Eau Claire PD Policy Manual

MANUAL OF POLICY, REGULATIONS AND PROCEDURES

TO: All Personnel

FROM: Matt Rokus

SUBJECT: Manual of Policy, Regulations and Procedures

It is the policy of this department that all members hold the highest regard for the dignity and liberty for all persons. The Eau Claire Police Department respects the value and sanctity of every human life.

The "Manual of Policy, Regulations and Procedures" is issued to all members of the Eau Claire Police Department.

The formulation of the manual is a continuous process in which all materials are subject to review and revision. The underlying concept of this manual is one of continued policy development, modification, and refinement.

This manual is not intended to present all of the answers. Rather, the manual provides the department with a guide to exercising police discretion. As materials are developed or revised, they will be issued to all members of the department for acceptance.

All members are responsible for familiarizing themselves with the contents, and acting in accordance with guidelines contained in the manual. No policy manual, however, could ever anticipate all of the infinite fact situations that an employee could face during the course of organizational and human affairs.

In the event that an employee reasonably and honestly believes that to follow a policy or rule in this manual would cause an illegal, unjust, or significantly inappropriate outcome, the employee may be excused from adhering to the policy or rule in question.

In the event that an employee chooses to deviate from the requirements of this manual, the burden will be on the employee to prove that the circumstances he or she faced made it unreasonable to follow policy or rules. If the employee can establish that such was the case, the employee's deviation from the policy or rule will be excused.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 POLICY

It is the policy of the Eau Claire Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.2 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Eau Claire Police Department to perform their functions based on established legal authority.

100.3 PEACE OFFICER POWERS

Officers possess the powers to preserve the peace as necessary, make arrests and enforce all local and state laws (Wis. Stat. § 59.28(1); Wis. Stat. § 62.09(13)(a)).

100.3.1 ARREST AUTHORITY WITHIN THE JURISDICTION OF THE EAU CLAIRE POLICE DEPARTMENT

The arrest authority within the jurisdiction of the Eau Claire Police Department includes (Wis. Stat. § 968.07):

- (a) When the officer has or reasonably believes that an arrest warrant has been issued in the State of Wisconsin, or a felony arrest warrant has been issued in another state.
- (b) When the officer has probable cause to believe any crime is being, or has been, committed.

100.3.2 OFF-DUTY PEACE OFFICER ARREST AUTHORITY

An off-duty officer may arrest a person outside the territorial jurisdiction of this department, but still in the state, if all of the following apply (Wis. Stat. § 175.40(6m)(a)):

- (a) The officer is responding to an emergency situation that poses a significant threat to life or of bodily harm.
- (b) The officer is taking action that would be authorized under the same circumstances within the territorial jurisdiction of this department.
- (c) The off-duty officer notifies the on-duty supervisor as soon as reasonably practicable, notifies the local law enforcement agency of the county or municipality where the arrest occurred and cooperates with that agency as necessary (Wis. Stat. § 175.40(6m)(a)).

100.4 INTRASTATE PEACE OFFICER ASSISTANCE

This department may request the assistance of law enforcement personnel or may assist other law enforcement agencies as warranted or authorized (Wis. Stat. § 59.28(2); Wis. Stat. § 66.0313(2)).

Law Enforcement Authority

During any state of emergency declared by the governor or during any training program or exercises authorized by the adjutant general, an officer, when legally engaged in traffic control, escort duty or protective service, may carry out the functions anywhere in the state but shall be subject to the direction of the adjutant general through the sheriff of the county in which an assigned function is performed (Wis. Stat. § 323.16).

100.4.1 INTRASTATE PEACE OFFICER TRIBAL ASSISTANCE

This department may not respond to a request for assistance from a tribal law enforcement agency at a location outside this jurisdiction unless one of the following applies (Wis. Stat. § 66.0313(4)):

- (a) The governing body of the tribe that created the tribal law enforcement agency adopts and has in effect a resolution that includes a statement that the tribe waives its sovereign immunity to the extent necessary to allow the enforcement in the courts of the state of Wisconsin of its liability under Wis. Stat. § 66.0313 or another resolution that the Wisconsin Department of Justice determines will reasonably allow the enforcement in the courts of the state of Wisconsin.
- (b) The tribal law enforcement agency or the tribe that created the tribal law enforcement agency maintains liability insurance that does all of the following:
 - 1. Covers the tribal law enforcement agency for its liability under law
 - 2. Has a limit of coverage not less than \$2,000,000 for any occurrence
 - 3. Provides that the insurer, in defending a claim against the policy, may not raise the defense of sovereign immunity of the insured up to the limits of the policy
- (c) This department and the tribal law enforcement agency have in place an agreement under which this department accepts liability for instances in which it responds to a request for assistance from the tribal law enforcement agency.

Additionally, the tribal law enforcement agency requesting assistance must provide to the Wisconsin Department of Justice a copy of the resolution, proof of insurance or a copy of the required agreement. The Wisconsin Department of Justice must post either a copy of the document or notice of the document on the Internet site it maintains for exchanging information with law enforcement agencies.

100.5 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended within other adjoining states:

- (a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state (Wis. Stat. § 175.46).

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or great bodily harm. Deadly force includes the intentional use of a firearm or other instrument that creates a high probability of death or great bodily harm.

De-escalation - De-escalation is a concept that involves an officer's use of time, distance, and relative positioning in combination with professional communication skills to attempt to stabilize a situation and reduce the immediacy of threat posed by an individual.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows themselves to be searched, escorted, handcuffed, or restrained.

Imminent - About to happen, impending. An imminent threat is an immediate threat.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Use of Force

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Eau Claire Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent or stop the use of unreasonable force (Wis. Stat. § 175.44).

Any officer who intervenes and/or observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations and/or intervention to a supervisor as soon as practicable after the occurrence of the use of force (Wis. Stat. § 175.44).

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.2.3 ADDITIONAL CONSIDERATIONS

The duty to intervene and report applies without regard to the chain of command.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised

Eau Claire Police Department

Eau Claire PD Policy Manual

Use of Force

device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.2 USE OF FORCE TO EFFECT AN ARREST

A law enforcement officer may use reasonable force to arrest a person or execute a warrant. Additionally, a law enforcement officer making a lawful arrest may command the aid of any person, and such person shall have the same power as that of the law enforcement officer (Wis. Stat. § 968.07; Wis. Stat. § 968.14).

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Use of Force

- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.5 ADDITIONAL REQUIREMENTS

Any use of force by an officer shall be undertaken in good faith to achieve a legitimate law enforcement objective.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) An officer may use deadly force only as a last resort when the officer reasonably believes that all other options have been exhausted or would be ineffective, and only to stop behavior that has caused or imminently threatens to cause great bodily harm or death to the officer or others.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of great bodily harm or death, and the officer reasonably believes that there is an imminent risk of great bodily harm or death

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Use of Force

to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where both practical and feasible.

However, an officer should not use deadly force against a person whose actions are a threat solely to themselves or property.

An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing great bodily harm or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 TARGET REQUIREMENTS

When an officer has determined that deadly force is necessary and all other reasonable alternatives having been precluded, the officer must fulfill certain "target requirements." These include the following:

- **TARGET ACQUISITION:** Does the officer have a target?
- **TARGET IDENTIFICATION:** Even if the target has been "acquired," the officer cannot shoot until the target has been identified as an individual placing the officer and/or others in "imminent danger", and;
- **TARGET ISOLATION:** The officer must make every reasonable effort to isolate the target from other innocent persons. An exception to the target isolation requirement arises when withholding the application of deadly force results in a greater danger than the use of deadly force itself.

300.4.3 LATERAL VASCULAR NECK RESTRAINT AND CHOKE HOLDS

The Lateral Vascular Neck Restraint (LVNR) is a technique that can be used to incapacitate individuals by restricting the flow of blood to their brain. The use of a LVNR is considered deadly force and is prohibited unless deadly force justification has been met.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Use of Force

A Choke Hold is a physical maneuver that restricts an individual's ability to breathe for the purpose of incapacitation. The use of a Choke Hold is considered deadly force and is prohibited unless deadly force justification has been met.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of Oleoresin Capsicum Spray, Electronic Control Device, Passive Countermeasure or Protective Alternative.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 REPORTING TO WISCONSIN DEPARTMENT OF JUSTICE

Statistical data regarding all qualifying use of force incidents is to be reported to the Wisconsin Department of Justice as required by Wis. Stat. § 165.845. For the purposes of this section, a qualifying use of force incident means any incident (Wis. Stat. § 165.845):

- (a) Involving the discharge of a firearm by an officer at or in the direction of a civilian.
- (b) Involving the discharge of a firearm by a civilian at or in the direction of an officer.
- (c) Involving any action taken by an officer in response to an act of resistance that results in great bodily harm or death (Wis. Stat. § 939.22).
- (d) Involving an act of resistance taken by a civilian against an officer that results in great bodily harm or death.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor shall respond to a reported application of force resulting in injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Use of Force

2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.

300.7.1 USE OF FORCE REVIEW

As soon as practical, the assigned direct supervisor will review every use of force where any Oleoresin Capsicum (OC) spray, Electronic Control Device, Passive Countermeasure or Protective Alternative was used by an officer. The review will include reading the report, reviewing all available audio and/or video recordings.

300.8 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure that this policy (Wis. Stat. § 66.0511):

- (a) Is made available free of charge within three business days of the request.
- (b) Is publicly available on the department website and updated promptly upon amendment.

300.9 TRAINING

All sworn personnel are required to attend Unified Tactics training once per quarter. The Chief of Police or his/her designee can exempt any personnel from attending all or some of these sessions at his/her discretion.

Officers will receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.9.1 ADDITIONAL TRAINING REQUIREMENTS

Officers shall also receive annual training related legal updates.

The Department adopts the Defensive and Arrest Tactics (DAAT) training system per the Wisconsin LESB. Officers shall also be trained on the DAAT system.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Eau Claire Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Eau Claire Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or great bodily harm to another, that employee will be placed in a temporary administrative assignment or administrative leave pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in a special assignment in any case.

301.4 REVIEW BOARD

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Professional Standards Bureau Lieutenant will convene the Use of Force Review Board no less than quarterly to review every use of force where any Oleoresin Capsicum (OC) spray, Electronic Control Device or Protective Alternative was used. The Professional Standards Bureau Lieutenant will assign members of the Review Board to collect all relevant reports, documents and materials available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Professional Standards Bureau Lieutenant should select four Use of Force Review Board members from the following, as appropriate:

- A member of supervision
- A supervisor on the Force Options Team
- A supervisor on the firearms training program
- A supervisor on the Crisis Intervention Team

The Professional Standards Bureau Lieutenant will serve as chairperson.

Use of Force Review Boards

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct a review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review and call persons to present information.

The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Eau Claire Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Eau Claire Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

Handcuffing and Restraints

302.3.3 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed.

and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) a supervisor should be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and attempt to not allow him/her to lay on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Handcuffing and Restraints

- (d) The restrained person should be monitored by an officer while in the leg restraint. The officer should attempt to ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.7.2 DRUG-INDUCED EXTREME AGITATION AND VIOLENT IRRATIONAL BEHAVIOR

Drug-induced extreme agitation is usually brought on by stimulant drug abuse or non-compliance with psychiatric medications. A person experiencing drug-induced extreme agitation is in a life threatening state and urgently requires medical attention. A drug-Induced state of extremely agitated behavior can be recognized by some of the following:

- Extreme paranoia, delusions of persecution and hallucination
- Incoherent yelling and screaming
- Aggression toward objects, especially glass, and other people
- Disrobing, running and hiding
- Extreme physical strength and violent resistance
- Hyperthermia, causing profuse sweating

These behaviors can be caused by large amounts of adrenalin and other chemicals having been released into the body. The effect of these chemicals on the human body is to constrict the blood vessels in the heart and brain, during a time of high oxygen demand. The risk of sudden death (restraint asphyxiation) increases, especially when the subject is restrained in a prone position.

Officers should differentiate between someone exhibiting purely criminal behavior and those having a behavioral illness with criminal features. The following procedures are for control of individuals displaying behavior consistent with drug-induced extreme agitation.

- Call for medical assistance immediately.
- Then gain control quickly with reasonable force. Be aware that prolonged physical confrontations increase the risk of sudden death.
- Once controlled and restrained, place the individual in a seated position that will allow them to breathe freely. **AVOID PLACING THEM IN A PRONE POSITION.** Closely monitor for medical needs, repeating efforts to calm the subject with conversation. A sign of medical emergency may exist if the subject becomes quiet.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Handcuffing and Restraints

- Feet may be secured together for safety reasons. Feet will NOT be secured to the hands, a position commonly referred to as hog-tying.
- A subject that appears to be suffering from drug-induced extreme agitation should be transported to the closest emergency room by fire ambulance.
- Ambulance personnel should be advised of the nature of the case and observations of the subject's behavior.
- Ambulance personnel will determine treatment. An officer will ride in the ambulance to assist with safety of those involved if requested.
- A complete report detailing use of force and all other relevant information will be completed.

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Eau Claire Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 ARMORER RESPONSIBILITIES

The less lethal coordinator shall control the inventory of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the less lethal coordinator or the designated instructor for a particular control device.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the respective coordinator for disposition.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys, and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of great bodily harm or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 GAS GUIDELINES

Gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the shift supervisor, Incident Commander or Tactical Response Team Commander may authorize the delivery and use of gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of great bodily harm or death to the officer or others.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Control Devices and Techniques

- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of great bodily harm or death to the officer or others.

303.9.3 SAFETY PROCEDURES

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The less lethal coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Control Devices and Techniques

- (b) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Electronic Control Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of electronic control devices (ECDs).

304.2 POLICY

The ECD is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING ECDS

Only members who have successfully completed department-approved training may be issued and may carry the ECD.

The Training Technician and ECD Coordinator should keep a log of ECDs issued to members.

Officers shall only use the ECD and cartridges/magazine that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the ECD shall wear the device in an approved holster. Non-Uniformed officers may secure the ECD on their belt with an approved holster.

Officers who carry the ECD while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All ECDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) Officers should not hold a firearm and the ECD at the same time.

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued ECD is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

ECDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the ECD Coordinator for disposition. Officers shall submit documentation stating the reason for the return and how the ECD or cartridge/magazine was damaged or became inoperative, if known.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the ECD should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the ECD may be deployed.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Electronic Control Device

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the laser in a further attempt to gain compliance prior to the application of the ECD. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the ECD in the related report.

304.5 USE OF THE ECD

The ECD has limitations and restrictions requiring consideration before its use. The ECD should only be used when its operator can safely deploy the device within its operational range. Although the ECD may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying an ECD may be considered for officer safety.

304.5.1 APPLICATION OF THE ECD

The ECD may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the ECD to apprehend an individual.

The ECD shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the ECD on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Electronic Control Device

- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any ECD capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE ECD

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands, other options or tactics may be more effective.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the ECD. As soon as practicable, officers shall notify a supervisor of any time the ECD has been discharged. The cartridge and probes should be collected and thrown away in appropriate refuse areas.

304.5.6 DANGEROUS ANIMALS

The ECD may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

304.6.1 REPORTS

The officer should include the following in the arrest/crime report:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Electronic Control Device

- (a) Identification of all personnel firing ECDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the ECD may be used. A supervisor should respond to all incidents where the ECD was activated.

A supervisor should review each incident where a person has been exposed to an ECD.

304.8 TRAINING

Personnel who are authorized to carry the ECD shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the ECD as a part of their assignments for a period of six months or more shall be recertified by a qualified ECD instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued ECDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Taser Coordinator. All training and proficiency for ECDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive ECD training as appropriate for the investigations they conduct and review.

Officers who do not carry ECDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The ECD Coordinator is responsible for ensuring that all members who carry ECDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of ECDs during training could result in injuries and should not be mandatory for certification.

The ECD Coordinator should include the following training:

- (a) A review of this policy
- (b) A review of the Use of Force Policy
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin
- (e) Scenario-based training, including virtual reality training when available

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action or omission of an officer while on-duty or off-duty but performing activities that are within the scope of the officer's duties (Wis. Stat. § 175.47).

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.3 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.3.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Eau Claire Police Department would control the investigation if the suspect's crime occurred in the City of Eau Claire.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

305.3.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Officer-Involved Shootings and Deaths

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.3.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.4 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.4.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved ECPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.4.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved ECPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any ECPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Commander and Communications Center. If feasible, sensitive information should be communicated over secure networks.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Officer-Involved Shootings and Deaths

- (d) Take command of and secure the incident scene with additional ECPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved ECPD officer should be given an administrative order not to discuss the incident with other involved officers or ECPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.4.3 SHIFT COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Deputy Chief.

All outside inquiries about the incident shall be directed to the Shift Commander. All media inquiries should be directed to the Shift Commander until that responsibility can be delegated to the Public Information Officer.

305.4.4 NOTIFICATIONS

The following persons shall be notified:

Mandatory notifications:

- Chief of Police
- Deputy Chief of the Patrol Division
- Deputy Chief of the Investigations and Professional Standards Division
- Lieutenant of Professional Standards Bureau
- Director of Administration
- Director of Communications Center
- Chief of Police Assistant

Other notifications to consider:

- Use of Force Coordinator
- Outside agency investigators (if appropriate)
- City Risk Manager
- Psychological/peer support personnel
- Chaplain
- Records technician

Officer-Involved Shootings and Deaths

- Medical Examiner (if necessary)
- Officer representative (if requested)

305.4.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated (Wis. Stat. § 164.02(1)(b)).
 1. Involved ECPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-ECPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives will be privileged only as to the discussion of non-criminal information.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

If any involved ECPD officer's personally purchased equipment is seized as evidence related to the criminal investigation, consideration will be made to replace this equipment at department expense.

Each involved ECPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Commander to make schedule adjustments to accommodate such leave.

305.4.6 FAMILY NOTIFICATION

The Shift Commander or the authorized designee shall ensure that each involved officer is afforded the opportunity to make a timely notification to their family regarding the incident and report their general health.

The Shift Commander or the authorized designee shall follow department procedures in making timely notification to the officer's family when the officer is seriously injured or killed.

Communication of information concerning an officer and the incident should be restricted to secure networks.

305.5 CRIMINAL INVESTIGATION

In the event of an officer involved death the Eau Claire Police Department will request a team of outside agency investigators, from an agency that does not employ an officer involved in the death being investigated, to investigate the officer's actions relating to the death. One agency will be appointed the lead investigative agency by the Chief of Police or his/her designee.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Officer-Involved Shootings and Deaths

If the officer-involved death being investigated is traffic-related, the investigation must include the use of a crash reconstruction unit from a law enforcement agency separate from ECPD (Wis. Stat. § 175.47(3)(b)).

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) Supervisory personnel should not participate directly in any voluntary interview of ECPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.
- (e) An Eau Claire Police Department supervisor will be assigned as a liaison to the investigators from the lead investigating agency.

The Deputy Chief of the Investigations and Professional Standards Division should assign investigators from the Eau Claire Police Department to investigate the suspect's actions.

305.5.1 REPORTS BY INVOLVED ECPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved ECPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved ECPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved ECPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Officer-Involved Shootings and Deaths

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.5.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.5.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the lead investigating agency and may be assigned to separately handle the investigation of any related crimes not being investigated by the lead investigating agency..

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Deputy Chief.

305.6 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved ECPD officers to

determine conformance with department policy. This investigation will be conducted under the supervision of the Deputy Chief of the Investigations and Professional Standards Division or his/her designee.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death shall be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer or a court order, such samples shall not be submitted for analysis. At the conclusion of the investigation of the death, the sample may be destroyed if a court approves.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview (Wis. Stat. § 164.02(1)(b)). However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 4. The officer shall be informed of the nature of the investigation. (Wis. Stat. § 164.02(1) (a)). If an officer refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 5. The Supervisor shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 6. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.7 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the Chief of Police or his/her designee.

305.9 SUPPORT FOR INVOLVED OFFICERS

Following an officer-involved shooting or death, the Eau Claire Police Department shall provide resources for emotional and psychological support. The Deputy Chief of the Patrol Division or his/her designee shall make arrangements for the following:

305.9.1 LICENSED COUNSELOR

A licensed counselor shall be provided by the department to each involved ECPD officer. A licensed counselor may also be provided to any other affected ECPD members, upon request.

- (a) Interviews with a licensed counselor will be considered privileged.
- (a) An interview or session with a licensed counselor may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed counselor prior to providing a formal interview or report.
- (a) Prior to returning to full duty, any involved officer shall meet with a licensed counselor.
- (a) A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (a) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

305.9.2 INTERVIEWS WITH LICENSED COUNSELOR

ECPD members, involved in an officer-involved shooting or death, shall attend an interview or session with a licensed counselor. Follow up interviews or sessions shall occur at three, six, nine and twelve months post incident. Additional interviews or sessions may occur at any time.

305.9.3 PEER SUPPORT TEAM

The Peer Support Team Coordinator will be contacted. The Peer Support Team Coordinator will determine the appropriate team member(s) to contact the involved officer(s). The Peer Support Team Coordinator and the involved of Peer Support Team member(s) shall be separated from any operational and investigative function related to the incident.

305.9.4 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing shall occur as soon as practicable. The Deputy Chief is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Bureau personnel.

305.9.5 TACTICAL DEBRIEFING

A tactical debriefing should be considered to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.10 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Commander, Investigations Deputy Chief, Director of Administration and Public Information Officer in the event of inquiries from the media.

No involved ECPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Deputy Chief.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.11 REPORTING

When an officer's action results in, or is alleged to have resulted in, injury or the death of an individual, occurs in the Eau Claire Police Department jurisdiction, and qualifies to be reported to the Wisconsin Department of Justice, the Patrol Division will ensure that the Director of Administration is provided with enough information to meet the reporting requirements (Wis. Stat. § 165.845(2)).

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.2 AUTHORIZED FIREARMS

No duty firearms will be carried that have not been thoroughly inspected by a firearms instructor during a transition training. Except in an emergency or as directed by a supervisor, no duty firearm shall be carried by a member who has not demonstrated proficiency in the use of that firearm at an authorized department range.

The following firearms are approved for on-duty use by patrol officers and detectives of this department:

- Department issued Glock 9MM Luger Model #19 & #45
- DPMS and Sig Sauer .223 rifle

The Tactical Response Team is authorized to utilize other specialty weapons associated with their team. These weapons must be approved by the Tactical Team Coordinator.

Other weapons will be authorized on case by case basis as necessary for undercover or plain clothes operations.

306.3 RIFLES

- Rifles, transported in police vehicles, shall be secured in the mounting brackets provided, with actions in the squad ready position, chamber empty, and the safety on. An exemption is granted to members of the Tactical Response Team if they are conducting a training session or are on a call-out, except that the safety should be kept on.
- Officers using vehicles equipped with locking front seat mounting brackets shall be responsible for ensuring that the rifle in their vehicle is serviceable and loaded properly.
- Rifles may be removed from police vehicles and a round chambered only when an officer reasonably believes the potential for the authorized use of deadly force exists.
- Rifles, transported outside of police vehicles within a department facility, shall be unloaded, with the action open and the safety on.

306.4 AUTHORIZED AMMUNITION AND OTHER WEAPONS

All other weapons not provided by the Department, including, but not limited to, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not

covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Deputy Chief. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

306.4.1 AUTHORIZED SECONDARY HANDGUN

Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

- (a) The handgun shall be in good working order.
- (b) Only one secondary handgun may be carried at a time.
- (c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.
- (f) Members must demonstrate proficiency and safe handling, and that the handgun functions properly.
- (g) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the firearms committee who shall maintain a list of the information.

306.4.2 AMMUNITION

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by a member of the firearms committee when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

306.5 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.5.1 HOLSTERS

Only department-approved holsters shall be used and worn by member while on duty. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun. Off duty carry systems should also be inspected periodically

by the employee to ensure they are serviceable and provide proper security and retention of the handgun.

306.6 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the firearms instructor. Members shall not dry fire or practice quick draws except under firearms instructor supervision.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
- (d) Rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot in a safe manner with the muzzle pointed in a safe direction.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Armorer approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Armorer will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.6.1 STORAGE AT HOME

Members shall ensure that all firearms and ammunition under their control are stored in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability ((Wis. Stat. § 948.55).

306.6.2 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment (Wis. Stat. § 941.20(1)(b); Wis. Stat. § 941.20(1)(bm)).

306.7 FIREARMS TRAINING AND QUALIFICATIONS

Each member who carries a firearm while on-duty must demonstrate proficiency in the use of the department-authorized firearm before being approved to carry and/or use the firearm. In addition to training, all members will qualify at least annually with their duty firearms and shall meet or exceed the standards set by the Wisconsin Law Enforcement Standards Board (Wis. Stat. § 165.85). Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.7.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status, or scheduling conflict, that member shall submit a memorandum to the member's immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action. Successful remediation must occur before resuming official duties.

306.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Deputy Chief or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.8.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Firearms

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, electronic control device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

306.8.2 INJURED ANIMALS

A member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.8.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots should not be used.

306.9 OUTDOOR RANGE FACILITY

- The outdoor range is located on land owned by the City of Eau Claire. Unauthorized use of this facility or its property is prohibited.
- The Eau Claire Police Department outdoor firearms training facility may be utilized for firearms training by any authorized person. Use of this facility for any other purpose must have prior approval of the Chief of Police or City Manager.

- The outdoor firearms range can be utilized seven days a week from 0600hrs to 2300 hrs.
- Any time that firearms are being discharged at the outdoor range, two persons shall be present. A phone is available in the event of an emergency. The second person present must be of sufficient age to contact the communications center in the event of such an emergency. The appropriate emergency numbers are located above the telephone.
- Members, agents, officers, representatives, employees or invitees are NOT to take part in, or are allowed to fire or handle ANY weapons, or partake in the operation/maintenance of the range, in any form, if that individual is impaired due to alcohol (with a blood alcohol concentration in excess of .00 percent), drugs, or other reason that would create an unsafe environment.

306.9.2 SAFETY REQUIREMENTS

- It is required that all persons in close proximity to the outside firearms range firing line, wear ear and eye protection, and body armor. Protective equipment will be available at the range.

- All persons present at the outdoor firearms range are subject to the Eau Claire Police Department Firearms Policy.

306.10 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Firearms

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Eau Claire Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Eau Claire Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Eau Claire Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.11 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Eau Claire identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.

- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law (Wis. Stat. § 346.03(6); Wis. Admin. Code § LES 3.07).

Another purpose of this policy is to minimize the potential for pursuit-related crashes. Vehicle pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

307.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.2 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Channelization - Not itself a technique that induces a fleeing driver to stop; it is used to divert a driver to a preferred location. That location might be one that is less populated or less traveled, or it might be one more conducive to a forcible stop.

Moving roadblock (boxing-in) - A tactic that may be appropriate in low-speed pursuits, and can also be used for intoxicated drivers and disoriented drivers who fail to stop at the request of law enforcement.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

Pursuit Intervention Technique (PIT) - A controlled contact between a patrol unit and the pursued vehicle at low speeds, intended to cause the operator of the pursued vehicle to lose control of their vehicle.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblock with escape route - The placement of vehicles or other objects on the roadway to impede or alter the normal flow of traffic. In a roadblock with an escape route, the roadway is either not completely blocked or an alternate escape route is provided. The intention is to provide a show of force to convince the suspect that escape is impossible and induce the operator to give up.

