- None Received

Jennifer Eddy-celebration of service

Consent Agenda (Action Required-approved for full content)-5 *minutes*

- Approval of minutes from October 25, 2023 meeting-enclosed
- Approval of minutes from November 8, 2023 meeting
- Approval of Grant/Contract related budget adjustments
- Approval of Donation/Stipends

Motion to approve Consent Agenda: Mark Kaeding

2nd Motion: Catherine Wildenberg

Motion Carried: Yes (unanimous vote)

Business Item (Action Required)

- Approve the Advancing a Healthier Wisconsin Endowment Seed Grant award
 - Received a one-year grant to identify local needs and assess nutrition security in rural areas.
 - Will help to support, not only food availability, but nutritious food availability.
 - This grant aligns with top health priorities from the past three community health assessments.
 - This funds a portion of a position.

Motion to approve Advancing a Healthier Wisconsin Endowment Seed Grant as presented by health department staff: Terry Miskulin

2nd Motion: Joshua Miller

Motion Carried: Yes (unanimous vote)

b. Approve the Marshfield Clinic Health System Addressing Health Disparities Grant

- One-year grant to support the weekly farmers market at the Courthouse during summer months.

Motion to approve Marshfield Clinic Health System Addressing Health Disparities Grant as presented by health department staff: Mark Kaeding

2nd Motion: Catherine Wildenberg

Motion Carried: Yes (unanimous vote)

c. Approval of 2024 Budget

- City and County tax levy amounts have been finalized.
- Includes the transfer of the refuse program to the City in 2024.
- Includes changes related to the retirement of long-term employees and changes to the organizational structure as part of the recruitment process for that position.
- Includes positions that are supported through grants we are bringing forward or have accepted.
- It is a tight budget for 2024 and we are working on ways to increase revenue and decrease expenses.
- Provided explanation of the debt payment line item after board member Catherine Wildenberg question.
- Fund balance use this year (2023) has been adjusted due to grants and cost savings. There will be a better estimation of total fund balance use in January 2024.

Motion to approve 2024 budget as presented by health department staff: Josh Miller

2nd Motion: Catherine Wildenberg

Motion Carried: Yes (unanimous vote)

d. Approval of ECCHD Handbook Changes

- Handbook changes summarized in fact sheet.
- Changes would take effect January 1, 2024.
- Explanation of how they align with City policies per board member question.
- Potential additional costs could be seen with the parental leave policy and vacation policy.
- Board member Josh Miller shared they liked having the cost implications right in the summary table.

Motion to approve Eau Claire City-County Health Department Handbook changes as presented by health department staff: Catherine Wildenberg

2nd Motion: Mark Kaeding

Motion Carried: Yes (unanimous vote)

- e. Approval of Vacation Leave Pay Out
- One-time payout for vacation time over 80 hours.
 - We continue to encourage staff to utilize their vacation to maintain employee well-being.
 - Share that high vacation balances still exist as a carryover from inability to use during pandemic and dedicated staff per question from Board member Mark Kaeding.

Motion to approve Eau Claire City-County Health Department Handbook changes as presented by health department staff: Josh Miller

2nd Motion: Terry Miskulin

Motion Carried: Yes (unanimous vote)

- f. Election of Board of Health President & Vice President
- Don Bodeau previously self-nominated for president.
 - Mark Kaeding previously self-nominated for vice president.
 - No other nominations for president or vice president.

Motion to elect Mark Kaeding as Vice President of Board of Health for 2024 and to elect Don Bodeau as President of Board of Health for 2024: Terry Miskulin

2nd Motion: Josh Miller

Motion Carried: Yes (unanimous vote)

Other information items from staff for the Board

- a. Health Department Report-enclosed
- Service Recognition
Tegan Ruland, Clinical Services and Operations Division Manager-10 years
Cortney Sperber, Policy & Systems Division Manager-10 years
- b. Workforce Development Update-enclosed
- Currently working on core competency assessment.
- c. Board of Health documents and plans summary-enclosed
- Sharing of the policies and plans that the health department maintains for review by the board of health.
 - Will be bringing an item in the future for Board to determine which ones need approval by the Board of Health.
 - No clear indication from the health department accrediting body or state statute of requirements other than budget.

Board member informational items

- a. Public Health Policy/Advocacy
- WPHA/WALHDAB Legislative Priorities-enclosed
- b. Standing Committee Updates: verbal
- City Council: [City Council Agendas | City of Eau Claire, Wisconsin \(eauclairewi.gov\)](https://eauclairewi.gov)
 - (1) Dr Terry Nordin will start as new board position replacing Jennifer Eddy.
 - (2) City will be taking over the refuse program in 2024, except for human health hazards.
 - (3) Work session on how to help residents feel welcome to the community, specifically related to refugee resettlement.

- County Board: [County Board Meeting Agendas & Minutes | Eau Claire County \(eau-claire.wi.us\)](https://www.eau-claire.wi.us)
 - (1) Discussion on opioid task force.
 - (2) Committee met yesterday to decide how to allocate the rest of the ARPA funding.
 - (3) Administrative committee met to talk about peer support program for opioid additional funding around \$14,000 and a funding proposal for a half time position for opioid work. Approved by County Administration Committee and will now go to County Board. This is related to the position the Board of Health approved through the budget approval for the health department.
- Ground Water Advisory Committee: [Groundwater Advisory | Eau Claire County \(eau-claire.wi.us\)](https://www.eau-claire.wi.us)
 - (1) Meeting has not yet been rescheduled.
- Opioid Settlement Task Force: [Opioid Task Force:](#)
 - (1) This was included in the County Board update.
- c. Review and finalize draft of 2024 Board of Health calendar-enclosed
 - Send any known conflicts to Gina Holt.
 - Checking on whether March 27 is UWEC spring break.
 - Mark Kaeding will be absent for January 24, 2024 meeting.
- d. November work session follow up –
 - Request to hold until January 2024 meeting.

Requests from Board members for future agenda items to be given consideration – *1 minute*

Closed session –Motion to adjourn into closed session pursuant to Wisconsin Statutes 19.85(1)(c) for the purpose of considering employment, promotion, compensation, or performance evaluation of any public employee over which the governmental body has jurisdiction or exercises responsibility. To wit: Performance evaluation of Health Department Director, an employee over whom the Board of Health has supervisory control.

Motion to move into closed session: Josh Miller

2nd Motion: Mark Kaeding

Motion Carried on Roll Call Vote: Yes

Ayes: Don Bodeau, Jennifer Eddy, Mark Kaeding, Joshua Miller, Terry Miskulin, Catherine Wildenberg, Kim Cronk

The performance evaluation and compensation of Elizabeth Giese, Health Department Director/Health Officer was discussed. Following the Board discussion, the Director joined the closed session, and a verbal summary of the discussion was shared with her.

At 8:03pm a motion was made by Joshua Miller and a 2nd by Jennifer Eddy to move back into open session. The motion was carried by unanimous yes vote. The Board and Director reconvened in open session.

Motion by Jennifer Eddy to increase Director Elizabeth Giese's annual rate of compensation by 4% for the 2024 calendar year. 2nd motion: Josh Miller. Motion carried by unanimous yes vote.

