CQ Press of Washington, D.C., the Eau Claire metropolitan area was named the second safest in the United States. These rankings are an honor to the entire community and are a direct result of the strong partnership that is shared between our local government, the business community, and the neighborhoods that comprise our community.

Thank you for your interest in the Eau Claire Police Department and in our annual report. We value your support and the partnership we share. This partnership contributes to a high quality of life in Eau Claire.

City of Eau Claire

City Manager Mike Huggins

Council Members

David J. Adler, City Council President
Kerry Kincaid, City Council Vice President
Hal Davis
Raymond Hughes
Brandon Buchanan
Thomas T. Vue
David L. Duax
David Klinkhammer
Thomas Kemp
Bob Von Haden
Berlye S. Middleton

The City Council enacts legislation and allocates City resources for programs, services, and activities. The Eau Claire Police Department sincerely appreciates the support of the Eau Claire City Council.

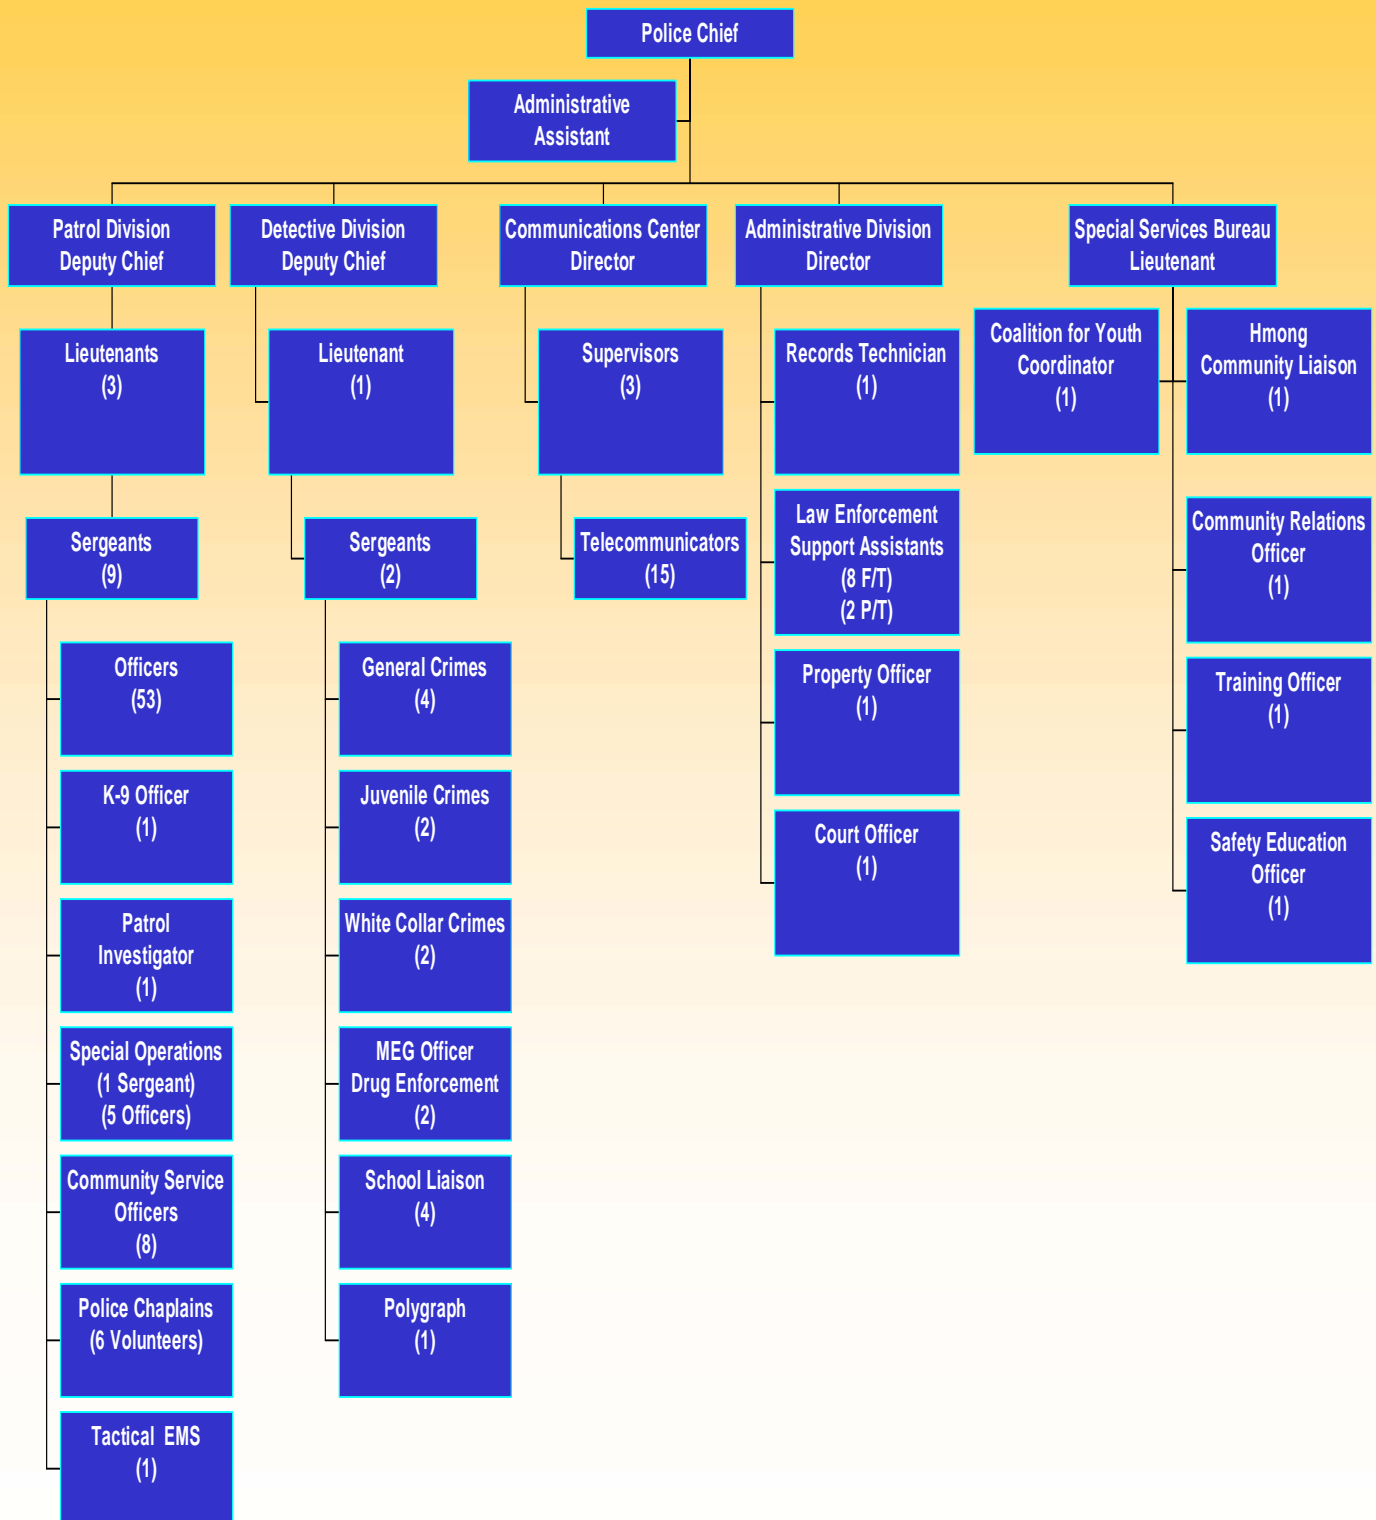

Police and Fire Commission Members

Dr. Kathleen Mitchell, President
Donald Lee (term ended May 2007)
John Prince
Jack Postlewaite
Keith Glasshof
Kristina Bourget (term began May 2007)

The Police and Fire Commission is a non-political board of citizens appointed by the City Council. They oversee personnel matters, including the hiring and discipline of sworn staff members, consistent with Wisconsin State Statute 62.13.

We appreciate that these Commission members volunteer their time and services to the community of Eau Claire.

Kelly L. Bender was hired for the position of Community Service Officer on September 24, 2007.
Jacob J. Wilson was hired for the position of Community Service Officer on October 15, 2007.
Jolene H. Hanzlik resigned from her position of Administrative Assistant on November 15, 2007.
Sadie R. Deml was promoted to the position of Administrative Assistant on November 21, 2007.
Lindsey A. LaBonte was hired for the position of Community Service Officer on December 3, 2007.
Jonathan D. Parkins resigned from his position as Community Service Officer on December 27, 2007.
Vernon D. Whirry retired from his position as Communication Center Supervisor on December 31, 2007.

2007 Annual Police Budget by Division

Director of Administrative Services

Kristin Southard

The Administrative Services Division is comprised of the Records Division, Special Services Bureau, Court Services, as well as the Property and Evidence section of the police department. The functions of these units are as follows:

Records Division:

- The receipt, coding and filing of all police incident reports
- The receipt and handling of all traffic and criminal-related matters
- Maintenance of all criminal information records
- The central resource center for other areas within the department seeking records or information necessary for the completion of their activities
- Serves as first-line representatives of the Eau Claire Police Department for all inquiries by citizens for police-related information or documents