Roadblock with no escape route - A technique in which the roadway is completely blocked, and no alternate route is provided. If the suspect does not voluntarily stop, they will crash, with great potential for injury to the suspect and others in the area.

Tire-deflation devices - Spiked strips or sticks that are put down on the roadway to deflate the tires of any vehicle running over them. The tires lose air, making continued travel difficult or impossible.

Vehicle pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as increasing the speed of the vehicle, extinguishing the lights of the vehicle, disregarding traffic warning signs, stop signs, or red lights, driving off a roadway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop (Wis. Stat. § 85.07(8)(a)).

307.3 OFFICER RESPONSIBILITIES

It is the policy of this department that a vehicle pursuit shall be conducted with the visible signal of at least one flashing, oscillating or rotating red light, or a blue and red light, and also an audible signal by means of a siren or exhaust whistle activated on an authorized emergency vehicle (Wis. Stat. § 346.03(3)).

The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway (Wis. Stat. § 346.03(5)).

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer (Wis. Stat. § 346.03; Wis. Admin. Code § LES 3.07(1)(a)).

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit (Wis. Stat. § 346.03(6)):

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (f) The pursuing officer's familiarity with the area of the pursuit, the quality of communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as aircraft assistance.
- (l) The police unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape (Wis. Admin. Code § LES 3.07(1)(c)).

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of reckless disregard for the safety of others (Wis. Stat. § 346.03(5)).

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean to discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuit vehicle has an emergency equipment failure that causes the vehicle to no longer qualify for use in emergency operations (Wis. Stat. § 346.03(3)).
- (e) Extended pursuits of violators for misdemeanors not involving abuse or risk of serious harm (independent of the pursuit) are discouraged.
- (f) The hazards to uninvolved bystanders or motorists.
- (g) When the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time (Wis. Stat. § 346.175(3)(a)).
- (h) When directed to terminate the pursuit by a supervisor.
- (i) When it is necessary to stop to render aid to an injured person and no other officer is available to do so (Wis. Admin. Code § LES 3.07(1)(c)(5)).

307.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Vehicle speeds shall be taken into consideration to prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle (Wis. Stat. § 346.03(6)).

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit.

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

307.4 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor). However, the number of units involved will vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit whenever practicable.

307.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with a red or blue emergency light and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws.

307.4.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify Communications Center, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information including, but not limited to:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.
- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) The identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Eau Claire Police Department

Vehicle Pursuits

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

307.4.3 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

307.4.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Officers may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation (Wis. Stat. § 346.03(2)(a)).
- (c) Because intersections can present increased risks, the following tactics should be considered:
 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 2. Pursuing units shall exercise due caution and slow down as may be necessary for safe operation when proceeding through controlled intersections.
- (d) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 1. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 2. Requesting other units to observe exits available to the suspect.
 3. Requesting assistance from an available air unit.
- (e) Notifying the Wisconsin State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

- (f) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved officers.

307.4.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Officers not involved in the pursuit should ready themselves for possible involvement in the pursuit by placement of stop sticks if the pursuit comes through their area.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road unless they are needed at the termination point for officer safety reasons. If officer safety concerns are present the officers can respond in emergency mode.

The primary unit, secondary unit and supervisor should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

307.4.6 PURSUIT TRAILING

In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

307.4.7 STEPS TO TERMINATE A PURSUIT

Termination of a pursuit needs to include all of the following:

- (a) Pull off to the side of the road and come to a complete stop.
- (b) Communications center will be advised of the termination of the pursuit.
- (c) The specific location of the termination point will be given to the communications center.
- (d) All emergency equipment will be turned off unless safety considerations dictate otherwise.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notifying involved officers and Communications Center of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft assistance is requested, if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage ECPD units when a pursuit enters another jurisdiction.
- (j) Preparing a post-pursuit critique and analysis of the pursuit for training purposes.

307.5.1 SHIFT COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the shift supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The shift supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The shift supervisor shall review all pertinent reports for content and forward them to the Deputy Chief.

307.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.6.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Communications Center will be responsible for:

- (a) Coordinating pursuit communications of the involved units and personnel.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

- (b) Notifying and coordinating with other involved or affected agencies as practicable.
- (c) Ensuring that a field supervisor is notified of the pursuit.
- (d) Assigning an incident number and logging all pursuit activities.
- (e) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (f) Notifying the shift supervisor as soon as practicable.

307.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Eau Claire Police Department officers will discontinue the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Eau Claire Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. A supervisor should coordinate with the agency managing the termination point to determine the supervisor's need to respond or otherwise assist in the investigation. The supervisor should obtain any information that is necessary for inclusion in any reports from the agency managing the termination point.

The role and responsibilities of officers at the termination of a pursuit that was initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) Ability to maintain the pursuit
- (b) Circumstances serious enough to continue the pursuit
- (c) Adequate staffing to continue the pursuit
- (d) The public's safety within this jurisdiction
- (e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Shift Commander should review a request for assistance from another agency. The Shift Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by officers of this department will terminate at the City limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall notify the initiating agency of the termination of the pursuit, provide appropriate assistance to peace officers from the initiating and other involved agencies including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology. Induce-to-stop techniques are intended to induce, but not force, the fleeing driver to stop. These are techniques that make it difficult for a driver to continue to flee, but not entirely impossible. The techniques include:

- (a) Tire-deflation devices.
- (b) Channelization.
- (c) Moving roadblocks (boxing-in).
- (d) Roadblock with escape route.
- (e) Pursuit Intervention Technique (PIT).

Any force-to-stop technique is considered deadly force, and justification for an officer's use of deadly force is behavior that presents an imminent threat of death or great bodily harm to officers or

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Vehicle Pursuits

others. Force-to-stop techniques give the driver only two options, surrender or crash. As a result, the courts consider force-to-stop techniques to be an application of deadly force. The techniques include:

- (a) Roadblock with no escape route.
- (b) Ramming.

307.8.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor with the exception of controlled tire deflation devices. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with local and state regulations (Wis. Stat. § 85.07(8)(b)).

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) The supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining available information, the on-duty field supervisor shall promptly complete a Professional Standards Bureau's Log or interoffice memorandum, briefly summarizing the pursuit to the EVOG coordinator or the authorized designee. This memo should minimally contain the following information:
 - 1. Date and time of pursuit
 - 2. Length of pursuit in distance and time

3. Involved units and officers
 4. Initial reason and circumstances surrounding the pursuit
 5. Starting and termination points
 6. Alleged offense, charges filed or disposition: arrest, citation or other release
 7. Arrestee information should be provided if applicable
 8. Injuries and/or property damage
 9. Medical treatment
 10. The outcome of the pursuit
 11. Name of supervisor handling or at the scene
 12. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted
- (d) After receiving copies of reports, logs and other pertinent information, the EVOC coordinator or the authorized designee shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.
- (e) At least annually, but no later than June 30th of every even-numbered year, the EVOC coordinator or the authorized designee shall direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance, policy modification and training needs (Wis. Stat. § 346.03(6)).
- (f) The field supervisor who monitored the pursuit shall compile and report information on vehicle pursuits engaged in during the previous 12 months to the Wisconsin State Patrol/Department of Transportation via WisDOJ WILENET system's Law Enforcement Pursuit Report. The report shall be filed the same day as the pursuit. (Wis. Stat. § 85.07(8)(b)):
1. The circumstances of the vehicle pursuit, including the distance, location and maximum speed.
 2. The reasons for initiating the vehicle pursuit.
 3. The outcome of the vehicle pursuit, including the number of deaths or great bodily injuries and an estimate of the value of any property damage.

307.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all certified sworn employees will participate, no less than biennially, in at least four hours of training addressing this policy, pursuit guidelines, driving techniques, new technology and the importance of vehicle safety and protecting the public at all times. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others. At least four

hours of the training curriculum will be based on the model standards promulgated by the Law Enforcement Standards Board (LESB) and shall be delivered by a LESB-certified Emergency Vehicle Operations and Control (EVOC) instructor (Wis. Stat. § 165.85; Wis. Admin. Code § LES 3.07(4)). For purposes of LESB reporting obligations, the time period for annual training begins July 1st, and ends June 30th.

307.9.2 POLICY REVIEW

Certified members of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments (Wis. Stat. § 346.03(6)).

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations whether dispatched or self-initiated (Wis. Stat. § 346.03(6)).

308.2 RESPONSE TO CALLS

When possible officers responding to any call shall proceed immediately. Officers responding to an emergency as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (Wis. Stat. § 346.03).

Responding with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and property and does not protect the driver from the consequences of his/her reckless disregard for the safety of others. The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the Wisconsin motor vehicle laws (Wis. Stat. § 346.03(5)).

Officers should only respond to a call as an emergency response when circumstances reasonably indicate an emergency response is required. Officers not responding as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 RESPONSIBILITIES OF THE RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

During a call involving an emergency response, after giving a visual and audible siren or exhaust whistle, officers may (Wis. Stat. § 346.03):

- (a) Disregard regulations governing stopping, parking or standing when using a red or red and blue flashing, oscillating or rotating light.
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Communications Center. An officer shall also discontinue an emergency response when directed by a supervisor.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Officer Response to Calls

The first officer arriving at an emergency response scene should, whenever possible, determine whether to increase or reduce the level of the response and notify Communications Center of their determination. Any subsequent change in the appropriate response level should be communicated to Communications Center by the officer in charge of the scene unless a supervisor assumes this responsibility.

308.3.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding officers or the public. In the following circumstances, officers may exceed the speed limit without giving a visual and audible signal if (Wis. Stat. § 346.03(4)):

- (a) The officer is obtaining evidence of a speed violation.
- (b) The officer is responding to a call which the officer reasonably believes involves a felony in progress and the officer reasonably believes that knowledge of the officer's presence may:
 - 1. Endanger the safety of a victim or other person, or
 - 2. Cause the suspected violator to evade apprehension, or
 - 3. Cause the suspected violator to destroy evidence of a suspected felony or may otherwise result in the loss of evidence of a suspected felony, or
 - 4. Cause the suspected violator to cease the commission of a suspected felony before the officer obtains sufficient evidence to establish grounds for arrest.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (Wis. Stat. § 346.03(5)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

308.3.2 NON-COMMISSIONED MEMBERS OF THE DEPARTMENT

Non commissioned members of the department may operate Police Department vehicles only as authorized by the Chief of Police. Although non commissioned members of the department shall, for the protection of the public, operate the emergency lights of a police vehicle if it becomes necessary to stop, stand or park contrary to the rules of the road (e.g., to protect persons and vehicles at an accident scene or at the location of a traffic hazard until an officer's arrival), they are never authorized to operate the vehicle's emergency lights and/or siren to exceed the speed limit, to operate contrary to regulations governing direction of movement, or turning, or to pass through a stop sign or signal.

308.4 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Officer Response to Calls

public is threatened with serious injury or death and an immediate law enforcement response is needed. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Confirm the location from which the unit is responding.
- (c) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (d) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (e) Control all radio communication during the emergency and coordinate assistance under the direction of the supervisor.

308.5 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to continue an emergency response, the supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer should terminate the emergency response and continue accordingly.

The officer shall notify their supervisor and Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Eau Claire Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 CANINE COORDINATOR

The canine unit coordinator shall be appointed by the staff and shall supervise the canine program. The canine unit coordinator is directly responsible to the Patrol Deputy Chief. The canine unit coordinator shall be responsible for, but not limited to:

- (a) Ensure all handlers complete the assigned basic training program.
- (b) Review canine officer's monthly reports and maintain records of same (4-3203.1(e))
- (c) Be responsible for all records on the canine program, i.e., selection, handler training, monthly evaluation, activities, arrests and apprehension. These records should be on file and available for inspection.
- (d) Ensure required maintenance training is conducted.
- (e) Act as liaison to department supervisors and personnel for the canine unit. Liaison duties would consist of apprising departmental personnel of the activities and capabilities of the unit as well as seeking input for improvement of canine services to the department.
- (f) Assign public relations duties.
- (g) Conduct required kennel and vehicle inspections.

309.4 REQUESTS FOR CANINE TEAMS

Personnel within the Department are encouraged to freely solicit the use of the canines. Requests for a canine team from outside of the Patrol Division shall go through the canine unit coordinator, shift supervisor, or the Deputy Chief of Patrol.

309.4.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Canines

- (c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.4.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine handler is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers should not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.4.3 EMPLOYEE CONDUCT

- (a) No members of the department will touch, handle or pet the police canine unless given permission by the handler.
- (b) Personnel shall not tease, agitate, or harass the police canine.
- (c) Members of the department shall refrain from horseplay with other personnel or the handler when the police canine is present. Do not make aggressive gestures towards the handler.
- (d) If a working canine (for example, an actively tracking, scenting, or apprehending canine) approaches an employee, the employee should stand still.

309.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Canines

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should listen for any

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Canines

verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.5.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

A canine is not subject to quarantine if the canine is immunized against rabies. However, after a bite, the canine must be made available for examination at any reasonable time. The handler shall notify the local health department if the dog exhibits any abnormal behavior (Wis. Stat. § 95.21).

309.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Canines

- (c) Throughout the deployment the handler should periodically give verbal announcements to encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.6.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.6.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.6.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

309.7 HANDLER RESPONSIBILITIES

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.10.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.

Domestic Abuse

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic abuse through vigorous enforcement and to address domestic abuse as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic abuse.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders issued by a court related to domestic abuse, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Eau Claire Police Department's response to incidents of domestic abuse and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic abuse is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic abuse cases puts officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise reasonable care for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic abuse cases:

- (a) Calls of reported, threatened, imminent or on-going domestic abuse and the violation of any court order are of extreme importance and should be considered among the highest response priorities.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.

Domestic Abuse

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to recontact the police department in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information about the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. The actual or perceived characteristics of race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, social group, or professional position of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.

Eau Claire Police Department

- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic abuse information handout, even if the incident may not rise to the level of crime.
 1. Providing information regarding the availability of shelters and services and notice of legal rights is mandatory when there is reasonable grounds to believe that a person is a domestic abuse victim (Wis. Stat. § 968.075).
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

310.6 DISPATCH ASSISTANCE

All calls of domestic abuse, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

Domestic Abuse

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic abuse cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 LEGAL MANDATES AND RELEVANT LAWS

Wisconsin law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic abuse report should consider the following:

- (a) Officers with reasonable grounds to believe a person is committing or has committed within the last 28 days an act of domestic abuse that constitutes a crime shall arrest the person because any of the following apply (Wis. Stat. § 968.075(2)):
 1. There is a reasonable basis for believing that continued domestic abuse against the alleged victim is likely.
 2. There is evidence of physical injury to the alleged victim.
 3. The involved person subject to arrest was a predominant aggressor
- (b) In the event two adults may be arrested for an act of domestic abuse against each other, the investigating officer should only arrest the predominant aggressor. The

officer shall consider all of the following in identifying the predominant aggressor (Wis. Stat. § 968.075):

1. The history of domestic abuse between the parties, if it can be reasonably ascertained by the officer, and any information provided by witnesses regarding that history
 2. Statements made by witnesses
 3. The relative degree of injury inflicted on the parties
 4. The extent to which each person present appears to fear any party
 5. Whether any party is threatening or has threatened future harm against another party or another family or household member
 6. Whether either party acted in self-defense or in defense of any other person under the circumstances described in Wis. Stat. § 939.48
- (c) An officer shall not issue a citation to a person arrested for domestic abuse under Wis. Stat. § 968.075 (Wis. Stat. § 968.085). Also, an officer shall not release a person who was legally arrested for domestic abuse until the person posts bail under Wis. Stat. § 969.07 or appears before a judge (Wis. Stat. § 968.075).
- (d) An officer with probable cause to believe that a person has violated a court order in violation of Wis. Stat. § 813.12 or a foreign court order as provided in Wis. Stat. § 813.128 shall arrest and take the person into custody (Wis. Stat. § 813.12(7); Wis. Stat. § 813.128).
1. If an officer reasonably determines that a valid foreign protection order exists but cannot be enforced because the person has not been notified or served with the order, the officer should make reasonable efforts to inform the person of the order, serve the order upon the person and allow the respondent a reasonable opportunity to comply before arresting the person (Wis. Stat. § 813.128).
- (e) An officer shall arrest and take a person into custody if the officer has reasonable grounds to believe that the person has been advised of the 72-hour contact prohibition under Wis. Stat. § 968.075(5) and the person violated the contact prohibition.

310.9.2 REPORTS AND RECORDS

An officer who does not make an arrest when the officer has reasonable grounds to believe a person has committed an act of domestic abuse shall include a statement in the written report indicating why the person was not arrested. The officer will ensure the report is sent to the appropriate prosecutor immediately after the investigation has been completed (Wis. Stat. § 968.075(4)).

310.9.3 DOMESTIC ABUSE CONTACT PROHIBITIONS NOTICE

Unless there is a signed waiver by an alleged victim, any employee of the Eau Claire Police Department releasing a person arrested for domestic abuse shall inform the arrested person orally and in writing of the contact prohibition requirements of Wis. Stat. § 968.075, the consequences of violating the requirements, and the provisions of Wis. Stat. § 939.621 (increased penalty for violating the contact prohibition). The arrested person shall sign an acknowledgment on the

written notice that the person has received notice of, and understands the requirements, the consequences of violating the requirements, and the provisions of Wis. Stat. § 939.621. If the arrested person refuses to sign the notice, the person shall not be released from custody (Wis. Stat. § 968.075).

310.10 OFFICER-INVOLVED DOMESTIC ABUSE INCIDENTS

The Department is committed to addressing domestic abuse by members.

310.10.1 INCIDENT RESPONSE

Calls reporting domestic abuse that may involve a department member will be processed in the same manner as similar incidents not involving department members.

The Shift Commander should be notified immediately of any reports of domestic abuse involving members of the Department.

Officers responding to or investigating an incident involving a member of this department should ensure that a supervisor has been notified.

310.10.2 FIREARMS

Officer-involved domestic abuse may require a determination be made regarding the continued possession of firearms by the involved department member. The supervisor at the scene of the incident is responsible for:

- (a) Informing the Shift Commander of the nature of the alleged offense. The Shift Commander may order the member to surrender the department-issued weapons, identification, and badge pending related administrative and/or criminal decisions.
- (b) Overseeing the seizure of any other firearms or dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence (see the Search and Seizure Policy). Members restricted by law or court order from possessing a firearm and/or ammunition shall not be allowed to work or be in areas where actual or constructive possession of firearms and/or ammunition is possible.

Members who are subject to firearm and ammunition restrictions shall ensure all firearms and ammunition are immediately removed from their residence, department locker, and any other location they would have actual or constructive possession of firearms. The Department shall store issued firearms and equipment and may, at the member's request, store personally owned firearms for safekeeping.

310.10.3 VICTIM SAFETY AND PROTECTION MEASURES

The Chief of Police or the authorized designee should assign a department contact person for the victim as soon as practicable. Consideration should be given to selecting a contact person at least one rank higher than the suspect member, and who is someone other than the assigned investigator. Consideration may also be given to the victim's preference of contact person.

Domestic Abuse

As soon as practicable after being assigned, the contact person should contact the victim to assist with safety concerns, protection measures, victim services information, and other pertinent information (e.g., related department protocols, applicable laws, confidentiality policies).

310.10.4 PREVENTION

The Chief's Staff Deputy Chief should develop a prevention plan that includes:

- (a) Reviewing hiring criteria.
- (b) Outreach to victim advocacy groups.
- (c) Support services such as an employee assistance program, chaplain/clergy, and referrals for counseling services.
- (d) Education about behaviors that may be indicators of potential domestic abuse.
 - 1. This should include training on early intervention measures.

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the United States and the Wisconsin Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Eau Claire Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Eau Claire Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law as well as local community standards and prosecutorial considerations to specific search and seizure situations as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions to the rule that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances
- Statutory authority

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that may not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Additional exceptions may include:

- Pat-down weapon searches (i.e., stop and frisk with reasonable suspicion to fear for own or others' safety).
- Crime scenes (i.e., protective sweep).
- Inventory searches (seized vehicle or other property). See the Vehicle Towing and Release Policy and the Custodial Searches Policy.

Search and Seizure

- Plain view, plain touch, and plain smell searches.
- Open field searches.
- Search of a vehicle (moveable vehicle exception).
- Emergency aid.
- Other authorized situations derived from state or federal constitutions, case law, or local/state statute (e.g., licensed premises inspections).

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and member's familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor or other available resource to resolve questions regarding search and seizure issues prior to electing a course of action.

311.3.1 CONSENT SEARCH

An officer may seek verbal or written consent from a person whom the officer reasonably believes has express or implied authority to voluntarily consent to a search of a person, thing, or place. The person who initially gave consent may withdraw it at any time. If this occurs, officers must secure the scene and seek a search warrant.

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Search and Seizure

- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search including a description of any property or contraband seized
- If the person searched is of the opposite sex, any efforts used to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

311.5.1 PAROLE AND PROBATION SEARCHES

Any member conducting a search of an individual on parole or probation under the following conditions shall ensure the search is reported to the Department of Corrections:

- (a) Released under risk reduction sentence (Wis. Stat. § 302.043(4))
- (b) Released to extended supervision under the challenge incarceration program, (Wis. Stat. § 302.045(3m)(e))
- (c) Released after completing substance abuse program (Wis. Stat. § 302.05(3)(c)(4))
- (d) Mandatory release parole (Wis. Stat. § 302.11(6m))
- (e) Released to extended supervision for felony offenders not serving life sentences (Wis. Stat. § 302.113(7r))
- (f) Released to extended supervision for felony offenders serving life sentences (Wis. Stat. § 302.114(8g))
- (g) Special action parole release (Wis. Stat. § 304.02(2m))
- (h) Paroles from state prisons and house of correction (Wis. Stat. § 304.06(1r))
- (i) Probation for a felony (Wis. Stat. § 973.09(1d))

311.6 JUVENILE SEARCHES

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Eau Claire Police Department (34 USC § 11133).

This policy does not apply to secure detention facilities, the juvenile portion of a county jail, or municipal lockups certified to hold juveniles, but rather applies to the temporary custody of a juvenile before a juvenile is released, delivered to an intake worker, or delivered to any of these other facilities.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare or any child 9 years of age or younger. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 10 years of age to 16 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or an offense related to alcohol possession. It also includes an offense under Wis. Stat. § 948.60 where the juvenile possessed a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

315.5 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the appropriate county department or licensed child welfare agency. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the appropriate county department or licensed child welfare agency intake worker (Wis. Stat. § 48.981).

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisor.

320.2 POLICY

The continued employment or appointment of every member of the Eau Claire Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.2.1 LAWFUL ORDERS

Employees shall comply with lawful directives and orders from any supervisor or person in a position of authority absent a reasonable and bona fide justification.

An employee who believes any written or verbal order to be unlawful or in conflict with another order shall:

- (a) Immediately inform the supervisor issuing the order, the employee's immediate supervisor or their Lieutenant of the conflict or error of the order.
- (b) Provide details explaining the grounds for the belief of the conflict or error of the order.
- (c) Request clarification, guidance and direction regarding following the order.
- (d) Request the order in writing should the conflict or error be unresolved.
- (e) Respectfully inform the supervisor if he/she intends to disobey what he/she reasonably believes to be an unlawful order.

An employee's election to disobey an order he/she believes to be unlawful is not a bar to discipline should the order be determined as lawful.

320.3 DUTY TO OBEY LAWFUL ORDERS

Members are required to obey any lawful order of a superior, including any order relayed from a superior by a member of the same or lesser rank.

320.3.1 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

320.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Wisconsin constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Report writing is the subject of substantial formalized and on-the-job training.

322.1.1 REPORT PREPARATION

Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. Generally, reports requiring prompt follow-up action on active leads or arrest reports where the suspect remains in custody should not be delayed.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

323.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Deputy Chiefs, Shift Commanders and designated Public Information Officers may prepare and release information to the media in accordance with this policy and applicable laws regarding confidentiality.

323.2.1 MEDIA REQUEST

All requests for a TFR should be routed through the Shift Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Mutual Aid and Outside Agency Assistance

325.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

325.2 MUTUAL AID AGREEMENTS

The Department may, at the discretion of the Chief of Police, enter into a mutual aid agreement with a law enforcement agency of a physically adjacent state. An agreement may authorize the following (Wis. Stat. § 175.46):

- (a) Law enforcement officers from another agency may act with some or all of the arrest and other police authority of an officer of this department (Wis. Stat. § 175.46(2)).
- (b) Law enforcement officers from another agency may only enforce those laws or make arrests for violations that are similar to the types of laws that he/she is authorized to enforce violations for which he/she is authorized to make in his/her home jurisdiction (Wis. Stat. § 175.46(4)).

Any mutual aid agreement shall be written and may be on an individual case-by-case basis or may be a continuing agreement until terminated by either agency. At least 30 days prior to entering into a mutual aid agreement, this department shall submit a copy of the proposed agreement to the Wisconsin Department of Justice (WisDOJ) for review and comment. It is not necessary to have the consent of WisDOJ to enter into a mutual aid agreement. This department may revise the proposed agreement without having to resubmit the proposed agreement to WisDOJ (Wis. Stat. § 175.46(3); Wis. Stat. § 175.46(8)).

325.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Commander's office or an on-duty supervisor for approval. In some instances, a memorandum of understanding (MOU) or other established protocol may exist that eliminates the need for approval of individual requests (Wis. Stat. § 66.0313; Wis. Stat. § 175.46).

When another law enforcement agency requests assistance from this department, the Shift Commander may authorize, if available, an appropriate number of personnel to assist.

Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances,

and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

325.3.1 MUTUAL AID AGREEMENTS

The Department may, at the discretion of the Chief of Police, enter into a mutual aid agreement with a law enforcement agency of a physically adjacent state. An agreement may authorize the following (Wis. Stat. § 175.46):

- (a) Law enforcement officers from another agency may act with some or all of the arrest and other police authority of an officer of this department (Wis. Stat. § 175.46(2)).
- (b) Law enforcement officers from another agency may enforce and make arrests for violations of only those laws that are similar to the types of laws they are authorized to enforce and make arrests for violations of in their home jurisdiction (Wis. Stat. § 175.46(4)).

Any mutual aid agreement should be written and may be on an individual case-by-case basis or may be a continuing agreement until terminated by either agency. At least 30 days prior to entering into a mutual aid agreement, this department shall submit a copy of the initial proposed agreement to the Wisconsin Department of Justice (WisDOJ) for review and comment. (Wis. Stat. § 175.46(3); Wis. Stat. § 175.46(8)).