2. Next business meeting – January 24, 2023, 5:15 p.m.
3. Dr. Bodeau Adjourned meeting at 8:07 pm

Fact Sheet – 1/24/2024 Board of Health Meeting

Agenda Item 3.b

Grant/Contract Related Budget Adjustments

Attached are grant/contract related budget adjustments which impact the 2023 and 2024 budget.

Budget Implication: Decrease in 2023 budget by \$19,700 and decrease in 2024 budget by \$19,600.

Staff recommendation: Approve budget adjustments as indicated.

2023

Name	Funding Source	Description	Contract Start	Contract End	Contract Amount	In Budget	Increase (Decrease) in Budget
Get Yourself Tested (GYT)	Health Care Education and Training (HCET)	The family planning clinic received additional funding for the GYT campaign. This campaign is to increase public information on the importance of sexually transmitted infection risk awareness and testing, and to provide confidential, convenient, discreet, low-cost tests and treatment. This support is used to off-set costs related to planning, development, implementation, and management of GYT services.	01/01/23	12/31/23	\$3,000	\$2,000	\$1,000
Western Wisconsin Public Health Readiness Consortium (WWPHRC)	Center for Disease Control and Prevention	Additional funding received is associated with new member, Sawyer County, joining the consortium. It will be used to cover costs associated with program staff and operations.	07/01/23	06/30/24	\$310,501	\$300,900	\$9,600
Public Health Vending Machine	State of Wisconsin Department of Health Services	Contract change is due to administrative challenges for local health departments to purchase Narcan® from State-approved vendor. The decrease in funds represents the amount of Narcan® that will be supplied by the State instead of being purchased by ECCCHD.	07/01/23	06/30/24	\$12,714	\$45,000	(\$32,300)
Fit Families Supplemental Nutrition Assistance Program (SNAP)	US Department of Agriculture	Budgeted amount estimated based on previous years' contract. No significant changes in activities.	10/01/23	09/30/24	\$18,960	\$17,000	\$2,000
			Total		\$345,175	\$364,900	-\$19,700

2024

Name	Funding Source	Description	Contract Start	Contract End	Contract Amount	In Budget	Increase (Decrease) in Budget
Immunization	US Department of Health and Human Services	Budgeted amount estimated base on previous contract. No signifiant chagnes in activities.	01/01/24	12/31/24	\$20,614	\$23,700	(\$3,100)
Maternal and Child Health Services (MCH)	US Department of Health and Human Services	Budgeted amount estimated based on previous contract. No significant changes in activities.	01/01/24	12/31/24	\$43,660	\$49,100	(\$5,400)
Women Infants Children (WIC)	US Department of Agriculture	Budgeted amount estimated based on previous contract. This is an initial budget placeholder from the State WIC Program. Final 2024 award will be announced in the second quarter of 2024 and will likely be at a higher amount than initial. No significant change in activities.	01/01/24	12/31/24	\$356,879	\$377,000	(\$20,100)
Women's Health Block Grant	Wisconsin Department of Health Services	Budgeted amount estimated based on previous contract. No significant changes in activities.	01/01/24	12/31/24	\$43,782	\$34,800	\$9,000
			Total		\$464,935	\$484,600	-\$19,600

Fact Sheet – 1/24/2024 Board of Health Meeting**Agenda Item 3.c****Stipend Received**

The Eau Claire City-County Health Department has been offered the following stipends:

Agency	Description	Amount
Wisconsin Department of Health Services Tuberculosis (TB) Program	Received scholarship for Christina Writz, Public Health Nurse, to attend Mayo Clinic's School of Continuous Professional Development's TB Clinical Intensive 2023 course.	\$565.80

Budget Implications: Stipend in the amount of \$565.80.

Staff Recommendation: Accept stipend.

Fact Sheet – 1/24/2024 Board of Health Meeting
Agenda Item 4.a
Quarter 4, 2023 Financial Update

The Quarter 4, 2023 Financial Statements are attached. Year-end adjustments will be made through the beginning of March, and preliminary year-end financial statements will be presented to Board of Health in April. Final year-end financial statements will be brought to Board of Health in the Summer.

Balance Sheet

- The balance sheet will continue to fluctuate while year-end entries are being made.
- Cash is down from prior quarter, but up from prior year, and is mainly due to when revenue is received vs. when expense are paid.
- Accounts receivables and deferred inflows will vary based on the timing of when invoices are created, and the payments are received.
- Prepayments fluctuate based upon timing of health insurance and life insurance payments.
- Accounts payable will fluctuate based on timing of payments. Payments are remitted weekly on Fridays.
- The Fund Balance Control Accounts is the net of the revenues and expenses as of December 31.
- The Fund Balance amounts will not change until the 2023 audit is complete.

Revenue and Expense Report

- Non-calendar year grants that started in 2023 and end in 2024 will have the unspent portion of their budget carried over from 2023 to 2024. This is not yet reflected in the revised budget.
- Once carryover budget entries and other year-end entries are made, we will have a better indication of where we will end the year. Entries will continue to be made into March.

Revenue

- 2023 revenue received in January and February of 2024 will be moved back to 2023
- Intergovernmental revenue appears to be behind because revenue generally arrives a month or two after it is billed.
- License and permit revenue exceeded our budget mainly due to new retail food and restaurant licenses.
- Charges for services revenue exceeded our budget mainly due to increased water testing.
- Charges for services – intergovernmental includes tax levy from the County, Medicaid reimbursements, and other revenue billed to the state and counties. Generally, the revenue arrives a month or two after it is earned.
- The entire 2023 tax levy allocation from the City and County has been received and recorded.
- Miscellaneous revenue includes non-governmental grants. The revenue generally arrives a month after it is earned.

Expense

- 25.5 of 26 payrolls budgeted (98%) have been recorded. Half of the first payroll in 2024 was for 2023, and that portion will be recorded to 2023.

- 2023 expenses paid in January and February of 2024 will be recorded to 2023, and some line items may be understated at this point.
- Personnel expenses appear under budget due to non-calendar year grants that started in 2023 and end in 2024. The unspent portion will be carried over into 2024 and reduce the 2023 budget.

Financial Statement Explanations

Balance Sheet Categories

Notes

Assets

Cash and Investments	Cash accounts including petty cash and gift cards
Accounts Receivables	Receivables
Due from Other Governments	Receivables from federal, state, local governments and school districts
Taxes Receivable	Amounts on the Tax Roles not yet received (Septic Maintenance, Reinspection Fees etc.)
Prepayments	Payments made in advance, e.g., health and life insurance
Inventories	Radon test kits
L-T Receivables	Allowance for doubtful/uncollectable accounts (Family Planning Clinic)

Liabilities

Accounts Payable	Payments owed for products and services received
Accrued Liabilities	Includes accrued payroll expenses at year end
Deposits	Grants not totally spent out (we may have to return)
Due to Other Governments	Sales tax payable, state license fees, county rent
Deferred Inflows	Amounts billed but not yet received; now also includes advance on contracts

Fund Balances

Fund Balance	Comprised of restricted amounts and non-spendable pre-payments and inventories
Control Accounts	Net of revenue and expense control accounts for current year

Revenue and Expense Categories

Revenues

Intergovernmental	Federal, state and other aid/grants
Licenses & Permits	License & permit revenue; e.g., lodging, restaurant, sanitary
Charges for Services	Fees for services rendered; e.g., water testing, vaccinations, inspection fees
Charges for Services - Intergovernmental	Services to governments; e.g., Eau Claire County tax levy, Medicaid payments, school districts
Misc Revenue	Grants from non-government agencies, e.g., Mental Health Matters, United Way
Other Financing Sources	Tax levy from the City of Eau Claire, Community Development Block Grant
Other Budgeted Receipts	Fund balance use