Special Services Bureau:

- The coordination of the Eau Claire Area School Safety Patrol and maintaining a police presence within the schools
- Development of police programs aimed at younger school-age children dealing with child safety
- Development and coordination of all training for police officers
- Production of all in-house videos for use as educational aids for members of the department as well as public service agencies
- Cooperating with government agencies, service agencies and the public to rectify underlying community problems related to crime
- Conducting community presentations on crime prevention and safety

Court Services:

- Assisting city and county prosecution on departmental cases prior to and during court proceedings
- Acting as liaison between the prosecutor and the general public for pre-trial matters
- Advising all personnel of any pertinent changes initiated by either the courts or prosecutors

Property & Evidence Section:

- Maintaining control of all evidence and seized property
- Logging in all property that enters the Property Room
- Maintaining other various departmental supplies

Records Division

The Records Division of the Eau Claire Police Department is comprised of one full-time Records Technician, eight full-time Law Enforcement Support Assistants (LESAs) and two part-time typists.

Records personnel are responsible for maintaining all incident reports and narratives, photographs, arrest records, juvenile referrals, ordinance and traffic citations, fingerprints, mug shots, accident reports, digital audio interviews, digital video interviews, field contacts and written warnings generated by the department. These items amount to over 100,000 separate records that must be entered into the records management system. These records are further maintained in either electronic, digital, or paper form in the Records Division for a minimum of seven years.

Personnel within the Records Division also require the knowledge of maintaining and using several other types of computer hardware and software programs such as document imaging (to store and retrieve incident reports), digital mug shots, digital recorders, digital narrative transcription, incident photographs, Live Scan fingerprinting, software for online purchasing of select accident reports, as well as an online parking ticket program.

Records Division personnel are cross-trained in order to fulfill other job duties when needed. They are able to process court work for arrestees, complete Detective and Patrol Division incident report typing, and handle public records requests in person, by telephone, or via mail. The Records Division also maintains and manages the department's public service window.

Now & Then...

LESA Beth Stone

Special Services Bureau Lieutenant Karl Fisher

The Special Services Bureau is staffed by the Lieutenant of Special Services, three officers (Community Relations Officer, Safety Education Officer and Training Officer), one Law Enforcement Support Assistant (LESA), one grant-funded community outreach position, and one grant-funded Hmong liaison position.