325.3.2 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Eau Claire Police Department should notify the local law enforcement agency of the county or municipality where the violation occurs, cooperate with that agency as necessary, and notify his/her supervisor or the Shift Commander and Communications Center as soon as reasonably practicable (Wis. Stat. § 175.40(6)(d)). This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

325.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

325.4.1 ON DUTY RESPONSIBILITIES

1. If practical, all reasonable attempts shall be made by Eau Claire police officers to contact the other law enforcement agency, in said jurisdiction, and report what is being done or has been witnessed. If it is determined by the Eau Claire police officer that immediate intervention is necessary to protect life or prevent great bodily harm, or to act when it appears that a felony is

being committed, the Eau Claire police officer may arrest a person, or provide aid or assistance anywhere in the State of Wisconsin, provided criteria are met.

2. Eau Claire police officers are discouraged from acting outside of their jurisdiction when not in uniform and without marked police vehicles. This includes any plain-clothes assignment. Any action shall be taken only after the officer properly identifies himself or herself as a police officer unless it would place the Eau Claire police officer or another person in jeopardy.

3. An Eau Claire police officer who acts under authority of the law or this policy shall, as soon as practical and without delay, notify the on-duty shift commander of the Eau Claire Police Department of his/her actions, providing all pertinent information. This information shall be documented on an incident report and a copy of this report forwarded to a Deputy Chief and the Chief of Police.

4. After review, a copy of the incident report shall be forwarded to the law enforcement agency in whose jurisdiction the incident occurred or action was taken.

325.5 CRITICAL INCIDENT MUTUAL AID

State, regional or county agencies may be summoned to assist and coordinate emergency services such as natural disasters, civil unrest, large crime scenes or accidents and hazardous or chemical spills. The Incident Commander, in cooperation with other agencies, is charged with making an immediate appraisal of the situation and its potential. Responders should:

- Establish scene management and control.
- Detect the presence of dangerous conditions or hazardous materials.
- Begin identification of dangerous conditions or hazardous materials (may use the most current Emergency Response Guidebook published by the U.S. Department of Transportation).
- Isolate the incident and identify zones of danger and activity.
- Contain the incident without risking unnecessary exposure.
- Perform firefighting, rescue, emergency medical and other critical life-saving response activities in accordance with the City Emergency Operations Plan.
- Begin evacuation or direct in-place sheltering.
- Consider personal protection/decontamination.
- Contact the local Wisconsin state dispatch center and request support if it occurs on any federal, state or county highway located outside of this department's jurisdiction.
- Seek additional resources if the event exceeds, or is expected to exceed, the capability of local resources, including mutual aid and state or federal assistance. When requesting local, state or federal assistance, this department should clarify whether it is requesting assistance only or complete scene management.

Firearm Injury Reporting

327.1 PURPOSE AND SCOPE

Investigation of cases involving firearm injuries is important to the State of Wisconsin and the safety of the public. Some causes of firearm injuries may not be readily apparent and some cases differ substantially from what they appeared to be initially. The Department takes firearm injury investigations seriously and therefore employees must conduct thorough and complete investigations.

327.2 INVESTIGATION

All bullet wounds, gunshot wounds, powder burns or any other injury or death resulting from the discharge of any firearm shall be thoroughly investigated by this department upon receipt of any report made pursuant to Wis. Stat. § 29.341 and Wis. Stat. § 29.345 or that otherwise is reported to the Department.

Information or reports received from health care professionals shall also be investigated, but the identity of the reporter shall remain confidential as allowed by law (Wis. Stat. § 255.40).

Employees investigating firearm injuries shall contact a supervisor as soon as reasonably possible to determine if further guidance or additional resources are necessary.

All reports or investigations under this section shall be forwarded by the Records Section to the appropriate county or state agency as required.

Death Investigation

328.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

Death investigations shall be conducted pursuant to Wis. Stat. Chapter 979.

328.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Medical Examiner, a Deputy Medical Examiner or an appointed Medical Examiner Investigator. A supervisor shall be notified in all death investigations.

328.2.1 MEDICAL EXAMINER REQUEST

The Medical Examiner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes, including but not limited to the following (Wis. Stat. § 979.01):

Examiner, the investigating officer shall first obtain verbal consent from the Medical Examiner when practicable.

An officer shall make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for a record of anatomical gift or other information identifying the individual as a donor or as an individual who made a refusal (Wis. Stat. § 157.06(12)). If a donor document is located, the Medical Examiner shall be promptly notified. If a donor record of gift or gift refusal is located, and the individual is transported to a hospital, the person responsible for conducting the search shall send the donor record of gift or gift refusal to the hospital.

Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Medical Examiner, a receipt shall be obtained. This receipt shall be attached to the death report.

328.2.3 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the local Medical Examiner may be requested to make the notification. The Medical Examiner should be advised if notification has been made. Assigned investigators may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

328.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner will issue an incident number for the report.

328.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

328.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide, any suspicious circumstances or the manner of death cannot be determined, the officer shall take steps to protect the scene. The Investigations Division shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

Private Persons' Arrests

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Wisconsin common law.

329.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

329.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances:

- (a) When a felony has been in fact committed and he/she has reasonable grounds to believe the person to be arrested has committed it.
- (b) For a misdemeanor amounting to a breach of the peace and committed in his/her presence.
- (c) When a merchant or service provider, a merchant's or service provider's adult employee or security agent, has reasonable cause to believe that a person has stolen merchandise or services in his/her presence, he/she may detain the person at the place of business where the offense occurred in a reasonable manner for a reasonable length of time to deliver the person to a peace officer or to a parent or guardian in the case of a minor (Wis. Stat. § 943.50(3)).

329.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person who has made a private person's arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety (Wis. Stat. § 968.08).

Private Persons' Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise the appropriate option based upon the charges:
1. Take the individual into physical custody for booking.
 2. Release the individual upon issuance of a misdemeanor, felony and/or ordinance citation.
 3. Release the individual pending the review of charges by the district attorney's office.

329.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a written statement. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the written statement (and any other related documents, such as citations and booking forms), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) To maintain uniformity in reporting, officers shall initiate a report for victims residing within the jurisdiction of this department where the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following (Wis. Stat. § 943.201(4)):
 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim shall be informed which law enforcement agency may have jurisdiction. The victim should be encouraged to promptly report the identity theft to the appropriate law enforcement agency.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services, or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service, Department of Motor Vehicles) with all known report numbers.
- (e) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies, and prosecution as circumstances dictate.

330.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law.

The victim may file an identity theft complaint with the Wisconsin Department of Agriculture, Trade and Consumer Protection, Office of Privacy Protection (OPP) at 800-422-7128, www.privacy.wi.gov, or e-mail at wisconsinprivacy@dacp.state.wi.us.

330.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/>

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

331.3 TYPES OF LEP ASSISTANCE AVAILABLE

Eau Claire Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

331.4 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

331.5 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or when other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

331.6 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

331.7 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy.

Communications with Persons with Disabilities

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

332.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified sign language interpreters will be licensed as required (Wis. Stat. § 440.032).

332.2 POLICY

It is the policy of the Eau Claire Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

332.3 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Communications with Persons with Disabilities

should ask the individual to communicate back or otherwise demonstrate their understanding.

- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

332.4 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Eau Claire Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

332.5 TYPES OF ASSISTANCE AVAILABLE

Eau Claire Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

332.6 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

332.7 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Communications with Persons with Disabilities

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

332.8 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

332.9 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.10 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

332.11 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter

or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

Public Safety Video Surveillance System

334.1 PURPOSE AND SCOPE

The City of Eau Claire operates a public safety camera system for the purpose of creating a safer environment for all those who live, work and visit the City. This policy explains the purpose of the cameras and provides guidelines for their operation and for the storage of captured images.

334.2 POLICY

Cameras may be placed in strategic locations throughout the City at the direction or with the approval of the Chief of Police. These cameras can be used for detecting and deterring crime, to safeguard against potential threats to the public, to manage emergency response situations during natural and man-made disasters, and to assist City officials in providing services to the community.

334.3 PROCEDURE

The following procedures have been established for the effective operation of the public safety camera system.

334.3.1 MONITORING

Images from each camera will be recorded on a 24-hour basis every day of the week. These images will be transmitted to monitors installed in the Shift Commander's office and Communications Center. When activity warranting further investigation is reported or detected at any camera location, the dispatcher may selectively view the appropriate camera and relay any available information to responding units. The Shift Commander or Communications Center personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety camera system to be set up at a location other than Communications Center for monitoring by other than police personnel when the provision of such access is in furtherance of this policy.

The cameras only record images and do not record sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. In addition, the public safety camera system may be useful for the following purposes:

- (a) To assist in identifying, apprehending and prosecuting offenders
- (b) To assist in gathering evidence for criminal and civil court actions
- (c) To help emergency services personnel maintain public order
- (d) To monitor pedestrian and vehicle traffic activity
- (e) To help improve the general environment on the public streets
- (f) To assist in providing effective public services

Public Safety Video Surveillance System

334.3.2 TRAINING

Personnel involved in video monitoring will be appropriately trained and continuously supervised.

334.3.3 PROHIBITED ACTIVITY

Video monitoring will be conducted in a professional, ethical and legal manner. The public safety camera system will not be used to invade the privacy of individuals, to look into private areas or areas where the reasonable expectation of privacy exists. All reasonable efforts will be taken to protect these rights. Video monitoring shall not be used to harass, intimidate or discriminate against any individual or group.

334.4 MEDIA STORAGE

All media will be stored in a secure area with access restricted to authorized persons.

Recordings not otherwise needed for official reasons shall be retained as required by the organization's records retention schedule. Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

334.5 REVIEW OR RELEASE OF VIDEO IMAGES

The review or the release of video images shall be done only with the authorization of the Chief of Police or the authorized designee and only with a properly completed request. Video images needed for a criminal investigation or other official reason shall be collected and booked in accordance with current department evidence procedures.

334.5.1 PUBLIC AND OTHER AGENCY REQUESTS

Recorded videos are classified as public records (Wis. Stat. § 19.32(2)). Requests for recorded video images from other government agencies or by the submission of a court order or subpoena shall be submitted to the Communications Center Director, who will promptly research the request and submit the results through the Chief of Police to the City Attorney's office for further handling. Every reasonable effort should be made to preserve the data requested until the request has been fully processed by the City Attorney's office.

334.6 ANNUAL REVIEW OF THE PUBLIC SAFETY CAMERA SYSTEM

The Chief of Police or the authorized designee will conduct an annual review of the public safety camera system. The annual review will include an inventory of video monitoring installations, date of installation, summary of the purpose, adherence to this policy and any proposed policy changes. The results of each review will be documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any concerns or deviations from this policy will be addressed promptly and effectively.

Child and Dependent Adult Safety

335.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse Policies.

335.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Eau Claire Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

335.3 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any children or dependent adults, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Service Animals

336.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Eau Claire Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

336.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

336.2.1 STATE LAW

Any other animal that is individually trained or is being trained to do work or perform tasks for the benefit of a person with a disability, the work or task of guiding a person with impaired vision, alerting a person with impaired hearing to intruders or sound, providing minimal protection or rescue work, pulling a wheelchair, or retrieving dropped items is a service animal in accordance with Wis. Stat. § 106.52(1)(fm).

336.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

336.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Eau Claire Police Department affords to all members of the public (Wis. Stat. § 106.52(3)(am)).

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. A barking dog alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability (Wis. Stat. § 106.52(3)(am)(3)).

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of their disability should be referred to the Civil Rights Division of the U.S. Department of Justice or the Wisconsin Department of Workforce Development's Equal Rights Division.

Off-Duty Law Enforcement Actions

337.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Eau Claire Police Department with respect to taking law enforcement action while off-duty (Wis. Stat. § 175.40(6m)(a)(3)).

337.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged and an officer's authority is limited by the State of Wisconsin. Officers, unless responding to an emergency situation that poses a significant threat to life or bodily harm pursuant to Wis. Stat. § 175.40 (6m)(a)1, shall not attempt to initiate enforcement action when witnessing non-violent crimes or property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency (Wis. Stat. § 175.40(6m)).

337.2.1 OFF-DUTY LIMITATIONS

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department may take reasonable law enforcement action to minimize or eliminate a threat if all of the following apply (Wis. Stat. § 175.40(6m)(a)):

- (a) An officer becomes aware of an incident or circumstance that he/she reasonably believes poses a significant threat to life or of bodily harm. Unless the safety of a person requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.
- (b) The officer is taking action that would be authorized by the policies of the Eau Claire Police Department.

Nothing in this policy prevents an employee from conducting a lawful private person's arrest as long as his/her status with this department is not used or disclosed.

337.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and department policy. All firearms and ammunition must meet guidelines as described in the Firearms and Qualification Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any medication or drugs that would tend to adversely affect the officer's senses or judgment.

Off-Duty Law Enforcement Actions

337.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers who are authorized by law decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration (Wis. Stat. § 175.40(6m)(a)(3)(a)):

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

337.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Eau Claire Police Department officer until acknowledged. Official identification should also be displayed.

337.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

337.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

337.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

They will patrol assigned jurisdictional areas of Eau Claire, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

- (b) Crime prevention activities.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.

Eau Claire PD Policy Manual

Patrol Function

400.2.2 PATROL BRIEFINGS

Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, shift summaries, sharepoint, and case assignments as time permits.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Eau Claire Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement. This includes explicit and implicit biases (i.e., conscious and unconscious beliefs or attitudes towards certain groups). This also includes color, ancestry, political affiliation, marital status, or other identifiable characteristics.

401.2 POLICY

The Eau Claire Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely, and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns, or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform their duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member.

Briefing

402.1 PURPOSE AND SCOPE

Briefing is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct briefing. However, officers may conduct briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, certain basic tasks, including:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new Departmental Directives or changes in Departmental Directives.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

402.2 PREPARATION OF MATERIALS

The supervisor conducting briefing, or the officer if the supervisor is unable to participate in a group briefing session, is responsible for collection and preparation of the materials necessary for a constructive briefing training. A supervisor may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Eau Claire Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.4.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.5 CRIME OR DISASTER SCENE CLEANUP

Crime scene cleanup on public property will be requested through the fire department. Private property owners should be advised to contact their insurance carrier or the state's Crime Victim Compensation Program for submitting a claim for reimbursement for a crime scene cleanup (Wis. Stat. § 949.06(1)(f)).

Cleanup of human health hazards at methamphetamine labs will be requested through the local health department and the Wisconsin Department of Justice (WisDOJ) Division of Criminal Investigation (DCI) should be notified. The Wisconsin Department of Natural Resources (WisDNR) should be notified to assess environmental impacts from outdoor chemical spills or improper waste disposal (Wis. Stat. § 254.59; Wis. Stat. § 292.11).

Hazardous Material Response

404.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees as a result of their exposure. To comply with Wisconsin law, the following represents the policy of this department.

404.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous substance - Any substance or combination of substances including any waste of a solid, semisolid, liquid or gaseous form which may cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness or which may pose a substantial present or potential hazard to human health or the environment because of its quantity, concentration or physical, chemical or infectious characteristics. This term includes, but is not limited to, substances which are toxic, corrosive, flammable, irritants, strong sensitizers or explosives (Wis. Stat. § 299.01(6)).

404.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic crash, chemical spill or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potential hazardous material from a safe distance.
- (b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.
- (d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 1. Placards and use of the Emergency Response Guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.

3. Information obtained from any involved person with knowledge regarding the hazardous material.

 2. How to secure and contain the material.
 3. Any other information to protect the safety of those present, the community and the environment.
 - (f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
 - (g) Provide first aid to injured parties if it can be done safely and without contamination.
 - (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
 - (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
 - (j) Establish a decontamination area when needed.
 - (k) Contact the 24-hour Wisconsin Emergency Operations Center at 800-943-0003 to request assistance.
 - (l) If available, activate reverse 9-1-1 calling to the affected area.

404.3 REPORTING EXPOSURE

Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum, which shall be forwarded via chain of command to the Special Services Lieutenant as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

404.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the appropriate fire department.

404.4 HAZARDOUS MATERIALS TRAINING

Employees should receive periodic training regarding hazardous material awareness and how to handle a hazardous material incident.

Tactical Response Team

405.1 PURPOSE AND SCOPE

The Tactical Response Team (TRT) has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary.

405.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Tactical Response Team are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to department personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

405.1.2 TRT TEAM DEFINED

TRT- A designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

405.2 POLICY

It is the policy of this department to maintain a TRT team and to provide the equipment, personnel and training necessary to maintain a TRT team. The TRT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and control
- (b) Containment
- (c) Entry/apprehension/rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

405.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of TRT missions and operations that are appropriate to this department. The assessment should consider the

Eau Claire Police Department

Tactical Response Team

team's capabilities and limitations and should be reviewed annually by the TRT commander or the authorized designee.

405.2.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures that should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing
- (b) Team organization and function
- (c) Personnel selection and retention criteria
- (d) Training and required competencies
- (e) Procedures for activation and deployment
- (f) Command and control issues, including a clearly defined command structure
- (g) Multi-agency response
- (h) Extrajurisdictional response
- (i) Specialized functions and supporting resources

405.2.3 OPERATIONAL PROCEDURES

This department shall develop a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SWAT Best Practices. Because such procedures are specific to TRT members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum:

- (a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during TRT operations (time permitting).
 - 1. All TRT team members should have an understanding of operational planning.
 - 2. TRT team training should consider planning for both spontaneous and planned events.
 - 3. TRT teams should incorporate medical emergency contingency planning as part of the TRT operational plan.
- (b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 - 1. When reasonably possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel and augmentation of resources.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Tactical Response Team

- (d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of TRT.
- (e) A standard method of determining whether a warrant should be regarded as high risk should be developed.
- (f) A method for deciding how best to serve a high risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (g) The elements of post-incident scene management should include:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other units.
 - 3. Debriefing after every deployment of the TRT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments. It also helps to identify training needs and reinforces sound risk management practices.
 - (b) When appropriate, debriefing should include specialized units and resources.
- (h) Sound risk management analysis should be included.
- (i) Standardization of equipment should be addressed.

405.3 TRAINING NEEDS ASSESSMENT

The TRT commander shall conduct an annual TRT training needs assessment to ensure that training is conducted within team capabilities and department policy.

405.3.1 INITIAL TRAINING

TRT team operators and TRT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Department.

405.3.2 UPDATED TRAINING

Appropriate team training for the specialized TRT functions and other supporting resources should be completed prior to full deployment of the team.

TRT team operators and TRT supervisors/team leaders should complete update or refresher training/certification.

405.3.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the TRT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of TRT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a TRT or critical incident commander course or its equivalent. TRT command personnel should attend a TRT commander or tactical commander course or its equivalent.

405.3.4 TRT ON-GOING TRAINING

Training shall be coordinated by the TRT commander. The TRT commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training should attempt every effort to meet the guidelines of the National Tactical Officers Association.

405.3.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

405.3.6 SCENARIO-BASED TRAINING

TRT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

405.3.7 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the TRT Commander until turned over to the training technician at the end of the calendar year.

405.4 UNIFORMS, EQUIPMENT AND FIREARMS

TRT shall be equipped with functional uniforms, special weapons, and other equipment and items necessary for efficient operations.

405.4.1 UNIFORMS

TRT team members from this department should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

405.4.2 EQUIPMENT

TRT teams from this department should be adequately equipped to meet the specific mission identified by the Department.

405.4.3 FIREARMS

Weapons and equipment used by TRT, the specialized units and the supporting resources should be department-issued or approved, including any modifications, additions or attachments.

405.4.4 OPERATIONAL READINESS INSPECTION

The result of the inspection will be forwarded to the TRT commander. The inspection will include personal equipment issued to members of the unit as well as special use equipment maintained for periodic or occasional use in the TRT vehicle.

405.5 MANAGEMENT/SUPERVISION OF TACTICAL RESPONSE TEAM

The commander of the TRT shall be selected by the Chief of Police upon recommendation of the staff.

405.5.1 PRIMARY UNIT MANAGER

Under the direction of the Chief of Police, through the Deputy Chief of Investigations and Professional Standards Division, the Tactical Response Team shall be managed by the appointed TRT commander.

405.5.2 TEAM SUPERVISORS

The TRT team will be supervised by the TRT commander.

The team leaders shall be selected by the TRT commander with approval from the of Deputy Chief of Investigations and Professional Standards Division.

The following represent supervisor responsibilities for the Tactical Response Team:

- (a) The TRT team leader's primary responsibility is to supervise the operations of the team, which will include deployment, first-line participation and other duties as directed by the TRT commander.

The following procedures serve as directives for the administrative operation of the Tactical Response Team.

405.6.1 SELECTION OF PERSONNEL

- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the express consent of the resident or other authorized person.

Citation Releases

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Eau Claire Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Abuse Policy.

Wisconsin law permits law enforcement agencies to use citation release procedures in lieu of arrest for misdemeanor or municipal civil forfeiture offenses with certain exceptions (Wis. Stat. § 968.085(2); Wis. Stat. § 800.02(1)).

407.1.1 DEFINITIONS

Definitions related to this policy include:

Misdemeanor citation - A directive, issued by an officer, that requires a person appear in court and answer criminal charges. A misdemeanor citation is not a criminal complaint and may not be used as a substitute for a criminal complaint (Wis. Stat. § 968.085(1)).

Municipal citation - A directive, issued by a member of this department, that requires a person to appear in municipal court for violation of a state statute or a municipal ordinance. In lieu of a court appearance a forfeiture or penalty may be assessed (Wis. Stat. § 800.02).

407.1.2 ARREST

The basic authority for police officers to make arrests derives from the Wisconsin Statute 62.09(13) which makes it a duty for a peace officer to arrest with or without a warrant and with reasonable diligence take before the court every person "found" in the city engaged in any disturbance of the peace or violating any law of the state or ordinance of such city.

State Statute 968.07 further broadens this authority to arrest.

968.07 Arrest By A Law Enforcement Officer

- A law enforcement officer may arrest a person when:
 - He/She has a warrant commanding that such person be arrested, or
 - He/She believes, on "reasonable grounds" that a warrant for the person's arrest has been issued in this state; or
 - He/She believes, on reasonable grounds, that a felony warrant for the person's arrest has been issued in another state; or
 - There are reasonable grounds to believe that the person is committing or has committed a crime.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Citation Releases

- A law enforcement officer making a lawful arrest may command the aid of any person, and such person shall have the same power as that of the law enforcement officer.
 - "Found" or "In the officer's presence" means when the officer receives knowledge of the commission of the offense in his/her presence through any of his/her senses, or by inferences properly to be drawn from the testimony of the senses. Usually he/she sees or hears, or both. Following his/her learning that an offense is being committed, the officer must still make good use of his/her sight, as he must identify the specific person committing the offense in order to arrest the guilty person and to identify him/her at a later date in court.
 - The terms "probable cause" and "reasonable grounds" are used interchangeably. Mere "suspicion" alone is never sufficient to authorize an arrest without a warrant. Where an officer in good faith believes that a crime has been committed and that the person in question committed it, and his/her belief is based on such grounds as would induce an ordinarily prudent and cautious man, under these circumstances, to believe likewise, then the officer is justified in arresting without a warrant.
 - State Statute 939.12 defines a crime as conduct which is prohibited by State law and punishable by fine or imprisonment or both. Conduct punishable only by forfeiture is not a crime.

407.2 POLICY

The Eau Claire Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation when authorized to do so.

407.2.1 MUNICIPAL CITATIONS

To ensure adherence to statutory and departmental requirements, supervisory personnel shall monitor arrest situations and review all reports on arrests as they become available.

In view of the fact that the purpose of an arrest is to bring the arrested person before court to answer the violation for which he/she was arrested, detention to jail until the next session of court is a lawful act by the police officer. However, as a matter of normal practice, certain procedures have been established that in some cases permit the release of the prisoner before the next session of court.

Only a judge can set bail. The bail may be set if the judge endorses the amount of the required bail on the warrant at the time he issues it; or the judge may set bail at the arraignment in court, or, the judge may endorse a bail schedule in advance.

407.2.2 CITATION RELEASE

- All persons arrested for non criminal traffic violations shall be released from custody without a cash bond if they:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Citation Releases

- Have a valid drivers license from any state or can show sufficient evidence of ties to the community or:
- The arresting officer is otherwise satisfied that the accused will make future court appearances.

407.2.3 CRIMINAL ARRESTS (MISDEMEANOR AND FELONY)

All persons arrested for a felony or a misdemeanor (including a misdemeanor traffic offense) shall be released from custody without a cash bond unless any of the following exist:

- The accused does not give proper identification
- The accused appears to represent a danger of harm to himself/herself, another person, or property.
- The accused cannot show sufficient evidence of ties to the community such as a local residence, a local job/employment, local close relatives, or other close connections to the community.
- The accused has previously failed to appear in court or failed to respond to a previous citation.
- Arrest or further detention is necessary to carry out legitimate investigative action in accordance with the Eau Claire Police Department's policies.

These guidelines do not supersede other specific statutory mandates regarding detention.

407.2.4 CRIMINAL ARREST BAIL DENIAL

- Wisconsin statute 969.07 allows officers to deny bail to persons arrested on criminal charges when the officer feels the person is in a condition that would not allow them to care for themselves, or because of their physical condition, they would constitute a danger to others.
- Officers shall always obtain approval from a supervisor before bail is denied on a criminal arrest. The jail has a supply of "Bail Denial" forms, which must be signed by a supervisor.
- The most frequent type of incident where the question of legality of an arrest arises is in the general breaches of the peace and disorderly conduct. In many of these cases, the officer is dispatched to a location in answer to a complaint received by telephone at police headquarters. Though the officer arrives at the scene within a few minutes, the offense has already been concluded. In these cases, a physical arrest can be made only if existing conditions provide "probable cause" or "reasonable grounds" for the officer to believe that an ordinance or a criminal offense was violated and that the person to be arrested committed the violation. Additional factors may be considered:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Citation Releases

- Subject does not properly identify himself and, therefore, the element of not being apprehended unless immediately arrested is present. (Original Violation)
- In the presence of the officer (public or private place), the subject engages in violent, abusive, indecent, profane, boisterous, unreasonably loud, or otherwise disorderly conduct under circumstances in which such conduct tends to cause or provoke a disturbance. (Disorderly Conduct)
- Or, if by his apparent condition, attitude, and/or previous disorderliness, the officer believes it likely that the subject will cause personal injury or property damage if he is not immediately arrested. (Original Violation)
- Or, subject was observed by the officer trespassing on property or in the building of another person without permission of the lawful owner or occupant.

407.2.5 MUNICIPAL ORDINANCE VIOLATIONS

Officers will not require anyone to post bond for a municipal ordinance violation.

407.3 STATUTORY REQUIREMENTS

Misdemeanor citation releases are authorized by Wis. Stat. § 968.085(2). A misdemeanor citation may be issued in the field or at the station instead of or subsequent to a lawful arrest.

In determining whether to issue a misdemeanor citation, an officer may consider whether (Wis. Stat. § 968.085(2)):

- (a) The person has given proper identification.
- (b) The person is willing to sign the citation.
- (c) The person appears to represent a danger of harm to him/herself, another person or property.
- (d) The person can show sufficient evidence of ties to the community.
- (e) The person has previously failed to appear or failed to respond to a citation.
- (f) Arrest or further detention appears necessary to carry out legitimate investigative action in accordance with this department's policies.
- (g) The offense involves domestic abuse pursuant to Wis. Stat. § 968.075(2) (Wis. Stat. § 968.085(8)).