Expenses

Personnel	Wages, payroll taxes and benefits
Contractual Services	Postage, computer service charges, rent, equipment leases, advertising, auditing, etc.
Utilities	Phones & garbage
Fixed Charges	Licenses & permits, workers compensation and property & liability insurance
Supplies	Office, lab, medical, etc.
Contributions & Other Payments	Miscellaneous payments made to outside organizations and consultants
Capital Purchases	Long term purchases - over \$5,000 each
Other Financing Uses	Transfers to debt service - In 2008, debt was issued to pay off the unfunded pension. This is the Health Department portion of the yearly amount. Obligation is expected to be paid off 04/01/2028.
Other Disbursements	Budgeted excess of revenue over expenses which would go into Fund Balance

Fact Sheet – 1/24/2024 Board of Health Meeting
Agenda Item 4.b
2024 Wisconsin Division of Public Health Contracts

The Eau Claire City-County Health Department contracts with the Wisconsin Division of Public Health to provide public health services in a broad range of program areas that have been prioritized by the State and where State and Federal funding has been allocated for local use. These contracts are funded by a variety of funding sources. Annually we share these contract programs areas including information on the focus of these contracts with the Board of Health for review and approval.

Attached is a list of the 2024 Wisconsin Division of Public Health Contracts.

Budget Implications: Funding has already been allocated in the 2024 budget approved in December.

Staff Recommendation: Approve 2024 Wisconsin Division of Public Health Contracts.

2024 Wisconsin Department of Health Services Contracts

Program/Description	2024 Budget Period	2024 Contract Amount	2023 Contract Amount	2022 Contract Amount
Maternal and Child Health (MCH) - Implement at least two practice changes to advance health equity in MCH-funded activities. The Eau Claire City-County Health Department, in collaboration with community partners, will implement and evaluate strategy to decrease rates of adolescent suicides.	January 2024 - December 2024	\$43,660	\$49,107	\$49,167
Prevention - ECCCHD will conduct one activity to meet or sustain National Public Health Performance Standards (i.e. improve agency operations or pursue accreditation readiness) by implementing an agency strategic plan.	October 2024 - September 2025	\$10,905	\$10,905	\$10,905
Radon Regional Information Center - ECCCHD is the West Central Radon Information Center serving Eau Claire, Chippewa, Clark, Buffalo, Trempealeau, Pepin, and Jackson counties. The information center provides radon information and sells test kits for residents and supplies local Health Departments.	January 2024 - December 2024	\$9,773	\$9,773	\$9,773
Childhood Lead Poisoning Prevention - Children at risk for lead poisoning who reside in Eau Claire County will receive an age-appropriate blood lead test. Throughout the 2024 contract period, residents from the jurisdiction Eau Claire County will be offered comprehensive follow-up services that are provided at a blood lead level greater than or equal to 5mcg/dL.	January 2024 - December 2024	\$8,960	\$8,960	\$9,712
Immunization - To support the efforts of increasing the vaccination rates of the children residing in Eau Claire County who turn 24 months of age during the contract year with complete 4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hepatitis B, 1 Varicella and 4 Pneumococcal Conjugate (PCV) vaccination by their second birthday.	January 2024 - December 2024	\$20,614	\$23,745	\$27,483
WI Well Women Program - Eau Claire will serve as the regional WI Well Women Coordinator for 8 counties: Eau Claire, Chippewa, Dunn, Jackson, Pepin, Pierce, Trempealeau and St. Croix. Wisconsin Well Woman Program (WWWP) provides preventive health screening services to women with little or no health insurance coverage. Staff provide outreach, education, and case management.	July 2024 - June 2025	\$69,083	\$71,835	\$69,083
BIOT Focus A Planning (PHEP) Preparedness - ECCCHD will work to enhance and improve public health emergency preparedness and response in Eau Claire County.	July 2024 - June 2025	\$53,463	\$53,463	\$53,463
Tobacco Prevention and Control Program + WI WINS. The Eau Claire County Alliance for Substance Abuse Prevention Coalition will integrate tobacco prevention and control initiatives into an existing coalition and to focus on decreasing tobacco-related disparities. This will be done through engagement and collaboration among the populations impacted by tobacco-related disparities and organization and agencies that work with these populations (\$50,000). This funding also includes WI Wins tobacco compliance checks activities (\$4,350).	July 2024 - June 2025	\$54,466	\$54,466	\$54,312
Medical Reserve Corps (MRC) - Grant supports outreach and training activities for volunteers for public health emergency events.	July 2024 - June 2025	\$5,000	\$5,000	\$5,000
Women, Infants, and Children (WIC) - Administration of the WIC program that provides supplemental foods, health care referrals, and nutrition education for low-income pregnant, breastfeeding, and non-breastfeeding postpartum women, and to infants and children up to age five who are found to be at nutritional risk.	January 2024 - December 2024	\$356,879	\$399,675	\$382,922
WIC Farmers Market - The WIC Farmers' Market Nutrition Program (FMNP) is utilized by WIC staff as they administer the FMNP Program, provide education to WIC families as well as train local farmers so they can accept WIC benefits.	January 2024 - December 2024	\$4,690	\$4,690	\$4,691
WIC Peer Counseling - Supports the Certified Breastfeeding Peer Counselor to reach women with relevant breastfeeding information and support through the WIC Project.	January 2024 - December 2024	\$29,560	\$29,560	\$27,020
SNAP Nutritional Ed Grant - WIC staff will provide the Fit Families Program to two-four year old low-income children and their families enrolled in WIC and will provide education & coaching on healthy eating habits and active lifestyles.	October 2024 - September 2025	\$18,960	\$18,960	\$16,960
Title X Services, Reproductive Health - Provide clinical, capacity building and infrastructure for the family planning clinic to provide women and men of reproductive age contraceptive, reproductive health, and/or early intervention care through the agency's family planning and reproductive health clinic services in Eau Claire City-County. Additionally, supports Advanced Practice Nurse Practitioner services regionally in Dunn, Eau Claire, Pepin, Pierce and St. Croix Counties.	April 2024 - March 2025	\$229,000	\$229,000	\$416,809