Officers assigned to the Special Services Bureau provide community relations to school and community groups, assist with school child safety programs and coordinate Eau Claire Police Department training. Other tasks include:

- Providing child safety seat training and installation
- Oversight and supervision of the school crossing guard program
- Equipment accountability and maintenance
- Preparation of the Annual Report
- Conducting research on topics relevant to department and community issues
- Photography and video/photographic editing
- Administering home and business security surveys
- Providing employee training

Reserve Corps Program

2007 marked the end of an era for the Eau Claire Police Reserve Corps, which was formed in 1954. All Reserve Officers were community members from various walks of life. Each officer was required to undergo Basic Recruit School Certification by the Wisconsin Department of Justice, which was conducted by the Chippewa Valley Technical College. Essentially, members of the Reserve Corps were state certified, sworn police officers who volunteered to assist the department as needed. We would like to extend a sincere thank you to those Reserve Officers for their dedication, professionalism and commitment to the Eau Claire Police Department and to the community of Eau Claire.

Community Relations Officer Jason Kaveney

The Community Relations/Crime Prevention Officer is primarily responsible for presenting law enforcement and safety-related programs to the public. This officer is not only concerned with the safety and education of the public, but there is also an expectation that this officer will work to prevent or reduce crime. The prevention programs are tailored to address audiences from high school students to adults. There are also prevention programs tailored to businesses. These presentations are free and are also very popular with the community.

Besides the above-mentioned presentations, the Community Relations Officer conducts tours of the Police Department, sets up booths at community fairs, and attends job fairs to recruit new officer candidates. This officer also coordinates many video production duties and is the department's main media contact person. In 2007, the Community Relations Officer presented approximately 140 presentations.

The Community Relations Officer is also responsible for applying for and facilitating specialized enforcement and education grants from the State of Wisconsin. Some of the grants received in 2007 include:

- "Click-it or Ticket"
- Bicycle Safety
- Pedestrian Safety
- "Over the Limit – Under Arrest"
- "Booze and Belts"

In addition to all of these other duties, the Community Relations Officer also found time to conduct over 1,000 background checks for various City of Eau Claire license applications.

Now & Then...

Safety Education Officer Art Nelson

The Safety Education Officer is a valuable resource for Eau Claire's pre-school and grade school children. This officer conducts a wide range of safety lessons including Internet safety, stranger encounters, street crossing, anti-drug messages, bicycle safety, and much more. The Safety Education Officer also coordinates the school crossing guard program, which ensures staffing of all of the dangerous intersections near schools.

The Safety Education Officer is also involved in the Safe Routes to School program as well as the child safety seat program. Besides conducting safety seat installations when available, this officer attends many of the safety seat fairs held at participating businesses to ensure that parents are educated about the proper use of safety seats for their children.

The Safety Education Officer spends much of his time in elementary schools, not only to teach safety, but to also ensure that young students' first contact with law enforcement will be a positive encounter. It is the Eau Claire Police Department's hope that this will have a positive impact on the outlook of these students during future contacts.

The Safety Education Officer also conducts tours and gives presentations to other youth groups outside of school, such as boy scouts, girl scouts, and many others. As is the case with all officers in the Special Services Bureau, the Safety Education Officer also conducts parking ticket mediations weekly and holds media interviews on subjects related to child safety.

Now & Then...

Training Officer Quin Loshaw

The Training Officer is one of the most versatile positions in the Special Services Bureau. As the title suggests, the Training Officer is primarily responsible for coordinating all training for members of the Eau Claire Police Department. This often includes finding available training opportunities, tracking required re-certifications, keeping all training records up-to-date, arranging all travel, and maintaining accurate records, including entries into our educational incentive program.

These responsibilities, however, go far beyond the basics. The Training Officer also conducts all new employee orientations, which includes a basic introduction to the City and department, issuance of equipment, issuance of a policy manual, plus any required basic training for the particular employee. For officers, this training may include subjects like push-bumper training, squad car familiarization, viewing the annual department meeting video, etc. The Training Officer also interviews potential interns and coordinates any internship that the Eau Claire Police Department takes on.

When needed, the Training Officer also fills in for the Community Relations Officer, the Safety Education Officer, as well as the Court Officer. With such a small staff in the Special Services Bureau, each position within this bureau must be cross-trained to assist when another officer is absent. In 2007, the Training Officer conducted 75 presentations, filled in for Crossing Guards, functioned as the Court Officer, made 40 community service contacts, investigated numerous walk-in complaints for the Patrol Division, and coordinated 88 specialized schools. This officer, along with the other officers in the Special Services Bureau, also conducts parking ticket mediations on a weekly basis.

Now & Then...

Coalition for Youth Coordinator Bette Wahl

The Eau Claire Coalition for Youth is a partnership that brings together major non-profits, educational institutions, and City and County department heads to collaborate on services and programs, eliminate duplication of efforts, and meet the educational, recreational, social, prevention, and intervention needs of youth and families.

Networking & Information Sharing: Coalition members meet monthly throughout the year. The exchange of information resulted in greater collaboration, elimination of duplication, increased sharing of resources, and more efficient programs for youth and families.

Public Policy: Legislative alerts were available to our members by the national Community Anti-Drug Coalition with funding provided through the Alliance for Wisconsin Youth. We continued to follow statewide efforts to increase the alcohol tax.

Diversity: As a member of the Partnership for Strong Hmong Families, we created an Emerging Hmong Leaders program, similar to the Chamber of Commerce's "Leadership Eau Claire". In addition, a back-to-school picnic for Hmong families was sponsored, which allowed over 200 families to mingle with school officials and teachers.

Grants: Through our Connect for Children Council, we provided information on several grant opportunities. Youth Today grant information was reviewed monthly, and with support from the county, we were able to review federal and foundation grants through eCivis. We collaborated on four major grants, including a proposal to the Robert Wood Foundation. We also received a second year Wisconsin Office of Justice Assistance grant for truancy prevention. This truancy prevention initiative flourished as our Hmong Student Liaison continued to meet with Hmong students, resulting in increased attendance or successful graduation.

America's Promise: We welcomed new director, Andrew Simon. Three community awareness forums were held on bullying prevention, mentors (caring adults), and recycling. In addition, we collaborated on the successful application for Eau Claire to be recognized as one of the "100 Best Communities for Young People."