An officer may not issue a misdemeanor citation to a person who is required to be arrested for a domestic abuse offense (Wis. Stat. § 968.085(8)).

Officers shall use the uniform citation form for issuing a notice to appear for a misdemeanor offense (Wis. Stat. § 758.171).

Whenever this department receives notice that the District Attorney has declined to prosecute a misdemeanor citation, the Records Section shall attempt to notify the person identified in the

Eau Claire Police Department

citation that he/she will not be charged and does not have to appear as directed in the citation (Wis. Stat. § 968.085(5)).

407.3.1 MUNICIPAL CITATIONS

Municipal citations are authorized under Wis. Stat. § 66.0113. A municipal citation authorized under Wis. Stat. § 66.0113(2) may be issued for a violation of state statute or the City of Eau Claire municipal ordinance.

In determining whether to issue a municipal citation, a department member should consider whether the offense is in violation of:

- (a) A City of Eau Claire municipal ordinance.
- (b) A State of Wisconsin traffic statute.
- (c) A State of Wisconsin criminal statute and,
 - 1. The gravity of the criminal statute
 - 2. The safety of the parties involved
 - 3. Previous department contacts with the violator

Release by citation for municipal offenses should be made once the person is properly identified and issued the citation.

Department members shall use the Wisconsin Uniform Municipal Court Citation for issuing a municipal citation for City of Eau Claire municipal ordinance violations (Wis. Stat. § 800.02). The Wisconsin Uniform Traffic Citation will be used for issuing a municipal citation for violations of state traffic statutes (Wis. Stat. § 345.11).

Emergency Detentions

408.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers assist in the placement of a person under emergency detention (Wis. Stat. § 51.15).

408.2 POLICY

It is the policy of the Eau Claire Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

408.3 AUTHORITY

An officer may initiate an emergency detention when the officer has reasonable cause to believe that a person is mentally ill, drug dependent or developmentally disabled and such person presents a substantial probability of physical harm to him/herself or others as evidenced by recent overt acts or omissions, attempts or threats. The person shall be transported to an approved detention facility, but only when taking the person into custody is the least restrictive alternative appropriate to the person's needs (Wis. Stat. § 51.15).

408.4 DOCUMENTATION

The officer shall complete a petition for examination, provide it to the facility staff member assigned to that patient and retain a copy of the petition for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

408.4.1 PROBABLE CAUSE STATEMENT

The petition shall include the circumstances under which the individual's condition was called to the attention of the officer. It must contain an allegation of probable cause statement of the officer's belief that the individual, because of mental illness, disability or dependency, is likely to harm him/herself or others or is unable to care for him/herself. If the probable cause is based on the statement of a person other than the officer, this detail shall be included along with the person's identifying information (Wis. Stat. § 51.15(4); Wis. Stat. § 51.15(5)).

408.5 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for an emergency detention, the handling officer should seek to determine if the person owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

Hostages and Barricaded Persons

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

410.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

410.2 POLICY

It is the policy of the Eau Claire Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

410.3 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a TRT response if appropriate and apprising the TRT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Hostages and Barricaded Persons

- (g) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Communications Center.
- (h) Identify a media staging area outside the outer perimeter and have the media representative provide media access in accordance with the News Media Relations Policy.
- (i) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (j) Debrief personnel and review documentation as appropriate.

410.4 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the TRT Commander, whether to deploy the TRT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the TRT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the TRT. The Incident Commander and the TRT Commander or the authorized designee shall maintain communications at all times.

410.4.1 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

411.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, suspected explosive devices, suspicious packages or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

411.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When an officer responds to a call of a suspected explosive device, the following guidelines shall be followed:

- (a) The device should not be touched or transported to any other location.
- (b) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. Officers trained in the use of the portable X-ray unit can respond and assist in the identification of the device. If the item can't be determined to be safe the appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (c) A perimeter should be secured for a safe distance around the location depending on the surrounding physical environment and allowing for an entrance for support personnel.
- (d) As much initial information as possible should be relayed to the shift supervisor without touching the device, including the following:
 1. The stated threat
 2. Exact comments
 3. Time of discovery
 4. Exact location of the device
 5. Full description (e.g., size, shape, markings, construction)
- (e) Officers should not transmit on any equipment that produces radio frequency energy within 300 feet.
- (f) Consideration should be given to the possibility of evacuation if a device is located within a building.
- (g) An additional perimeter should be secured around any suspected device.
- (h) Officers should consider the ingress/egress of additional support personnel, such as paramedics and fire department personnel.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Response to Bomb Calls

- (i) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area.
- (j) Explosive or military ordnance of any type should be handled only by bomb squad technicians.
- (k) When in doubt, call for assistance from the bomb squad.

411.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multiple considerations that may confront an officer. As in other catastrophic incidents, a rapid response will help to minimize such things as further injury to victims, contamination of the scene by gathering crowds, additional damage from resulting fires or unstable structures.

Whether the explosion was the result of an accident or a criminal act, the following concerns may confront the officer:

- Injury to victims
- Existence of additional or secondary devices
- First aid
- Evacuation of victims

411.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Fire department and/or state fire marshal
- (b) Bomb squad
- (c) Additional officers
- (d) Field supervisor
- (e) Shift supervisors
- (f) Investigators
- (g) Crime Scene Unit personnel
- (h) Wisconsin Emergency Management (WEM) for regional and/or county Hazardous Material Response Teams
- (i) Bureau of Alcohol, Tobacco, Firearms and Explosives (BATF)

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in implementing rapid response and deployment to such situations.

412.2 POLICY

The policy of this department in dealing with a crisis situation shall be:

- (a) To obtain and maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location and suspect in the incident.
- (c) To attempt, by every means available, to attain any tactical advantage over the responsible individual.
- (d) To attempt, whenever practicable, a negotiated surrender of the suspect and release of the hostages through the expertise of the members of this department and others.
- (e) When an emergency situation exists, to neutralize the threat as rapidly as reasonably possible to minimize injury and loss to life.

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent, or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat, or wait for additional resources.

If a suspect is actively engaged in the infliction of great bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action, officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advancement or engagement should be based on information known or received at the time.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Rapid Response and Deployment

- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices, and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded or trapped suspect with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

Reporting Law Enforcement Activity Outside of the Jurisdiction

413.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting law enforcement activity, while on- or off-duty, that is occurring outside the jurisdiction of the Eau Claire Police Department.

413.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the shift supervisor or and shall respond to the request as outlined in the Mutual Aid and Outside Agency Assistance Policy. If the request is of an emergency nature, the officer shall notify Communications Center before responding and thereafter notify a supervisor as soon as practicable.

413.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer who engages in self-initiated law enforcement activities of any type outside the immediate jurisdiction of the Eau Claire Police Department that are not part of a mutual aid request shall notify his/her supervisor or the shift supervisor at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction, shall notify the shift supervisor as soon as reasonably practicable.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded to the officer's Deputy Chief.

Officers shall notify and cooperate with the local law enforcement jurisdiction regarding any on- or off-duty arrests or other law enforcement activity outside the jurisdiction of the Eau Claire Police Department (Wis. Stat. § 175.40(6)(d); Wis. Stat. § 175.40(6)(m)(a)).

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Eau Claire Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the Eau Claire Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Wisconsin constitutions.

414.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

Immigration Violations

414.4.1 CIVIL VS. CRIMINAL FEDERAL OFFENSES

An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but remains beyond what is a legal period of time has committed a federal civil offense.

Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Wisconsin Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion and include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

- (a) An admission that the person entered the United States illegally.
- (b) Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.
- (c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.
- (d) Other factors based upon training and experience.

414.4.2 IMMIGRATION CHECKS

Immigration status may be determined through any of the following sources:

- (a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien's immigration status (sometimes referred to as a 287(g) certified officer)
- (b) Immigration and Customs Enforcement (ICE)
- (c) U.S. Customs and Border Protection (CBP)

An officer shall verify from a 287(g) certified officer, ICE or CBP whether a person's presence in the United States relates to a federal civil violation or a criminal violation.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person. In addition, officers should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

414.4.3 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained a person and established probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Bureau supervisor assigned to oversee the handling of any related case. The Investigations Bureau supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.8 TRAINING

The Training Technician shall ensure that all appropriate members receive training on this policy.

Emergency Utility Service

415.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours a day, seven days a week. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

415.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by Communications Center.

415.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or Public Works should be promptly notified, as appropriate.

415.1.3 RESERVOIRS, PUMPS AND WELLS

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

415.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by Communications Center.

415.2 TRAFFIC SIGNAL MAINTENANCE

The City of Eau Claire contracts with a private company to furnish maintenance for all traffic signals within the City, other than those maintained by the Wisconsin Department of Transportation (WisDOT).

415.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Patrol Rifles

416.1 PURPOSE AND SCOPE

To more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Eau Claire Police Department will make patrol rifles available to qualified officers as an additional and more immediate tactical resource.

416.2 PATROL RIFLE

416.2.1 DEFINITIONS

Definitions related to this policy include:

Patrol rifle - An authorized weapon owned by the Department, which is made available to properly trained and qualified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Chief of Police and the department Armorer.

416.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Chief of Police and issued by the Department, may be used by officers in their law enforcement responsibilities. The authorized patrol rifle issued by the Department is the AR15.

416.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the Armorer, who shall inspect and service each patrol rifle on a bi-annual basis.
- (b) Each patrol officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.
- (d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.
- (e) Each patrol rifle shall be subject to inspection by a supervisor or the Armorer at any time.
- (f) No modification shall be made to any patrol rifle without prior written authorization from the Armorer.

416.5 TRAINING

Officers shall not carry or utilize the patrol rifle unless they have successfully completed department training. This training shall consist of an initial patrol rifle user's course and qualification

with an approved patrol rifle instructor. Officers shall thereafter be required to successfully complete monthly shoots conducted by a department-approved patrol rifle instructor.

Any officer who fails to qualify or who fails to successfully complete department-sanctioned training/qualification sessions will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol officers user's course and qualification.

416.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.

416.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Use of Force Policy and the Firearm Discharge Policy.

416.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

416.9 RIFLE STORAGE

- (a) Each squad car will have a patrol rifle in the gun mount, patrol ready, at the beginning of officers' shifts.
- (b) When not in use, patrol rifles will be stored in the department armory in rifle racks. The rifle will be stored unloaded and chamber empty.
- (c) When not deployed, in-service patrol rifles should be secured in the vehicle in a locked gun rack.

Aircraft Accidents

417.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

417.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

417.2 POLICY

It is the policy of the Eau Claire Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

417.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

417.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower

- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

417.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions (Wis. Stat. § 968.24).

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - This is a limited type of search, often referred to as a "frisk", used by officers in the field when an officer has a reasonable suspicion that an individual may be in possession of a weapon or other potentially dangerous item. Unlike a full search, a frisk is generally limited to a patting down of the outer clothing or the area immediately accessible to the individual to check for the possible presence of a potential weapon or dangerous items that could pose a danger to the an officer, the detainee, or others (Wis. Stat. § 968.25).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity (Wis. Stat. § 968.24).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is being required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement (Wis. Stat. § 968.24).

419.2 POLICY

The Eau Claire Police Department respects the rights of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Contacts and Temporary Detentions

be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

419.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contacts with consenting individuals is encouraged by the Eau Claire Police Department to strengthen community involvement, community awareness, and problem identification.

419.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Contacts and Temporary Detentions

probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

419.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications that suggest the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate

Eau Claire Police Department

Contacts and Temporary Detentions

law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

419.5.3 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.6 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to records with either an associated FI card or other report explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the supervisor should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or report is relevant to criminal gang enforcement, the supervisor will forward the photo and documents to the Gang Unit coordinator. The Gang Unit coordinator will ensure the photograph and supporting documents are retained as prescribed in the Criminal Gangs Policy.
- (b) Photographs that do not qualify for retention in the criminal gang file or that are not evidence in an investigation with an assigned case number shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in compliance with the organization's records retention schedule.

419.6.1 JUVENILE PHOTO FILE

All photographs and records of juveniles shall be kept separate from adult photographs and records (Wis. Stat. § 938.396(1)(a)).

This department does not allow copies of juvenile photo files to be automatically obtained by parents, guardians or legal custodians. However, parents, guardians or legal custodians may

submit a written request to review a juvenile's record or photograph in compliance with the Records Release and Security Policy (Wis. Stat. § 938.396(1)(c)(1)).

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Eau Claire Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.2 POLICY

The Eau Claire Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Director of Administration may not purge such documents without the approval of the designated supervisor.

Criminal Organizations

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Communications Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

420.4.3 CRIMINAL GANG INTELLIGENCE DATABASES

While this policy does not establish a criminal gang intelligence database, the Chief of Police may approve one or more criminal gang intelligence databases for use by members of the Gang Unit. Any such database must be compliant with 28 CFR 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the Gang Unit supervisor's responsibility to determine whether a report or FI contains information that would meet the criteria for entry into a criminal gang intelligence database approved by the Department. After giving written approval for entry of the record, the Gang Unit

Eau Claire Police Department

Eau Claire PD Policy Manual

supervisor should forward any such reports/FIs to the Records Section after appropriate database entries are made. The submitting Gang Unit supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Director of Administration to retain reports and FIs in compliance with the procedures of the department-approved gang/intelligence file and 28 CFR 23.20. The Director of Administration may not purge these reports or FIs without the approval of the Gang Unit supervisor.

Validation and purging of gang intelligence databases is the responsibility of the Gang Unit supervisor.

420.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Technician to train members to identify information that may be particularly relevant for inclusion.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

420.7 CRIMINAL STREET GANGS

The Investigations Bureau supervisor should ensure that there are an appropriate number of department members who can:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Criminal Organizations

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

420.8 TRAINING

The Training Technician should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Commanders

421.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with department policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each shift.

421.2 DESIGNATION AS ACTING PATROL LIEUTENANT

When a Lieutenant is unavailable for duty as Patrol Lieutenant, in most instances the qualified sergeant shall be designated as acting Patrol Lieutenant.

Mobile Video Recording System

422.1 PURPOSE AND SCOPE

The Eau Claire Police Department has equipped marked patrol cars with Mobile Video Recording (MVR) systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MVR system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Video Recording (MVR) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MVR technician - Personnel certified or trained in the operational use and repair of MVRs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

It is the policy of the Eau Claire Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

422.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Eau Claire Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers shall test the MVR system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer properly logging in at the start of their shift and properly logging out at the end of their shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

422.4 REQUIRED ACTIVATION OF THE MVR

This policy is not intended to describe every possible situation in which the MVR system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence. and is subject to the same activation requirements as the MVR. The MVR system shall be activated in any of the following situations:

- Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.
- Any other circumstance where the officer believes that a recording of an incident would be appropriate.
- Failure to comply with the required activations of the MVR may result in discipline.

422.4.1 CESSATION OF RECORDING

When the MVR is activated to document an event, it shall not be deactivated, paused, obscured or otherwise manipulated to diminish the camera system's effectiveness until the event has been concluded unless:

- The incident or event is of such duration that the MVR may be deactivated to conserve recording times; and
-
- The event being recorded is restricted by state or federal law. (example: strip searches)
- The intention to stop the tape has been noted by the officer both verbally and documented in the incident report.

The wireless microphone automatically activates when the MVR is activated. The wireless microphone shall remain activated until the end of the event unless:

- Above circumstances are met or,
- The event being recorded is restricted by state or federal law. (example: strip searches)

422.4.3 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MVR systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved crashes), a supervisor shall respond to the scene and ensure that the vehicle is taken to the appropriate location for downloading.

422.5 REVIEW OF MVR RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.2.2 DOCUMENTATION OF ACTIVITY

MDCs and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDC.

423.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted verbally over the police radio or through the MDC system.

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Mobile Data Computer Use

Other changes in status may be entered by depressing the appropriate keys on the MDC.

423.2.4 EMERGENCY ACTIVATION ON MDC

If the emergency button is depressed on the MDC, the dispatcher will call the officer and ask whether the officer needs assistance. If the officer answers that no additional assistance is required, all officers will resume normal activity. If there is no response or the officer answers in some other way, the dispatcher shall proceed as follows:

- (a) If the unit is not on a call, the dispatcher will send available officers to assist in locating the unit transmitting the emergency. Whenever a location is known, the dispatcher will immediately dispatch the nearest available unit as an emergency call response.
- (b) The dispatcher will notify the patrol supervisor of the incident without delay.

Officers not responding to the emergency call shall refrain from transmitting on the radio until a no-further-assistance broadcast is made, unless they are also handling an emergency.

423.3 MDC CONSIDERATIONS

423.3.1 NON-FUNCTIONING MDC

Whenever reasonably possible, officers will not use units with malfunctioning MDCs. Whenever officers must drive a unit in which the MDC is not working, they shall notify Communications Center. It shall be responsibility of Communications Center to record all information that will then be transmitted verbally over the police radio.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems, whether body-worn, hand-held, or integrated into portable equipment (Wis. Stat. § 165.87).

This policy does not apply to mobile audio/video recordings, interviews, or interrogations conducted at any Eau Claire Police Department facility, authorized undercover operations, wiretaps, or eavesdropping (concealed listening devices).

424.2 POLICY

The Eau Claire Police Department may provide members with access to portable recorders, either audio or video or both, including Body Worn Cameras (BWC) for uniformed members, for use during the performance of their duties. In this policy, BWC refers to the particular body worn camera model provided for uniformed personnel: model to be determined. The use of recorders, including BWC's, is intended to enhance the mission of the Department by accurately capturing interactions with the community, enabling transparency and openness.

424.3 MEMBER PRIVACY EXPECTATION

All recordings made by members acting in an official capacity shall remain the property of the Department regardless of whether those recordings were made with department-issued or personally owned recorders. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

424.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member of the Patrol Division will be responsible for making sure that he/she is equipped with a BWC issued by the Department, and that the BWC is in good working order. If the BWC is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the BWC in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved BWC at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the BWC in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, ECPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required

Eau Claire Police Department

when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

424.5 ACTIVATION OF AUDIO/VIDEO RECORDER

Uniformed members shall activate the BWC during all enforcement stops and field interrogation situations and any other time the member reasonably believes that a recording of an on-duty contact may be useful. Except as provided below, once started, recordings should continue without interruption until the contact ends.

Officers shall activate their BWC in any of the following situations:

- All field contacts involving actual or potential criminal conduct:
 - Traffic Stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - Priority responses
 - Vehicle pursuits
 - Suspicious vehicles
 - Arrests
 - Physical or verbal confrontations or use of force
 - Pedestrian checks
 - OWI investigations including field sobriety tests
 - Consensual encounters
 - Crimes in progress
 - Responding to an in-progress call
- All assigned cases and officer-initiated cases as you arrive on scene.
- All self-initiated activity in which an officer would normally notify the Communications Center.
- Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - Domestic abuse calls
 - Disturbance of peace calls
 - Offenses involving violence or weapons
- Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Portable Audio/Video Recorders

- Any other circumstance where the officer believes that a recording of an incident would be appropriate.

Failure to comply with the required activations of the BWC may result in discipline.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

424.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Wisconsin law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (Wis. Stat. § 968.31(2)(b)).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

424.5.2 CESSATION OF RECORDING

Once activated, the BWC shall remain on continuously, shall not be deactivated, paused, obscured or otherwise manipulated to diminish the camera system's effectiveness until the uniformed member's direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity within a call/incident; the following are examples:

- Report writing
- While in a medical facility, waiting for a person in custody to be medically cleared; however, the BWC should be re-activated if/when the need for contact with the person again arises.
- Other extended breaks from direct participation in the incident or contact with involved persons.
- The incident or event is of such duration that the BWC/MVR may be deactivated to conserve recording times.
- The event being recorded is restricted by state or federal law.
- The intention to stop the tape has been noted by the officer both verbally and documented in the incident report.

- Where an informant or citizen requests the recording device be turned off before providing information.

When a BWC recording is stopped prior to completion of the incident, the Officer shall document the reason for stopping the BWC recording.

424.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

424.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.
- (g) The recording or portions of the recording may be protected under the Public Records Law (Wis. Stat. § 19.31 et seq.).

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Portable Audio/Video Recorders

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

424.7.1 RETENTION REQUIREMENTS

All recordings, except for dictations, shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 120 days.

424.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

While recordings obtained from BWC's provide an objective record of these events, it is understood that BWC recordings (or video from any other recording device) do not necessarily reflect the experience or state of mind of the individual Officer(s) in a given incident. Moreover, video cameras have limitations and recordings may depict events differently than the events recalled by the involved Officer(s). Specifically, it is understood the BWC may capture information that may not have been heard and/or observed by the involved Officer(s) and may not capture information observed by the Officer(s).

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct, or reports of meritorious conduct, or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation, or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court (Wis. Stat. § 165.87(3)).

Bicycle Patrol Unit

425.1 PURPOSE AND SCOPE

The Eau Claire Police Department has established the Bicycle Patrol Unit for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

425.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize officer's mobility and visibility in the community.

Bicycles may be deployed to any area at all hours of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the shift supervisor.

425.3 TRAINING

Participants in the program must complete an initial department-approved bicycle-training course after acceptance into the program. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

425.4 UNIFORMS AND EQUIPMENT

Bicycle officers shall wear the department-approved uniform and safety equipment including ballistic vest while operating the police bicycle. Safety equipment includes department-approved helmet and approved footwear.

The bicycle uniform consists of the standard short sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a jacket in colder weather or turtleneck shirts when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

425.5 CARE AND USE OF PATROL BICYCLES

- (a) Officers will use a specially marked and equipped patrol bicycle, attached gear bag.
- (b) Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a "Police" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors and front and rear lamps. Lamps and reflectors must meet legal requirements (Wis. Stat. § 346.03(4m)).
- (c) Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack for attached gear bags and/or saddle bags sufficient to carry the necessary equipment for handling routine patrol calls, including report writing, vehicle storage and citations.
- (d) Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
- (e) If a needed repair is beyond the ability of the bicycle officer, a report will be completed and forwarded to the program supervisor for repair by an approved technician.
- (f) Each bicycle will have scheduled maintenance once a year, to be performed by the department's bike technician.
- (g) At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.
- (h) Officers shall not modify the patrol bicycle, remove, modify or add components except with the express approval of the Bicycle Patrol Unit supervisor or in the event of an emergency.
- (i) Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.
- (j) Bicycles shall be properly secured when not in the officer's immediate presence.

425.6 OFFICER_DEPUTY RESPONSIBILITIES

Officers must operate the bicycle in compliance with Wisconsin law under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment. During any operation of a bicycle, the exemptions granted to an officer when operating an authorized emergency vehicle do not provide relief from the duty to drive or ride with due regard for the safety of all persons nor do they provide protection from the consequences of reckless disregard for the safety of others (Wis. Stat. § 346.03(5)).

Officers are exempt from the rules of the road under the following conditions (Wis. Stat. § 346.03(3)):

Foot Pursuits

426.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

426.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

426.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Foot Pursuits

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

426.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with Communications Center or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Foot Pursuits

- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

426.5 RESPONSIBILITIES IN FOOT PURSUITS

426.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Communications Center of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

426.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

426.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Foot Pursuits

the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

426.5.4 COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, Communications Center is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

426.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.
- (k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Foot Pursuits

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Homeless Persons

427.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Eau Claire Police Department recognizes that members of the homeless community are often in need of special protection and services. The Eau Claire Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

427.1.1 POLICY

It is the policy of the Eau Claire Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

427.2 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling and summons and release in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

427.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Homeless Persons

- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Vulnerable Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

427.3 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person.

427.4 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Medical Aid and Response

428.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

428.2 POLICY

It is the policy of the Eau Claire Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

428.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment, nor shall they provide suggestions or directives for treatment.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Medical Aid and Response

428.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

428.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with an emergency detention in accordance with the Emergency Detentions Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

428.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

428.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

428.7 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

A member may administer opioid overdose medication in accordance with protocol specified by the physician or ambulance service provider who prescribed the overdose medication for use by the member as long as the member has the knowledge and training necessary to safely administer the opioid overdose medication (Wis. Stat. § 256.40).

428.7.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. All sworn members of the police department will be issued opioid overdose medication. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Opioid overdose medication will be stationed in the evidence processing and storage areas. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Technician.

Any member who administers an opioid overdose medication should contact Communications Center as soon as possible and request response by EMS.

428.7.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

428.7.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Technician should ensure training is provided to members authorized to administer opioid overdose medication.

First Amendment Assemblies

429.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations, as well as gatherings that result in civil disturbances and/or mass arrests. The magnitude/ scope of such activities frequently requires additional personnel in order to ensure public and personnel safety, and therefore response considerations include the creation of a Protest Response Plan. In addition, the City of Eau Claire's Emergency Operation Plan (Chapter 202) should be considered as a resource.

429.2 POLICY

The Eau Claire Police Department ensures the Constitutional Right of people to peaceably assemble. It is the policy of this department not to interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

429.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disorderly conduct. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

First Amendment Assemblies

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

429.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

429.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

429.5 PLANNED EVENT PREPARATION

For planned events, in particular those where civil disturbances are anticipated, a Protest Response Plan should be developed.

429.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

429.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for the following:

- (a) Command assignments, chain of command structure, roles and responsibilities
- (b) Staffing and resource allocation
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields)
- (e) Deployment of specialized resources
- (f) Event communications and interoperability in a multijurisdictional event
- (g) Liaison with demonstration leaders and external agencies
- (h) Liaison with City government and legal staff
- (i) Media relations
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation
- (k) Traffic management plans
- (l) First aid and emergency medical service provider availability
- (m) Prisoner transport and detention
- (n) Review of policies regarding public assemblies and use of force in crowd control
- (o) Parameters for declaring an unlawful assembly
- (p) Arrest protocol, including management of mass arrests
- (q) Protocol for recording information flow and decisions

- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force
- (s) Protocol for handling complaints during the event
- (t) Parameters for the use of body-worn cameras and other portable recording devices

429.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy in Chapter 325).

429.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group. Other forms of de-escalation to consider: remove/isolate persons precipitating disorder, remove/neutralize group leader(s), fragment the crowd into smaller groups.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

429.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Electronic Control Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or

Eau Claire Police Department

arrest of those acting in violation of the law). Control devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage. Any use of electronic control devices must conform to the Electronic Control Device Policy.

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

429.8 ARRESTS

The Eau Claire Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see Citation Releases Policy).

429.9 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

Possible criteria for deselection may include, but are not limited to, the following:

Crisis Intervention Team

432.1 PURPOSE AND SCOPE

The Crisis Intervention Team (CIT) has been established to train department personnel in interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual. The Eau Claire Police Department follows the Memphis Model of Crisis Intervention Training which emphasizes de-escalation and active listening. CIT members should be certified through the CIT International Coordinator's Course, when available, and should adhere to the best practices established by local, state, and national experts; in addition to guidance from the National Alliance on Mental Illness.

