## **Eau Claire Storm Recovery Continues**

As area energy providers continue restoring power to their customers, Eau Claire County Emergency Management and City of Eau Claire officials are preparing for the possibility that relief locations may be needed over the weekend. A number of locations are already open, a list and additional information and can be found at [EauClaireWI.gov/StormRelief](https://www.eauclairewi.gov/StormRelief). More will be added as details become available.

Eau Claire City-County Health Department reminds people who have experienced a power outage that food safety is an important consideration. For those who have been without power for four-hours or more, perishable food items should be discarded. A comprehensive guide to what should be tossed out and what can be kept can be found here:

<https://www.foodsafety.gov/food-safety-charts/food-safety-during-power-outage>

Great Rivers 211 offers information on a wide variety of resources to residents, call 2-1-1 from any cell phone or landline for assistance or visit <https://211wisconsin.communityos.org/>