Youth Alliance: Youth provided volunteer support for many non-profit agency activities to include gathering food to benefit Bolton Refuge House, face-painting at YMCA events, and a thrift sale. Although the Marshfield Center for Community Outreach prevention position was lost, Youth Alliance members were invited to transition into the Health Department's Youth Action Team that is coordinated by our AmeriCorps member.

Coalition for Youth (continued)

Calendar of Events & Volunteer Needs: Volunteers were connected with the needs of our member agencies (example: Western Dairyland's Fresh Start volunteers helped paint walls at the Hmong Mutual Assistance Agency).

Meeting Agency Needs: Backpacks, bus tokens, and Eau Claire Cavalier baseball tickets were shared with agencies and families. Non-profit agencies that received school supplies and backpacks also shared with other agencies in need. One AmeriCorps member served the Health Department and the other served the Department of Public Instruction and the YMCA. Members recruited youth for Venture Forward Camps, and helped non-profits with activities and fundraising events. They also supported the Late Night Adventure, movie nights at the YMCA, and held a Guiding Good Choices workshop at the YMCA Club House.

Health & Safety Committee: A meeting is being planned with legislators in 2008 to provide educational information on the lack of services for youth with substance abuse issues.

Youth Leadership Eau Claire (YLEC): YLEC participated in Join Hands Day, where volunteer activities benefit the community.

Other Accomplishments:

- Formed a transportation subcommittee to look at transportation needs.
- Interfaith Hospitality and Family Resource Center collaborated on parent education workshops.
- Promotional information was provided for agency programs and workshops including awareness of the new 2-1-1 system.
- Minnesota volunteers were connected with the Big Read event and two other community-wide service projects.
- Program information on "Unido Against Domestic Violence" was shared with Latino representatives to assist them with training.
- Members discussed ways to broaden financial and community support for agency programs through public relations, media and connecting with parents.
- The Project Coordinator co-chaired a "Community Leaders Breakfast" that addressed solutions to youth access to alcohol.
- The Coalition funded transportation for the library's summer reading program. This resulted in a total of 991 free rides from June 4 through August 30, 2007.
- The Project Coordinator also participated in the following committees: Children's Mental Health Alliance; Healthy Communities; Infant & Child Health Action Team; Family Centered Cooperative; Hunger Prevention Coalition School to Work Council; Consortium for Substance Abuse Prevention; Northstar Citizenship Committee;
- Eau Claire's 13th Annual National Night Out on Crime was held August 6th with over 1,000 in attendance.

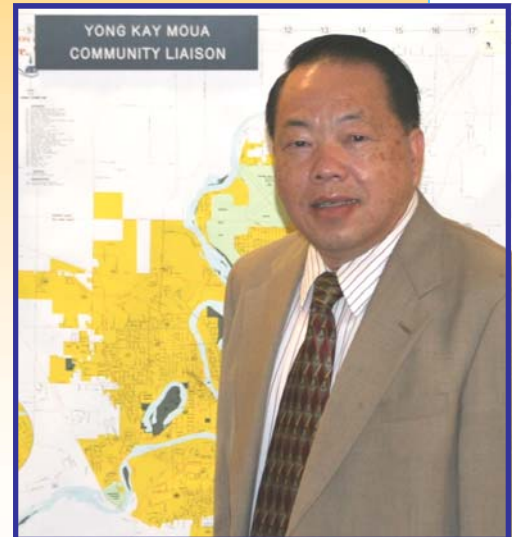

Hmong Community Liaison Yong Kay Moua

The Hmong Community Liaison is a non-sworn position, which provides a variety of programs and services to the Hmong community. These programs have a wide impact and outreach to members of the Chippewa Valley. The Hmong Community Liaison works eight hours a week at the Police Department and spends the remainder of his time at the Hmong Mutual Assistance Association (HMAA).

In 2007, the Hmong Community Liaison, Young Kay Moua, provided service and support to over 100 people. One of his responsibilities is to assist investigations through language translation. He is also active within the community and participates on the following boards/committees:

- Community Partnership Group
- Chippewa Museum Board
- Luther Hospital Citizen Advisory Committee
- Northwest Region Workforce

Young Kay Moua's involvement in the community has improved the lives of many families. Yong Kay has been recognized by President George H. W. Bush, who presented him with the Thousand Points of Light Award, and he has also been recognized at the Children's Legacy Luncheon for his contributions to the lives of children.

The Eau Claire Police Department is pleased to partner with Yong Kay Moua in helping provide this valuable resource to the community of Eau Claire.

Property Officer Sue Zwiefelhofer

The Property Officer is responsible for the secure storage of property that is turned in to or seized by the Eau Claire Police Department. This property consists of evidence from criminal cases, vehicles seized by the police department, as well as lost and found items.

Property is held in four separate storage facilities in the City of Eau Claire. The Property Officer is responsible for the disposition of all stored property. Property is disposed of in the following ways:

- Returned to owner
- Sent to other agencies
- Held by the Court
- Destroyed either by the police department or by the State Crime Lab
- Converted to Police Department Use
- Sold through auction at propertyroom.com

The disposal method used for each piece of property is based on both the property item type and the results of research done by the Property Officer for the incident that the property item is associated with.

The Property Officer is also responsible for the storage and management of extra department weapons and officer equipment, supplies of all departmental forms, various patrol vehicle equipment and medical supplies used by the department.

Court Officer Todd Tollefson

In 2007, John Farwell, who served as Court Officer for over 13 years, retired from the Eau Claire Police Department. His knowledge and expertise will be missed.

Todd Tollefson, a 26-year veteran of the police department, was appointed as the new Court Officer and has continued the knowledgeable and helpful service to colleagues and citizens alike.

The Court Officer serves numerous essential functions. He is a liaison between the Police Department and offices of the Eau Claire County District Attorney, Juvenile Intake, Corporation Counsel, Clerk of Courts, City Attorney, State Lab of Hygiene, and other area law enforcement agencies. He is the representative of the Police Department for citizens who have questions or concerns about citations they have received and/or procedures that must be followed to properly dispose of their citations.

