ALTOONA ROUTE

- Altoona City council included the expansion in the 2022, anticipating the new route starting July 1.
- Budget Presented to the Eau Claire City Council did not include the expansion which would have also increased the City's budget.
- Commission will have to consider what to do with Route 7.
 - o Eliminate
 - Eliminate another route (Additional 8 or 18 for example) and combine the opposite of that route with Route 7.
- Proposed Change would reduce service to St. Johns. This can be added to a change to Route 18.
- Consider Timeline:
 - Public Hearings
 - o Marketing
 - Changing of Bus Stops

Routes 15 & 21

The recommendations for Routes 15 and 21 under the Short-Term, Investment Scenario are identical to those assumed as part of the Short-Term, Minimal Cost Scenario (see Table 34).

Routes 17 & 71

The recommended changes, reasoning, and impacts related to Routes 17 and 71 are shown in Figure 104 and Figure 105, and summarized in Table 56 and Table 57. Eau Claire and Altoona residents identified existing Route 17 as not meeting current needs, nor serving growing parts of Altoona.

Proposed Change	Impact
Eliminate Route 17 and replace with a new Route 71, serving Birch St., Woodman's, the new River Prairie	 More convenient, bi-directional service between the Transfer Center, the North Side Hill neighborhood, businesses along Birch St., and Woodman's
development, and other important destinations in Altoona	• Introduce transit service to the new River Prairie and Solis Circle developments, and Hillcrest Estates mobile home community in Altoona
The new Route 71 would operate in both directions along most of the route, including service to Woodman's and River Prairie in both the eastbound and westbound	 More direct, faster connection between the center of Altoona and important destinations to the west, including OakLeaf Hospital, Woodman's, River Prairie, and businesses along Birch St. Simpler route structure that is easier use compared to the existing Route 17 More evening and late-night options for travel between Eau Claire and
directions	Altoona Nearly identical service coverage compared to Route 17 when combined
One roundtrip on Route 71 would take approximately 60 minutes, compared to 30 minutes on existing Route 17	with the recommended realignment of Route 18 a few blocks to the east

MANAGER'S REPORT

DECEMBER 15,2021

TRANSIT EQUITY DAY

February 4th is Rosa Parks Birthday. Last year we had a seat reserved on every bus with a poster and a rose on the seat honoring her efforts in regards to Public Transit accessibility for everyone. The Commission also approved a proclamation. Please let me know what you would like to include for 2022. We will have it on the agenda for January.

FTA TRIENNIAL REVIEW

The City of Eau Claire will be undergoing the Triennial review early in 2022. I have been putting together a list of documents that are required prior to the review. This is delayed a year due to COVID-19 and the review this time will be virtual instead of on-site. This does require a significant amount of administrative work.