432.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

432.2 POLICY

The Eau Claire Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

432.3 FIRST RESPONDER TRAINING

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy or Crisis Intervention Training shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

Officer training in response to a call involving a person in crisis should include instruction on how to:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Crisis Intervention Team

- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

432.4 DE-ESCALATION TRAINING

Officers should be trained to consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Training should assist officers in how to determine a situation is a mental health crisis and how to address immediate safety concerns. Officers should receive instruction on the following considerations:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Crisis Intervention Team

- Argue, speak with a raised voice or use threats to obtain compliance.

432.5 INCIDENT ORIENTATION TRAINING

When responding to an incident that may involve mental illness or a mental health crisis, the officer should receive training on how to request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

432.6 SUPERVISOR RESPONSIBILITY TRAINING

A supervisor should receive training on how to respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

432.7 INCIDENT REPORTING TRAINING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

432.8 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues and should receive training as well.

- (a) Members should treat all individuals equally and with dignity and respect.

Eau Claire Police Department

Eau Claire PD Policy Manual

Crisis Intervention Team

- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

432.9 SELECTION OF PERSONNEL

Interested personnel, who are off probation, shall submit a request to the CIT Coordinator. Interested personnel shall be evaluated by certain criteria, which include:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Demonstrated good judgment and an understanding of the critical role of the crisis intervention model.
- (c) Effective communication, listening and instructional skills to ensure success as a CIT member.
- (d) Special skills, training or appropriate education as it pertains to the assignment.
- (e) Commitment to the unit, realizing that the assignment may necessitate unusual working hours, conditions and training obligations.

The CIT Coordinator shall submit a list of successful applicants to the Deputy Chief of Investigations and Professional Standards Division who will review the list of applicants and bring this to the Chief of Police for final selection.

432.10 DESELECTION OF PERSONNEL

Conduct inconsistent with program policies and training will result in deselection.

Possible criteria for deselection may include, but are not limited to, the following:

- (a) Failure to attend training.
- (b) Subject to department discipline.
- (c) Loss of good standing with the department.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The goal of traffic law enforcement is to reduce traffic crashes and improve the safety and quality of life for the community through traffic law compliance. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on crash data, enforcement activity records, traffic volume, traffic conditions and other data. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in crash situations but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Eau Claire Police Department. Information provided by the Wisconsin Department of Transportation (WisDOT) is a valuable resource for traffic crash occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic laws and address crash-causing violations during those periods and at those locations where the incidence of crashes is increased. As a matter of routine, all officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators. All officers shall maintain high visibility while working general enforcement, especially at high-crash incidence locations.

Other factors to be considered for deployment are citizen requests, construction zones, school zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. Factors such as the violator's socio-economic status, political office or affiliation, race, sex, age, or any racial/bias-based profiling element are generally inappropriate factors to consider when making violation enforcement decisions. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Wis. Stat. § 349.025(2)). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of crashes:

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, such as when a minor violation was inadvertent.

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers shall provide the following information at a minimum (Wis. Stat. § 345.27):

- (a) Explanation of the violation or charge (Wis. Stat. § 345.27):
 - 1. That certain convictions may result in revocation or suspension of the person's operating privileges, if the conviction will have that effect
 - 2. That demerit points may be assessed against the person's driving record for the offense
 - 3. The number of demerit points that is cause for revocation or suspension
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the citation is properly directed to the court with jurisdiction in which the violation is alleged to have occurred (Wis. Stat. § 345.11(2); Wis. Stat. § 345.11(5)).

500.3.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses (Wis. Stat. § 345.22). These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular homicide
- (b) Operating a vehicle while under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances
- (e) Inability to positively identify the violator, the violator has no permanent address or ties to the community, or the violator is an out-of-state resident

500.4 SUSPENDED OR REVOKED DRIVER LICENSE

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Wis. Stat. § 343.44.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, crash investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used anytime a plainclothes officer might benefit from being readily identified as an officer.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the designated storage area of each patrol and investigation vehicle. Each vest should be stored in such a manner as to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

Additional high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests.

Traffic Crash Response and Reporting

501.1 PURPOSE AND SCOPE

The policy provides guidelines for responding to and investigating traffic crashes.

501.2 POLICY

It is the policy of the Eau Claire Police Department to respond to traffic crashes and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to the established minimum reporting requirements with the goal of reducing the occurrence of crashes by attempting to identify the cause of the crash and through enforcing applicable laws. Unless restricted by law, traffic crash reports will be made available to the public upon request (Wis. Stat. § 346.70(4)).

501.3 NOTIFICATION

If a traffic crash involves a life-threatening injury or fatality, the responding officer shall notify a supervisor or, if unavailable, the Shift Commander. The Shift Commander or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Commander will ensure notification is made to the Deputy Chief of Patrol, department command staff, and City Manager in accordance with the Major Incident Notification Policy.

501.3.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, department chaplain, or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic crash should not be released until notification is made to the victim's immediate family.

501.4 MINIMUM REPORTING REQUIREMENTS

A crash report shall be taken when (Wis. Stat. § 346.70(4)(b)):

- (a) The crash originated or terminated on a traffic way, or public or private premises as outlined within Wis. Stat. § 346.66, and involved at least one motor vehicle in transport and resulted in any of the following (Wis. Stat. § 346.70):
 1. Injury or fatality of a person
 2. Total damage to one person's property that is reasonably believed to be \$1,000 or more
 3. Damage to government-owned property that is reasonably believed to be \$200 or more, except to government-owned vehicles, which is \$1,000 or more

Motor vehicle crashes that do not meet the above criteria are considered non-reportable and may be documented in a general information report in lieu of the WisDOT report form. The information contained in the general information report shall be sufficient to complete the WisDOT report form

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Traffic Crash Response and Reporting

should it later be determined that the crash involved injuries or property damage that meet the state criteria of a reportable crash.

501.4.1 PRIVATE PROPERTY

Generally, reports should not be taken when a traffic crash occurs on private property unless it involves an injury or fatality, a hit-and-run violation, or other traffic law violation. Members may provide assistance to motorists as a public service, such as exchanging information and arranging for the removal of the vehicles.

501.4.2 CITY/COUNTY VEHICLE INVOLVED

A traffic crash report shall be taken when a City vehicle is involved in a traffic crash that results in property damage or injury.

A general information report may be taken in lieu of a traffic crash report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Deputy Chief. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

501.4.3 TRAFFIC CRASHES INVOLVING DIPLOMATIC OR CONSULAR CONTACTS

When a member of this department investigates or receives a report of a traffic crash in which the operator of any vehicle involved in the crash displays a driver's license issued by the U.S. Department of State (DOS) or the person claims immunity or privilege under 22 USC § 254a through 22 USC § 258a, with respect to the operator's violation of any state traffic law or any local traffic law enacted by any local authority in accordance with Wis. Stat. § 349.06, the department member shall do the following (Wis. Stat. § 346.70(4)(i)):

- (a) As soon as practicable, contact the DOS Office of Foreign Missions (OFM) Diplomatic Security Command Center, Diplomatic Motor Vehicle Office to verify the status and immunity, if any, of the driver claiming diplomatic immunity.
- (b) Within 10 days after the date of the crash, forward a copy of the crash report to the DOS OFM Diplomatic Motor Vehicle Office.

501.5 INVESTIGATION

When a traffic crash meets minimum reporting requirements the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Traffic Crash Response and Reporting

- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence, reporting) on the appropriate forms.

501.5.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Deputy Chief of Patrol or on-duty Shift Commander should request that the Wisconsin State Patrol or other outside law enforcement agency investigate and complete a traffic crash investigation when a life-threatening injury or fatal traffic crash occurs within the jurisdiction of the Eau Claire Police Department and involves:

- (a) An on- or off-duty member of the Department.
- (b) An on- or off-duty official or employee of the City of Eau Claire Police Department.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic crash. The crash investigation and report shall be completed by the agency having jurisdiction.

501.6 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the crash, authorized members should issue a municipal citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter, or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.7 REPORTS

Department members shall utilize the written or automated report forms approved by WisDOT as required for the reporting of traffic crashes. All such reports shall be forwarded to the Deputy Chief of Patrol for approval and filing.

501.7.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

If the modification is to add a fatality, a Wisconsin Motor Vehicle Fatal Accident Supplement Form shall be completed and a Transaction Information for the Management of Enforcement (TIME) administrative message sent to Motor Vehicle Fatality Reporting. A fatality is any injury received in a traffic crash that results in death within 30 days of the crash.

501.7.2 TRAFFICBUREAUMANAGER RESPONSIBILITIES

The responsibilities of the Deputy Chief of Patrol include but are not limited to:

- (a) Ensuring the monthly and quarterly reports on traffic crash information and statistics are forwarded to the Patrol Deputy Chief or other persons as required.

Eau Claire Police Department

- (b) Forwarding the original written or automated format WisDOT report form for all reportable accidents to WisDOT within 10 days of the date of the crash (Wis. Stat. § 346.70(4)(a)).
- (c) Forwarding a copy of the WisDOT report form to the governing body where the crash occurred (Wis. Stat. § 346.70(4)(h)).
- (d) Review and analysis of traffic crash data to determine selective enforcement activities.
- (e) Traffic direction and control procedures.
- (f) Traffic crash and reporting procedures that include, at a minimum, protocol for the following crash conditions:
 - 1. Death or injury
 - 2. Hit and run
 - 3. Property damage only
 - 4. Damage to public vehicles or property
 - 5. Hazardous materials
 - 6. Occurrences on private property

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Eau Claire Police Department.

502.2 IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 48 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately (Wis. Stat. § 349.13(3)).

The responsibilities of those employees storing or impounding a vehicle are as follows.

502.2.1 VEHICLE REPORT

Department members requesting towing, seizure or impound of a vehicle shall complete a blue tow card. A portion of the tow card shall be given to the tow truck operator and the original submitted to the Property Technician as soon as practicable after the vehicle is towed.

502.2.2 REMOVAL FROM A TRAFFIC CRASH SCENE

When a vehicle has been involved in a traffic crash and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to Communications Center. When there is no preferred company requested, the officer will request a no preference wrecker. The communications center will complete that request.

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a crash, the officer shall request a no preference wrecker.

502.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations.

502.2.4 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call wrecker dispatch to determine the tow company.

Vehicle Towing and Release

502.2.5 RECORDS SECTION RESPONSIBILITY

Approved vehicle impound/storage forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

The lead CSO shall determine the names and addresses of any individuals having an interest in the vehicle through WisDOT or TIME computers. Notice shall be sent to all such individuals by certified mail. The notice shall include:

- (a) The name, address, and telephone number of this department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive a post-impound hearing, the owner, or his/her agent, shall request the hearing in person, in writing or by telephone within 10 days of the date appearing on the notice.

502.3 TOWING SERVICES

The City of Eau Claire periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.4 VEHICLE INVENTORY

All property in an impounded vehicle taken as evidence shall be inventoried and listed on inventory report. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be thorough and accurate as practicable. Any currency, weapons, prescription drugs, or illegal drugs should be packaged separately. Higher value items should be listed separately, but may be stored in the vehicle. Other items can be grouped such as, suit case with clothing. These inventory procedures are for the purpose of protecting an owner's property while the vehicle is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked

container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.5 PRESERVATION OF EVIDENCE

An officer removing a vehicle, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Any personal property shall be returned to the owner of the vehicle during regular office hours upon presentation of proper identification (Wis. Stat. § 349.13(5)(b)(2)).

Impaired Driving

503.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of operating while intoxicated (OWI).

503.2 POLICY

The Eau Claire Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Wisconsin's impaired driving laws.

503.3 INVESTIGATIONS

Officers should not enforce OWI laws to the exclusion of their other duties unless specifically assigned to OWI. All officers are expected to enforce these laws with due diligence.

The Deputy Chief of Patrol will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any OWI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The standardized field sobriety tests (SFSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Wisconsin or another jurisdiction.

503.4 FIELD TESTS

Officers should primarily use Standardized Field Sobriety Tests whenever possible. These tests consist of Horizontal Gaze Nystagmus Test, walk and turn and one legged stand. If other tests are necessary due to some type of physical impairment the officer will use best judgement.

503.4.1 ADMINISTRATION OF SFSTS

Officers trained in the proper administration of SFSTs shall use those skills in testing for driver impairment. Officers shall perform testing in accordance with the NHTSA standards and training. The three tests that constitute SFSTs are:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Impaired Driving

- (a) Horizontal gaze nystagmus (HGN) - This test involves the involuntary jerking of the eyes when responding to gazing to the side. The involuntary jerking becomes more pronounced as the impairment level increases.
- (b) Walk and turn - This test requires the individual to concentrate on more than one thing at a time. The mental tasks include comprehension of verbal instructions and the physical balance and coordination tasks.
- (c) One leg stand - This test is the same type of divided attention task as the walk and turn test.

All three tests are highly reliable when properly administered and interpreted for evaluating an individual's level of impairment.

503.5 CHEMICAL TESTS

A person implies consent under Wisconsin law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Wis. Stat. § 343.305):

- (a) The officer has arrested the person for operating a motor vehicle while under the influence of an intoxicant, controlled substance, or any other drug.
- (b) The officer has arrested the person for operating a motor vehicle with a detectable amount of a restricted controlled substance in the person's blood.
- (c) The officer has arrested the person for operating a motor vehicle with a prohibited alcohol concentration.
- (d) The officer has arrested a person under the age of 21 who has any detectable amount of alcohol in his/her system.
- (e) The officer has arrested a person who was operating a commercial motor vehicle while having an alcohol concentration of 0.04 or more.
- (f) The officer has arrested the person for causing injury to another person while OWI or with a prohibited alcohol concentration or a detectable amount of a restricted controlled substance in his/her blood.
- (g) The officer has arrested the person for causing injury to another person while operating a commercial motor vehicle with an alcohol concentration of 0.04 or more.
- (h) The officer has arrested the person for a violation of Wis. Stat. § 940.25 (injury by intoxicated use of a vehicle).
- (i) The officer has arrested the person for a violation of Wis. Stat. § 940.09 (homicide by intoxicated use of vehicle or firearm).
- (j) The person was involved in an accident resulting in substantial bodily harm to any person and the officer detects any presence of alcohol, a controlled substance, a controlled substance analog, or other drug (Wis. Stat. § 343.305(3)(ar)).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious) the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

503.5.1 BREATH SAMPLES

The Deputy Chief of Patrol should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Deputy Chief of Patrol.

503.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Wis. Stat. § 343.305(5)(b)). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task (Wis. Stat. § 343.305(5)(b)).

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

503.5.3 STATUTORY NOTIFICATIONS

An officer requesting that a person submit to a chemical test shall read to the person the mandatory statutory warning form provided by Wis. Stat. § 343.305(4) entitled Informing the Accused. Officers shall not expand upon the form.

503.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

503.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Wis. Stat. § 343.305).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Impaired Driving

- (c) Document the refusal in the appropriate report.

503.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall serve the person with the notice of intent to revoke the person's operating privilege (Wis. Stat. § 343.305).

The officer shall forward all reports and notices onto to the records division and they shall forward copies of the notice to the appropriate prosecuting attorney, as well as the Wisconsin Department of Transportation (WisDOT), in the manner prescribed by WisDOT. If the person was operating a commercial motor vehicle, the officer shall issue the person a 24-hour out-of-service order (Wis. Stat. § 343.305(9)).

503.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist, the person has been arrested for OWI, the officer reasonably believes that a chemical test will reveal evidence of intoxication, and no reasonable objection to the withdrawal has been presented by the arrestee. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

503.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Impaired Driving

- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In first-time OWI and misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

503.6.4 OFFICER ACCESS TO ADDITIONAL SAMPLE

If a person refuses to submit to a chemical test but has had a sample of blood, urine or other bodily substance taken for any reason, the officer may obtain a portion of that sample sufficient for analysis or may request that a sample be available as allowed by law (Wis. Stat. § 905.04(4)(f)).

503.7 ARREST AND INVESTIGATION

503.7.1 CRASHES

Officers investigating a person for OWI shall make all reasonable efforts to obtain a chemical sample if the person was involved in a crash that resulted in a fatality or serious physical injury (Wis. Stat. § 343.305(2)).

503.8 ADMINISTRATIVE HEARINGS

The Director of Administration will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to WisDOT.

Any officer who receives notice of required attendance at an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and WisDOT file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

503.9 TRAINING

The Training Technician should ensure that officers participating in the enforcement of OWI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to OWI investigations. The Training

Technician should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

504.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

504.2 RESPONSIBILITIES

Employees of this department shall use the State of Wisconsin Uniform Traffic Citation for moving traffic violations and other violations pursuant to Wis. Stat. § 345.11. Officers shall inform the person charged with a violation of a traffic regulation of the consequences of the citation on the person's driving privilege (Wis. Stat. § 345.27(1)). After issuing the citation, the officer shall process the person in accordance with Wis. Stat. § 345.23.

The Records Section shall be responsible for the issuance and accounting of all traffic citations provided to employees of this department (Wis. Stat. § 345.11(7)(a)). The Traffic and Criminal Software (TraCS) program is the primary tool for issuing, loading, and maintaining numerical blocks of electronic traffic and ordinance citations on electronic devices.

The Records Section shall prepare and submit reports as required by the Wisconsin Secretary of Transportation (Wis. Stat. § 345.11(7)(a)).

504.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court officer, district attorney or city attorney has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the court officer.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request that the court dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required.

504.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the records section.

504.5 CORRECTION OF TRAFFIC CITATIONS

The charge on the front side of the citation form shall not be amended. When a traffic citation in need of correction has not been entered in court, the citation should be voided as described in this policy and a citation with a new number should be issued.

Disabled Vehicles

505.1 PURPOSE AND SCOPE

The Eau Claire Police Department has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

505.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

505.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

505.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

505.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

Abandoned Vehicle Violations

506.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, removal and recording of vehicles abandoned in violation of abandoned vehicle laws or ordinances or that must be removed due to an emergency.

506.2 "MARKING" SUSPECTED ABANDONED VEHICLES

Vehicles on public roadways suspected of being abandoned in violation of state or local laws shall be marked and documented via the computer aided dispatch (CAD) system. A case number is required at this time with a report describing the markings, description of the vehicle, and location.

A visible chalk, crayon or paint mark should be placed on one of the vehicle tires. Any deviation in markings shall be noted the report.

Reasonable attempts should be made by the investigating member to identify and notify the owner of the pending removal of the vehicle using information available from the Wisconsin Department of Justice Transaction Information for the Management of Enforcement (TIME) system This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle prior to removal.

All abandoned vehicle reports shall be submitted to the Deputy Chief of Patrol for review and case status should be changed to indicate follow up is needed.

Investigation and Prosecution

600.3 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall generally be read their *Miranda* rights unless an exception applies.

A juvenile's request to speak with a parent or to have a parent present during questioning should be honored to ensure the juvenile's statement is voluntary.

600.3.1 RECORDING CUSTODIAL INTERROGATIONS

Any custodial interrogation of a person who is suspected of having committed a felony, or any juvenile if the offense could be a crime if prosecuted under state statute, should be electronically recorded (audio/video or both as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings (Wis. Stat. § 968.073(1)(a)); Wis. Stat. § 968.073(2)).

Generally, questioning during an interrogation should be performed by no more than two persons, although others may be present during the interrogation and may also provide notes to those persons conducting the questioning.

Interrogations shall be of a reasonable duration considering the age of the person under interrogation, the time of day and the physical, emotional and mental condition of the person under interrogation. Reasonable breaks for meals, beverages and rest should be considered as may be appropriate.

Officers should make an electronic recording of a custodial interrogation, or any investigative interview, for any offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

- (a) Officers shall make an audio/visual recording of a custodial interrogation in its entirety of any person suspected of committing a felony unless an exception applies or good cause is shown for not making a recording (Wis. Stat. § 968.073(2)).
 - 1. Exceptions to an audio/visual recording of the interrogation include (Wis. Stat. § 972.115(2)(a)):
 - (a) The person refused to respond or cooperate in the interrogation if a recording was being made.
 - (b) The statement was made in response to a question asked as part of the routine processing.
 - (c) The statement was made spontaneously and not in response to a question.
 - (d) The officer in good faith failed to make a recording because the recording equipment did not function, malfunctioned, stopped operating or the officer inadvertently failed to operate the equipment properly.
 - (e) Exigent public safety circumstances existed that prevented the making of a recording or rendered the making of such a recording infeasible.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Investigation and Prosecution

- (f) The officer conducting the interrogation believed at the commencement of the interrogation that the offense for which the person was taken into custody or for which the person was being investigated was not a felony.
- (b) Officers shall make an audio/visual recording of a custodial interrogation of any juvenile conducted at a place of detention, or if feasible at a place other than a place of detention, unless good cause is shown for not making a recording or an exception applies (Wis. Stat. § 938.195(2)).
 - (a) Exceptions to an audio or audio and visual recording of the juvenile interrogation include (Wis. Stat. § 938.31(c)):
 - (a) The juvenile refused to respond or cooperate in the interrogation if a recording was being made.
 - (b) The statement was made in response to a question asked as part of the routine processing.
 - (c) The statement was made spontaneously and not in response to a question.
 - (d) The officer in good faith failed to make a recording because the recording equipment did not function, malfunctioned, stopped operating or the officer inadvertently failed to operate the equipment properly.
 - (e) Exigent public safety circumstances existed that prevented the making of a recording or rendered the making of such a recording infeasible.

An officer conducting a custodial interrogation is not required to inform the subject of the interrogation that the officer is making an audio/visual recording of the interrogation (Wis. Stat. § 968.073(3); Wis. Stat. § 938.195(3)).

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Investigations Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or different format, provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable and shall review any recordings when preparing summaries or reports.

600.3.2 INTERROGATIONS, INTERVIEWS AND QUESTIONING JUVENILES

All interrogations, interviews and questioning of juveniles will be conducted with full regard for principles of fundamental fairness and be so structured as to ensure the maximum protection of the juvenile's constitutional rights. Officers should exercise good judgment in accepting a waiver from a juvenile. her statements should be carefully evaluated in each case. Advising a very young child (e.g. under 10 years) of his/her constitutional rights is probably a meaningless exercise.

600.3.3 INTERROGATION OF SUSPECTS IN SCHOOLS

All interviews or interrogations on school grounds and in school buildings will be conducted as discreetly as possible, preferably with the knowledge and assistance of the school administration. Before a custodial interrogation, the police officer shall, if applicable, advise the student of the nature of the crime of which he/she is suspected, that he/she has a right to remain silent, that anything he/she says may be used against him/her in juvenile or criminal court, that he/she has a the right to have an attorney present or a court appointed attorney if his/her parents cannot afford it and that the child or parent may stop the interrogation at any time. The school officials or parents cannot waive these rights on behalf of the student and it is the school official's responsibility, as well, to ensure that the student fully understands all of his/her rights. The officer will make an attempt to notify a parent/guardian after the interview is complete.

600.4 PERSONS WITH COMMUNICATION DISABILITIES

Upon the arrest of a person with a communication disability and before interrogation or the taking of his/her statement, the officer should make an interpreter available to that person.

600.5 FOLLOW-UP INVESTIGATIONS

Follow-up investigations on all cases are evaluated and assigned by the Investigations Bureau supervisor based upon caseload, case assignment and an evaluation of case solvability factors.

600.5.1 COLD CASE REGISTER

The Department shall maintain a confidential cold case register for offenses including homicides and felony sexual offenses that have remained unsolved for more than one year. As practicable, cold cases shall be revisited periodically for new information.

Maintenance of the cold case register and proper notification of the victim, victim's family or appropriate representative shall be in accordance with any applicable law.

600.6 MODIFICATION OF CHARGES FILED

Employees should consult with a supervisor prior to recommending to the District Attorney, City Attorney or to any other official of the court that charges on a pending case be altered or the case dismissed. Engaging in discussions initiated by the prosecutor representing the District Attorney or City Attorney is not restricted. In all cases resulting in court prosecution, any intent by a member of the Department to modify the charges filed or to recommend dismissal of charges in a pending case shall be discussed with a Deputy Chief or the Chief of Police or the authorized designee prior to taking action.

600.7 POLICY REVIEW

At a minimum, the Department shall biennially review the Eyewitness Identification of Suspects section in this policy. In developing and revising the Eyewitness Identification of Suspects section,

POLYGRAPH EXAMINATIONS

601.1 EXAMINER RESPONSIBILITIES

601.1 EXAMINER RESPONSIBILITIES

Polygraph examiners should avail themselves of career development opportunities. Any training opportunities that come to the attention of an examiner should be passed on to the examiner's supervisor. Examiners should also attend any necessary training to maintain their certification.

The examination room should be kept in a neat and clean condition. The room should be free of visual distractions, i.e. desk decorations, photos, wall decorations, etc.

Record Keeping and Equipment

- The polygraph examiner is responsible for the maintenance, safekeeping, and integrity of all polygraph equipment.
- Unless otherwise provided for in this policy or by State law, the polygraph examiner shall maintain electronic copies of each polygraph report, together with polygraph charts and all associated documentation, for a period of at least seven years. These electronic records shall be kept in the designated secure portion of the City of Eau Claire Information Systems Network.
- The Lieutenant of Professional Standards Bureau will be responsible for having biannual quality audits conducted on the department's polygraph examinations. These audits should be accomplished through an outside expert.
- In pre-employment examinations, the Chief's Administrative Assistant shall maintain all records on the polygraph examination. These records shall be stored as separate records from criminal examinations. A copy of the summary report of pre-employment examinations should be sent to the City's Human Resource department, via the Chief's Administrative Assistant, for inclusion in personnel files.

601.2 ADULT EXAMINATIONS

Polygraph Use and Procedures

- It is the purpose of this policy to provide officers and others with general knowledge, guidance, and procedures for the use of polygraph examinations.

Philosophy

- The polygraph examination is a valuable investigative aid when used in conjunction with, but not as a substitute for, a thorough investigation. The polygraph may be employed, consistent with this policy, to verify, corroborate or refute statements, obtain additional investigative leads, narrow or focus criminal investigations, or serve to screen candidates for positions with this or other criminal justice agencies, among other uses.

POLYGRAPH EXAMINATIONS

601.2.1 JUVENILE EXAMINATIONS

The polygraph examination of a juvenile subject will be used as an investigative aid in the same fashion and for the same purposes as for an adult witness or suspect. The parents, guardian, or legal custodian of the juvenile will not be allowed to waive his or her 5th Amendment privilege against self-incrimination. Juveniles who are the subject of an investigation into offenses that could result in a delinquency finding, or waived to criminal court, will be advised of their right to refuse the examination and the right to counsel.

- The parents, guardian or legal custodian will be asked to sign a statement signifying that they have been apprised of the purpose of the examination, the general procedure for administering the test, the fact that they may NOT be present during the examination, that legal counsel for their child may be present in an observation room and whether or not they consent to the examination.
- The form must be signed before proceeding.

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.2 INVESTIGATION CONSIDERATIONS

602.2.1 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall assist in keeping the identity of the victim confidential as allowed by law.

The Department shall withhold public access to information that would reveal the identity of a victim or alleged victim of criminal sexual conduct as allowed by law.