Program/Description	2024 Budget Period	2024 Contract Amount	2023 Contract Amount	2022 Contract Amount
HIV Prevention - ECCCHD will serve as the regional HIV Partner Services provider for 14 counties: Eau Claire, Washburn, St. Croix, Rusk, Pepin, Polk, Pierce, Dunn, Douglas, Clark, Burnett, Bayfield, Barron, and Chippewa. This is a contract to assure the expertise and capacity for HIV prevention and partner services is available in the region for this type of service.	January 2024 - December 2024	\$35,258	\$35,258	\$35,258
TB Dispensary - The primary purpose of the ongoing agreement is to ensure that all persons in Wisconsin with suspect or confirmed tuberculosis infection or disease have access to appropriate evaluation, treatment and monitoring, regardless of insurance availability and therefore decrease the potential spread to others.	July 2024 - June 2025	Fee for Service	Fee for Service	Fee for Service
Communicable Disease Control & Prevention - Funding to be used for communicable disease response, specifically disease surveillance, contact tracing, staff development and training, improving communication among health care professionals, outreach, and other infectious control measures.	July 2024 - June 2025	\$7,000	\$7,090	\$7,000
Overdose Fatality Reviews - The grant is meant to build on existing partnerships & initiatives to implement a comprehensive, statewide strategy to improve the collective response to overdose deaths through the development, implementation, and enhancement of Overdose Fatality Reviews around the State of Wisconsin. This is a dual county grant shared with Dunn County.	September 2024 - August 2025	\$30,000	\$35,000	\$52,757
WIC Interpreter - Reimbursement of interpreter staff time to provide interpreter services for WIC specific appointments.	January 2024 - December 2024	Reimbursement	Reimbursement	Reimbursement
Sexual Violence Prevention and Education - To reduce the incidence of relationship violence and decrease pregnancy and STIs in Eau Claire County's adolescent population with evidenced based curriculum and collaborative programming.	February 2024 - January 2025	\$90,000	\$90,000	\$90,000
Western Wisconsin Public Health Readiness Consortium (WWPHRC) - WWPHRC consists of twenty local public health agencies and two tribal health agencies. This includes Ashland, Barron, Buffalo, Burnett, Chippewa, Clark, Douglas, Dunn, Eau Claire, Jackson, Monroe, Pepin, Pierce, Polk, Rusk, Sawyer, St. Croix, Taylor, Trempealeau, and Washburn, along with Bad River and St. Croix tribal health agencies. WWPHRC provides core expertise to prepare for and respond to public health incidents and events, infectious disease outbreaks, and other public health threats.	July 2024 - June 2025	\$300,869	\$310,501	\$275,869
ARPA COVID Recovery - Funds will be utilized to support strategic plan implementation, succession planning, and continued COVID-19 response and recovery.	March 2021 - December 2024	2021 Carried Forward	2021 Carried Forward	2021 Carried Forward
WI Women's Health Block Grant - General purpose revenue to provide comprehensive women's health family planning services to men, women and adolescents including, STD testing, treating and retesting, contraceptive management; including fertility awareness based methods, annual visits, reproductive life planning, pregnancy testing and education and cytology and counseling for adolescents that includes sexual risk avoidance.	January 2024 - December 2024	\$43,782	\$34,780	\$35,890
WI Pregnancy Outreach to Low-Income Women - Outreach to low-income pregnant women to ensure the provision of comprehensive women's health family planning services.	January 2024 - December 2024	\$6,328	\$6,308	\$6,033
Papanicolaou/Colposcopic (PAP/COLP) Services - Funding to support provision and expansion of colposcopic examinations and Papanicolaou tests.	July 2024 - June 2025	\$8,683	\$8,683	\$8,683
MCH Equity - One time funding to develop a system for ongoing data sharing and action to support MCH equity systems change in Eau Claire. Funding will support partners to do this work with additional funding to support individual and organizational engagement as well as technical expertise.	January 2023 - June 2024	2023 Carried Forward	\$465,000	\$0
Wisconsin Tuberculosis (TB) Treatment Assistance Program (WTBTAP) - Assists with the treatment of clients with active TB disease or latent tuberculosis infection (LTBI) by providing funding to purchase treatment assistance aids that will support and encourage clients to complete therapy.	January 2024 - December 2024	Reimbursement	Reimbursement	N/A
Qualitative Data - One time funding to support and build local public health department capacity related to qualitative data collection, analysis, and sharing. Additionally, this opportunity looks to focus on decision making processes that will support and improve health outcomes for communities experiencing the disproportionate impact of health inequities.	June 2022 - May 2024	2023 Carried Forward	\$30,851	\$0
Public Health Vending Machine - One time funding for the purchase of Narcan® nasal spray and fentanyl test strips for the vending machine for one year, including materials needed to package items for placement in the machine and for printing resource and promotional materials.	July 2023 - June 2024	2023 Carried Forward	\$45,000	\$0

Program/Description	2024 Budget Period	2024 Contract Amount	2023 Contract Amount	2022 Contract Amount
Mpox Response - One time funding to support mpox prevention and response activities such as vaccination, community engagement, education, and outreach activities. These funds will strengthen the ECCCHD capacity to increase vaccine accessibility, demand, and uptake among the populations most impacted.	February 2023 - June 2024	2023 Carried Forward	\$90,000	\$0
Medical Reserve Corps (MRC) State, Territory and Tribal Nations, Representative Organizations for Next Generation (STTRONG) Grant - One time funding to continue to advance and revitalize Eau Claire County MRC unit capacities supporting local public health emergency preparedness and response initiatives across Eau Claire County.	September 2023 - June 2024	2023 Carried Forward	\$25,000	N/A
Environmental Health Capacity Public Water Systems - One time funding to implement targeted projects to address drinking water hazards impacting small and very small public water systems. ECCCHD's project, entitled "Public Water Quality Viewer," will involve creating and maintaining an online dashboard showing drinking water quality data for Small Public Water Systems.	October 2023 - May 2025	\$10,000	\$0	\$0
Environmental Health Capacity Housing Hazards - One time funding to implement new or expanded interventions to address housing-related environmental health hazards in their jurisdictions. Utilizing our Eau Claire Housing Survey within the City of Eau Claire, homes with identified foundation defects (cracks, crevices, poor repair) will be targeted to receive information on radon risks and source entry.	October 2023 - May 2025	\$10,000	\$0	\$0

Fact Sheet – 1/24/2024 Board of Health Meeting

Agenda Item 4.c

Wisconsin Well Woman Program Donation and Fund Balance Designated Account

The Wisconsin Well Woman Program (WWWP) is a program that pays for specified screenings, diagnostic tests, and patient education related to breast and cervical cancer for eligible woman. Eligibility standards focus on women aged 40-64 years, who have no or limited health insurance benefits and meet income guidelines (at or below 250% of federal poverty level). Women ages 35-44 years with certain symptoms may also qualify for breast screenings. Since July 1, 2015, the Eau Claire City-County Health Department has been contracted by the State to be a multi-jurisdiction coordinating agency for 8 counties: Eau Claire, Chippewa, Dunn, Jackson, Pepin, Pierce, St. Croix, and Trempealeau with some State funding for this outreach and case management/coordination role (\$69,083).

Throughout the month of October, which is Breast Cancer Awareness Month, the Milwaukee Burger Company located in Hudson invited us to participate in their annual “Burgers For Boobs” program. This partnership has been ongoing for a number of years. Anni Vitriago and Gina Holt were onsite at the restaurant the evening of October 18th to greet people and remind them that October is Breast Cancer Awareness month. People were also invited to play a game to win a small WWWP gift and to take a WWWP flyer. Milwaukee Burger Company contributed a percentage of their proceeds during the event to the WWWP Program for the counties that the Health Department serves. The Hudson Milwaukee Burger Company also teamed up with one of their beverage distributors to contribute a donation for each beverage sold in the month of October. The total contributed to the Eau Claire based WWWP was an impressive \$9,100. This money will be divided into three main allocations: Supporting Staffing Expenses (25%), Current and Future Program Service Expenses for Clients (25%), and Marketing and Outreach Material. (50%). The Current and Future Program Service expenses are to assist with client costs that are not always met by the program – transportation, for example. As client needs may change year to year, and the amount that we receive in donations is not consistent, we intend to open a fund balance account so that unspent dollars may be carried over year to year if needed.