The Court Officer assists the City Attorney's office by coordinating all initial appearances in traffic and ordinance court. Additionally, the Court Officer assists the attorneys with pre-trial conferences, coordinates witnesses for trials in the court, and is also responsible for documenting all court-related dispositions. When changes in law, statutes, or operating procedures occur, the Court Officer advises all personnel affected by the revisions.

The following statistics reflect the 2007 forfeiture traffic and ordinance citations that are handled by the City. Citations issued for, or in conjunction with criminal charges, are not included as these citations are handled by the Eau Claire County District Attorney's office.

Whenever the term "default" is used, that total can be added to the guilty totals. A default judgment is granted whenever a person fails to appear in court to answer his or her citation. The court then automatically enters a no-contest plea, and gives the defendant 60 days to pay the forfeiture. If additional time is needed to pay the forfeiture, payment plans are again available through the Clerk of Courts office. If the person fails to pay the forfeiture, driving privileges can be suspended and a state tax intercept will be used to satisfy the outstanding debt.

Patrol Division Deputy Chief Brad Venaas

The uniformed Patrol Division is responsible for emergency and non-emergency response to calls for service within the City of Eau Claire. The Division is staffed with one Deputy Chief, three Lieutenants, ten Sergeants, sixty Patrol Officers, and ten Community Service Officers (Civilian/Part-time).

The Patrol Division staffs using the traditional Day, Afternoon, and Midnight shifts. The Patrol Division also assigns one sergeant and five officers to the Special Operations Section (SOS), whose major focus is on quality of life issues in the community. The SOS team provides a flexible response that can be moved to any area of the community as needed.

The Patrol Division also assigns an officer to a Patrol Investigator position. This officer is primarily responsible for follow-up investigations involving traffic crashes and ordinance violations. The Patrol Investigator also works with the Code Enforcement Inspector on neighbor disputes.

The Community Service Officers (CSOs) are cross-trained in parking and animal control duties. Additionally, the CSOs are assigned to fingerprint and photograph subjects, validate stolen property records, and assist with other miscellaneous courier duties.

In addition to calls for service, the Patrol Teams continue to work on community quality of life issues that are noticed during their shifts. The officers work with neighborhood associations, business and civic groups, and other city departments and government agencies to identify, analyze, and hopefully reduce or eliminate problems.

In the autumn of 2005, Eau Claire Police Department began the process of shifting to a Problem-Oriented Policing (POP) philosophy. This involved some structural changes, which were implemented in 2006. The changes continued into 2007. A major focus in 2006 and 2007 was to train officers on this new concept. The department developed a core of POP instructors. The instructors put together training for both supervisors and officers. That training was conducted during in-service sessions in both 2006 and 2007. The department also transitioned to a new field training program that supports the POP philosophy.

The Eau Claire community is divided into three districts: North, Central, and South (see next page). In addition to their time of day shift responsibilities, the officers also select a beat within one of the districts. The officer in each beat is responsible for working with the

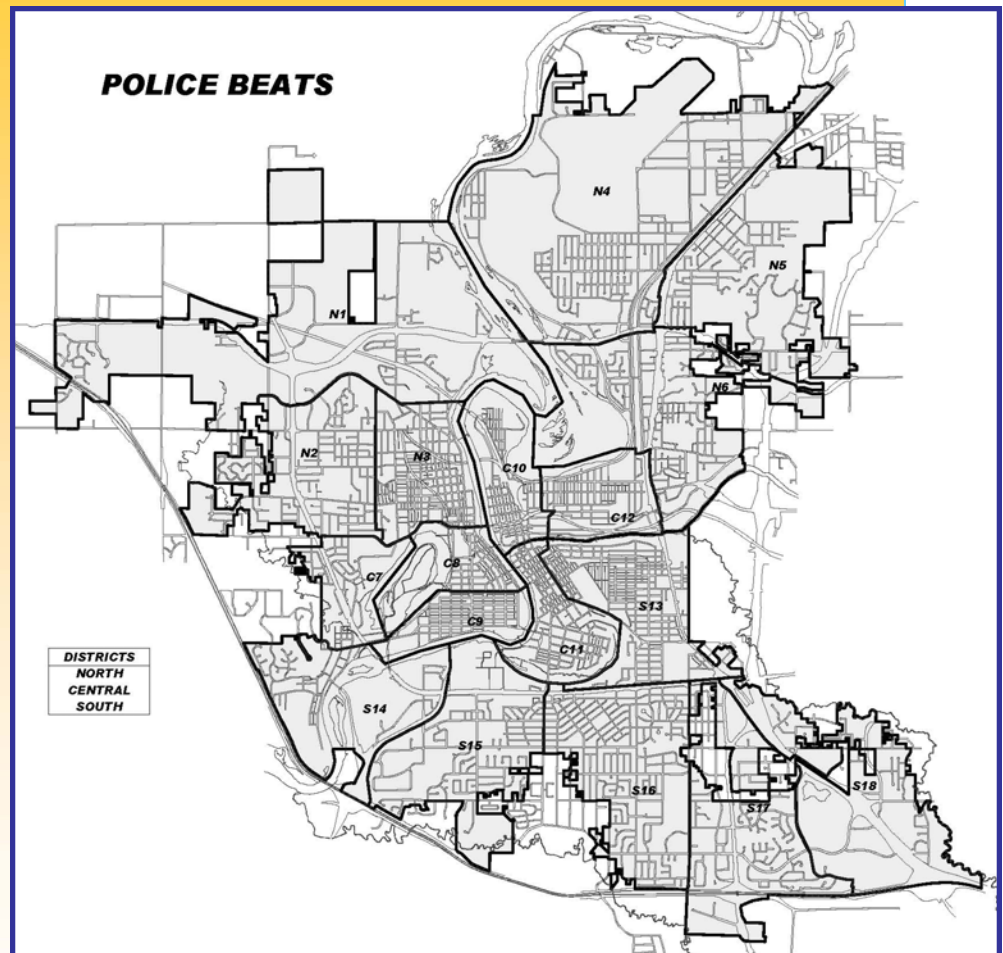

Patrol Division (continued)

neighborhood and other community resources on problems within the beat. Issues worked on in 2007 included the following:

- Graffiti abatement
- Problem properties/landlords
- Crash reduction
- Eau Claire Academy's excessive use of services
- Homeless issues in downtown Eau Claire

Some examples of successes in 2007 are an overall reduction of alcohol disorder in the Water Street tavern area. This includes reductions in batteries, disorderly conduct, fighting, criminal damage and detox cases. 2007 also yielded a 42% reduction in calls for service to the Eau Claire Academy.