602.2.2 OFFICER RESPONSIBILITIES

Officers investigating or receiving a report of an alleged sex offense shall inform the victim of all of his/her rights as outlined in the Victim and Witness Assistance Policy.

602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

602.4 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Sexual Assault Investigations

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.4.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (Wis. Stat. § 165.775):

- (a) Upon notification by a health care professional, take possession of a sexual assault kit within 72 hours
- (b) Send a sexual assault kit to a state crime laboratory within 14 days of its receipt in accordance with the rules established by the Wisconsin Department of Justice
 1. If a member is notified by the victim before the kit is sent to a state crime laboratory that the victim does not want the kit analyzed, the member should send the kit to a state crime laboratory for storage.
- (c) Notify a state crime laboratory of a victim's delayed report of sexual assault or request to analyze a stored sexual assault kit, and request processing of the kit in their possession (Wis. Admin. Code § JUS 20.04)
- (d) Make the required entries into the Wisconsin Sexual Assault Kit Tracking System when applicable (Wis. Stat. 165.776)

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.4.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A Victim Witness member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

602.5 CASE REVIEW

The Investigations Bureau supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

Eau Claire PD Policy Manual

Sexual Assault Investigations

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Investigations Bureau.

602.6 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants and buy/expense funds.

The informant files shall be maintained in a secure area within the West Central Drug Task Force. These files shall be used to provide a source of background information about the informant, enable review and evaluation of information given by the informant, and minimize incidents that could be used to question the integrity of members of the Eau Claire Police Department or the reliability of the confidential informant.

Access to the informant files shall be restricted to the Chief of Police, a Deputy Chief, the West Central Drug Task Force supervisor or their authorized designees.

603.3 USE OF INFORMANTS

Before using an individual as a confidential informant, an officer must receive approval from the West Central Drug Task Force supervisor. The officer shall compile sufficient information through a background investigation to determine the reliability, credibility and suitability of the individual, including age, maturity and risk of physical harm.

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

 - (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
 - (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

603.5 NARCOTICS INFORMANT PAYMENT PROCEDURES

The potential payment of large sums of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. To maintain a good accounting of such funds requires a strict procedure for disbursements.

603.5.1 PAYMENT PROCEDURE

The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The amount of assets seized
- The quantity of the drugs seized
- The informant's previous criminal activity
- The level of risk taken by the informant
- Other factors that may motivate the informant

The West Central Drug Task Force supervisor will establish appropriate standards for the payment of informant rewards based on the factors listed above and with the approval of the WCDTF Oversight Committee. These standards will be adhered to by Investigators of the WCDTF unless exceptions have been made with the approval of the WCDTF Professional Standards Bureau.

603.5.2 CASH DISBURSEMENT POLICY

The following establishes a cash disbursement policy for confidential informants.

A confidential informant may receive a cash amount for each quantity of drugs seized, regardless of whether assets are also seized. Any rewards based on information that leads to the seizure of drugs, drug proceeds, or other felony evidence will be established with the informant at the time the information is given. Any such rewards will be offered in observance with the above listed criteria and no guarantee will be given in regard to rewards for information that is not accurate.

The West Central Drug Task Force supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

To complete the transaction with the confidential informant, the case agent shall have the confidential informant initial the cash transfer form. The confidential informant will sign the form indicating the amount received, the date and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The Eau Claire Police Department case number shall be recorded on the cash transfer form.

603.5.4 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the confidential informant should be provided IRS 1099 Form (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on tax returns as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

603.5.5 AUDIT OF PAYMENTS

- Officers shall not use the same Fillers in In-Person/Photo Lineups shown to the same witness when showing a new suspect.
- No writings or information concerning previous arrest(s) shall be visible to the witness during any identification procedure.
- Officers shall read and follow the instructions on "Eyewitness Instruction Sheet" or "Live Lineup Instruction Sheet", as applicable.
- Officers shall avoid saying anything to a witness that may influence the witness' identification of a suspect.
- If a witness makes an identification, an officer should not make any statements that would either reinforce or discourage the witness's identification.

Eyewitness Identification

- Officers shall not display a suspect, or likeness (photograph, composite drawing or sketch), of a suspect, to more than one witness simultaneously. If multiple witnesses are to see such suspects or likenesses, they should be kept separated from each other.
- Witnesses, who have taken part in any identification procedure, shall not be allowed to express conclusions within earshot of another person who is about to be, or has been, involved in the same identification procedure.
- Officers shall not by word or gesture, suggest opinions to any witness that the suspect committed the crime.
- Officers shall place photos/suspects in random order. The suspect should never be in the number one position.
- Officers shall not tell witnesses how many photos/persons they are going to view.
- Officers shall not make reference that a suspect is in the group being shown.
- Officers shall use the Sequential Procedure when conducting an In-Person/Photo Lineup.
- Officers should never ask a witness to make a partial identification using a percentage. Officers shall document the exact words used by the witnesses to describe a "partial" identification, such as "probably", or "looks like but is different".
- Officers conducting an In-Person/Photo Lineup shall complete an In-Person/Photo Lineup Worksheet. Further, a supplemental report, which details the identification process and all pertinent statements, shall be completed.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION FORM

- Shall only be conducted with the approval of a Investigations Division Professional Standards Bureau.
- Shall not be used when the following circumstances make it unwise or impractical:
 - The unusual appearance of the suspect makes it difficult to find suitable persons to include in the lineup.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Eyewitness Identification

- The suspect is in custody at a location too far from the witness to make it practical.
- All non-suspects in the lineup shall be instructed to conduct themselves so as not to single out the actual suspect.
- If special gestures, stances, or utterances by the participants of a lineup are required, all participants should be given instructions to do so in the same manner and time frame as the suspect.
- Officers shall assemble the lineup, containing the suspect and at least three Fillers. All subjects should be kept out of view of the witness. Place the fillers and suspects in a pre-determined order, although a Filler should always be first. Present the lineup one person at a time, asking the witness, "Is this the person you saw (insert crime)?" after each person is presented. Follow all procedures if a positive response is received. Remove each person from view before the next person is presented.
- If a witness requests to view any one subject again, then the officer shall instruct the witness that all subjects will be shown. This must be documented.
- Photos shall be taken of the suspect and the non-suspect fillers that participate in the lineup. These photographs should be placed in Records with your report.
- If a suspect refuses to participate in an In-Person Lineup, consult a Investigations Division Professional Standards Bureau, who can then consult with the District Attorney.
- If a suspect has been charged in court with a crime, then the suspect has a right to an attorney. The suspect's attorney shall be allowed to observe the lineup, but may not obstruct or control the lineup. Any comments or suggestions by the attorney should be noted and documented in the supplemental report.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case (Wis. Stat. § 175.50). Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

Eyewitness Identification

604.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate photo lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photo and the fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

604.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report (Wis. Stat. § 175.50).

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the Eau Claire Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Eau Claire Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Eau Claire Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

605.4 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Brady Material Disclosure

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection and address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.4.1 LEGAL ADVICE

The Chief of Police should make arrangements for acquiring legal advice through employment of a legal advisor or consultation with the prosecuting attorney, department legal counsel, or other legal advisor for members' routine questions or concerns.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

605.7 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Chief's Staff Deputy Chief or the authorized designee. The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.

Eau Claire Police Department

Brady Material Disclosure

- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

605.8 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

ELECTRONIC RECORDING OF CUSTODIAL INTERVIEWS

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for electronic recording and the associated use, management, storage, and retrieval of recordings of custodial questioning. Further, this policy is intended to reduce the risk of wrongful conviction of innocent persons and to ensure that the highest quality evidence possible is obtained from custodial interviews.

Electronic recording provides persuasive documentary evidence and helps defend against civil litigation and allegations of officer misconduct. To maximize the effectiveness of electronic recording and the integrity of audio and/or video documentation, officers assigned the use of recording devices should follow the operational objectives and protocols outlined in this policy.

606.2 DEFINITIONS

- **Recorded Media:** Refers to audio and/or video signals recorded on any of several storage media, including analog tape (VHS, SVHS, Hi 8mm), digital tape (DV) or other portable digital storage media (CD, DVD, jump drive, hard drive, etc.)
- **Electronic Recording:** A visual and/or audio recording using a digital or analog storage format.
- **Digital Recording:** An electronic recording typically stored on CD, DVD, or microchip.
- **Analog Recording:** An electronic recording typically stored on a VHS, cassette, or micro-cassette tape.

606.3 PURPOSE

Electronic recording is intended:

- To accurately capture statements and events during the course of a custodial questioning;
- To enhance the ability to document and review statements and actions for internal reporting requirements and for courtroom preparation and presentation;
- To capture visual and/or audio information for use in current and future investigations;
- To document acknowledgment of and rigid adherence to suspects' rights and the law;
- To allow the questioning process to become part of the investigation's collection of information, rather than simply a means to secure an admission or a confession;
- To allow the opportunity to review the process that led to the confession or admission; and
- To preserve the integrity of officers and the investigative process.

Eau Claire Police Department

ELECTRONIC RECORDING OF CUSTODIAL INTERVIEWS

606.4 RECORDING REQUIREMENTS AND RECOMMENDATIONS

- (a) Statutes require recordings of any custodial questioning of a juvenile (persons under 17 years old) for an offense that would be a crime if prosecuted under state statutes.
- (b) Statutes require recordings of any custodial questioning of an adult (persons 17 years old and older) for a crime that is a felony.
- (c) When practical, (see "d" below) electronically record all custodial questioning. Recording should begin at the start of the process and continue without interruption until questioning ends.
- (d) Recording may not be possible or practical if:
 - 1. The recording device does not work and there is no other device reasonably available;
 - 2. The officer operating the recording device inadvertently fails to operate it properly;
 - 3. During the questioning, the recording device malfunctions without the officer's knowledge;
 - 4. A person makes a spontaneous statement; or
 - 5. Recording is not practical due to the minor nature of the case and/or the location of the contact.
 - 6. The circumstances are prohibited by state law. (example - strip searches or body cavity searches)
- (e) Continue to prepare written police reports and obtain written statements from suspects. Electronic recordings are not substitutes for reports or written statements of suspects.

606.4.1 NOTICE TO SUSPECT OR WITNESS

Officers are not required by law to inform adults or juveniles that they are being recorded.

Officers should use their discretion as to whether a particular suspect is likely to be inhibited by notice that they are being recorded.

The lack of consent to recording does not affect the admissibility of a recorded statement.

606.5 OPERATION OF EQUIPMENT

- Using caution with police radios; officers should ensure that the volume of other electronic devices do not interfere with recordings.
- Officers should not erase, alter, modify, or tamper with recordings. Only Records Personnel may erase and reissue previously captured recordings and even then may only do so pursuant to the provisions of this policy.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

ELECTRONIC RECORDING OF CUSTODIAL INTERVIEWS

- To prevent damage, original recordings should not be viewed in any equipment other than that which is authorized by the Director of Administration or someone acting under their direction.
- Recordings should be turned into Records; following standard procedures for filing case reports, unless special circumstances dictate otherwise.
- Except as previously noted, when recording equipment is activated to document an event, the equipment should not be deactivated until the event is concluded. If there is a need to deactivate a recording device prior to the conclusion of an event, the reasoning should be documented in the officer's report and, if possible, on the recording.
- Personnel are responsible for inspection and general maintenance of assigned/issued recording equipment. Malfunctions, damage, loss, or theft of equipment shall be promptly reported to a supervisor. If recording equipment fails or malfunctions, the equipment should immediately be turned into the Lieutenant of Special Services with a note explaining the nature of the malfunction.

606.6 DUPLICATION OF RECORDED MEDIA

- All recording media, recorded images, and audio recordings are the property of this department.
- Unauthorized dissemination, outside of this agency, is strictly prohibited without specific permission of the Director of Administration or someone authorized to approve releases by the Director.
- Officers needing to view a specific recording will find most on the department's computer network. For those not found there, assistance should be sought from the Records Technician.
- In no case should an officer copy or duplicate any recorded media. Requests for copies should be directed to the Records Technician.

Detective Division Wellness Program

609.1 GENERAL POLICY

The Eau Claire Police Department Investigations Bureau is tasked with investigating serious crimes. Types of crimes that are commonly investigated include child deaths, child abuse, child sexual assault, child neglect, and Internet-facilitated child exploitation. As a result, some personnel who are assigned to the Investigations Bureau will be frequently exposed to descriptions of sexual assault of children, the physical abuse of children, and child neglect. Some Investigations Bureau personnel will also be frequently exposed to text describing the sexual assault of children, images of child erotica, and video depicting the graphic sexual assault of children. The potential of negative emotional and stress-related physical effects on personnel is apparent.

The purpose of this policy is to establish a program to educate Investigations Bureau personnel in order to promote resiliency in the face of exposure to real child maltreatment situations and child exploitation materials (CEM) necessarily exposed to in the normal performance of their jobs, and identify and address issues when they do arise.

609.2 DEFINITIONS

For the purposes of this policy, the following definitions apply:

- (a) Investigations Bureau personnel: Personnel in this category include sworn officers who are assigned on a full-time or part time basis to the Investigations Bureau and/or the Chippewa Valley Regional Computer Forensic Laboratory (CVRCFL).
- (b) Child maltreatment: Any suspected crime that involves the victimization of a child. This may include, but is not limited to death of a child, sexual abuse of a child, physical abuse of a child, and child neglect.
- (c) Child exploitation materials (CEM): Text describing the sexual assault of children, images of child erotica, images of child sexual abuse and/or images and video depicting the graphic sexual assault of children.
- (d) Exposed individuals: Any Eau Claire Police Department Investigations Bureau personnel or officers affiliated with the CVRCFL whose responsibilities require them to frequently interview victims and/or witnesses of child maltreatment and/or view CEM.
- (e) Mental Health Professional (MHP): A qualified mental health provider who can provide the following:
 - Recommendations for care
 - Training regarding self-care and management
 - Education for supervisors, staff, family members and significant others
 - One-on-one sessions for exposed individuals
 - Understanding of the true nature and scope of child maltreatment and CEM
 - Experience in dealing with law enforcement-related vicarious trauma

Detective Division Wellness Program

609.3 CORE COMPONENTS

The following are core components of the Investigations Bureau Wellness Program:

- (a) Services of an Eau Claire Police Department contracted MHP will be made available for mental health consultation and, when needed, referral to an outside licensed mental health professional. This mental health service is provided confidentially and without fear of reprisals. Sessions may be open to participation from a supportive adult family member (upon confidentiality permission of the Deputy Chief of Investigations and Professional Standards Division) if the employee feels that this would be helpful.
- (b) Exposed members of the Investigations Bureau will be required to meet with the contracted MHP two times per year as part of their duties. Meetings will include general mental health assessment, resiliency assessment (e.g., work/life balance and social support) and review of job-related stressors. The intent of these meetings is not to identify employees who are experiencing difficulties resulting from their work, but to provide a framework of consistent support.
- (c) Voluntary consultation may be provided to the employee's spouse, significant other or support system in order to help them recognize the possible onset of any mental health or stress-related physical health issues resulting from exposure to accounts of child maltreatment and CEM. Information provided shall include the names of and contact procedure for reaching the contracted MHP and other resources.
- (d) Resources for formal debriefings shall be provided following any large-scale child exploitation/child maltreatment investigation deemed particularly disturbing by an exposed individual or any critical incident that may affect the mental health of the members of the Detective Division.

609.4 FUNDING

Funding for the bi-annual wellness reviews will be provided by the City of Eau Claire. In instances where the identified MHP is a provider under the City of Eau Claire Employee Assistance Program (EAP), the primary funding source for the bi-annual wellness reviews will be through the City of Eau Claire EAP. Additional services or voluntary referrals outside the licensed MHP will be provided under City of Eau Claire EAP.

609.5 WELLNESS REVIEWS

The Eau Claire Police Department contracted MHP will conduct bi-annual wellness reviews of exposed Investigations Bureau personnel. The contracted MHP will confirm with the Eau Claire Police Department Deputy Chief of Investigations and Professional Standards Division that the exposed employee completed the wellness review. The general results, or conclusions, from these wellness reviews will remain confidential, except:

- (a) If the contracted MHP concludes there is a serious risk of harm or danger to the individual or others if the specific facts are not disclosed.
- (b) When failure to disclose the specific facts would expose the contracted MHP to civil or criminal liability or be inconsistent with professional ethics in their field.
- (c) If the employee has given written consent to the disclosure by the contracted MHP to the Deputy Chief of Investigations and Professional Standards Division.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.1.1 PRIVACY POLICY

Any employee utilizing any computer, Internet service, telephone service or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communications utilizing such service might otherwise have, including the content of any such communications. The Department also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored using such service at any time.

701.2 POLICY

The Eau Claire Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Personal Communication Devices

Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

701.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

701.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Carrying a personally owned PCD is a privilege, not a right.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty.

Eau Claire PD Policy Manual

Personal Communication Devices

701.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Employees shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (b) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (c) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (d) Employees will not access social networking sites for any purpose that is not official department business.
- (e) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Wis. Stat. § 346.89). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.4 MOBILE DATA COMPUTER

Members assigned to vehicles equipped with a Mobile Data Computer (MDC) shall log onto the MDC with the required information when going on-duty. Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

All data captured by the system shall be retained in accordance with the established records retention schedule.

Damage to any department vehicle that was not caused by a traffic crash shall be immediately reported during the shift in which the damage was discovered to the Shift Commander. An administrative investigation can be initiated to determine if there has been any vehicle abuse or misuse.

703.6 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

703.7 USE OF SQUAD PUSH BUMPERS

Push bumpers may be used to push stalled or disabled vehicles from intersections or traffic lanes. This action will restore normal traffic flow, reduce the threat of injury to officers and civilians, reduce the chances for vehicle accidents, and allow officers to be free to respond to other calls.

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide current, useful information to aid operational personnel in meeting its tactical crime control and prevention objectives. Crime analysis is intended to help identify and analyze the methods of operation of individual criminals, providing crime pattern recognition and analysis of data from field interrogations and arrests. Crime analysis can be useful to the department's long-range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to those units. Information relevant to the development of the department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Communications

801.1 PURPOSE AND SCOPE

The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demand on the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any organization, large or small, uses available information technology in the fulfillment of its missions.

801.1.1 FEDERAL COMMUNICATIONS COMMISSION (FCC) COMPLIANCE

Eau Claire Police Department radio operations shall be conducted in accordance with FCC procedures and guidelines.

801.2 POLICY

It is the policy of the Eau Claire Police Department to provide 24-hour telephone service to the public for information and for routine or emergency assistance.

The Department provides two-way radio capability providing continuous communication between Communications Center and department members in the field.

801.2.1 CALL HANDLING

When a call for law enforcement services is received, the dispatcher will determine if the call is an emergency or non-emergency. The dispatcher will determine the call type, location and priority by asking the three key questions:

- Where?
- What
- When?
- Who?

A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding units and the affected citizen. Dispatchers should be courteous, kind, patient and respectful in dealing with the public.

Emergency calls should be dispatched immediately. The Deputy Chief of Patrol shall be notified of pending calls for service when units are unavailable for dispatch.

801.2.2 COMMUNICATIONS LOG

It shall be the responsibility of Communications Center to record all relevant information on calls for criminal and noncriminal service or self-initiated activity. Members shall attempt to elicit, record and share as much information as possible to enhance the safety of the officer and assist in anticipating conditions to be encountered at the scene. Desirable information would include, at a minimum, the following:

Eau Claire Police Department

Eau Claire PD Policy Manual

- Involvement of weapons, drugs and/or alcohol
- Location of incident reported
- Identification of any officer assigned as primary and backup
- Time of dispatch
- Time of the officer's arrival
- Time of officer's return to service
- Status of reported incident

801.3 RADIO COMMUNICATIONS

Operations are more efficient and officer safety is enhanced when dispatchers, supervisors and other officers know the status of officers, their locations and the nature of their cases.

801.3.1 OFFICER IDENTIFICATION

Identification systems are based on factors such as beat assignment and officer identification numbers. Members should use their entire call sign when calling Communications Center or another unit. The use of the call sign allows for a brief pause so that the dispatcher or called unit can respond to the appropriate unit. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

An evidence record shall be maintained and a unique evidence number created for each piece of property received. The evidence module shall record, by evidence number, the date received, case number, property number, item description, item location and date disposed. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

Computers and Digital Evidence

808.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information. This policy also establishes procedures for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

808.2 SEIZING COMPUTERS AND RELATED EVIDENCE

The collection, preservation, transportation and storage of computers and related equipment requires specialized training and handling to preserve its value as evidence. If it is anticipated that computer evidence or equipment will be seized, officers should request that certified computer forensic examiners assist in seizing computers and related evidence.

808.3 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD), such as cellular phones, Personal Data Assistants (PDA) or other handheld devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert or Technical Services Unit member. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be wrapped in no less than six sheets of heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until the devices can be examined. If the batteries go dead, all the data may be lost.

808.4 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of the evidence.

808.4.1 DOWNLOADING OF DIGITAL FILES

Digital information, such as video or audio files recorded on devices using internal memory, must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.

Computers and Digital Evidence

- (b) Where reasonably possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

808.5 RETURN OF SEIZED STORAGE MEDIA

Contraband, including illegal images, stored on digital storage media (hard drives, floppy disks, CDs, DVDs, tapes, memory cards, flash memory devices, PCDs and PDAs or other handheld devices) shall be removed by a computer forensic examiner or other qualified personnel prior to return to the owner.

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Eau Claire Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

Probable cause to believe the person is concealing a weapon or an item that may constitute evidence of the offense for which the person is arrested is required if the person is arrested for a violation of state law punishable by forfeiture, any local ordinance, or a misdemeanor offense other than the following list of offenses that involve weapons or violence:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Shift Commander authorization does not need to be in writing.

Chapter 10 - Personnel

PERSONNEL RESPONSIBILITIES

Reporting of Employee Convictions

1001.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Training technician shall submit in a timely manner a notice to the Wisconsin Department of Justice Training Standards Bureau (WisDOJ TSB) of any appointment, termination, reinstatement, name change or status change regarding any peace officer employed by this department (Wis. Admin. Code LES § 6.02).

1001.2 DOMESTIC VIOLENCE CONVICTIONS AND PROTECTION ORDERS

Wisconsin and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Wis. Stat. § 813.12).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1001.3 CRIMINAL CONVICTIONS

Any person convicted of a felony is prohibited from being a peace officer in the State of Wisconsin (Wis. Admin. Code LES § 2.01).

Convictions of certain motor vehicle law violations and other provisions of motor vehicle law may also place restrictions on an employee's ability to fully perform the duties of the job.

Drug- and Alcohol-Free Workplace

1002.1 PURPOSE AND SCOPE

1002.1.1 DEFINITIONS

Supervisor - Employees assigned to a position having day-to-day responsibility for supervising subordinates, or responsible for commanding a work element.

Chemicals - As used within this policy and related reports or documents are narcotics, prescribed & non-prescribed drugs, controlled substances, as defined and prohibited under Wisconsin Statutes, Chapter 961, and alcohol; including, but not limited to: amphetamines, barbiturates, cocaine, THC (marijuana), alcohol (ethyl), opiates (codeine, morphine, heroin), and PCP to name a few, but is not meant to be all inclusive or exhaustive. Inclusive of the foregoing is Chapter 961 of the Wisconsin State Statutes for definition purposes.

Chemical Screening - The production or submission of breath, urine, or blood by an employee in accordance with departmental procedures for chemical analysis to detect the presence of chemicals within the specimen.

Reasonable Individualized Suspicion (FOR CAUSE) - A basis predicated upon cause, upon which employees will be required to undergo a chemical screening. Reasonable individualized suspicion shall be based on objective facts that the employee is using or is under the influence of a chemical in the workplace based upon the observations and investigation of two (2) supervisors. (It is the Chief's Staff's position that performance is or could be affected by an individual using or being under the influence of chemical substances within the workplace).

Probationary Employee - For the purpose of this policy only, a probationary employee shall be considered to be any person who is conditionally employed as a new-hire with the department.

Promotion - A change in assignment to a supervisory position or an increase to a higher supervisory rank.

1002.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1002.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the

supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1002.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

1002.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing, or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow on-duty member is impaired due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1002.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1002.5.1 CHEMICAL SCREENING PROCEDURES

Each employee shall be interviewed by testing personnel prior to any test in order to ascertain and document the recent use of any prescription or non-prescription drugs, or any indirect exposure to drugs that may result in a false positive test result. All testing shall be done at a medical site. If required, the employee shall sign any consent forms for the purpose of obtaining the specimen of blood or urine and the release of the results to the Eau Claire Police Department, namely the Chief of Police or their authorized designee. By signing the consent form, the employee does not waive any claims or cause of action on their part as permitted by law or collective bargaining agreement currently in effect. Trained, qualified, medical personnel shall monitor the collection of blood or urine (i.e. doctor, nurse, or medical technician). Direct observation of a urine sample will occur only under two circumstances:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Drug- and Alcohol-Free Workplace

- When it is believed that the sample is being tampered with; or
- When it is believed in the medical person's opinion that the physical safety of the person giving the sample is in jeopardy.

Medical personnel or nurse's aides/orderlies of the same sex as the person submitting the sample shall make such observations. The temperature of the urine specimen should be taken as soon as the person collecting the sample has received the sample. Whenever there is reason to believe that the employee may have altered or substituted the specimen to be provided, a second specimen shall be obtained immediately, under direct observation of the testing personnel. The trained, qualified person accepting the specimen shall then immediately seal and label the vial(s) in the presence of the employee. When appropriate (i.e., cases of reasonable individualized suspicion), this information shall be made part of the supervisor's reports in the matter. All specimens collected for screening purposes will be maintained in a chain of custody with documentation of it to ensure the integrity of the specimen. The medical person collecting the specimen(s) shall maintain custody of the specimen(s) until transferred to the United States Postal Service under certified mail, a bonded courier, or a laboratory courier service for delivery to the approved testing facility.

SPECIMEN AMOUNTS REQUIRED

A minimum of 60 MILLILITERS OF URINE and/or a minimum of 20 MILLILITERS OF BLOOD shall be required for Chemical Screening from each involved employee. These requirements will afford sufficient amounts of the specimen for Department testing and that of an employee should they desire a re-test. A breath sample sufficient to meet intoxilizer requirements shall be provided, if this test is administered. It is recognized that under certain conditions, an employee may be unable to immediately provide a urine specimen. Under these conditions, the employee and the medical person collecting the specimen shall wait until the specimen is provided. When an employee is relieved of duty under the provisions of this policy, the department shall make reasonable efforts to ensure the safe return of the employee to their residence. Within three working days (excluding Saturdays, Sundays, and holidays) following a confirmed positive test, an employee may request a secondary test be run at a second certified laboratory. The directive shall be in writing to the Chief of Police, naming the laboratory of the employee's choice. The sample custody chain shall be maintained by the participating laboratory and shall not be accessible to the employee, city, or agent of either. In addition, they shall have access to only one-half of the remaining portion of the specimen in the custody of the Department's testing facility. Costs for the requested secondary screening shall be paid by the city up to the cost of the initial screening and gas chromatograph test. The employee shall incur the remainder of the expense for the secondary screen. Upon receipt by the Chief of Police, a written copy of said employee's re-test results should immediately be forwarded to the home address of the involved employee.