Budget Implications: Donation of \$9,100 to be used for WWWP services and outreach will be added to the 2024 budget. 50% of the donated dollars will be spent on outreach activities, 25% will be spent on direct client costs with any unspent 2024 amounts placed into a designated fund balance account for future client needs, and 25% will be used for WWWP staff salary for the additional work related to outreach and client services. Currently, the WWWP grant does not cover the full amount of salary required for staffing costs and this will replace tax levy that is currently supplementing the program.

Staff Recommendations: Accept the \$9100 donation from the Hudson Milwaukee Burger Company AND designate a specific Fund Balance account for donations for WWWP client services.

Board of Health Meeting-01/24/2024

Agenda Item 4.d

Vaccines for Adult Grant

The Eau Claire City County Health Department (ECCCHD) will be awarded a one-time grant from the Wisconsin Immunization Program to be used for Vaccine for Adult (VFA) services. The VFA program no longer allows for billing an administration fee when administering state-supplied vaccine as part of that program. This modification was made due to perceived barriers to persons seeking immunization services at VFA-enrolled sites. This grant plans to help offset the cost of staffing and other activities related to being a VFA provider. VFA providers are able to provide certain vaccines to those without insurance, or to those whose insurance does not cover the cost of vaccines.

In 2023, the ECCCHD administered 332 doses of vaccine to VFA eligible clients. Data from the 2020 United States Census reported that in Eau Claire County, approximately 6% of adults under the age of 65 did not have health insurance. The ECCCHD and the Chippewa Valley Free Clinic are the only VFA providers in Eau Claire County. The ECCCHD not only holds several monthly onsite clinics to provide VFA services to the community but supports periodic clinics at sites like The Community Table, Sojourner House, and the Eau Claire County Jail. Our immunization program plans to use the grant funding to supplement funds for staffing clinic time, coordination of clinics, and data entry.

The ECCCHD will be awarded \$2000 to support efforts as a VFA provider in Eau Claire County. The grant funds can be used between June 1, 2023, and June 30, 2024. The ECCCHD will utilize these funds for staffing time from time of receipt of one-time grant money (approximately February 1, 2024) through June 30, 2024.

Budget Implications:

\$2000 to supplement staff time and fringe benefits while supporting VFA provider related activities.

Staff Recommendations:

Accept grant funding.

Prepared by Jacqueline Krumenauer & Christina Writz, Communicable Disease Division

Board of Health Meeting- 1/24/24

Agenda Item 4.e

State Opioid Response (SOR) Prevention Funding

The ECCCHD in partnership with the Eau Claire Health Alliance Substance Misuse Action Team, has been awarded \$11,485 to support public awareness and community education related to opioid and stimulant drug trends in Eau Claire County and harm reduction education through the State Opioid Response Prevention Project. The funds also will support the purchase of an evidence-based substance use prevention curriculum for Augusta schools.

For this funding mechanism, substance misuse prevention coalitions across the state were eligible to apply for funding to support strategies to reduce the impact of opioids & stimulants. In Eau Claire County misuse of prescription drugs and use of illegal drugs (marijuana, heroin, methamphetamine, and others) has been identified as a top health priority in the 2021 Eau Claire County Community Health Assessment.

The Eau Claire Health Alliance Substance Misuse Action Team and ECCCHD staff will focus this funding on strategies in the Community Health Improvement Plan for Eau Claire County, by sharing information with community members about the risk of addiction associated with opioids and stimulants, the risk of diversion associated with the improper storage and disposal of opioids and stimulants, and the risk of overdose associated with using opioids and stimulants in ways other than prescribed. The funding will also support dissemination of information and education around the use of Naloxone and Fentanyl Test Strips to address opioid misuse and overdose.

In addition, part of this award will fund Botvin LifeSkills curriculum at Augusta Elementary and Augusta Middle Schools. Botvin LifeSkills is currently being taught to all 3rd-8th graders at Augusta, and with this funding they will have materials to continue to teach this evidence-based program next year. Botvin LifeSkills is a research-validated substance abuse prevention program proven to reduce the risks of alcohol, tobacco, drug abuse, and violence by targeting the major social and psychological factors that promote the initiation of substance use and other risky behaviors.

Budget Implication: SOR funding in the amount of \$11,485 will support staff time and materials related to opioid, methamphetamine, and harm reduction education efforts in Eau Claire County, such as printed fact sheets and information, social media, and space rental, and support the purchase of Botvin Lifeskills materials to support curriculum implementation in Augusta schools.

Staff Recommendation: Approve acceptance of the SOR funding of \$11,485 for opioid and stimulant, harm reduction across Eau Claire County, and curriculum support for Augusta school district.

Prepared by Peggy O'Halloran, Community Health Promotion Division Manager

Board of Health Meeting- 1/24/24

Agenda Item 4.f

Eau Claire County Opioid Settlement funding

The ECCCHD received \$44,170 to support half (.5 FTE) of the cost of a Public Health Specialist following a proposal to the Eau Claire County Opioid Settlement Task Force and subsequent recommendation to and approval by the Eau Claire County Board of Supervisors in December 2023.

Through September 2023, funding from grants supported the time of a Public Health Specialist with the Eau Claire City-County Health Department to coordinate distribution of harm reduction (Narcan, fentanyl test strips) and medication safety supplies (lock bags and boxes, medication deactivation kits) and to provide education and awareness related to opioid prevention through workshops and materials to help community members understand the opioid crisis and tools to help address it. Changes were made to grant programs at the Wisconsin Department of Health Services which previously supported this work. The Opioid Settlement funds will allow ECCCHD to continue to implement this program in 2024.

Budget Implication: Funding in the amount of \$44,170 will support .5 FTE of a Public Health Specialist to coordinate distribution of harm reduction and medication safety supplies and to provide education and awareness related to opioid prevention through workshops and materials. Additional funding was identified to cover the remainder of this position in 2024. This is one-time funding from the County Opioid Settlement so additional work is planned to determine long term funding strategy.

Staff Recommendation: Approve acceptance of the funding of \$44,140 for 50% of the Public Health Specialist position.

Prepared by Peggy O'Halloran, Community Health Promotion Division Manager

Fact Sheet – 01/24/2024 Board of Health Meeting**Agenda Item 4.g****Local Health Department Public Health Infrastructure Grant**

The Wisconsin Division of Public Health (DPH) applied for and received a grant from the Centers for Disease Control and Prevention (CDC) titled: *Strengthening U.S. Public Health Infrastructure, Workforce, and Data Systems grant*. This funding is meant to strengthen the public health system by providing support for core infrastructure improvements in the public health workforce (A1), capacity to implement the Foundational Capabilities (A2), and data infrastructure (A3). The Wisconsin Division of Public Health (DPH) is passing through 40% of A1 funding to local and Tribal health department (LTHD) partners as required. Attached is more information on the total Wisconsin grant award.

DPH's long-term goal is for our statewide governmental public health system to be equipped with the financial and human resources needed to provide all Foundational Capabilities (see [The Foundational Public Health Services - Public Health Accreditation Board \(phaboard.org\)](https://phaboard.org)) to every community in Wisconsin. The key expected outcomes of this funding include: (1) the hiring, retention, and training of diverse staff with improved wages and protections, ideally in positions that directly support the Foundational Capabilities; and (2) the increased capacity of public health agencies to implement the Foundational Capabilities. The funding period is December 1, 2022 through November 30, 2027. Contracts were just received by local health departments for local funding. Eau Claire City-County Health Department was allocated a total of \$291,614 for the five year grant period.