The officers of the Patrol Division stand ready 24 hours a day, 365 days a year to provide quality police services to the community. These patrol officers will continue to be the primary responders to calls for service and, in addition, offer a problem-oriented response to community issues.

Communication Center Director Pam McInnis

The Eau Claire Communication Center is a county-wide emergency and non-emergency dispatch center. The 19-member staff is comprised of 18 full-time telecommunicators, three of who are working supervisors, and one Director. A minimum of three telecommunicators are required to be on duty at all times. Telecommunicators dispatch for 14 separate police, fire and medical agencies. The telecommunicators engage in training on a monthly basis.

During 2007, there were over 110,000 law enforcement, fire and/or EMS incidents tracked in our Computer Aided Dispatch (CAD) system. Telecommunicators also handled approximately 205,378 telephone calls, of which over 57,000 were 9-1-1 calls. In addition, telecommunicators responded to countless radio calls from field units and also assisted walk-in traffic.

The entire County of Eau Claire enjoys the benefits of fully enhanced 9-1-1. The enhanced 9-1-1 system supplies the telecommunicator with a caller's name, address, and telephone number as soon as their 9-1-1 call is answered. After dialing 9-1-1, there is a seven second delay before the caller receives any kind of indication that their call has been processed. Wireless Enhanced 9-1-1 was implemented in 2006 and provides cellular telephone location information to the telecommunicators.

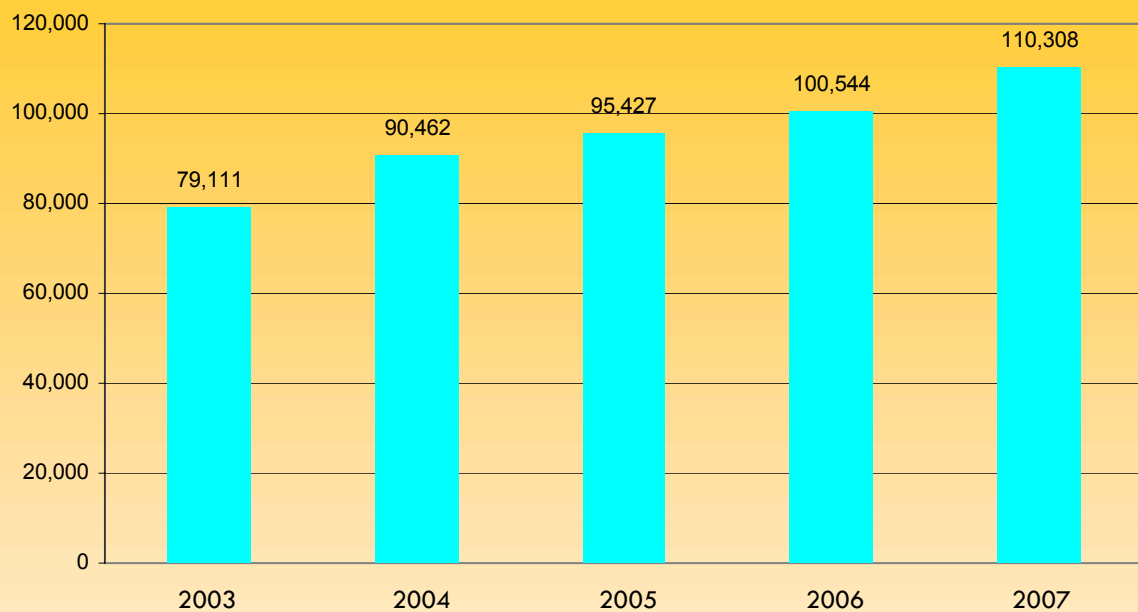

All seven law enforcement agencies in Eau Claire County, including the Eau Claire Police Department, have laptop computers in these vehicles. They use these computers to check local, state, and national databases for information.

The Communication Center also distributes severe weather watches and warnings to the citizens of Eau Claire County. The telecommunicators can also activate the county-wide sirens in the event that a severe thunderstorm or tornado warning has been issued.

The Communication Center staff utilizes a computerized version of the emergency medical dispatch cards to determine the appropriate level of EMS response. Computer technology enhances the ability to provide quality service to the community.

Now & Then...

Telecommunicators Michael Hoepner
and Rick Jungerberg

Detective Division Deputy Chief Eric Larsen

Most investigations are assigned to detectives after an initial report is completed by a patrol officer who has responded to a complaint.

Cases are then prioritized by the division supervisors and assigned to a detective based on the type of crime and the detective's current caseload. While there are specialty areas within the division, detectives often work on cases outside their section assignment based on their availability and the urgency of the investigations. Detective Division supervisors review approximately 14,000 cases each year. 1,895 cases were assigned for investigation in 2007. Detectives solved 1,122 cases, which is equivalent to 60% of their caseload for the year.

The Detective Division is divided into six different sections, five of which specialize in a particular field of criminal investigation. The Police School Liaison Officers work in the public schools during the school year and assist with overflow investigations in the summer.

Four general crimes section detectives typically investigate crimes against persons or property other than financial crimes, drug investigations, or child abuse.