1002.5.2 METHODOLOGY

The department's testing facility shall be certified/accredited by and participate in proficiency testing programs with the National Institute on Drug Abuse and the College of American Pathologists and/or American Association of Clinical Chemists.

Drug- and Alcohol-Free Workplace

The Eau Claire Police Department shall retain the right to inspect said facility at any time to ascertain compliance with its established requirements, integrity of the testing process, methods of testing, and the credentials of technicians utilized in the testing process. This includes the department submitting test samples from time to time of a known factor to ascertain the quality of analysis. The rights expressed in this paragraph also apply to the affected bargaining groups, who shall be responsible for all costs incurred by them.

1002.5.3 SCREENING AND CONFIRMATION PROCEDURES

The following procedures shall be used for screening and confirmation by the Department's laboratory. All initial and confirmation tests shall be at the expense of the department.

All INITIAL SCREENING of urine or blood shall be done by ENZYME MULTIPLIED IMMUNOASSAY (EMIT PANELS) and (TLC)-THIN LAYER CHROMATOGRAPHY or COMPARABLE TESTS. All initial positive screening shall be CONFIRMED by GC (GAS CHROMATOGRAPHY) and MS (MASS SPECTOMETRY).

1002.5.4 POSITIVE CHEMICAL SCREENING RESULTS

Confirmed positive tests reflecting concentrations at or above those recognized, as acceptable thresholds by the National Institute on Drug Abuse, shall be considered a positive test.

All confirmed positive specimens should be retained at the City's authorized laboratory for a minimum of six months. Employees who have a separate test conducted at a laboratory of their choice shall also be required to retain their specimen for a minimum of six months. The Department or the employee may extend the retention period of any specimen as desired. Additional costs shall be borne by the party making the request.

The Department may, upon confirmation of a positive chemical test result of an employee on-duty, immediately suspend, or otherwise discipline them.

If the employee is using medication in accordance with the prescription given by their physician or in the manner prescribed by the manufacturer, in the case of non-prescription drugs, there shall be no disciplinary action by the department.

However, the involved employee may be withheld from the workplace until such time as they present the department with written documentation that they consulted their physician, who has, if necessary, corrected their prescribed and/or non-prescribed medication and certified that the employee is fit for duty. This section pertains only to cases of a confirmed positive test of an employee for chemicals.

1002.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

Drug- and Alcohol-Free Workplace

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1002.6.1 DEPARTMENT ACTIONS

While the Department seeks to identify and assist those employees that have a chemical related problem, it must not lose sight of the safety risks involved in employing these individuals. Disciplinary action may be taken against any employee found to be under the influence or in possession of chemicals within the workplace not in compliance with the policy and procedures. However, the extent to which discipline is applied will depend on the factors indicated below, which will be considered by the Chief of Police in prescribing a disposition of the matter.

- Type of violation
- Severity
- Prior violations of like nature
- Prior service record
- Willful defiance/ignorance/carelessness
- Voluntary self-report
- Severity of violation may invoke "dismissal" at any point, regardless of the number of prior violations of a like nature.

On any administrative action applied, Employee Assistance Program (EAP) counseling and follow-up may be part of the action imposed by the Chief of Police.

Any and all assistance rendered under an EAP shall be closely monitored. This may include, but is not limited to:

- Further assessment of the employee by qualified persons
- Treatment of the employee by a recognized facility or person
- Release of information to the Chief of Police on the progress and treatment of the employee, upon consent of the employee (CONFIDENTIAL)
- Process of after care treatment with possible random screening for a period of up to one year after initial treatment. Random screening, under these conditions, can occur up to twice within a calendar month. This is to ascertain compliance with said treatment and the objectives of the department relevant to this issue. If the employee fails to avail themselves of provided assistance for any of the following reasons, the employee shall be considered a safety hazard to the Department, public, and co-workers:
- Fails to make reasonable progress in counseling or treatment in a reasonable time as determined by E.A.P. or treatment personnel
- Continues in a substandard manner

Eau Claire Police Department

Drug- and Alcohol-Free Workplace

- Continues to be under the influence of chemical in the workplace Any or all of these shall result in corrective disciplinary action up to and including termination of their employment. When an employee refuses to submit to a chemical screening based upon "reasonable individualized suspicion," the Chief of Police or their designee shall be immediately notified. If warranted by existing factors, the supervisor conducting the investigation and testing may relieve the employee from duty. Suspension will be with pay, pending review by the Chief of Police.

Discipline of employees for violation of this policy shall be in accordance with due process rights of the employee, state law, and any applicable collective bargaining agreement.

1002.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening test under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1002.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1002.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1002.7.3 ADDITIONAL SCREENING TESTS

Screening Upon Employment -

All candidates offered employment shall be required to submit to a chemical screening as part of the post offer hiring requirements. Any candidate refusing to submit or having a confirmed positive test for non-prescribed illegal drugs or prohibited controlled substances may be disqualified.

Screening During The Probationary Period -

All probationary employees shall be required, as a condition of employment, to participate in one unannounced chemical screening during the probationary period. Refusals or confirmed positive tests may invoke dismissal from the department.

Chemical Screening for Special Assignment -

- In order to maintain the integrity of an affected unit, its personnel, and the department, as a condition of acceptance and prior to assignment to primary duties of narcotics/vice investigation or the regular handling of drug evidence, an employee shall submit to a chemical screening.
- Refusal to submit to screening may remove the employee from consideration for the assignment.
- One random test shall be performed during each calendar year of the special assignment. This will be in addition to any testing conducted or provided by any other law enforcement organization.
- This section is to include, but is not limited exclusively to: MEG Unit assignment, Detective Division assignment to primary drug/vice investigation, other undercover drug investigation assignment, the Property technician position, the K-9 Officer, and other personnel assigned to the property function on a regular basis. Any confirmed positive result shall be dealt with as determined by the Chief of Police in accordance with the other provisions of this policy. For the purposes of this policy, an "assignment" shall be an appointment, which is expected to exceed 30 calendar days.

Chemical Screening Based Upon Reasonable Individualized Suspicion -

Screening shall occur only when two (2) supervisors determine that reasonable individualized suspicion exists that an employee is using or is under the influence of a chemical in the workplace. Documented reasonable individualized suspicion shall require the employee to submit to a chemical screening. The two (2) observing supervisors shall consider whether any or all of the following factors exist, or whether any other reasonably pertinent factors are present, in making a determination whether reasonable individualized suspicion exists:

- Obvious impairment, odor of intoxicants, speech, and appearance;
- Performance problems, acts and/or omissions;
- Change in behavior or loss of judgment;
- Accident or injury prone.

Drug- and Alcohol-Free Workplace

Supervisors are advised that no third party observations or claims shall, by themselves, warrant the supervisors to proceed with testing of an employee. Any employee can initiate this process through a non-involved supervisor where the employee has a reasonable basis to believe that another employee is illegally using drugs/narcotics or is or has been under the influence of a chemical while in the workplace. ONLY the personal observations and/or investigations of two (2) supervisors shall collectively warrant a testing. It mandates the two supervisors to make independent initial observations. Subsequent to these independent observations, and as a team, they shall decide whether chemical screening is warranted. Supervisors shall document all observations and the investigation on the Supervisory Report "Chemical Screening Based Upon Reasonable Individualized Suspicion." Prior to any screening based upon reasonable individualized suspicion, the supervisors shall provide to the employee a written advisory stating the requested screening is based upon causes specified therein. The involved employee shall sign and date the advisory as will the requesting supervisors. Should the employee refuse to sign the advisory, the supervisors shall mark the signature area "refused" and fill in the date and time information beneath the signature space. Failure to sign the advisory shall not preclude the employee from submitting to the screening. A copy of the completed advisory will be provided to the employee. Any refusal to provide the required specimen(s) constitutes insubordination. Circumstances leading to the order to submit a specimen (Reasonable Individualized Suspicion) and a refusal to submit (insubordination) shall be reviewed by the Chief of Police and discipline may be administered up to and including dismissal.

All candidates offered employment shall be required to submit to a chemical screening as part of the post offer hiring requirements. Any candidate refusing to submit or having a confirmed positive test for non-prescribed illegal drugs or prohibited controlled substances may be disqualified.

1002.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1002.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

EMPLOYEE ASSISTANCE PROGRAM

1003.1 PURPOSE AND SCOPE

The department recognizes that a wide-range of problems, although sometimes not directly associated with one's job responsibilities, can have an adverse effect on an employee's job performance, and that such problems may be a result of stress experienced in the course of employment. In most instances, employees overcome such personal problems independently and the effect on job performance is negligible. In other instances, normal supervisory assistance will serve either as motivation or guidance by which such problems can be resolved so that an employee's job performance returns to an acceptable level. In some cases, however, the efforts of both the employee and the supervisor don't have the desired effect of resolving the employee's problem. Unsatisfactory performance persists over a period of time, either constantly or intermittently.

We believe it is in the interest of the employee, the employee's family, and the department, to provide employee services that deal with the problems of alcoholism, other drug abuse, and personal problems. The purpose of this policy is to assure that employees experiencing any of these illnesses receive the same careful consideration and offer of treatment that is presently extended to employees having any other illnesses.

Similarly, we recognize that an employee's job performance may also be affected when a member of their family is afflicted with alcoholism, other drug dependency, or emotional problems. In that interest, we extend the same offer of information, referral, and assistance to employee's immediate family members.

The illnesses of alcoholism, other drug dependencies, and emotional disorders will receive financial benefits and insurance coverage in accordance with our established employee benefit plans or relevant statutory provisions.

1003.2 DEFINITIONS

Alcoholism: A chronic and progressive illness manifested in repeated and uncontrolled drinking of alcoholic beverages in excess of dietary and social uses. Alcoholism is characterized by dependence on the drug alcohol, to the extent that it interferes with the employee's health, safety, and/or job performance.

Other Drug Dependency: A condition produced by the repeated use of a drug and characterized by a psychological and/or physiological dependence to the extent that it interferes with the drug user's health, safety, and/or job performance.

Emotional Illness: An emotional condition characterized by thoughts and actions which are unrealistic, irrational, or inappropriate to the extent that it interferes with the individual's health, safety, and/or job performance.

Other Personal Problems: Problems which interfere with the individual's health, safety, and/or job performance, such as marital, family, financial, legal, or emotional problems.

EMPLOYEE ASSISTANCE PROGRAM

1003.3 PROCEDURES

- Implementation of this policy should not require, or result in, any special regulations, privileges, or exemptions from the standard administrative practices applicable to job performance requirements.
- The department believes that supervisory use of this program should be based on confronting the employee with unacceptable job performance criteria.
- It shall be the option of the employee to either accept or reject referral for diagnosis of professional treatment. The department encourages employees to seek help on their own initiative and nothing in this policy negates that right.
- The fact that an employee accepts, rejects, or fails to respond to treatment for alcoholism, other drug abuse, or other personal behavior/medical problems, in no way diminishes the employee's responsibility to meet required job performance standards.
- It will be the responsibility of all management and supervisory personnel, in cooperation with employee groups, to follow procedures that assure employees with behavioral-medical problems that their job security or promotional opportunities will not be jeopardized by a request and/or referral for diagnosis and treatment.
- All records on employees referred and actions taken under this program are to be maintained in the strictest of confidence. No references to it are to be placed in the employee's official personnel folder, except as they apply to specific charges leading to disciplinary or adverse actions.
- Discussion and speculation about an employee's suspected personal problems which betrays personal information expressed to superior or fellow officers can have the effect of creating gossip and rumor within the department. Such communications are contrary to the intent of the Employee Assistance Program and will certainly undermine the confidence that employees must have if the program is to be effective. Personal information relayed from one employee to another will be held in strict confidence.
- The Director of Human Resources, as Employee Assistance Officer, is responsible for coordinating the program, interpreting the program, and providing information services.
- A designated employee assistance coordinator is responsible for implementing the program by making employee assistance a well conducted and useful program through referrals to proper community resources for counseling and treatment.

IDENTIFICATION

1004.1 OFFICER RESPONSIBILITY

The department and the community have a legitimate concern that unidentifiable department employees provide proof of identification. Any contact between any employee and a citizen results in obligations and responsibilities for both parties. It is extremely important that there be no doubt, in the mind of a citizen, that they are dealing with a police officer. There is the added concern that the department provide procedures that protect the community from individuals who, for whatever the reason, would impersonate a police officer. To provide these protections and to stress the importance of police department identification, the department requires that:

All police department employees will identify themselves by name and rank when requested to do so.

Officers on or off duty and not in full police uniform, identify themselves as police officers prior to taking any enforcement or corrective action when possible. This also applies to gathering any police information unless the assignment, by its nature, (e.g. undercover activities) precludes such identification.

Plain-clothes officers, on-duty, offer their credentials for examination to all persons whom they officially contact. A badge by itself is not sufficient identification without an official department identification card.

A police officer in full uniform presents their official identification card if their identity is in any way questioned by a citizen who, the officer feels, is sincere in their request and honestly has doubt about the officer's identity.

Plain-clothes officers, on-duty, involved in a police group action, pin or affix their badge on their outer garment in situations where their identity may be questioned by either citizens or other police officers.

Sick Leave

1005.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and Wisconsin Family and Medical Leave Act (Wis. Stat. § 103.10); or for bone marrow and organ donation leave (Wis. Stat. § 103.11).

1005.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, temporary disability, including pregnancy and maternity, or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not reasonably possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation and abuse of sick leave may result in discipline and/or denial of sick leave benefits. Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness.

1005.2.1 NOTIFICATION

Employees are encouraged to notify the appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees shall make such notification no less than one hour before the start of his/her scheduled shift. If an employee is unable to contact the supervisor in the case of an emergency, every reasonable effort should be made to have a representative contact the supervisor.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever reasonably possible, provide the Department with no less than 30-days notice of the intent to take leave.

1005.3 EXTENDED ILLNESS

Employees on extended absences shall, if possible, contact his/her unit supervisor once per week to provide an update on his/her absence and expected date of return. Employees absent from duty due to personal illness in excess of three consecutive days may be required to furnish a statement from his/her health care provider supporting the use of sick leave and/or the inability to return to work.

Nothing in this section precludes a supervisor, based upon reasonable cause, from requiring a physician's statement if three or fewer sick days are taken.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Sick Leave

1005.4 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor sick leave usage and regularly review the attendance of employees under his/her command to ensure that the use of sick leave is consistent with this policy. Professional Standards Bureaus should address the use of sick leave in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties and when unusual amounts of sick leave by the employee have had a negative impact on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

1005.4.1 ABSENCE WITHOUT LEAVE

Any permanent commissioned member of the Eau Claire Police Department who participates in any mass absence without leave, constituting a strike within the terms of the Wisconsin State Statutes, Section 111,70(L), and who fails to return to duty upon order of the Chief of Police, shall be immediately suspended for insubordination and engaging in illegal activity.

In the event such permanent commissioned members participate in said strike for a period exceeding twenty three (24) hours, the Chief of Police may thereupon take immediate steps to discharge or take disciplinary action against said violators.

In the event probationary commissioned members participate in said strike and fail to return to duty on a specific order to each probationary commissioned member by the Chief of Police, that member may be summarily discharged from the Department.

Communicable Diseases

1006.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1006.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Eau Claire Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1006.2 POLICY

The Eau Claire Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1006.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Health and safety standards established by the Wisconsin Department of Safety and Professional Services covering public employees (Wis. Stat. § 101.055; Wis. Admin. Code § SPS 332.01 et seq.).

2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
3. Exposure control mandates in 29 CFR 1910.1030 (Wis. Stat. 101.055; Wis. Admin. Code § SPS 332.50).
4. Reporting known and suspected cases of communicable diseases to the local health officer (Wis. Admin. Code § DHS 145.04).

The ECO should also act as the liaison with the Wisconsin Department of Safety and Professional Services, Industry Services Division (ISD) and may request voluntary compliance inspections. The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1006.4 EXPOSURE PREVENTION AND MITIGATION

1006.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1006.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

1006.5 POST EXPOSURE

1006.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1006.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting and Safety and Health Program policies).

1006.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Communicable Diseases

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1006.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

1006.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Testing the previously drawn blood of the source individual as authorized by Wis. Stat. § 252.15(5g).
 - 1. A court order may be obtained if the requirements of Wis. Stat. 252.15 are not satisfied (Wis. Stat. 252.15(5)).
- (c) Requesting testing through a local health officer or the Department of Health Services (Wis. Stat. 252.02; Wis. Admin. Code § DHS 145.06 et seq.).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1006.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

1006.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

This policy establishes limitations on the use of tobacco products by employees and others while on-duty or while in Eau Claire Police Department facilities or vehicles.

1007.2 POLICY

It is the policy of the Eau Claire Police Department to prohibit the use of tobacco by employees at any time the employee is acting in an official capacity for the Department.

1007.3 EMPLOYEE USE

Tobacco use by employees is prohibited anytime employees are in public view representing the Department.

- (c) Enforcing the Wisconsin Clean Indoor Air Act (Wis. Stat. § 101.123(2m)(d))
- (d) Taking other actions as reasonably necessary to prevent persons from being exposed to others who are smoking (Wis. Stat. § 101.123(2m)(e))

Personnel Complaints

1008.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding service provided by this department and the conduct of employees. Except where otherwise provided, this policy shall apply to all members of this department who have attained regular status and are subject to discipline for cause.

This policy is intended to be applied consistent with the procedures, rights or status that may be contained in any applicable collective bargaining agreement or policy established by the City Department of Human Resources.

1008.2 POLICY

The Eau Claire Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining or employment agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1008.3 PERSONNEL COMPLAINTS DEFINED AND CLASSIFIED

Personnel complaints consist of any allegation of misconduct or improper job performance by any department employee that, if true, would constitute a violation of department policy, federal, state or local law, policy or rule. Allegations or complaints may be generated internally or by the public.

Inquiries about employee conduct or performance that, if true, would not violate a department policy, or a federal, state or local law, policy or rule may be handled informally by a department supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the department's response to specific incidents.

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the employee's Deputy Chief is satisfied that appropriate action has been taken by a department supervisor of rank greater than the accused employee. Informal complaints need not be documented on a personnel complaint form and the responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy. Supervisors may also recommend additional training to reinforce officer skills or to remediate minor deficiencies.

Formal - A matter in which the employee's supervisor requests further investigation or in which any department supervisor determines that further action is warranted. Such complaints shall be investigated by a department supervisor of a rank greater than the accused employee.

Personnel Complaints

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up. At the discretion of the assigned supervisor or the Professional Standards Bureau, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1008.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

Citizen complaint forms will be made readily available upon request. Forms may also be available at other government offices and facilities. Citizen complaint forms in languages other than English may also be provided as necessary or practicable. This policy shall be available for public review upon request

Each Lieutenant shall be responsible for monitoring public satisfaction or inquiries regarding the personnel complaint process and shall forward to their respective Deputy Chief any suggestions for improvement or changes.

This department will investigate all false claims made against its law enforcement officers. Knowingly making a false complaint against an officer may subject the complainant to a Class A forfeiture (Wis. Stat. § 946.66; Wis. Stat. § 66.0511).

1008.4.1 SOURCES OF COMPLAINTS

- (a) Members of the public may make complaints in writing, by e-mail, online through the Department website, in person or by telephone.
- (b) Any employee of this department who becomes aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source of an allegation of misconduct which, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

1008.4.2 ACCEPTANCE OF COMPLAINTS

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be accepted by any supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

The following should be considered before taking a complaint:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Personnel Complaints

- (a) If the complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a personnel complaint form to be completed and submitted at a later time.
- (b) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

This department will investigate all false claims made against its law enforcement officers. Knowingly making a false complaint against an officer may subject the complainant to a Class A forfeiture (Wis. Stat. § 946.66; Wis. Stat. § 66.0511).

1008.4.3 COMPLAINT DOCUMENTATION

When a personnel complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. The complainant should be provided with a copy of his/her original personnel complaint.

Formal complaints of alleged misconduct that are not reported in person shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

Supervisors shall document all informal complaints in a log designated for such by the Lieutenant. The log should include the nature of the complaint received and the actions taken to address the complaint. On an annual basis, the Lieutenants should audit the log and send an audit report to their respective Deputy Chief.

1008.5 INITIAL SUPERVISOR RESPONSIBILITIES

A supervisor who becomes aware of alleged misconduct or receives a formal complaint shall take reasonable steps to prevent aggravation of the situation.

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the employee's immediate supervisor, unless the supervisor was involved in or witnessed the alleged incident. The Chief of Police or the authorized designee may, however, direct that another supervisor conduct the investigation.

The supervisor shall be responsible for the following:

- (a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Lieutenant, Deputy Chief and Chief of Police are notified as soon as practicable.

Eau Claire Police Department

Eau Claire PD Policy Manual

- (b) A supervisor receiving or initiating any formal complaint shall ensure that a citizen complaint form has been completed as fully as possible. The original complaint form will then be directed to the Deputy Chief of the accused employee, via the chain of command, who will forward a copy of the complaint to the Chief of Police, take any appropriate action, and/or forward the complaint to the Professional Standards Bureau.
 - 1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.
 - 2. When appropriate, immediate medical attention should be provided and photographs of alleged injuries as well as accessible areas of non-injury should be taken.
 - 3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee's Deputy Chief or the Chief of Police, who will initiate appropriate action.
- (c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to the collective bargaining agreement, state and federal law.
- (d) When the nature of a personnel complaint relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Department of Human Resources and the Chief of Police for direction regarding his/her role in investigation and/or addressing the complaint.

1008.6 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Department, the employee, other employees or the public, a supervisor may temporarily assign the accused employee to administrative leave pending completion of the investigation or the filing of administrative charges.

1008.6.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Personnel Complaints

- (b) An employee placed on administrative leave may be required by a supervisor to relinquish any badge, department identification, assigned weapons and any other department equipment.
- (c) An employee placed on administrative leave may be ordered to refrain from taking any action as a department employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (d) An employee placed on administrative leave may be temporarily reassigned to a different shift, generally within normal business hours, during the pendency of the investigation and the employee may be required to remain available for contact at all times during such shift and report as ordered.
- (e) It shall be the responsibility of the assigning supervisor to promptly notify the employee's Deputy Chief and the Chief of Police.
- (f) At such time as any employee placed on administrative leave is returned to full and regular duty, the employee shall be returned to his/her regularly assigned shift with all badges, identification card and other equipment returned.

1008.7 ALLEGATIONS OF CRIMINAL CONDUCT

Where an employee of this department is accused of potential criminal conduct, a separate supervisor or assigned investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation and/or any prosecution.

The Chief of Police shall be notified as soon as practicable when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Chief of Police may request that a criminal investigation by an outside law enforcement or prosecutorial agency be conducted parallel to the administrative investigation.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian under the state and federal constitutions. The employee may not be administratively ordered to provide any information to a criminal investigator, nor can any information or evidence that has been administratively compelled from an employee be provided to a criminal investigator.

Any law enforcement agency is authorized to release limited information concerning the arrest or detention of a peace officer which has not led to a conviction. However, no disciplinary action shall be taken against the accused employee based solely on an arrest or crime report. An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with department policy.

1008.8 ADMINISTRATIVE INVESTIGATION WITH THE EMPLOYEE

Investigations of a minor nature may be assigned to the employee's supervisor provided the supervisor was not involved as a witness or was an alleged participant in the incident. More serious complaints will be assigned to the employees's Lieutenant for investigation. Whether conducted by a supervisor or an assigned member of the Lieutenant, the following procedures shall be followed with regard to the accused employee:

- (a) The Investigator should not be a person who is the complainant, the ultimate decision maker regarding disciplinary action or a person who has any personal involvement regarding the alleged misconduct.
- (b) Interviews of accused employees should be conducted during reasonable work hours of the employee and, if the employee is off-duty, the employee shall be compensated.
- (c) Off-duty interviews should only be conducted based on the seriousness of the investigation and other factors when time is of the essence.
- (d) An investigator should not interview an officer at that person's home without the officer's prior permission.
- (e) No more than two interviewers should ask questions of an accused employee to prevent confusion or misunderstandings.
- (f) All interviews shall be for a reasonable period or duration and the employee's personal needs shall be accommodated.
- (g) No employee shall be subjected to offensive or threatening language nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator.
- (h) The interviewer should record all interviews of employees and witnesses when necessary. The employee may also record interviews.
- (i) If the allegations involve potential criminal conduct, the employee shall be advised of his/her constitutional rights. This admonishment shall be given administratively, regardless of whether the employee was advised of these rights during any separate criminal investigation.
- (j) An employee subjected to interviews that could result in punitive action shall have the right to have a representative of his/her choosing during any interrogation. However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with representatives or attorneys collectively or in groups prior to being interviewed.

1008.8.1 ADMINISTRATIVE SEARCHES

Any employee may be compelled to disclose personal financial information pursuant to proper legal process if such information tends to indicate a conflict of interest with official duties, if the employee is assigned to or being considered for a special assignment with a potential for exposure to bribes.

Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the Department.

Assigned lockers and storage spaces should only be administratively searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place.

All other department areas (e.g., desks, office space and assigned vehicles) may be administratively searched by a supervisor, in the presence of an uninvolved witness, for non-investigative purposes (e.g., obtaining a needed report or radio). An investigative search of such areas shall only be conducted upon a reasonable suspicion that official misconduct is involved.

1008.8.2 WITHDRAWN COMPLAINTS

If the complainant withdraws his/her complaint or refuses to further cooperate with the administrative investigation, then the investigation may be closed as incomplete and assigned an appropriate disposition. However, if the nature of the allegations can be sufficiently determined without the assistance of the complainant, then the investigation will proceed and be completed as normal and assigned an appropriate disposition.

1008.8.3 ADMINISTRATIVE INVESTIGATION FORMAT

Investigations of personnel complaints shall be detailed, complete and essentially follow this format:

Introduction - Include the identity of the employee, the identity of the assigned investigators, the initial date and source of the complaint.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Personnel Complaints

Synopsis - Provide a very brief summary of the facts giving rise to the investigation.

Summary of allegations - List the allegations separately, including applicable policy sections, with a very brief summary of the evidence relevant to each allegation.

Evidence as to each allegation - Each allegation should be set forth with the details of the evidence applicable to each allegation and include comprehensive summaries of employee and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos and documents) should be attached to the report.

Reports in response to citizen complaints, which are found to be "Unfounded", "Unsubstantiated", "Exonerated", or as "Policy Failure", shall state in the body thereof: **"The foregoing is not a finding, in and of itself, that an employee has engaged in misconduct. Any recommendations made to the employee herein do not constitute discipline or a finding of misconduct."**

1008.8.4 COMPLAINANT NOTIFICATION

It shall be the responsibility of the assigned supervisor to ensure that complainants are periodically contacted with information regarding the status of their complaint. Notifications shall include, but are not limited to:

- (a) Acknowledgement of receipt of the complaint
- (b) Updates on the progress of the investigation
- (c) Final disposition of the complaint

1008.9 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions based on a finding of fact and considering the totality of circumstances:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department personnel. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Unsubstantiated - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Substantiated - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct. Evidence in a sustained complaint will be weighed by a preponderance of the factual evidence standard.