ECCCHD intends to utilize these funds to support the identified CDC grant objectives of:

- Retain public health staff
- Train new and existing public health staff
- Support the implementation of Foundational Capability work

This will likely include the funding of existing and potentially new positions focused on foundational capabilities, the funding of training for existing staff, and the development of resources and tools to advance foundational capabilities in our worksite. Funding is targeted to be utilized for the 2025-2027 budget years. This strategy is being undertaken by many local health departments. More details will be available as the workplan is developed.

The Foundational Public Health Services include a specific focus on health equity and are identified as part of the work of our 2023-2025 Strategic Plan.

Budget Implication:

The intention is to utilize this grant in subsequent budget periods and would be carried forward until 2025 to be utilized for staffing, training, and any necessary contracts.

Staff recommendation: Accept the PH Infrastructure grant of \$291,614

Funding Overview CDC Public Health Infrastructure Grant - Wisconsin

Wisconsin DPH has thus far been awarded \$53,506,757* across three strategy areas. The grant performance period runs from 12/1/2022 to 11/30/2027.

1. **A1 Workforce – \$43,018,968:** Funds support the recruitment, hiring, training, and retention of a well-trained and skilled public health workforce. CDC has provided this funding to DPH in full to cover all five years of the grant period. CDC required that DPH pass through a minimum of 40% of these funds to the local public health system; for Wisconsin, that include 11 federally-recognized Tribal Nations as well as all local health departments.
2. **A2 Foundational Capabilities –** These funds are intended to assess and strengthen the capacity of the public health system to provide the Foundational Capabilities, as defined by the [Foundational Public Health Services model](#). Funds are provided one year at a time and are subject to federal funding availability.
 - Year 1: **\$1,929,331**
 - Year 2: **\$3,376,295**
1. **A3 Data Modernization –** This includes 3 sub-strategies listed below:
 - **Core Data Modernization –** Funds are provided one year at a time and are subject to federal funding availability.
 - Year 1: **\$648,515**
 - Year 2: *No funds available as of 10/05/2023*
 - **Data Modernization Initiative Acceleration – \$4,634,705**
 - **Laboratory Data Exchange (LDX) – \$3,275,238**

**This \$53,506,757 is the total of three 5-year allocations and one year of each of the two annual allocations. Funding availability for A2 and A3 Core in years 2 - 5 would increase this overall total.*

Information Sheet – 01/24/2024 Board of Health Meeting**Agenda Item 4.h****Director Performance Objectives 2024**

In January the BOH determines the specific annual performance objectives for the Director/Health Officer. These are the expectations along with the more general nine (9) position descriptions requirements that the annual Director/Health Officer review is based on. In July there is typically a mid-year check in on performance and in December there is typically a formal annual review process. Attached are the draft objectives for 2024 along with the position description requirements for reference.

Elizabeth Giese - Health Department Director

DRAFT Performance Objectives - January 2024-December 2024

1. Provide leadership in the development and implementation of prioritized services and sustainable funding strategies with a specific focus on implementation of the 2023-2025 Strategic Plan.
2. Implement strategies to continue to strengthen relationships with key government appointed and elected officials in the City of Eau Claire, other ECC municipalities, and Eau Claire County.
3. Provide leadership for local and regional efforts focused on provision of foundational public health services/capabilities and state mandates.
4. Provide leadership related to public health policy at a local and state level.
5. Provide leadership for ECCCHD national public health re-accreditation process completion.
6. Support successful onboarding, orientation, and engagement of Board of Health members – new MD, relatively new RN, new County Board representative.

Performance Evaluation – Ongoing Position Description requirements

1. Performance Objectives (see above)

Accomplishes current performance objectives established by BOH.

2. Policy Facilitation and Execution

Informs BOH of public health, personnel or organizational matters effecting Eau Claire City-County Health Department (ECCCHD), suggesting need for or change in policy.

Offers workable alternatives to the BOH for changes in policy, codes and ordinances.

Timely implements BOH actions in accordance with the intent of the BOH.

3. Strategic Planning and Implementation

Initiates and provides leadership in overall process of strategic planning.

Demonstrates the ability to effectively communicate relevant elements of strategic plan to staff and stakeholders.

Demonstrates flexibility in adjusting operational priorities to assist all divisions in meeting strategic goals.

Demonstrates knowledge of best practices in public health performance standards and incorporates these best practices into ECCCHD operations.

Provides BOH with periodic updates on strategic plan implementation.

Exhibits technical knowledge and competencies required of public health leaders.

Responsive to significant changes impacting ECCCHD or community.

Anticipates problems and develops effective approaches to solving them.

Effectively prioritizes goals and leads ECCCHD through any related changes.

Uses quality management tools and teams to continuously improve ECCCHD work processes.

5. Fiscal Management Skills

Develops and submits an annual budget to provide services at the level determined by the BOH.

Monitors operating expenditures and provides periodic reports to BOH.

Communicates and interprets budget and financial information in a clear and timely fashion.

Applies sound business management and accounting principles in controlling, monitoring, safeguarding and allocating resources consistent with the needs and goals of the ECCCHD.

6. People Management Skills

Conducts professional relationships and activities fairly, honestly, and legally.

Fosters ethical behavior throughout the organization through personal example, management practices and training.

Delegates authority and responsibility, not just tasks.

Demonstrates sound judgment and decision-making in the handling of personnel actions.

Interactions and decisions contribute to staff feeling valued and gives credit to others when appropriate.

Fosters an environment that encourages open communication and continuous learning.

Assigns accountability, coordinates efforts, and oversees follow through to ensure results are achieved.

7. Communication Skills

Demonstrates concise, clear, and understandable written and verbal communication targeted to audience.

Demonstrates ability to effectively persuade or influence others.

Promotes ECCCHD goals, achievements and requirements to appropriate people in the community and government, representing both the interests of the ECCCHD and the community.

8. Regulatory Enforcement

Responds to public health emergencies and initiates corrective actions and responses pursuant to federal, state and local laws, statutes and external communications.

Sees to the timely and fair enforcement of local, state and federal codes and ordinances within the ECCCHD purview.

9. Community Relationships

Develops and maintains effective working relationships with peers and leaders throughout city/county/state government and community.

Demonstrates availability, responsiveness, and approachability in dealings with general public, media, government and community officials.

Builds alliances with community partners to promote and achieve essential services of public health.

Fact Sheet – 01/24/2024 Board of Health Meeting**Agenda Item 4.i****Health Department Plans and BOH oversight**

The ECCCHD Board of Health is the policy body responsible for oversight of the health department. The authority for the BOH is named in state statute, state administrative rule, and local ordinance. Additionally, the national accrediting agency for local health departments, PHAB, describes expectations for the local governing body. The work of the BOH happens primarily during monthly BOH meetings with both business agenda items (policy decisions) and informational agenda items (awareness, feedback, direction). There are many plans and official documents that guide health department efforts. Some of these we have historically brought to the BOH for review and approval, some we have brought just for occasional review and discussion, some we have brought for more regular updates. Over time the department has realized that there would be value in having a guidance document approved by the BOH that delineates their expectations related to which plans/documents they need to review and approve as business items, and which are informational only and delegated for review and approval to the Director/Health officer.