Two sensitive section detectives investigate cases in which juveniles are either victims or perpetrators of crime. Child abuse, neglect, and sexual assault of juveniles compose the majority of these cases. In addition, one of these sensitive section detectives specializes in forensic examination of computers and other digital media. The other works with pawnshop regulation and investigation of stolen property recovered at pawnshops.

Two financial crimes section detectives are responsible for investigating most crimes that are financial in nature. This includes, but is not limited to, frauds, forgeries, embezzlements, internal thefts, counterfeiting, computer crimes, identity thefts, and a wide variety of scams where victims are targeted financially.

One detective is also a polygraph examiner and administers polygraph exams to assist detectives from the Eau Claire Police Department and other surrounding agencies verify the truthfulness of potential suspects. That detective is also heavily involved in processing evidence and acts as a liaison with the crime labs in Wisconsin and at the FBI.

Detective Division (continued)

Two detectives are assigned to the West Central Drug Task Force to investigate illicit drug activity in west central Wisconsin. The task force is comprised of investigators from several surrounding jurisdictions. Because drug trafficking tends to be fluid in terms of boundaries, this regional approach has been very effective in developing cases and making arrests.

Four school liaison detectives are assigned to the five secondary schools, one at each public high school, and one at a middle school. The fourth school liaison officer splits his time at the other two middle schools. The police school liaison officers are involved in juvenile investigations, counseling, mentoring, discipline issues, and presentations at their respective schools. They spend each school day on campus unless a major investigation requires them to be pulled away from their school. The liaison detectives also work with school administration on a daily basis.

David Malone and present Police Chief Jerry Matysik

Honor Guard

The Honor Guard represents the Eau Claire Police Department in a positive and professional manner at law enforcement, public, and private events.

In 2007, the Honor Guard represented the department at 19 different events, to include the following:

- Law enforcement funerals
- Parades
- Special Olympics events
- Chippewa Valley Technical College Law Enforcement Recruit Graduation
- North/Memorial High School football game at Carson Park

The Honor Guard team practices once a month for two hours.

Members of the Honor Guard include:

Sergeant Gary Axness
(Commander)

Officer Terry Nicks
(Assistant Commander)

Sergeant Bruce VanValkenburg

Officer Colleen Kuehn

Officer George Eliopoulos

Officer Kyle Anderson

Officer Timothy Porn

Officer Charles Walton

Officer Ryan Dahlgren

Officer Derek Thomas

Police Chaplain Program

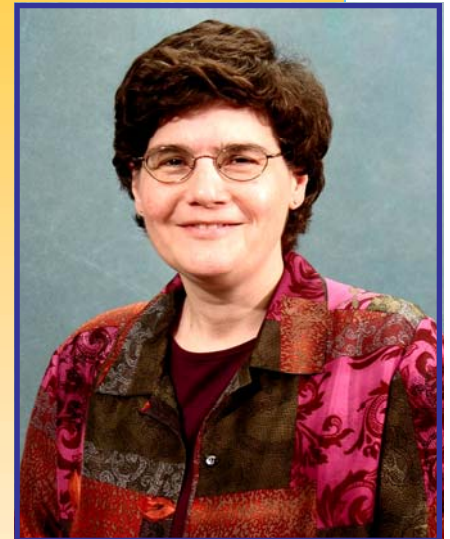

Head Chaplain Laura Kelley

The Eau Claire Police Chaplain Program began in 1998. Police Chaplains are volunteers who serve alongside the officers of the Eau Claire Police Department as they go about their ordinary and extraordinary tasks. Chaplains are a resource to officers who, in the course of their duties, encounter families or persons in crisis. Chaplains are also a resource to those in our community whose lives have been broken by violence or tragedy.

Police Chaplains receive in excess of 30 hours of training on a variety of topics, including the role of the Police Chaplain, victim assistance, crisis pastoral care, death notification, confidentiality and privileged communications, police procedures, crime scene investigation, and line-of-duty injury and death. Chaplains also meet monthly for on-going training and support.

Among the services a chaplain might be requested for include:

- Assisting officers with death notification
- Assisting family members at homicides and suicides
- Fatal or serious injury crashes
- Critical incidents
- Line of duty injury or death
- Serving as a resource for personal issues of department personnel, if requested

The Police Chaplain Program underwent change during 2007, as Head Chaplain Jim Schaefer, Chaplain Oliver Schultz, and Chaplain Sister Barbara Tilkens retired from the Police Chaplain Program. These three individuals were an integral part of the program since its inception in 1998 and they will be missed dearly. Chaplain Laura Kelley was promoted to the position of Head Chaplain.

The Police Chaplain Liaison (Sergeant John Moen) and the Head Chaplain coordinate the program. The chaplains participate in a rotating on-call schedule and are available on a 24-hour basis. Chaplains are encouraged to ride with officers during their patrol shifts. Chaplains are also encouraged to participate in the life of the department so that they may experience the happy times in addition to being present during times of tragedy.

Crime Scene Unit

The scientific examination of physical evidence is a critical element in police efforts to conduct successful criminal investigations and subsequent prosecutions. The forensic science field is an ever-changing discipline. With the advances in DNA testing procedures, new processes for developing latent fingerprints, and new crime scene documentation techniques, the training of evidence technicians has become more important than ever. These scientific and technological breakthroughs have increased the possibility of collecting and analyzing physical evidence that was never before possible.

The Eau Claire Police Department Crime Scene Unit consists of 25 police officers that have received additional training in the proper documentation, collection, and forensic analysis of evidence at crime scenes. The Crime Scene Unit regularly responds to major crime scenes such as burglaries, robberies, sexual assaults, drive-by shootings, and homicides.

In addition to responding to crime scenes, members of the Crime Scene Unit analyze evidence in the Eau Claire Police Department's evidence lab. Our lab includes instruments such as the Reflected Ultraviolet Imaging System (RUVIS) and Alternate Light Source (ALS) technology. These instruments allow our evidence technicians the ability to forensically examine numerous items of evidence.