Policy Failure - The investigation reveals that the allegations are true, however, the employee acted properly and in accordance with established Departmental policy. Further, it is determined that the policy is in need of updating, revision, or rewriting.

If an investigation discloses misconduct that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

If an investigation discloses improper job performance that was not alleged in the original complaint, the investigator may take appropriate action with regard to any additional allegations including referring the allegation to the employee's supervisor.

1008.10 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation and impose any disciplinary action within a reasonable period following receipt.

If the nature of the allegation dictates that confidentiality is necessary to maintain the integrity of the investigation, the involved employees need not be notified of the pending investigation unless and until the employee is interviewed or formally charged.

Upon the completion of an investigation of a citizen complaint against an officer, the Chief's Administrative Assistant will send a written notice to the officer informing them that a report has been filed. The officer may then request a copy of the report by signing and returning the notice to the Chief's Administrative Assistant.

1008.10.1 POST-INVESTIGATION PROCEDURES

Upon completion, the report should be forwarded to the Chief of Police through the chain of command of the involved employees. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify the classification and recommendation for disciplinary action contained in the report.

1008.10.2 DEPUTY CHIEF RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Deputy Chief of the involved employee shall review the entire investigative file, the employee's personnel file and any other relevant materials. The Deputy Chief may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

- (a) Prior to forwarding recommendations to the Chief of Police, the Deputy Chief may return the entire investigation to the assigned investigator or supervisor for further investigation or action.
- (b) When forwarding any written recommendation to the Chief of Police, the Deputy Chief shall include all relevant materials supporting the recommendation. Actual copies of an employee's existing personnel file need not be provided and may be incorporated by reference.

1008.10.3 RESPONSIBILITIES OF THE CHIEF OF POLICE

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials.

The Chief of Police may modify any recommendations and/or may return the file to the Deputy Chief for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by the staff, the Chief of Police shall determine the amount of discipline, if any, to be imposed.

Within 30 days of the final review by the Chief of Police, written or verbal notice of the findings shall be given to the complaining party. This notice shall indicate the findings but will not disclose the amount of discipline, if any, that was imposed.

In the event disciplinary action is recommended, the Chief of Police shall provide the employee with written notice that includes:

- Specific charges set forth in separate counts, describing the conduct underlying each count.
- A recommendation of proposed discipline including the reason, scope, and effective date.
- A statement that the employee has been provided with or given access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

Upon a showing of good cause by the employee, the Chief of Police may grant a reasonable extension of time for the employee to respond.

Once the employee has completed his/her response or, if the employee has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall thereafter render a timely written decision to the employee imposing, modifying or rejecting the recommended discipline. In the event of a termination, the final notice of discipline shall also inform the employee of the reasons for termination and the process to receive all remaining fringe and retirement benefits.

The discipline shall become effective once the Chief of Police has issued a written decision.

1008.10.4 IMPROPERLY OBTAINED EVIDENCE

Evidence obtained during the course of any interrogation that was conducted in violation of Wis. Stat § 164.02(1) may not be used in any subsequent disciplinary proceeding against the officer.

1008.11 EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to the imposition of any recommended discipline.

Personnel Complaints

The employee shall consider the following:

- (a) This response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative and/or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results of the subsequent investigation prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1008.12 POST-DISCIPLINE APPEAL PROCESS

A non-probationary employee may have the right to appeal the imposition of a disciplinary suspension, transfer, demotion or termination as provided in a collective bargaining agreement, local ordinance or police commission rule (Wis. Stat. § 62.13(5)(i); Wis. Stat. § 62.50(13); Wis. Stat. § 59.26(8)(b)(6)).

1008.13 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file.

The tender of a retirement or resignation by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1008.14 DISCIPLINARY ACTION AGAINST PROBATIONARY EMPLOYEES

In the event that a probationary employee is terminated solely for unsatisfactory performance or the failure to meet department standards, the employee shall have no right to appeal. Termination of a probationary employee for such failure to pass probation shall be so reflected in the employee's personnel file.

At all times during any investigation of allegations of misconduct involving a probationary officer, such officer shall be afforded all procedural rights set forth in applicable department policies.

In the event that a probationary employee is disciplined or terminated for misconduct, the employee shall only be entitled to appeal the decision in the same manner as set forth in the appeal procedure above and as follows:

- (a) The appeal may be held prior to or within a reasonable time after the imposition of discipline.

Eau Claire Police Department

Eau Claire PD Policy Manual

- (b) A probationary employee's appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained.
- (c) The burden of proof for any probationary employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence.
- (d) In the event that a probationary employee meets his/her burden of proof in such a disciplinary appeal, the Department shall remove all reference to the underlying allegations of misconduct from the employee's personnel file.
- (e) In the event that a probationary employee fails to meet his/her burden of proof in such a disciplinary appeal, the employee shall have no further right to appeal beyond the Chief of Police.

Nothing in this policy or procedure should be construed to establish any sort of property interest in or right to the employee's continuation of employment.

1008.15 CONFIDENTIALITY OF PERSONNEL FILES

Generally investigations of personnel complaints are confidential and protected employee personnel files. The contents of which are not revealed to other than the involved employee or authorized personnel except pursuant to lawful process

In the event that an accused employee, or the representative of such employee, knowingly makes false representations regarding any internal investigation and such false representations are communicated publicly, the Department may disclose sufficient information from the employee's personnel file to refute such false representations.

The investigation file and reports shall be securely maintained by the chief's secretary for the period required by the department's record retention schedule.

1008.16 SUSTAINED COMPLAINTS

Before being placed in the employee's file, the employee will have an opportunity to read and initial the comment or document. If the employee submits a written response, the response will be attached to the comment or document.

The employee will receive a copy of any comment or document placed in the employee's file.

A copy of the disposition of the allegation of misconduct and a copy of the notice or adjudication of any punitive or remedial action will be the only documents related to the investigation which will be placed in the employee's file.

If punitive action is taken, the employee or a representative authorized by the employee may, except as otherwise prohibited by federal or state law, review any administrative or investigative file maintained by the Department that relates to the investigation, including any recordings, notes, transcripts of interviews and documents.

The investigative findings in sustained investigations shall be maintained in the employee's personnel file for the prescribed period. Complaints which are unfounded, exonerated or not sustained shall be maintained by the chief's secretary apart from the employee's personnel file.

Disciplinary action taken against an employee shall be reported to the Police and Fire Commission.

1008.17 REMOVAL OF A COMPLAINT

Upon request, an employee may review any administrative file that does not relate to a current investigation.

If an employee identifies a complaint or allegation that should be removed from his/her personnel file because either the time period has expired or it is an improper document, the employee should submit a memorandum to the Director of Human Resources that articulates the justification for the requested removal. The Director of Human Resources shall make a determination regarding the granting or denial of the request and inform the employee.

Seat Belts

1009.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1009.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 and Wis. Stat. § 347.48.

1009.2 POLICY

It is the policy of the Eau Claire Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle crash.

1009.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (Wis. Stat. § 347.48(2m)).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement (Wis. Stat. § 347.48(2m)(dm)).

1009.4 TRANSPORTING CHILDREN

Child passengers shall be transported using an approved child restraint system in compliance with Wis. Stat. § 347.48(4)(am)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

When the physical or medical needs of a child at least 4 years old make restraint by seat belt unreasonable, the child may be transported in an authorized emergency vehicle when the vehicle is being operated in the performance of official duties (Wis. Admin. Code § Trans 315.03(2)).

Seat Belts

1009.5 TRANSPORTING PRISONERS

Prisoners should be secured in the rear seat of the patrol vehicle by seat belts. The prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer.

1009.6 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1009.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

Body Armor

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to provide officers with guidelines for the proper use of body armor.

1010.2 POLICY

It is the policy of the Eau Claire Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1010.3 ISSUANCE OF BODY ARMOR

- All body armor issued must comply with the protective and related requirements prescribed under current standards of the National Institute of Justice (NIJ).
- All officers shall be issued department-approved body armor.

1010.3.1 USE OF SOFT BODY ARMOR

- (a) Officers shall wear only department-approved body armor.
- (b) Officers working in a patrol officer capacity are required to wear body armor while engaged in field activities both on duty and during off duty department approved employment unless exempted as follows:
 1. When an approved physician determines that an officer has a medical condition that would preclude wearing body armor.
 2. When the officer is involved in undercover or plain clothes work that his/her supervisor determines could be compromised by wearing body armor.
 3. When the department determines that circumstances make it inappropriate to mandate wearing body armor.

1010.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation.

Personnel Records

1011.1 PURPOSE AND SCOPE

1011.3 DEPARTMENT FILE

1018.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - Any mental or physical harm to an employee caused by accident or disease (Wis. Stat. § 102.01(2)(c)).

1018.2 POLICY

The Eau Claire Police Department will address occupational diseases, some mental health issues and work-related injuries appropriately, and will comply with applicable state worker's compensation requirements (Wis. Stat. § 102.01 et seq.).

1018.2.1 INJURIES REQUIRING MEDICAL CARE

All work-related injuries and work-related illnesses requiring medical care must be reported to the Lieutenant of Professional Standards who will then forward the report to risk Management and a signed copy of the claim for compensation form shall be provided to the injured employee within a reasonable period of time (Wis. Stat. § 102.123).

1018.3 RESPONSIBILITIES

1018.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (Wis. Stat. § 102.12).

1018.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding worker's compensation are completed and forwarded promptly. Any related City-wide illness- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Safety and Health Program policies apply and take additional action as required.

1018.3.3 DEPUTY CHIEF RESPONSIBILITIES

The Deputy Chief who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report

shall then be forwarded to the Chief of Police, the City's risk management entity, and the Chief's Staff Deputy Chief to ensure any required Department of Safety and Professional Services reporting is made as required in the safety and health program identified in the Safety and Health Program Policy.

1018.3.4 CHIEF OF POLICE RESPONSIBILITIES

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1018.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, or current collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1022.2 POLICY

Subject to operational considerations, the Eau Claire Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1022.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Wisconsin Fair Employment Act (Wis. Stat. § 111.31 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Eau Claire Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1022.4 PROCEDURE

Employees may request assignment to modified duty by providing a signed statement from their health care provider describing their restrictions, limitations and expected duration to their Deputy Chief or the authorized designee. The statement must also indicate if the employee requires any workplace accommodations, mobility aids or medical devices.

Temporary Modified-Duty Assignments

The Deputy Chief will determine what modified-duty assignments may be available based on the needs of the Department, limitations of the employee and suitability of the employee to work a particular assignment. Requests for a modified-duty assignment of 20 hours or less may be approved and facilitated by the Deputy Chief. Assignments of longer duration are subject to the approval of the Chief of Police or the authorized designee.

1022.4.1 MODIFIED DUTY SCHEDULES

The schedules of employees assigned to modified duty may be adjusted to suit medical appointments or department needs at the discretion of the Deputy Chief.

The employee and his/her supervisors should be informed in writing of the schedule, assignment, limitations and restrictions as determined by the employee's health care provider.

1022.4.2 ACCOUNTABILITY

The employee's supervisor shall coordinate efforts to ensure proper time accountability.

- (a) Employees on modified duty are responsible for coordinating required doctor visits and physical therapy appointments in advance with their supervisor to appropriately account for any duty time taken. Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick leave.
- (b) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify their supervisor of any change in restrictions or limitations as determined by their health care provider. An employee assigned to a modified-duty assignment shall provide a duty status report to his/her supervisor no less than once every 30 days while the employee is on modified duty.
- (c) Supervisors shall keep the Deputy Chief apprised of the employee's status and ability to perform the modified-duty assignment. Modified-duty assignments that extend beyond 60 days will require a written status report and a request for an extension to the Deputy Chief, with an update of the employee's current status and anticipated date of return to regular duty. Extensions require approval of the Chief of Police or the authorized designee.
- (d) When it is determined that an employee on modified duty will return to regular duty, the supervisor shall notify the Deputy Chief. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

1022.4.3 MEDICAL EXAMINATIONS

The Department reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

Temporary Modified-Duty Assignments

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

1022.5 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Deputy Chief.

1022.5.1 EMPLOYEE NOTIFICATION

An employee who learns of her pregnancy should notify her immediate supervisor or a designated acting supervisor as soon as practicable. The employee must inform the Department of her intent regarding reassignment, job accommodations and anticipated leave for the pregnancy or prenatal care. The employee shall also submit a statement from her health care provider of any job restrictions or limitations she may have.

1022.5.2 SUPERVISOR'S RESPONSIBILITY

Upon receiving the medical verification of the pregnancy and a request for job accommodation, reassignment or leave, the supervisor shall notify the Deputy Chief, who will consider assigning the employee to an available temporary modified-duty assignment if it is deemed appropriate by the Department and medically necessary by the employee's health care provider.

If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted consistent with the City's personnel rules and regulations regarding family and medical care leave.

1022.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1022.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1022.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a

leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1022.8 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

1022.9 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment may have their probation extended by a period of time equal to their assignment to temporary modified duty.

Employee Speech, Expression and Social Networking

1023.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1023.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1023.2 POLICY

Public employees occupy a trusted position in the community, and thus their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Eau Claire Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over employee speech and expression.

1023.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Eau Claire Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1023.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Eau Claire Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Eau Claire Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Eau Claire Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Eau Claire Police Department.
- (f) Use or disclosure through whatever means of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Eau Claire Police Department on any personal or social networking or other website or web page without the express authorization of the Chief of Police.

- (h) Accessing websites for unauthorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 - 1. When brief personal communication may be warranted by the circumstances (e.g., informing family of extended hours)
 - 2. During authorized breaks; such usage should be limited as much as practicable to areas out of the sight and sound of the public and shall not be disruptive to the work environment

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1023.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Eau Claire Police Department or identify themselves in any way that could be reasonably perceived as representing the Eau Claire Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative
- (b) Endorse, support, oppose or contradict any social issue, cause or religion
- (c) Endorse, support, or oppose any product, service, company or other commercial entity
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Eau Claire Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1023.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system. Employees

Eau Claire Police Department

Eau Claire PD Policy Manual

are restricted from using department technology to access personal email accounts and/or conduct personal messaging utilizing social media platforms.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password does not create an expectation of privacy if it is accessed through department computers or networks.

The Department will not request or require, as a condition of employment, that employees or applicants disclose access information for their personal Internet accounts or otherwise grant access to, or allow observation of, those accounts unless specifically permitted to do so under federal or Wisconsin law (Wis. Stat. § 995.55).

1023.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

Locker Rooms

1024.1 PURPOSE AND SCOPE

Maintaining secure and private locker rooms is an important obligation for the Department to ensure each member's rights and privacy are maintained (Wis. Stat. § 175.22).

1024.2 POLICY

The purpose of this policy is to establish guidelines for maintaining the privacy of members while inside a department locker room.

1024.3 SECURITY

Members should not enter a locker room designated for a person of the opposite sex unless:

- (a) The locker room is empty of members of the opposite sex.
- (b) Members in the locker room give consent.
- (c) The entering member reasonably believes there is a medical emergency involving a person unable to consent.

Members who seek to talk to, interrogate or interview anyone inside the locker room should generally wait until after the member has taken care of personal affairs and has exited.

Situations requiring an immediate conversation regarding the safety or security of another member, person or citizen, will require the member to exit the locker room as soon as possible.

In critical or emergency situations where time is of the essence, a member of the same sex should enter the locker room to obtain information from the member.

1024.4 PRIVACY

At no time will video recording devices be used. Audio recording devices may be used only with the written permission of the Chief of Police or the authorized designee. Situations allowing the audio recording of conversations in the locker room are generally limited to internal investigations of member misconduct.

At no time will a member capture, record or transfer video or audio recordings, either openly or in secret, of another member by any means, including, but not limited to, the use of cameras, computers, Personal Digital Assistants (PDAs), tape or digital recorders, video cameras or cellular telephones.

Members who violate this policy are subject to discipline up to and including termination.

DISCIPLINE

1025.1 ADMINISTRATION OF DISCIPLINE

Discipline has as its immediate purpose the channeling of individual effort into effective and productive action. Discipline can be positive or negative; it may involve encouragement, inspiration, training, or imposition of negative sanctions. The exercise of effective discipline requires foresight and planning rather than mere reaction. It involves an evaluation of the human factor which, when combined with proper training, motivation, and recognition of individual and group effort, results in self-discipline. Departmental policies, procedures, rules, and regulations are established to provide a source of educational information. It is intended that this educational information be used to aid all members of the department by providing guidance for behavior. Disciplinary measures may include recognition or corrective action. In either case, the desired result is the reassurance of employees regarding outstanding performance or the limits of acceptable conduct. In each case, care must be exercised to make the proper choice in obtaining a desired and just result. In the administration of discipline, a supervisor should consider all circumstances surrounding events leading to recognition or corrective action. Any action decided upon should lend itself to the attainment of department objectives. These guidelines describe the usual forms of recognition and corrective action but do not preclude alternative measures in the administration of either. They are in addition to standing policies.

1025.2 DISCIPLINE CONSIDERATIONS

The following guidelines are established for the consistent application of corrective action within the department. While listed progressively, the seriousness of a violation may justify initiation of corrective action at any of the defined levels.

- Consultation in the supervisory command chain, up to and including the Chief of Police, is encouraged whenever the seriousness of the offense may warrant corrective action other than a verbal warning.
- At all levels of corrective action, emphasis must center on what can be done to correct behavior, as well as informing the employee that additional violations can lead to progressive corrective action
- Nothing in these guidelines is intended to preclude a supervisor from the accepted responsibility of observation, guidance, and training of an employee.

1025.3 TYPES OF CORRECTIVE ACTION

1025.3.1 INFORMAL CONTACT

An informal contact can be used to address minor infractions or policy violations that, at a supervisor's discretion, do not require a documented verbal warning or other action, and are not in and of themselves discipline.

- Informal contacts are to provide notice of minor infractions and corrective suggestions as needed.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

DISCIPLINE

- Informal contacts may be noted by supervisors and may be included in subsequent documentation if progressive discipline becomes necessary.

1025.3.2 DOCUMENTED VERBAL WARNING

A documented verbal warning can be used to correct minor infractions or policy violations.

- The written documentation of a verbal warning should be timely, but not necessarily immediate.
- It will be presented to the employee by two supervisors and be documented on the Documented Verbal Warning form
- Documented Verbal Warnings are to be forwarded to the Chief of Police or their designee.

See attachment: [DOCUMENTED VERBAL WARNING.jpg](#)

1025.3.3 WRITTEN WARNING

A written warning can be used to correct an infraction or policy violation that is of a more serious nature or for recurring minor infractions.

- Any supervisor has the authority to initiate a written warning. Before the presentation of a written warning to the employee, the division head shall review the draft, with final approval by the Chief of Police or their designee.
- Upon approval by the Chief of Police or their designee, the written warning will be presented to the employee by two supervisors. A copy of the written warning and investigation is to be forwarded to the Chief of Police for placement in the employee's personnel file.

1025.3.4 LETTERS OF REPRIMAND

A letter of reprimand can be used to correct policy violations of a more serious nature and/or repeated violations of less serious infractions.

- Supervisors, Commanding Officers, or Division Heads may initiate a request for a letter of reprimand.
- A letter of reprimand will be prepared under the direction of, and signed by, the Chief of Police or the Chief's designee.
- The Chief of Police shall deliver letters of reprimand. A letter of reprimand should include notice that a copy will be maintained in the employee's personnel file.

1025.3.5 SUSPENSION

The Chief of Police shall deal with suspensions.

In some instances, a supervisor or commanding officer may deem it necessary to take immediate action. In those instances, the Chief of Police or their designee must be notified immediately, or as soon as practical.

Eau Claire Police Department

Eau Claire PD Policy Manual

Eau Claire PD Policy Manual

DISCIPLINE

1025.3.6 TERMINATION

The Chief of Police shall deal with terminations.

1025.3.7 DETERMINING DISCIPLINE

Police personnel comprise a special class of public employee. Members of the police department are the most conspicuous and visible representatives of government. All members' conduct is closely scrutinized, and when it is found to be excessive, unwarranted, or unjustified, criticism is more severe than it would be for similar conduct of persons in other walks of life. The end result of criticism is lost community support and respect. Both are necessary ingredients to the department's capacity to perform the police function. Therefore, close adherence to departmental regulations is absolutely essential to guarantee community support and to maintain effective police service.

In determining what disciplinary action should be taken, the Chief of Police may consider the following:

- All the circumstances surrounding the case.
- The seriousness of the employee's conduct in relation to their particular duties and their record with the department.
- What action the department has taken to prevent this type of conduct.
- The contemplated corrective action in light of its training value rather than strictly as a punishment for the offense.
- The disciplinary action of a corrective nature that the department has taken in similar instances.
- The probable cause of the employee's behavior.
- What corrective action will most likely eliminate the cause and prevent a recurrence.
- The officer's expected reaction to the corrective measure.
- The probable reaction of other officers to the corrective action.
- Past record of member. Repeated violators will be dealt with more severely.

Line-of-Duty Deaths

1027.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Eau Claire Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1027.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1027.2 POLICY

It is the policy of the Eau Claire Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1027.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a department member's death, the deceased member's supervisor should provide all reasonably available information to the Shift Commander and Communications Center.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Shift Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

Eau Claire Police Department

- (c) If the member has been transported to the hospital, the Shift Commander or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).
- (e) The Chief of Police or the authorized designee should contact, as soon as practicable, the Wisconsin Honor Guard Association (WHGA) and the Law Enforcement Death Response team (LEDR) for assistance with implementation of this policy and rites afforded to the deceased officer and their survivors.

1027.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Commander, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

Eau Claire Police Department

- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting child care or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Eau Claire Police Department members may be apprised that survivor notifications are complete.

1027.4.1 OUT-OF-AREA NOTIFICATIONS

The Notification Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Notification Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Notification Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1027.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those

members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1027.6 LIAISONS AND COORDINATORS

The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including but not limited to:

- (a) Department Liaison.
- (b) Hospital Liaison.
- (c) Survivor Support Liaison.
- (d) Wellness Support Liaison.
- (e) Funeral Liaison.
- (f) Mutual aid coordinator.
- (g) Benefits Liaison.
- (h) Finance coordinator.
- (i) Public Information Officer.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed. The Department should consider seeking assistance from surrounding law enforcement agencies to fill liaison and coordinator positions, as appropriate.

1027.6.1 DEPARTMENT LIAISON

The Department Liaison should be a Deputy Chief or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include but are not limited to:

- (a) Directing the other liaisons and coordinators in fulfilling survivors' needs and requests. Consideration should be given to organizing the effort using the National Incident Management System.
- (b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.

Wellness Program

1028.1 PURPOSE AND SCOPE

Policing is a difficult and stressful job, with higher physical risks and mental health risks than many other professions. Studies have shown that when physical and mental health issues go unaddressed, job performance decreases, decision-making abilities are impaired, and agency costs increase. The Eau Claire Police Department is invested in maintaining officer and Communications Center employee wellness as this has a direct impact on the ability to be effective.

Services of an Eau Claire Police Department contracted Mental Health Professional (MHP) will be made available for mental health consultation and, when needed, referral to an outside licensed mental health professional. This mental health service is provided confidentially and without fear of reprisals.

A Peer Support Team has been established to support all members of the Eau Claire Police Department who may be experiencing additional stress due to experiences encountered in their personal and/or professional lives. The Peer Support Team provides a way for employees to confidentially talk through their experiences with co-workers who may have shared experiences and a desire to help. The Peer Support Team is available 24/7.

Eau Claire Police Department also maintains a volunteer Chaplain Program to provide counseling or emotional support to members of the Department, their families and members of the public.

1028.2 DEFINITIONS

For the purpose of this policy, the following definitions apply:

Mental Health Professional (MHP) - a qualified mental health professional who can provide the following: recommendations for care; training regarding self-care and management; education for supervisors, staff, family members and significant others; counseling sessions for individuals; experience in dealing with law enforcement-related vicarious trauma.

High Trauma Exposed Employees - personnel in the category include sworn officers who are assigned on a full-time or part-time basis to the Investigations Bureau and/or Chippewa Valley Regional Computer Forensic Laboratory (CVRFCFL) whose responsibilities require them to frequently interview victims and/or witnesses of child maltreatment and/or view child exploitation materials; including but not limited to, neglect, physical abuse, sexual abuse or death of children; texts, images or video of graphic sexual assault of children.

1028.3 CORE COMPONENTS

The following are core components of the Wellness Program:

- (a) Services of an Eau Claire Police Department contracted MHP will be made available for mental health consultation and, when needed, referral to an outside licensed mental health professional. This mental health service is provided confidentially and without fear of reprisals. Sessions may be open to participation from a supportive adult

family member (upon confidentiality permission of the division Deputy Chief) if the employee feels that this would be helpful.

- (b) Sworn employees and Communications Center employees will be required to meet with the contracted MHP annually. High Trauma Exposed Employees will be required to meet with the contracted MHP bi-annually as part of their duties. Meetings will include general mental health assessment, resiliency assessment (e.g., work/life balance and social support) and review of job-related stressors. The intent of these meetings is not to identify employees who are experiencing difficulties resulting from their work, but to provide a framework of consistent support.
- (c) Voluntary consultation may be provided to the employee's spouse, significant other or support system in order to help them recognize the possible onset of any mental health or stress-related physical health issues. Information provided shall include the names of and contact procedure for reaching the contracted MHP and other resources.
- (d) Resources for formal debriefings shall be provided following any large-scale incident or investigation deemed particularly disturbing and may affect the mental health of the department member(s).

1028.4 WELLNESS REVIEW

The Eau Claire Police Department contracted MHP will conduct annual wellness reviews of all department sworn employees and Communications Center employees. In addition, bi-annual wellness reviews of High Trauma Exposed Employees will be completed. The contracted MHP will confirm with the Eau Claire Police Department division Deputy Chief that the sworn employees and Communications Center employees completed the wellness review(s). The general results, or conclusions, from these wellness reviews will remain confidential, except:

- (a) If the contracted MHP concludes there is a serious risk of harm or danger to the individual or others if the specific facts are not disclosed.
- (b) When failure to disclose the specific facts would expose the contracted MHP to civil or criminal liability or be inconsistent with professional ethics in their field.
- (c) If the employee has given written consent to the disclosure by the contracted MHP to the division Deputy Chief.
- (d) Very special attention will be given to confidentiality.

1028.5 FUNDING

Funding for the annual and bi-annual wellness reviews will be provided by the City of Eau Claire. In instances where the identified MHP is a provider under the City of Eau Claire Employee Assistance Program (EAP), the primary funding source for the annual and bi-annual wellness reviews will be through the City of Eau Claire EAP. Additional services or voluntary referrals outside the licensed MHP will be provided under City of Eau Claire EAP.

During the PTO program, probationary officers will not have PST confidentiality with their assigned PTO's if their PTO's are PST members. Probationary officers will, however, have confidentiality with PST members (who may also be PTO's) under the confidentiality clause, to whom they are not assigned. This is to ensure the separation of the PTO's function as a trainer and as a PST member.

1028.6.3 NOTIFICATION