Attached for your consideration is a draft of a cataloguing of these plans/documents and a proposal for the process and action of the BOH for each. The goal would be to have less uncertainty about which documents are shared, when they are shared, and how they are brought to the BOH. The overall intention is for the BOH to be well informed and impacting key policy and practice plans/documents.

Budget Implications: Nothing noted.

Staff Recommendation: Approve draft attached as a starting point with annual review to determine if meeting the intentions/needs of the BOH.

Eau Claire City-County Health Department Plans/Policy documents - BOH oversight/review

Document	Purpose/requirement	Date	Approval	Review
BOH ordinances	Any local BOH ordinances s.251.04(3)	As needed	BOH Business item

Drafted 01/17/2023

Board of Health Meeting 1/24/24

Agenda Item 5.a

Eau Claire City-County Health Department Report to the Board of Health

Respiratory Update

Influenza, RSV, and COVID-19 activity are circulating widely. Influenza-like illness activity is at a high level across Wisconsin and most of the United States. As of 1/8/2023, 80 cases of COVID-19-associated hospitalizations, 16 cases of RSV-associated hospitalizations, and 22 cases of influenza-associated hospitalizations in EC County residents have been reported. ECCCHD continues to encourage community members to get vaccinated. This the first year vaccines are available for all 3 of these illnesses.

County Groundwater Model (Update from Aug 2023)

As last updated in August, Eau Claire County had applied to the US Army Corps of Engineers (USACE) to consider a county-wide groundwater flow model. However, this application was surprisingly not selected. The USACE received an overwhelming number of applications during this process and elected to prioritize projects from areas with 100% environmental justice communities. While Eau Claire County contains environmental justice-eligible areas, it is not a 100% environmental justice community. Therefore, the county was not awarded assistance for the flow model. The USACE staff have provided other options that would be available to Eau Claire County to continue moving forward with this project. The remaining options would most likely require a greater local financial commitment than the original approach. These options will be considered by the Eau Claire County Groundwater Advisory Committee at their January 2024 meeting.

UWEC Beyond Biology Class Discussion Panel

On December 7th, one of our lab team members participated in a class discussion panel with UWEC's Beyond Biology class. This discussion included 2 other panelists and allowed an opportunity for students to hear about possible careers in science & personal perspectives of various career paths. This was a new collaboration for our team to participate in and was a valuable discussion for upcoming graduates.

PFAS Assistance

Late in 2023, our laboratory team was made aware of an elevated PFAS/PFOS result within Eau Claire County. The team followed up with nearby homeowners to help educate them on public health guidance, laboratory & testing options, and potential next steps. Our chemist, Anna Hilger, assisted interested homeowners in their process of PFAS sampling through on-site well water collection, shipping facilitation, and coordination with the testing laboratory. These homeowners were grateful for the support they received in this process. The team is prepared to conduct additional consultation with these and other homeowners in the area pending the test results.

American Phoenix Community Noise Update

As discussed in previous updates, American Phoenix, Inc. (API) took several steps in the past year to reduce the amount of noise extending from their facility into surrounding neighborhoods. Investigations performed in late-summer suggested a significant improvement in nearby neighborhoods. Field measurements and discussions with residents have revealed that these improvements have continued despite the loss of buffering vegetation since late-fall. Public health faculty and students recently finalized a technical report demonstrating the noise reduction that has been achieved at various noise sources. This report also reiterated ECCCHD's earlier findings about the limited areas near Banbury place where noise from API had been significantly contributing to the overall noise measurements in the community.

AODA prevention curriculum for schools

CHP staff applied for and were awarded a small grant to fund Botvin LifeSkills curriculum materials for Augusta Elementary and Augusta Middle Schools. Botvin LifeSkills is currently being taught to all 3rd-8th graders at Augusta, and with this funding they will have materials needed to continue to teach this evidence-based program next year. Botvin LifeSkills is a research-validated substance abuse prevention program proven to reduce the risks of alcohol, tobacco, drug abuse, and violence by targeting the major social and psychological factors that promote the initiation of substance use and other risky behaviors.

Youth Vaping prevention project

As part the state’s settlement agreement with Juul Labs, the e-cigarette manufacturer, ECCCHD received funding from March 1, 2023 and December 31, 2023 to support activities that prevent use and address harm caused by e-cigarettes.

With this funding, the ECCCHD Community Health Promotion team 1) completed a retail assessment that looked at advertisements, density, and location of vaping products as well as THC and alcohol products at county retailers, 2) investigated county resources for vape disposal, and 3) created educational resources to prevent youth vaping and to support youth who already vape to quit.

The county wide educational campaign shared quit resources designed for youth, and highlighted effective prevention messages identified with youth input, including mental health and environmental messages. E-cigarette

cessation resources developed at ECCCHD for teens and young adults included the *How to Quit Vaping Workbook*, a resource designed to walk teens through the process of quitting. The team designed messages for social media (Snapchat, Instagram, and Facebook), posters and window clings for distribution at youth serving organizations and schools, and bus ads. In addition, SAFE groups at several county schools created vaping prevention and cessation videos which were shared on social media by ECCCHD and participating schools and SAFE chapters.

Safe Spaces Coalition

Alison Harder from the Community Health Promotion Division and Abby Hinz from Clinical Services worked in partnership with the Chippewa Valley LGBTQ+ Community Center to host a Safe Spaces Coalition meeting. This group hasn’t met for a few years due to the pandemic but had a great turnout with a variety of interested community partners attending. Historically, the group has focused on reducing risk factors and enhancing protective factors related to health disparities that LGBTQ+ community members face in the Chippewa Valley. At the meeting on December 13th, attendees identified interest in working on updating an existing resource guide, providing education, and creating a group to respond to and celebrate LGBTQ+ focused events. The group plans to meet quarterly to continue this work.

Opioid and overdose prevention

The Wisconsin Department of Health Services and Department of Justice completed a statewide tour in December to hear from local community leaders and partners who are working on prevention, harm reduction, treatment, and recovery support services due to the impact of opioids. Attorney General Josh Kaul and

Secretary-designee Kirsten Johnson met with public health officials, law enforcement agencies, recovery treatment organizations, and members of school-based prevention programs. The Eau Claire City-County Health Department was invited to participate in the roundtable discussion to share additional local needs related to opioids and to celebrate successes.

Attorney General Josh Kaul met with the Eau Claire County Sheriff's Office and the health department to learn more about the success of the recently installed vending in the jail lobby. The vending machine was installed in June and programmed to dispense Narcan nasal spray and fentanyl test strip kits. It is available to the community 24 hours a day, 7 days a week. Six months after its launch, the vending machine had dispensed 503 boxes of Narcan (total of 1,006 doses) and 250 fentanyl test strip kits (total of 1,250 test strips).

Board of Health Meeting 1/24 /2024

Agenda Item 5.b Strategic Plan

Attached is the 2023-2025 Strategic Plan Dashboard with detail on progress on activities. The 2023-2025 Strategic Plan was adopted by the Board at the December 2022 meeting. The adopted plan included two large goals with four strategies under each. As a reminder this plan is a 3-year strategic plan, which is a change from our previous 5-year plan. With a shorter timeframe for the plan we have fewer activities. In our current plan we have 26 activities compared to the previous plan with 120 activities. This shift was an intentional prioritization of activities that could be accomplished in the three-year timeframe.