The police department's Forensic Lab Computer Workstation enables evidence technicians to search computer hard drives and digital media storage devices for evidence. With a significant increase in computer crimes, this workstation has proven to be a very valuable tool. Evidence obtained during this type of examination will be used to prosecute crimes such as identity theft, fraud, and Internet sex crimes.

The Crime Scene Unit also prepares submissions to the Wisconsin Crime Lab for expert forensic analysis. Drug testing, fingerprint comparison, and developing DNA profiles are among the tasks that require assistance from outside agencies.

The Eau Claire Police Department Crime Scene Unit works cooperatively with other Chippewa Valley law enforcement agencies in order to conduct quarterly training, acquire equipment, and respond to crime scenes. This cooperation ensures the citizens of Eau Claire will be well-served because of our ability to process crime scenes and maximize the likelihood of successful prosecutions in court.

Tactical Response Team

The Eau Claire Police Department's Tactical Response Team (TRT) was founded in 1991 as the department realized the need for a tactical response capability. The Tactical Response Team is composed of 28 members that represent all divisions of the police department. The team operates under the philosophy that several TRT officers will always be working in some departmental capacity, and would therefore be available for immediate response to high-risk incidents.

Tactical Response Team member selection requires the volunteering officer to have at least three years of prior experience with the Eau Claire Police Department. The officer must also complete a written application, an oral interview before the team, as well as a physical and firearms proficiency course.

Beyond the required monthly firearms training that every departmental officer is required to participate in, each member of the Tactical Response Team trains for a minimum of eight additional hours per month. TRT specialists such as Sniper/Observers, Gas Munitions Technicians and Crisis Negotiators receive additional training throughout the year.

Past incidents resolved by the Tactical Response Team include: barricaded armed suspects, high-risk drug warrants, emotionally disturbed or violent subjects, as well as dignitary protection.

Whether in training or at actual incidents, the officers of the Tactical Response Team take our role of tactical operators very seriously. We are proud to offer the citizens of Eau Claire the protection of an experienced, well-trained and well-supported tactical team.

Year	Total Call-Outs	Drug Related High-Risk Warrants	Other High-Risk Warrants	Suicide or Emotionally Disturbed	Dignitary Protection

2006	27	24	2	1	-
2007	17	12	4	1	-

K-9 Unit Officer Bill Wisener

The Eau Claire Police Department currently has one K-9 Unit (one officer and one dog). Uses for the K-9 Unit include tracking of individuals, building searches, and drug detection. The dog lives with his officer/handler, which allows them to work and train together. Our current K-9 officer is Officer Bill Wisener and his K-9 partner is Franko, a black German Shepard.

Officer Wisener and Franko also provide presentations for civic groups and schools as time permits. Requests for these presentations should be directed to the Deputy Chief of Patrol at (715) 839-6060.

The K-9 Unit is also utilized by the Special Operations Section and the West Central Drug Task Force on a regular basis. In 2007, one investigation the K-9 Unit assisted with led to the seizure of 26 pounds of marijuana and \$10,000 in cash.

For tax deductible contributions to the K-9 program, contact the Eau Claire Community Foundation at (715) 552-3801 or visit www.ecareafoundation.org.

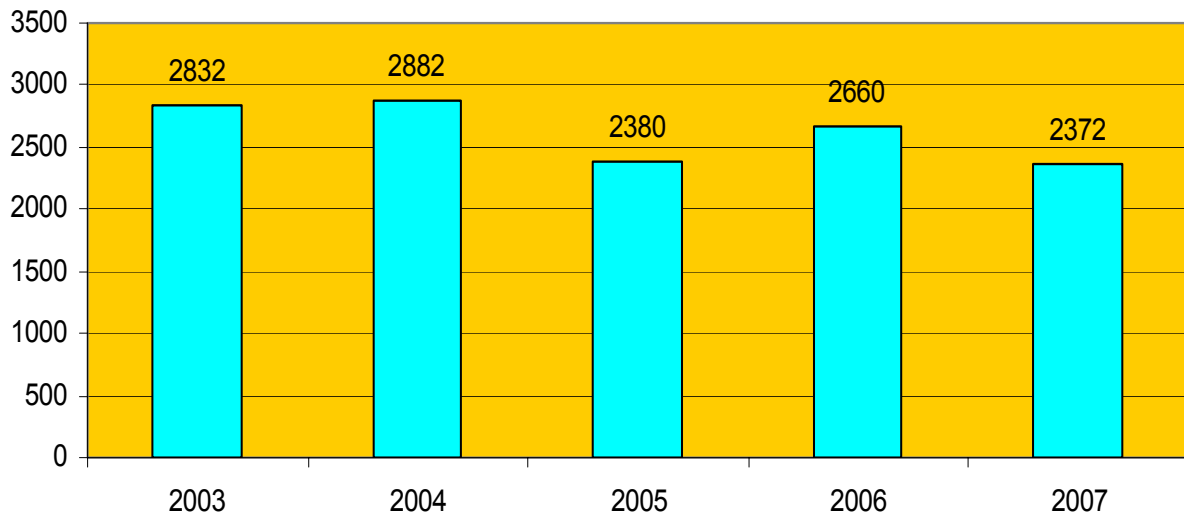

Now & Then...

Detective Ryan Lambeseder
and Officer Donn Adams

Officer Bill Carvalho

EAU CLAIRE POLICE DEPARTMENT

Goals:

Prevent and/or reduce crime and disorder
Help maintain a high quality of life in Eau Claire

Mission:

To provide the best of police services through the most effective means possible.

To direct the efforts of the department at securing both the cooperative trust and safety of the Eau Claire community.

Core Values:

Honesty/Integrity
Dignity/Respect
Commitment
Service/Caring
Professionalism
Lawful Behavior

In memory of

Robert Paul Bolton

February 14, 1954 - October 6, 1982

October 6, 2007 marked the 25th anniversary of the death of Eau Claire Police Officer Robert Bolton. Officer Bolton, a four-year veteran of the department, was fatally wounded on this date in 1982 after investigating a report of a domestic dispute.
