News Media Report

Narrative:

Crews responded for a structure fire at 501 Water St. Upon their arrival they found a small fire on the exterior corner of the building. The restaurant was unoccupied at the time and seal coating crews were working on site. The fire was contained to the corner of the building. Crews found light smoke conditions inside and confirmed there was no extension into the building. The fire investigation found that seal coating crews were attempting to burn weeds off on the exterior of the building when the siding started on fire. Fire crews were then called to put out the fire.