At the end of the 2023 (quarter 4), 65% the activities are in progress. This is the same percent of activities that were in progress at the end of quarter 3 in 2023, however at the end of the fourth quarter 4% of activities have been completed. The end of 2023 was the earliest expected completion date. Many activities have not been started as some of the activities build off of each other.

Fact Sheet–Board of Health Meeting 1/24/24

Agenda Item 5.c

Eau Claire Health Alliance Update

Update on recent efforts are below. More information is available at: [Eau Claire Health Alliance \(ehealthalliance.org\)](http://ehealthalliance.org)

Recently, we've had a few changes in leadership, so we wanted to share those changes with you.

- **Coalition Leadership**
 - o **TJ Atkins** is our NEW Coalition Co-Chair, serving alongside Bruce King. TJ was recently our Mental Health Action Team Co-Chair (thank you for 4 years of leadership)! Welcome, TJ! You'll see her at our upcoming April 2024 Coalition meeting.
 - o **Bruce King** continues to lead the Coalition with TJ. (Special thanks to Bruce who recently served 5+ years as the Substance Misuse Co-Chair)
- **Action Team Leadership**
 - o **Lisa Wells** is the new Co-Chair of the Chronic Disease Prevention Action Team, serving alongside **Janessa VandenBerge**. Lisa recently served as the Coalition Co-Chair for the past two years. Special thanks to Lisa and Janessa for their leadership!
 - o **Renee Sommer** joined us as the Substance Misuse Co-Chair this fall, serving alongside **Lorraine Smith**. Welcome to Renee! And thanks to you both!
 - o **Kaila Rabideau and Emily Carlson** continue to serve as Healthy Relationship Promotion Action Co-Chairs. Thank you, both!
 - o Thanks to **Isabella Hong** for her continued leadership on the Mental Health Action Team. She was joined by **Christina Lium** in January!

Chronic Disease Prevention Action Team –

- The Chronic Disease Prevention Action Team has a new Co-Chair, Lisa Wells from the Eau Claire County Aging and Disability Resource Center. She’s been involved with the action team for several years. We’re excited to have her in the Co-Chair role!
- The action team will serve in an advisory role for two recent grants that the Health Department received, as the grant goals align well with the goals of the team.
 - i. One grant is a year-long grant that will focus on the farmers market at the Eau Claire County Government Center. The goal of the grant is to promote the farmers market to three audiences: WIC participants, low-income seniors who participate in senior farmers nutrition program and individuals who live in the Eau Claire neighborhood around the area. CDPAT will assist with educational materials and promotion of the market.
 - ii. The other grant is a one-year assessment grant from the Advancing a Healthier Wisconsin Endowment. The goal of the grant is to do a comprehensive nutrition security assessment in the City of Augusta. The action team will serve as an advisory group as the grant moves through steps of assessment, analyzing results and providing recommendations, best practices and direction for next steps.
- The action team continues to promote the evidence-based class, StrongBodies, for community members through our social media and partnerships. UW Extension offers a free virtual class, and ADRC offers a free in-person course.
- Action team promoted the “Reindeer Roundup” scavenger hunt promoted through Eau Claire Parks, Recreation and Forestry department. The goal was to get community members out and exploring the trails. Reindeer signs were hidden in 11 different sites throughout our parks.

Substance Misuse-

- Prescription Drug Take-Back Event Results: At the October 2023 Drug Take-Back event, Wisconsin led the nation for the fifth time in a row with the most medications collected for safe disposal at 53,122 pounds collected. Eau Claire County contributed over 900 pounds of medication from Take Back Day events and permanent disposal locations. Thank you to those who participated or volunteered!
- Retailer ID Check Training: On November 15th, 34 people attended an alcohol and tobacco retailer ID check training, taught in partnership with the Eau Claire City-County Health Department and the Eau Claire Police Department, and supported by the Eau Claire Health Alliance. Participants learned impacts of underage drinking and tobacco use, how to correctly read an ID, how to spot fake IDs, and how to deny sales to minors. The next training will be in April.
- The two Substance Misuse Action Team workgroups continue to meet regularly. The alcohol misuse workgroup is putting final touches on a resource guide for accessing treatment resources in Eau Claire County. The drug misuse workgroup has been doing research around knowledge and impacts of methamphetamine to help inform an educational campaign. Both workgroups will meet monthly in 2024 to continue work on CHIP goals and objectives. The Substance Misuse Action Team, which brings together the two workgroups as well as other community partners, will meet every other month in 2024. SMAT meetings will include trainings about substance misuse, partnership opportunities, and more.

Mental Health –

- The Mental Health Action Team has a new Co-Chair, Christina Lium from the Wisconsin Child Psychiatry Consultation Program. She's been involved with the action team for several years. We're excited to have her in the Co-Chair role!
- In partnership with the Substance Misuse Action Team, our team is distributing bar coasters in rural communities (~1500) with a mental health message and resource. The opposite side of the coaster has information about drinking responsibly and resources.
- Partnering with Eau Claire County SAFE students to create a social connection challenge, where students will complete a set of actions that encourage social connection in their school and communities. SAFE students who complete the challenge will be entered to win a gift card from Tactical Escape 101.
- The action team continues to work with Chippewa and Dunn counties on suicide prevention strategies.

Healthy Relationship Promotion–

- This action team has been working to update their Healthy Relationship Toolkit which is full of resources to help adults and youth with topics related to healthy relationships. Will be able to filter by resource type and topic.
- The team is also continuing healthy relationship programming- Safe Dates and HIP teens, and 3R's (all evidence-based programming).
- They are in the progress of printing and distributing 'Connect with Me conversation starter cards'. These cards are adapted with permission from versions from the Wisconsin Department of Health Services and Missouri Department of Health and Senior Services. The purpose of the cards is to help start conversations with youth (middle school age and older) about a variety of topics, including building connections, taking action, technology, relationships, development, body image, mental health, substances, growing up, tough stuff and nutrition/physical activity. By having regular conversations with youth, you can help build trust, let youth feel safe to ask questions, and later come back if they need help. Having a trusted adult helps youth build resilience.

Agenda Item 6.b

Transit Commission Email

From: Elizabeth Giese

Sent: Wednesday, December 13, 2023 1:10 PM

To: swanhorstphilip@yahoo.com; Tyler Fadness <Tyler.Fadness@EauClaireWi.Gov>

Cc: Billie Hufford <billie.hufford@eauclairewi.gov>; Cortney Sperber <Cortney.Sperber@eauclairecounty.gov>

Subject: Transit commission public input

Greetings Mr. Swanhorst –

This email is in regard to the Transit Commission discussion/decision related to the provision of fare-free passes to people experiencing homelessness in Eau Claire. Transportation is a vital resource that is important to health outcomes in our community.

Transportation is connected to people’s ability to seek and maintain jobs, find housing, and attend medical and other needed appointments. In public health we think about the “social determinants of health” – those things that contribute to whether we have opportunities to live a healthier life. Research shows that if we work to improve things like transportation we improve health outcomes.

Thank you for the work that the Transit Commission and Mr. Fadness have done to consider strategies to support more positive health and social outcomes for our population experiencing homelessness in Eau Claire.

Please let me know if you have need for any additional information that connects public transportation to health outcomes. I am happy to share that.

Thank you.
